FY-25-185-BDRR	Res Building Residential Remodel	Remove siding in proposed location of window. Frame I would like to add a triple window to a wall on the side of my house that faces 11th street. Currently, this awkward space is only covered with 8-¼" Hardie lap siding. I will be using three separate windows. Each window will be 2 feet 8 inches wide by 5 feet tall. Instead of mulling them together, I will separate each window by 8 inches with studs in between. Each window will have 2x6 headers as they are under 3'. Insulation and window wrap will be added to the wall. 1x6 and 1x8 Hardie trim will be used to outline the windows in order to create the look of a single unit. All new siding and trim will be painted to match existing color. Shutters to match as well. Remove siding in proposed location of window. Frame	515 W LAMAR AVE, Temple TX 76501	FULLVIEW	0	$0.00	Applicant: Connally Walker of

FY-25-363-SFR	Res Single Family Residence	Scope of Work for New Residential Home Construction Project Address: 3211 Roy Goad Dr, Temple, TX 76502 Applicant: Chris Landeros This project involves constructing a new 2,315 sqft single-family home with 4 bedrooms, 3.5 baths, and a 2-car garage on a concrete slab foundation. The scope includes site preparation, excavation, grading, and pouring the foundation with steel reinforcement. The framing, roofing, electrical, plumbing, and HVAC rough-ins will be completed, followed by stucco exterior installation, windows, doors, and garage door installation. Interior work will involve insulation, drywall, flooring, cabinets, countertops, and painting. Final plumbing, electrical, and HVAC fixtures will be installed. The project will include final grading, landscaping, and thorough clean-up. After inspections, a final walk-through will be conducted to ensure homeowner satisfaction. All work will comply with local building codes and safety standards.	3211 ROY GOAD DR, Temple TX 76502	VALOR ESTATES	2882	$0.00	Applicant: Chris Landeros of Landeros Homes	Landeros Homes Chris Landeros
