ORDINANCE NO. 965

AN ORDINANCE AMENDING THE ANAMOSA CODE OF ORDINANCES, BY AMENDING CHAPTER 165.23(3), PERTAINING TO SUPPLEMENTARY DISTRICT REGULATIONS (FENCES).

BE IT ENACTED by the City Council of the City of Anamosa, Iowa:

SECTION 1. SECTION MODIFIED. Section 165.23(3) of the Anamosa Code of Ordinances, Anamosa, Iowa, is amended and the following adopted in lieu thereof:

165.23 SUPPLEMENTARY DISTRICT REGULATIONS

3. Fences and Hedges. The following regulations are for fences, hedges, and swimming and landscape pool fences in all districts. A permit is needed for the construction of any fence. Each application for a fence permit shall be submitted prior to the installation of the fence and shall be approved or denied by the Zoning/Building Administrator.

A. Fences:

- 1) No portion of a fence or hedge, excluding arbors, shall exceed six feet in height on residential properties. Fences on commercial/industrial properties shall not exceed ten feet in height. The height shall be measured vertically from the finished grade of the yard.
- 2) Fences and hedges within the front-yard of residential properties shall not exceed three feet in height nor shall they be constructed of more than 30 percent solid material. Fences and hedges within the front-yard of commercial/industrial properties shall not exceed ten feet in height nor shall they be constructed of more than 30 percent of solid material.
- 3) Fences and hedges not more than six feet high may be erected on those portions of a residential lot that are as far back or further back from the street than the main building. Fences and hedges not more than ten feet high may be erected on those portions of a commercial/industrial lot that are as far back or further back from the street than the main building.
- 4) No woven, twisted, welded or interlaced wire fence shall be erected on residential properties. No chain link or wired fence of any kind shall be constructed or maintained with the cut or selvage end of the fencing material exposed and leaving an opening more than two inches above the ground or extending upward beyond the cross bar.
- 5) Fences shall be constructed of non-decomposing wood (treated wood), PVC/resin, stone, wrought iron, masonry, or chain link materials only. Wood fences shall be constructed with materials designed for fencing, all materials used to construct a fence on any property shall be consistent and have the same appearance. The use of scrap material, pallets, and similar materials shall be prohibited.
- 6) A fence or wall may not be designed to cause pain or injury to humans or animals. The use of spikes, broken glass, razor wire, nails, or other similar materials shall be prohibited. (Reference Anamosa Code of Ordinance 165.23(3)(C) and 41.10 for provisions pertaining to barbed wire and electric fences).

- B. Swimming and Landscape Pool Fences. Fences shall be provided for all permanent outdoor swimming and landscape pools with a depth greater than 18 inches or a capacity greater than 5,000 gallons. Swimming and landscape pool fences shall meet the following conditions:

- 1) Swimming and landscape pool fences must be at least four feet high from the ground level and shall not exceed six feet above level of the pool. Spacing of the fence should not allow a four-inch sphere to pass through.

- 2) Swimming and landscape pool fences must have a self-closing and self-latching device on the gate.
 - 3) Any deck that is constructed around any portion of an above ground pool, with a depth greater than 18 inches or a capacity greater than 5,000 gallons, shall include a fence and gate with a self-closing and self-latching device, to prevent unauthorized access to the pool. Deck fences must be at least four feet high from the top of the pool and shall not exceed six feet above the level of the pool.
- C. Barbed Wire and Electric Fences. Barbed wire (including razor wire, concertina wire, and similar wire) and electric fences shall be subject to the following requirements:
- 1) Barbed wire and electric fences shall not be allowed in residential or commercial zones.
 - 2) Barbed wire and electric fences shall be prohibited within five feet of a public sidewalk or within four feet of a street right-of-way where a public sidewalk does not exist.
 - 3) Electric fences shall not be permitted in any district except for the enclosure of livestock operations in Agricultural zones (A-1).
 - 4) No electric fence shall carry a charge greater than 25 milliamperes nor a pulsating current longer than one-tenth per second in a one-second cycle. All electric fence chargers shall carry the seal of an approved testing laboratory.
 - 5) The provisions of this subsection shall not apply to the fencing of municipal facilities.
- D. Before issuing a construction/development permit for a fence proposed to be located on a lot-line that is shared by two different property owners, the City will require the following conditions to be met:
- 1) The owners of the properties that share the lot-line on which the proposed fence will be located must sign a written agreement that outlines the material from which the fence will be constructed, the location of the fence, the height of the fence, and maintenance responsibilities, and the agreement of all property owners to all of the above conditions.
 - 2) The agreement must then be filed with the County Recorder.
 - 3) A copy of the agreement and proof of its filing with the County Recorder must be presented to the Administrator before a permit will be issued.
 - 4) If agreement cannot be reached between the property owners on a shared lot-line fence, or if no agreement is sought, any fence constructed on either property must be a minimum of three feet from said shared lot-line.
- E. Before a hedge is proposed to be located on a lot-line that is shared by two different property owners, the City will require the following conditions to be met:
- 1) The owners of the properties that share the lot-line on which the proposed hedge will be located must sign a written agreement that outlines the type of hedge, the location of the hedge, the height of the hedge, and maintenance responsibilities, and the agreement of all property owners to all of the above conditions.
 - 2) The agreement must then be filed with the County Recorder.
 - 3) A copy of the agreement and proof of its filing with the County Recorder must be presented to the City before the hedge can be located.
 - 4) If agreement cannot be reached between the property owners on a shared lot-line hedge, or if no agreement is sought, any hedge on either property must be planted in a manner that will allow the hedge, at maturity, to be maintained so as to leave a minimum distance from the hedge to the shared lot line of at least three feet.

SECTION 2. SEVERABILITY CLAUSE. If any section, provision, or part of this ordinance shall be adjudged invalid or unconstitutional, such adjudication shall not affect the validity of the ordinance as a whole or any section, provision, or part thereof not adjudged invalid or unconstitutional.

SECTION 3. WHEN EFFECTIVE. This ordinance shall be in effect from and after its final passage, approval, and publication as provided by law.

THIS INSURANCE MAY INCLUDE COVERAGE FOR CERTIFIED ACTS OF TERRORISM
AS DEFINED IN THE TERRORISM RISK INSURANCE ACT, AS AMENDED.

ATTACHED YOU WILL FIND A DISCLOSURE, WHICH IDENTIFIES THE SPECIFIC
CHARGE FOR CERTIFIED ACTS OF TERRORISM.

YOU MAY HAVE THE OPTION TO REJECT THIS TERRORISM COVERAGE

FOR ADDITIONAL INFORMATION, PLEASE CONTACT YOUR AGENT

This endorsement is attached to and made part of your policy in response to the disclosure requirements of the Terrorism Risk Insurance Act. This endorsement does not grant any coverage or change the terms and conditions of any coverage under the policy.

Disclosure Pursuant to Terrorism Risk Insurance Act

Schedule

Terrorism Premium (Certified Acts)	\$932.00
------------------------------------	----------

A. Disclosure Of Premium:

In accordance with the federal Terrorism Risk Insurance Act, we are required to provide you with a notice disclosing the portion of your premium, if any, attributable to coverage for terrorism acts certified under the Terrorism Risk Insurance Act. The portion of your premium attributable to such coverage is shown in the Schedule of this endorsement or in the policy Declarations.

B. Disclosure Of Federal Participation In Payment Of Terrorism Losses:

The United States Government, Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals 80% of that portion of the amount of such insured losses that exceeds the applicable insurer retention. However, if aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion.

C. Cap On Insurer Participation In Payment Of Terrorism Losses:

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rate allocations in accordance with the procedures established by the Secretary of the Treasury.

The following statement is required to be part of the disclosure notice in MISSOURI:

The premium above is for certain losses resulting from certified acts of terrorism as covered pursuant to coverage provisions, limitations and exclusions in this policy. You should read the definition in your policy carefully, but generally speaking, "certified" acts of terrorism are acts that exceed \$5 million in aggregate losses to the insurance industry and which are subsequently declared by the U.S. Secretary of Treasury as a certified terrorist act under the Terrorism Risk Insurance Act. Some losses resulting from certified acts of terrorism are not covered. Read your policy and endorsements carefully.

THIS INSURANCE MAY INCLUDE COVERAGE FOR CERTIFIED ACTS OF TERRORISM
AS DEFINED IN THE TERRORISM RISK INSURANCE ACT, AS AMENDED.

ATTACHED YOU WILL FIND A DISCLOSURE, WHICH IDENTIFIES THE SPECIFIC
CHARGE FOR CERTIFIED ACTS OF TERRORISM.

YOU MAY HAVE THE OPTION TO REJECT THIS TERRORISM COVERAGE

FOR ADDITIONAL INFORMATION, PLEASE CONTACT YOUR AGENT

This endorsement is attached to and made part of your policy in response to the disclosure requirements of the Terrorism Risk Insurance Act. This endorsement does not grant any coverage or change the terms and conditions of any coverage under the policy.

Disclosure Pursuant to Terrorism Risk Insurance Act

Schedule

Terrorism Premium (Certified Acts)	\$465.00
------------------------------------	----------

A. Disclosure Of Premium:

In accordance with the federal Terrorism Risk Insurance Act, we are required to provide you with a notice disclosing the portion of your premium, if any, attributable to coverage for terrorism acts certified under the Terrorism Risk Insurance Act. The portion of your premium attributable to such coverage is shown in the Schedule of this endorsement or in the policy Declarations.

B. Disclosure Of Federal Participation In Payment Of Terrorism Losses:

The United States Government, Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals 80% of that portion of the amount of such insured losses that exceeds the applicable insurer retention. However, if aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion.

C. Cap On Insurer Participation In Payment Of Terrorism Losses:

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rate allocations in accordance with the procedures established by the Secretary of the Treasury.

The following statement is required to be part of the disclosure notice in MISSOURI:

The premium above is for certain losses resulting from certified acts of terrorism as covered pursuant to coverage provisions, limitations and exclusions in this policy. You should read the definition in your policy carefully, but generally speaking, "certified" acts of terrorism are acts that exceed \$5 million in aggregate losses to the insurance industry and which are subsequently declared by the U.S. Secretary of Treasury as a certified terrorist act under the Terrorism Risk Insurance Act. Some losses resulting from certified acts of terrorism are not covered. Read your policy and endorsements carefully.

THIS ENDORSEMENT IS ATTACHED TO AND MADE PART OF YOUR POLICY IN RESPONSE TO THE DISCLOSURE REQUIREMENTS OF THE TERRORISM RISK INSURANCE ACT. THIS ENDORSEMENT DOES NOT GRANT ANY COVERAGE OR CHANGE THE TERMS AND CONDITIONS OF ANY COVERAGE UNDER THE POLICY.

DISCLOSURE PURSUANT TO
TERRORISM RISK INSURANCE ACT

SCHEDULE

Terrorism Premium (Certified Acts) Waived

A. Disclosure Of Premium:

In accordance with the federal Terrorism Risk Insurance Act, we are required to provide you with a notice disclosing the portion of your premium, if any, attributable to coverage for terrorist acts certified under the Terrorism Risk Insurance Act. The portion of your premium attributable to such coverage is shown in the Schedule of this endorsement or in the policy Declarations.

B. Disclosure Of Federal Participation In Payment Of Terrorism Losses:

The United States Government, Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals 80% of that portion of the amount of such insured losses that exceeds the applicable insurer retention. However, if aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion.

C. Cap On Insurer Participation In Payment Of Terrorism Losses:

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

The following statement is required to be part of the disclosure notice in MISSOURI:

The premium above is for certain losses resulting from certified acts of terrorism as covered pursuant to coverage provisions, limitations and exclusions in this policy. You should read the definition in your policy carefully, but generally speaking, "certified" acts of terrorism are acts that exceed \$5 million in aggregate losses to the insurance industry and which are subsequently declared by the U.S. Secretary of the Treasury as a certified terrorist act under the Terrorism Risk Insurance Act. Some losses resulting from certified acts of terrorism are not covered. Read your policy and endorsements carefully.

DISCLOSURE PURSUANT TO
TERRORISM RISK INSURANCE ACT

SCHEDULE

Terrorism Premium (Certified Acts) \$169.00

A. Disclosure Of Premium:

In accordance with the federal Terrorism Risk Insurance Act, we are required to provide you with a notice disclosing the portion of your premium, if any, attributable to coverage for terrorist acts certified under the Terrorism Risk Insurance Act. The portion of your premium attributable to such coverage is shown in the Schedule of this endorsement or in the policy Declarations.

B. Disclosure Of Federal Participation In Payment Of Terrorism Losses:

The United States Government, Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals 80% of that portion of the amount of such insured losses that exceeds the applicable insurer retention. However, if aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion.

C. Cap On Insurer Participation In Payment Of Terrorism Losses:

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

The following statement is required to be part of the disclosure notice in MISSOURI:

The premium above is for certain losses resulting from certified acts of terrorism as covered pursuant to coverage provisions, limitations and exclusions in this policy. You should read the definition in your policy carefully, but generally speaking, "certified" acts of terrorism are acts that exceed \$5 million in aggregate losses to the insurance industry and which are subsequently declared by the U.S. Secretary of the Treasury as a certified terrorist act under the Terrorism Risk Insurance Act. Some losses resulting from certified acts of terrorism are not covered. Read your policy and endorsements carefully.

DISCLOSURE PURSUANT TO
TERRORISM RISK INSURANCE ACT

SCHEDULE

Terrorism Premium (Certified Acts) \$268.00

A. Disclosure Of Premium:

In accordance with the federal Terrorism Risk Insurance Act, we are required to provide you with a notice disclosing the portion of your premium, if any, attributable to coverage for terrorist acts certified under the Terrorism Risk Insurance Act. The portion of your premium attributable to such coverage is shown in the Schedule of this endorsement or in the policy Declarations.

B. Disclosure Of Federal Participation In Payment Of Terrorism Losses:

The United States Government, Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals 80% of that portion of the amount of such insured losses that exceeds the applicable insurer retention. However, if aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion.

C. Cap On Insurer Participation In Payment Of Terrorism Losses:

If aggregate insured losses attributable to terrorist acts certified under the Terrorism Risk Insurance Act exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.

The following statement is required to be part of the disclosure notice in MISSOURI:

The premium above is for certain losses resulting from certified acts of terrorism as covered pursuant to coverage provisions, limitations and exclusions in this policy. You should read the definition in your policy carefully, but generally speaking, "certified" acts of terrorism are acts that exceed \$5 million in aggregate losses to the insurance industry and which are subsequently declared by the U.S. Secretary of the Treasury as a certified terrorist act under the Terrorism Risk Insurance Act. Some losses resulting from certified acts of terrorism are not covered. Read your policy and endorsements carefully.

Jeremiah and Council

RE: Water plant aerator

Dear Jeremiah and council,

The current aerator at the water plant is in need to be replaced. We believe it was installed around 1992 when the first water was built. In 2018 the hood was ripped off during a windstorm and a replacement hood had to be fabricated because a replacement could not be purchased. The current one has holes starting to corrode through and is constantly leaking water when in operation. It also freezes up in the wintertime and then does not work properly. I am recommending that we have HR Green provide engineering and find a suitable replacement and get this replaced. I will use the Water Improvement fund to fund this purchase.

Sincerely,

Steve Agnitsch, Utilities Superintendent

THIS **AGREEMENT** is between City of Anamosa (hereafter "CLIENT") and HR GREEN, INC. (hereafter "COMPANY").

1.0 Project Understanding

1.1 General Understanding

The City of Anamosa owns and operates a conventional iron removal Water Treatment Plant with an exterior aerator and detention tank, six vertical pressure filters, sodium hypochlorite disinfection, two high service pumps, and ancillary chemical feed systems. The existing aerator and detention tank are located outside of the Water Treatment Plant building and exposed to the elements. The aerator is in need of replacement due to age and condition, it has recently started leaking. The aerator is a forced draft aerator and can treat up to a flowrate of 1,200 gallons per minute (gpm). The sizing and design capacity is anticipated to be matched with replacement equipment but will be confirmed as part of detailed design. The aerator is mounted to the lid of a 40-foot diameter concrete detention tank which is partially buried. Two wells pump water through a 10" ductile iron raw water line which terminates at the top of the aerator. The raw water then flows by gravity through the aerator and is conveyed into the detention tank via a 12" schedule 80 PVC pipe.

The existing aerator blower has a 480-volt, three-phase, 15-amp fused disconnect. The existing blower has a 5-horsepower motor. It is assumed that the existing electrical service will be sufficient to supply power to the replacement aerator blower and will be confirmed as part of design. No additional electrical design is anticipated.

This contract includes design, permitting through the Iowa Department of Natural Resources (DNR), and bidding phase services.

1.2 Design Criteria/Assumptions

- HR Green standard technical and front-end specifications will be used.
- This project will utilize the Recommended Standards for Water Works, 2012 Edition (aka Ten State Standards) and applicable portions of the Iowa Administrative Code, which are the design standards for the Iowa DNR.
- The Project will be designed with the following Codes
 - National Electric Code, most recent version (2023 Edition)
 - State of Iowa Mechanical Code
 - Uniform Plumbing Code, 2021 Edition

2.0 Scope of Services

The CLIENT agrees to employ COMPANY to perform the following services:

Task Phase 1000: Preliminary and General Work

1. Collect maps, drawings, specifications, reports, water quantity/quality data and other pertinent information from CLIENT and COMPANY records
2. Provide project management throughout the duration of the project. The project duration through bidding is anticipated to be 5 months.

Task Phase 2000: Design Services

3. Confirm existing breaker capacity and size replacement aerator to stay within existing breaker limit.
4. Prepare preliminary and final construction drawings for the aerator replacement, anticipated to include the following:
 - G.00 Cover Sheet, Vicinity Map, Sheet Index
 - C.01 Site Plan and Notes
 - C.02 Demolition Details
 - C.03 Aerator and Piping Plan and Details
5. Prepare preliminary and final construction specifications for the aerator replacement, which is anticipated to include equipment and installation specifications.
6. Conduct one (1) project status meeting between CLIENT and COMPANY staff to review the completed work and documents, discuss the scope and schedule of remaining work, and receive comments from CLIENT to be incorporated.
7. Prepare and opinion of probable construction cost for the preliminary and final design milestones.
8. Perform internal QA/QC review of the drawings, specifications, and contract documents at the preliminary and final design completion milestones.
9. Prepare and submit construction permit application documents to the Iowa DNR.

Task Phase 3000: Bidding Services

10. Provide electronic plans, specifications, and contract documents for download from COMPANY supported web-based portal (FTP site) to prospective bidders, contractors, the subcontractors, and material/equipment suppliers.
11. Advertise for Bids. Assist the CLIENT in advertising for and obtaining bids for construction. Maintain a record of prospective bidders to whom bid documents have been issued. Prepare Notice to Bidders for CLIENT approval and publication. Maintain a record of the plan holders on the COMPANY website under "Plan holders" at www.hrgreen.com.
12. Correspond with prospective bidders, suppliers, and other interested parties with questions and comments during the bid period.
13. Issue addenda as appropriate to interpret, clarify, or expand bidding documents.
14. Attend the bid opening. One bid opening is included.
15. Prepare bid tabulation sheets and distribute to the CLIENT and plan holders.
16. Assist the CLIENT in evaluating bids and make recommendation to award construction contracts.
17. Prepare construction contract documents and submit to contractor for completion.

18. Review and submit the executed contract documents to the CLIENT for approval.
Issue a Notice to Proceed to the Contractor.

3.0 Deliverables and Schedules Included in this Agreement

The following schedule was developed assuming a Notice to Proceed issued by CLIENT at its March 10, 2025 Council Meeting:

Notice to Proceed	March 11, 2025
Preliminary Documents to CLIENT	April 2, 2025
Preliminary Review Meeting with CLIENT	Week of April 14, 2025
Final Documents to CLIENT	April 30, 2025
Iowa DNR Construction Permit Application Submittal	May 7, 2025
Bidding Phase	June 2025

This schedule was prepared to include reasonable allowances for review and approval times required by the CLIENT and public authorities having jurisdiction over the project. This schedule shall be equitably adjusted as the project progresses, allowing for changes in the scope of the project requested by the CLIENT or for delays or other causes beyond the control of COMPANY.

4.0 Items not included in Agreement/Supplemental Services

The following items are not included as part of this AGREEMENT:

1. Preparation of a Preliminary Engineering Report
2. Electrical system upgrades or evaluation not specifically identified above in the Scope of Services.
3. Additional meetings with local, State, or Federal agencies beyond those listed above in the Scope of Services to discuss the project.
4. Appearance at public meetings and hearings, unless specifically identified above in the Scope of Services.
5. Additional meetings with Owner and/or City Council
6. Modifications to the existing Water Treatment Plant, other than as required to connect the new aerator to the raw water line and detention tank and connect the existing electrical service to the new aerator.
7. Preparation of City Building Permits.
8. Funding applications to federal, state, and local agencies.
9. Construction phase administration and observation services.

Supplemental services not included in the AGREEMENT can be provided by COMPANY under separate agreement, if desired.

5.0 Services by Others

None.

6.0 Client Responsibilities

The CLIENT staff shall provide the following items:

- Meet with COMPANY at listed meeting milestones to review project status.
- Review and comment on design and construction schedule.
- Assist COMPANY with information for permit applications. Provide fees for all permits submitted.
- Participate in site visits and progress meetings as necessary.
- Identify potential activities likely to interfere with ongoing operations and suggest construction sequencing.
- Provide pertinent available drawings, reports, data, maps, benchmarks, and utility information for the project area as needed.
- Promptly review drawings, specifications, sketches, technical memos and information submitted by the COMPANY.
- Provide legal review of information as needed by the project.
- Provide all fees for bidding advertisement.
- Designate a person to act as CLIENT's representative with respect to the services to be rendered under this Agreement. Such person shall have authority to transmit instructions, receive information, and interpret and define CLIENT's policies and decisions with respect to COMPANY'S services for the Project

7.0 Professional Services Fee

7.1 Fees

The fee for services will be based on COMPANY standard hourly rates current at the time the AGREEMENT is signed. These standard hourly rates are subject to change upon 30 days' written notice. Non-salary expenses directly attributable to the project such as: (1) living and traveling expenses of employees when away from the home office on business connected with the project; (2) identifiable communication expenses; (3) identifiable reproduction costs applicable to the work; and (4) outside services will be charged in accordance with the rates current at the time the service is done.

7.2 Invoices

Invoices for COMPANY's services shall be submitted, on a monthly basis. Invoices shall be due and payable upon receipt. If any invoice is not paid within 30 days, COMPANY may, without waiving any claim or right against the CLIENT, and without liability whatsoever to the CLIENT, suspend or terminate the performance of services. The retainer shall be credited on the final invoice. Accounts unpaid 30 days after the invoice date may be subject to a monthly service charge of 1.5% (or the maximum legal rate) on the unpaid balance. In the event that any portion of an account remains unpaid 60 days after the billing, COMPANY may institute collection action and the CLIENT shall pay all costs of collection, including reasonable attorneys' fees.

7.3 Extra Services

Any service required but not included as part of this AGREEMENT shall be considered extra services. Extra services will be billed on a Time and Material basis with prior approval of the CLIENT.

7.4 Exclusion

This fee does not include attendance at any meetings or public hearings other than those specifically listed in the Scope of Services. These service items are considered extra and are billed separately on an hourly basis.

7.5 Payment

The CLIENT AGREES to pay COMPANY on the following basis:

Lump sum in the amount of \$26,500

8.0 Terms and Conditions

The following Terms and Conditions are incorporated into this AGREEMENT and made a part of it.

8.1 Standard of Care

Services provided by COMPANY under this AGREEMENT will be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing at the same time and in the same or similar locality.

8.2 Entire Agreement

This AGREEMENT and its attachments constitute the entire understanding between CLIENT and COMPANY relating to COMPANY's services. Any prior or contemporaneous agreements, promises, negotiations, or representations not expressly set forth herein are of no effect. Subsequent modifications or amendments to this AGREEMENT shall be in writing and signed by the parties to this AGREEMENT. If the CLIENT, its officers, agents, or employees request COMPANY to perform extra services pursuant to this AGREEMENT, CLIENT will pay for the additional services even though an additional written agreement is not issued or signed.

8.3 Time Limit and Commencement of Services

This AGREEMENT must be executed within ninety (90) days to be accepted under the terms set forth herein. The services will be commenced immediately upon receipt of this signed AGREEMENT.

8.4 Suspension of Services

If the Project or the COMPANY'S services are suspended by the CLIENT for more than thirty (30) calendar days, consecutive or in the aggregate, over the term of this AGREEMENT, the COMPANY shall be compensated for all services performed and reimbursable expenses incurred prior to the receipt of notice of suspension. In addition, upon resumption of services, the CLIENT shall compensate the COMPANY for expenses incurred as a result of the suspension and resumption of its services, and the COMPANY'S schedule and fees for the remainder of the Project shall be equitably adjusted.

If the COMPANY'S services are suspended for more than ninety (90) days, consecutive or in the aggregate, the COMPANY may terminate this AGREEMENT upon giving not less than five (5) calendar days' written notice to the CLIENT.

If the CLIENT is in breach of this AGREEMENT, the COMPANY may suspend performance of services upon five (5) calendar days' notice to the CLIENT. The COMPANY shall have no liability to the CLIENT, and the CLIENT agrees to make no claim for any delay or damage as a result of such suspension caused by any breach of this AGREEMENT by the CLIENT. Upon receipt of payment in full of all outstanding sums due from the CLIENT, or curing of such other breach which caused the COMPANY to suspend services, the COMPANY shall resume services and there shall be an equitable adjustment to the remaining project schedule and fees as a result of the suspension.

8.5 Books and Accounts

COMPANY will maintain books and accounts of payroll costs, travel, subsistence, field, and incidental expenses for a period of five (5) years. Said books and accounts will be available at all reasonable times for examination by CLIENT at the corporate office of COMPANY during that time.

8.6 Insurance

COMPANY will maintain insurance for claims under the Worker's Compensation Laws, and from General Liability and Automobile claims for bodily injury, death, or property damage, and Professional Liability insurance caused by the negligent performance by COMPANY's employees of the functions and services required under this AGREEMENT.

8.7 Termination or Abandonment

Either party has the option to terminate this AGREEMENT. In the event of failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party, then the obligation to provide further services under this AGREEMENT may be terminated upon seven (7) days' written notice. If any portion of the services is terminated or abandoned by CLIENT, the provisions of this Schedule of Fees and Conditions in regard to compensation and payment shall apply insofar as possible to that portion of the services not terminated or abandoned. If said termination occurs prior to completion of any phase of the project, the fee for

services performed during such phase shall be based on COMPANY's reasonable estimate of the portion of such phase completed prior to said termination, plus a reasonable amount to reimburse COMPANY for termination costs.

8.8 Waiver

COMPANY's waiver of any term, condition, or covenant or breach of any term, condition, or covenant, shall not constitute a waiver of any other term, condition, or covenant, or the breach thereof.

8.9 Severability

If any provision of this AGREEMENT is declared invalid, illegal, or incapable of being enforced by any Court of competent jurisdiction, all of the remaining provisions of this AGREEMENT shall nevertheless continue in full force and effect, and no provision shall be deemed dependent upon any other provision unless so expressed herein.

8.10 Successors and Assigns

All of the terms, conditions, and provisions hereof shall inure to the benefit of and are binding upon the parties hereto, and their respective successors and assigns, provided, however, that no assignment of this AGREEMENT shall be made without written consent of the parties to this AGREEMENT.

8.11 Third-Party Beneficiaries

Nothing contained in this AGREEMENT shall create a contractual relationship with or a cause of action in favor of a third party against either the CLIENT or the COMPANY. The COMPANY's services under this AGREEMENT are being performed solely for the CLIENT's benefit, and no other party or entity shall have any claim against the COMPANY because of this AGREEMENT or the performance or nonperformance of services hereunder. The CLIENT and COMPANY agree to require a similar provision in all contracts with contractors, subcontractors, sub-consultants, vendors and other entities involved in this project to carry out the intent of this provision.

8.12 Governing Law and Jurisdiction

The CLIENT and the COMPANY agree that this AGREEMENT and any legal actions concerning its validity, interpretation and performance shall be governed by the laws of the State of Iowa without regard to any conflict of law provisions, which may apply the laws of other jurisdictions.

It is further agreed that any legal action between the CLIENT and the COMPANY arising out of this AGREEMENT or the performance of the services shall be brought in a court of competent jurisdiction in the State of Iowa.

8.13 Dispute Resolution

Mediation. In an effort to resolve any conflicts that arise during the design or construction of the project or following the completion of the project, the CLIENT and COMPANY agree that all disputes between them arising out of or relating to this AGREEMENT shall be submitted to non-binding mediation unless the parties mutually agree otherwise. The CLIENT and COMPANY further agree to include a similar mediation provision in all agreements with independent contractors and consultants retained for the project and to require all independent contractors and consultants also to include a similar mediation provision in all agreements with subcontractors, sub-consultants, suppliers or fabricators so retained, thereby providing for mediation as the primary method for dispute resolution between the parties to those agreements.

8.14 Attorney's Fees

If litigation arises for purposes of collecting fees or expenses due under this AGREEMENT, the Court in such litigation shall award reasonable costs and expenses, including attorney fees, to the party justly entitled thereto. In awarding attorney fees, the Court shall not be bound by any Court fee schedule, but shall, in the interest of justice, award the full amount of costs, expenses, and attorney fees paid or incurred in good faith.

8.15 Ownership of Instruments of Service

All reports, plans, specifications, field data, field notes, laboratory test data, calculations, estimates and other documents including all documents on electronic media prepared by COMPANY as instruments of service shall remain the property of COMPANY. COMPANY shall retain these records for a period of five (5) years following completion/submission of the records, during which period they will be made available to the CLIENT at all reasonable times.

8.16 Reuse of Documents

All project documents including, but not limited to, plans and specifications furnished by COMPANY under this project are intended for use on this project only. Any reuse, without specific written verification or adoption by COMPANY, shall be at the CLIENT's sole risk, and CLIENT shall defend, indemnify and hold harmless COMPANY from all claims, damages and expenses including attorneys' fees arising out of or resulting therefrom.

Under no circumstances shall delivery of electronic files for use by the CLIENT be deemed a sale by the COMPANY, and the COMPANY makes no warranties, either express or implied, of merchantability and fitness for any particular purpose. In no event shall the COMPANY be liable for indirect or consequential damages as a result of the CLIENT's use or reuse of the electronic files.

8.17 Failure to Abide by Design Documents or To Obtain Guidance

The CLIENT agrees that it would be unfair to hold COMPANY liable for problems that might occur should COMPANY'S plans, specifications or design intents not be followed, or for problems resulting from others' failure to obtain and/or follow COMPANY'S guidance with respect to any errors, omissions, inconsistencies, ambiguities or conflicts which are detected or alleged to exist in or as a consequence of implementing COMPANY'S plans, specifications or other instruments of service. Accordingly, the CLIENT waives any claim against COMPANY, and agrees to defend, indemnify and hold COMPANY harmless from any claim for injury or losses that results from failure to follow COMPANY'S plans, specifications or design intent, or for failure to obtain and/or follow COMPANY'S guidance with respect to any alleged errors, omissions, inconsistencies, ambiguities or conflicts contained within or arising as a result of implementing COMPANY'S plans, specifications or other instruments of service. The CLIENT also agrees to compensate COMPANY for any time spent and expenses incurred remedying CLIENT's failures according to COMPANY'S prevailing fee schedule and expense reimbursement policy.

8.18 Opinion of Probable Construction Cost

As part of the Deliverables, COMPANY may submit to the CLIENT an opinion of probable cost required to construct work recommended, designed, or specified by COMPANY, if required by CLIENT. COMPANY is not a construction cost estimator or construction contractor, nor should COMPANY'S rendering an opinion of probable construction costs be considered equivalent to the nature and extent of service a construction cost estimator or construction contractor would provide. This requires COMPANY to make a number of assumptions as to actual conditions that will be encountered on site; the specific decisions of other design professionals engaged; the means and methods of construction the contractor will employ; the cost and extent of labor, equipment and materials the contractor will employ; contractor's techniques in determining prices and market conditions at the time, and other factors over which COMPANY has no control. Given the assumptions which must be made, COMPANY cannot guarantee the accuracy of its opinions of cost, and in recognition of that fact, the CLIENT waives any claim against COMPANY relative to the accuracy of COMPANY'S opinion of probable construction cost.

8.19 Design Information in Electronic Form

Because electronic file information can be easily altered, corrupted, or modified by other parties, either intentionally or inadvertently, without notice or indication, COMPANY reserves the right to remove itself from its ownership and/or involvement in the material from each electronic medium not held in its possession. CLIENT shall retain copies of the work performed by COMPANY in electronic form only for information and use by CLIENT for the specific purpose for which COMPANY was engaged. Said material shall not be used by CLIENT or transferred to any other party, for use in other projects, additions to this project, or any other purpose for which the material was not strictly intended by COMPANY without COMPANY's express written permission. Any unauthorized use or reuse or modifications of this material shall be at CLIENT'S sole risk. Furthermore, the CLIENT agrees to defend, indemnify, and hold COMPANY harmless from all claims, injuries, damages, losses, expenses, and attorneys' fees arising out of the modification or reuse of these materials.

The CLIENT recognizes that designs, plans, and data stored on electronic media including, but not limited to computer disk, magnetic tape, or files transferred via email, may be subject to undetectable alteration and/or uncontrollable deterioration. The CLIENT, therefore, agrees that COMPANY shall not be liable for the completeness or accuracy of any materials provided on electronic media after a 30-day inspection period, during which time COMPANY shall correct any errors detected by the CLIENT to complete the design in accordance with the intent of the contract and specifications. After 40 days, at the request of the CLIENT, COMPANY shall submit a final set of sealed drawings, and any additional services to be performed by COMPANY relative to the

submitted electronic materials shall be subject to separate agreement. The CLIENT is aware that differences may exist between the electronic files delivered and the printed hard-copy construction documents. In the event of a conflict between the signed construction documents prepared by the COMPANY and electronic files, the signed or sealed hard-copy construction documents shall govern.

8.20 Information Provided by Others

The CLIENT shall furnish, at the CLIENT's expense, all information, requirements, reports, data, surveys and instructions required by this AGREEMENT. The COMPANY may use such information, requirements, reports, data, surveys and instructions in performing its services and is entitled to rely upon the accuracy and completeness thereof. The COMPANY shall not be held responsible for any errors or omissions that may arise as a result of erroneous or incomplete information provided by the CLIENT and/or the CLIENT's consultants and contractors.

COMPANY is not responsible for accuracy of any plans, surveys or information of any type including electronic media prepared by any other consultants, etc. provided to COMPANY for use in preparation of plans. The CLIENT agrees, to the fullest extent permitted by law, to indemnify and hold harmless the COMPANY from any damages, liabilities, or costs, including reasonable attorneys' fees and defense costs, arising out of or connected in any way with the services performed by other consultants engaged by the CLIENT.

COMPANY is not responsible for accuracy of topographic surveys provided by others. A field check of a topographic survey provided by others will not be done under this AGREEMENT unless indicated in the Scope of Services.

8.21 Force Majeure

The CLIENT agrees that the COMPANY is not responsible for damages arising directly or indirectly from any delays for causes beyond the COMPANY's control. CLIENT agrees to defend, indemnify, and hold COMPANY, its consultants, agents, and employees harmless from any and all liability, other than that caused by the negligent acts, errors, or omissions of COMPANY, arising out of or resulting from the same. For purposes of this AGREEMENT, such causes include, but are not limited to, strikes or other labor disputes; severe weather disruptions or other natural disasters or acts of God; fires, riots, war or other emergencies; disease epidemic or pandemic; failure of any government agency to act in a timely manner; failure of performance by the CLIENT or the CLIENT'S contractors or consultants; or discovery of any hazardous substances or differing site conditions. Severe weather disruptions include but are not limited to extensive rain, high winds, snow greater than two (2) inches and ice. In addition, if the delays resulting from any such causes increase the cost or time required by the COMPANY to perform its services in an orderly and efficient manner, the COMPANY shall be entitled to a reasonable adjustment in schedule and compensation.

8.22 Job Site Visits and Safety

Neither the professional activities of COMPANY, nor the presence of COMPANY'S employees and sub-consultants at a construction site, shall relieve the general contractor and any other entity of their obligations, duties and responsibilities including, but not limited to, construction means, methods, sequence, techniques or procedures necessary for performing, superintending or coordinating all portions of the work of construction in accordance with the contract documents and any health or safety precautions required by any regulatory agencies. COMPANY and its personnel have no authority to exercise any control over any construction contractor or other entity or their employees in connection with their work or any health or safety precautions. The CLIENT agrees that the general contractor is solely responsible for job site safety, and warrants that this intent shall be made evident in the CLIENT's AGREEMENT with the general contractor. The CLIENT also agrees that the CLIENT, COMPANY and COMPANY'S consultants shall be indemnified and shall be made additional insureds on the general contractor's and all subcontractor's general liability policies on a primary and non-contributory basis.

8.23 Hazardous Materials

CLIENT hereby understands and agrees that COMPANY has not created nor contributed to the creation or existence of any or all types of hazardous or toxic wastes, materials, chemical compounds, or substances, or any other type of environmental hazard or pollution, whether latent or patent, at CLIENT's premises, or in connection with or related to this project with respect to which COMPANY has been retained to provide professional services. The compensation to be paid COMPANY for said professional services is in no way commensurate with, and has not been calculated with reference to, the potential risk of injury or loss which may be caused by the exposure of persons or property to such substances or conditions. Therefore, to the fullest extent permitted by law, CLIENT agrees to defend, indemnify, and hold COMPANY, its officers, directors,

employees, and consultants, harmless from and against any and all claims, damages, and expenses, whether direct, indirect, or consequential, including, but not limited to, attorney fees and Court costs, arising out of, or resulting from the discharge, escape, release, or saturation of smoke, vapors, soot, fumes, acid, alkalis, toxic chemicals, liquids gases, or any other materials, irritants, contaminants, or pollutants in or into the atmosphere, or on, onto, upon, in, or into the surface or subsurface of soil, water, or watercourses, objects, or any tangible or intangible matter, whether sudden or not.

It is acknowledged by both parties that COMPANY'S Scope of Services does not include any services related to asbestos or hazardous or toxic materials. In the event COMPANY or any other party encounters asbestos or hazardous or toxic materials at the job site, or should it become known in any way that such materials may be present at the job site or any adjacent areas that may affect the performance of COMPANY'S services, COMPANY may, at its option and without liability for consequential or any other damages, suspend performance of services on the project until the CLIENT retains appropriate specialist consultant(s) or contractor(s) to identify, abate and/or remove the asbestos or hazardous or toxic materials, and warrants that the job site is in full compliance with applicable laws and regulations.

Nothing contained within this AGREEMENT shall be construed or interpreted as requiring COMPANY to assume the status of a generator, storer, transporter, treater, or disposal facility as those terms appear within the Resource Conservation and Recovery Act, 42 U.S.C.A., §6901 et seq., as amended, or within any State statute governing the generation, treatment, storage, and disposal of waste.

8.24 Certificate of Merit

The CLIENT shall make no claim for professional negligence, either directly or in a third party claim, against COMPANY unless the CLIENT has first provided COMPANY with a written certification executed by an independent design professional currently practicing in the same discipline as COMPANY and licensed in the State in which the claim arises. This certification shall: a) contain the name and license number of the certifier; b) specify each and every act or omission that the certifier contends is a violation of the standard of care expected of a design professional performing professional services under similar circumstances; and c) state in complete detail the basis for the certifier's opinion that each such act or omission constitutes such a violation. This certificate shall be provided to COMPANY not less than thirty (30) calendar days prior to the presentation of any claim or the institution of any judicial proceeding.

8.25 Limitation of Liability

In recognition of the relative risks and benefits of the Project to both the CLIENT and the COMPANY, the risks have been allocated such that the CLIENT agrees, to the fullest extent permitted by law, to limit the liability of the COMPANY and COMPANY'S officers, directors, partners, employees, shareholders, owners and sub-consultants for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, including attorneys' fees and costs and expert witness fees and costs, so that the total aggregate liability of the COMPANY and COMPANY'S officers, directors, partners, employees, shareholders, owners and sub-consultants shall not exceed \$50,000.00, or the COMPANY'S total fee for services rendered on this Project, whichever is greater. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law.

8.26 Design Without Construction Observation

It is agreed that the professional services of COMPANY do not extend to or include the review or site observation of the contractor's work or performance and the CLIENT assumes all responsibility for interpretation of the contract documents and for construction observation. It is further agreed that the CLIENT will defend, indemnify and hold harmless COMPANY from any claim or suit whatsoever, including but not limited to all payments, expenses or costs involved, arising from the contractor's performance or the failure of the contractor's work to conform to the design intent and the contract documents. COMPANY agrees to be responsible for its employees' negligent acts, errors or omissions.

8.27 Soliciting Employment

Neither party to this AGREEMENT will solicit an employee of the other nor hire or make an offer of employment to an employee of the other that is working on this PROJECT, without prior written consent of the other party, during the time this AGREEMENT is in effect.

8.28 Municipal Advisor

The COMPANY is not a Municipal Advisor registered with the Security and Exchange Commission (SEC) as defined in the Dodd-Frank Wall Street Reform and Consumer Protection Act. When the CLIENT is a municipal

entity as defined by said Act, and the CLIENT requires project financing information for the services performed under this AGREEMENT, the CLIENT will provide the COMPANY with a letter detailing who their independent registered municipal advisor is and that the CLIENT will rely on the advice of such advisor. A sample letter can be provided to the CLIENT upon request.

This AGREEMENT is approved and accepted by the CLIENT and COMPANY upon both parties signing and dating the AGREEMENT. Services will not begin until COMPANY receives a signed agreement. COMPANY's services shall be limited to those expressly set forth in this AGREEMENT and COMPANY shall have no other obligations or responsibilities for the Project except as agreed to in writing. The effective date of the AGREEMENT shall be the last date entered below.

Jeremiah Hoyt and Council

RE: New INF well pump

Dear Jeremiah and council,

The Utilities department just had a pump at the INF wet well at the wastewater plant suffer a catastrophic failure and is beyond repair. MVP is offering 2 choices of pumps to replace the one that failed. They are a Crane Demming at \$18975 and an Ebara at \$17588. MVP is recommending the Crane Demming pump with a better performance and life expectancy than the Ebara. I am also recommending the Crane Demming pump. I understand Crane Demming is more expensive, but it is currently in stock at MVP whereas the Ebara is 10 to 12 weeks out. Both are American made pumps. With the possibility of spring rain, I feel we need to purchase this pump now and not in 10 to 12 weeks. There are funds available in the Wastewater improvement fund currently to pay for this pump.

Sincerely,

Steve Agnitsch, Utilities Superintendent

Re: Water Treatment Plant Disinfection System Improvements
Contractor's Pay Request No. 2

Dear Jeremiah,

Enclosed is Invoice No. 2 from Shaffer Plumbing & Heating, LLC for the above-referenced project. This invoice is for work completed through February 2025. This includes final installation and startup of the disinfection system. The Contractor is finalizing punchlist items on the project.

The total request for Invoice No. 2 is \$51,480.60. Including previous invoices to-date, this invoice represents approximately 92% of the total contract value of \$128,701.49. We have reviewed and recommend full payment of Invoice No. 2 as submitted by Shaffer.

Sincerely,

RE: CONTRACTOR'S APPLICATION FOR PAYMENT #3 – WWTP FLOW
EQUALIZATION BASIN – WRH, INC

Dear Mayor and City Council:

Enclosed for your review and approval is the Contractor's Application for Payment #3 for work completed on the WWTP Flow Equalization Basin. This application for Payment includes costs associated with project management, quality control, temporary utilities, locates, precast tank grading, pipe material, storm sewer pipe materials, frost footing labor and materials, and submittals. The submittal items include submersible pumps and spiral screens.

I have reviewed the application for payment and find it in agreement with the work completed to date. I, therefore, recommend approval of the Application for Payment #3 in the amount of **\$205,675.00** to WRH, Inc.

Respectfully,

SNYDER & ASSOCIATES, INC.
