REQUESTS FROM CITIZENS

Glen Whiting, 237 County Road 655, started that he was at last month's meeting to discuss the Charter and was told it would be on the next Study Session agenda. He commented that what was discussed at Study Session was not what he discussed at the Council meeting. The first issue he had brought up at the Council meeting was regarding the Charter and whether a witness testifying about the integrity of a structure should be qualified to do so. In his opinion, even though by law the City is not required to do so, an expert should be hired to determine the integrity of a structure. His second issue was with the language in the Charter as it relates to residency requirements of Council. He stated that the Charter states that if you move outside the City you must vacate the seat. Mr. Whiting said the Council should correct the wording in the Charter to state that a Councilman shall immediately vacate the seat when no longer residing in the City. He stated that if the Council knows that a Councilman has moved out of the City but has not resigned, the Charter states the Council cannot do anything about it and only the Election Commission can investigate it. The Election Commission stated that they have no authority to do so. He stated that the language needed to be cleaned up because legally the Council has the authority.
