REPORT FROM THE CITY MANAGER

ADJOURNMENT

ATHENS CITY COUNCIL MINUTES OF MEETING

January 23, 2024

The Athens City Council met in regular session on Tuesday, January 23, at 6:00 p.m. Mayor Sherlin presiding. The invocation was given by Vice Mayor Eaton; and upon roll call, the following members were present:

Curtis, Pelley, Eaton, Sherlin.

The following decisions were made and ordered made a part of the records of the Athens City Council.

- 1 -APPROVAL OF MINUTES

The minutes of the December 19, 2023, City Council Regular scheduled meeting were submitted and approved. **Council Member Curtis moved; Vice Mayor Eaton seconded.**

AYES: Curtis, Pelley, Eaton, Sherlin NAYS: None

- 2 -REQUESTS FROM CITIZENS

Five (5) individuals addressed the Council expressing concerns about the time change of City Council Meetings, Council Member Pelley, and recent new developments.

City Attorney Caldwell requested permission to address the Council and citizens concerning this portion of the agenda. He provided clarification that anyone speaking from the podium should present request to the Council, citizens should make no allegations toward anyone, and keep your comments diplomatic.

- 3 -CONSENT AGENDA

Mayor Sherlin advised the recording clerk to read the following items into the record:

a) Approve schedule for Athens Travelers Cruise In except for May 18 due to previously scheduled Relay for Life event at Market Park.

b) Approve Resolution No. 2024-01 for Athens Flood Awareness week.

c) Approve Resolution No. 2024-02 for Assistance to Firefighters Equipment Grant.

d) Approve workplace harassment non-retaliation (whistleblower) policy and

procedures.

e) Approve policy for break time and space requirements for nursing mothers.

f) Approve bid for Law Enforcement weapons.

g) Approve purchase of trucks for Public Works and Community Development utilizing

State of Tennessee Bid and declare three Ford Escapes as surplus property.

h) Approve GEOS proposal for North Jackson and Slope Stability Assessment.

i) Authorize the Mayor, City Manager and Fire Chief to look for land to be purchased for an additional fire station.

j) Authorize Fire and Police radio upgrades to 800 MHZ utilizing state bid pricing.

Mayor Sherling asked for a motion. **Council Member Curtis moved, Vice Maor Eaton seconded, that the Consent Agenda as stated be approved.** Roll call:

AYES: Curtis, Pelley, Eaton, Sherlin. NAYS: None

- 5 -

ORDINANCES

<u>None</u>

- 6 -

OLD BUSINESS

None

- 7 -

NEW BUSINESS

Motion to postpone Item B on the agenda to change the time limit during Citizen input at Council Meetings from 5 minutes to 3 minutes.

Mayor Sherlin asked for a motion. Vice Mayor Eaton moved, Council Member Curtis seconded to postpone discussion to the next study session for this item. Council Member Curtis felt it necessary to delay the discussion since Council Member Witt-McMahan was absent during the meeting.

AYES:Curtis, Pelley, Eaton, Sherlin.NAYS:None

Motion to change the meeting time of the City Council study session from 6pm to 3pm.

Mayor Sherling asked for a motion. **Council Member Curtis moved, and Mayor Sherlin seconded to change the meeting time of the City Council study session from 6pm to 3pm.** Council Member Pelley spoke in opposition against the time change. Vice Mayor Eaton discussed the importance of public awareness. This is a work study session, not the Council meeting where the public has an input on the time to come and speak. Council Member Pelley spoke and said this was an imposition on the Council members. Mayor Sherlin said this could very well just be a trial run.

Roll call:

AYES:	Curtis, Eaton, Sherlin
NAYS:	Pelley

- 9-

Motion to limit Citizen input at Called Council Meeting to be restricted to items specified on the agenda.

Mayor Sherlin asked for a motion. **Council Member Curtis moved, and Vice Mayor Eaton seconded to limit citizen input specifically for the agenda at Called Council Meetings.** Mayor Sherlin opened the floor for discussion. Council Member Pelley spoke in opposition. Vice Mayor Eaton reminded the Council and citizens, this is specifically for special called meetings only. City Attorney Chris Caldwell suggested this item be postponed until Council Member Witt-McMahan is in attendance. Roll Call:

AYES: Curtis, Eaton, Sherlin NAYS: Pelley

-10 -Motion regarding termination of k-9 program for Police Department

Attorney Chris Caldwell read resolution to donate Dunya to McMinn County Sheriff Department. **Vice Mayor Eaton made an amendment to the resolution that all surplus items go with the dog to Sheriff Department. Council Member Curtis seconded.** Attorney Chris Caldwell spoke to revise the resolution with k9 Dunya plus all necessary equipment for her support and welfare to serve within NCSO and be transferred as surplus property. Council Member Pelley called the question. No second. Question failed. Chief Schultz spoke in regard to what is considered surplus.

AYES: Curtis, Pelley, Eaton, Sherlin NAY: None

Upon conclusion of the original motion, Mayor Sherlin called roll call to <u>Vote on Resolution as</u> <u>Amendment</u> **AYES: Curtis, Pelley, Eaton, Sherlin NAY: None**

-11-REPORTS

COMMUNITY DEVELOPMENT QUARTERLY BUILDING REPORT

Community Development Director Anthony Casteel presented the building permit quarterly/annual report for the City of Athens. The report was accepted as presented.

FINANCE DEPARTMENT REPORT

Finance director Mike Keith presented the Finance Dep Report for October 2023. The report was accepted as presented.

- 12 -

FIRE DEPARTMENT REPORT

Fire Chief Brandon Ainsworth presented the Fire Department Report for October 2023. The report was accepted as presented.

- 13 -

POLICE DEPARTMENT REPORT

Police Chief Fred Schultz presented the Police Department Report for October 2023. The report was accepted as presented.

- 14 -

REPORT FROM THE CITY MANAGER

City Manager Deb Wallace presented an update on various projects and programs taking place. The report was accepted as presented.

- 15 -ADJOURNMENT

There being no further business to come before the meeting, the meeting was adjourned at 7:37p.m.

Council Member Curtis moved, Vice Mayor Eaton seconded, for the meeting to be adjourned. AYES: Pelley, Eaton, Sherlin.

NAYS: Absent

STEVEN S. SHERLIN, Mayor

DEB WALLACE, City Manager

PUBLIC WORKS

MEMORANDUM

TO: Deb Wallace, City Manager

FROM: Ben Burchfield, Public Works Director

DATE: February 7, 2024

SUBJECT: Public Works 800 MHz Radio Conversion

The Council recently approved migrating APD and AFD to an 800 MHz radio system at last month's regularly scheduled meeting. Leading up to that, Chief Ainsworth had been coordinating with Public Works and Motorola Solutions on migrating Public Works as well, but we were still finalizing our quote and decided against trying to include it at the last minute without an opportunity to have a discussion with Council.

Public Works has already budgeted for modifying and expanding its existing UHF radio system as part of this fiscal year. The existing radio system had fell out of regular use years ago, and APW needs to get back to making it the primary method of communication for day-to-day operations. We're opting for this because relying on cell phones to relay information while operating is not desirable and presents potential liability, in addition to the fact that if we had a similar situation like the 2016 tornado, our ability to effectively communicate could be compromised altogether and negatively impact our ability to operate for days, weeks, or even longer.

We investigated the pros and cons of staying on the UHF system vs. migrating to VHF, which as you are all aware is what APD and AFD are now migrating away from. We opted to keep UHF at that time in an effort to keep costs down, as VHF did not offer any significant benefits at a higher cost other than allowing cross communication with APD and AFD. We considered the fact that APD and AFD were not satisfied with the performance of VHF at that time as well. Moving to 800 MHz was actually discussed several years ago, but at that time, the conversion was cost prohibitive and was ultimately not pursued.

Having now approved moving APD and AFD to the platform, APW is also requesting approval to scrap expanding and maintaining the lone UHF system and instead move to the 800 MHz system. Reception and audio quality are better, as well as having the added benefit of improved

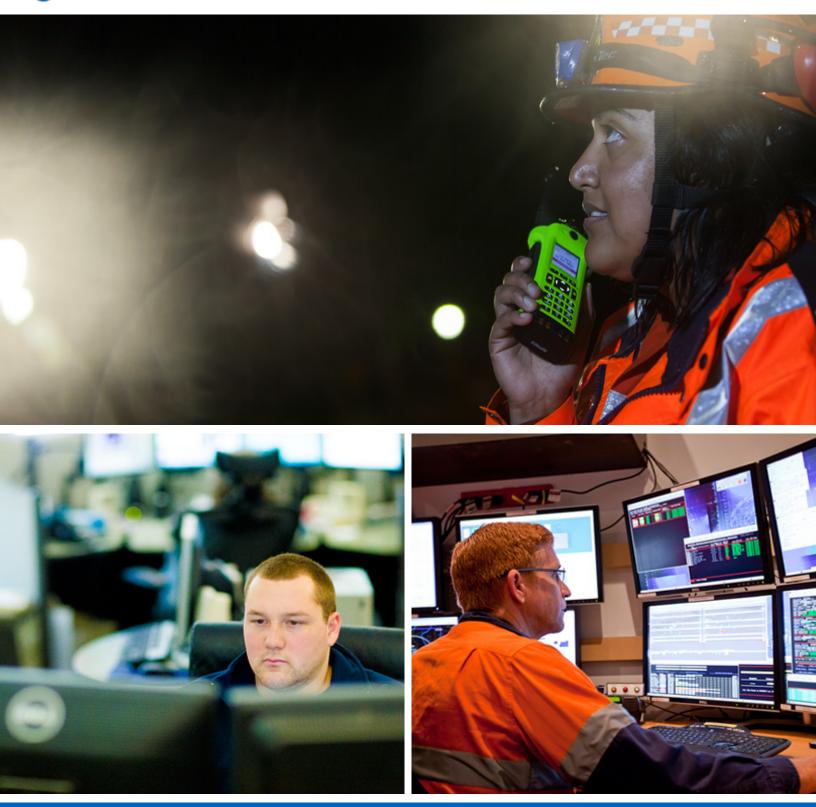

interdepartmental communication. This would improve responsiveness between departments by keeping E-911 dispatch from having to be the middleman; we could simply change between channels to relay a situation where APW assistance is needed.

Public Works was quoted for and budgeted \$36,000 in fixed assets to revamp and expand its existing UHF system. The attached quote from Motorola Solutions is based on the same total number of units that was originally budgeted for, just on the 800 MHz system. This quote would replace the existing UHF radios we have and add some for a total of 25 cab-mounted 800 MHz radios, as well as replace existing UHF handhelds and expand the count to 15 handhelds. As quoted, this would cost \$145,319.85. \$36,000 of this would be covered by the budgeted fixed asset line item, and the balance of \$109,319.85 would be from capital. Just like the APD and AFD quotes, we are attempting to keep costs down by having the majority of the installations completed by our fleet maintenance division. Motorola has stated that they need to complete and/or assist on a few installations in order to satisfy warranty requirements.

The Council should be aware that this quote does not put a unit in every single APW vehicle, we are only targeting essential vehicles in each division, as well as a few auxiliary vehicles that we would be operating around the clock during adverse weather. The handhelds are supplemental and would be used for flagging/ground communication, as well as radio monitoring when crews are out of the vehicle on a job site. We felt this was preferable to mounting speaker systems on trucks which would require staff to stop work to go to the vehicle to respond. Some of the handheld units will also function as a "flex" radio for trucks where we felt a cab-mounted unit was not justified, but where the need could arise in certain situations.

If you have questions, just let me know.

ATHENS POLICE DEPT, CITY OF 815 N JACKSON ST Athens, TN 37303

Dear,

Motorola Solutions is pleased to present ATHENS POLICE DEPT, CITY OF with this quote for quality communications equipment and services. The development of this quote provided us the opportunity to evaluate your requirements and propose a solution to best fulfill your communications needs.

This information is provided to assist you in your evaluation process. Our goal is to provide ATHENS POLICE DEPT, CITY OF with the best products and services available in the communications industry. Please direct any questions to Kenan Lewis at kenanlewis@callmc.com.

We thank you for the opportunity to provide you with premier communications and look forward to your review and feedback regarding this quote.

Sincerely,

Kenan Lewis

Motorola Solutions Manufacturer's Representative

RESOLUTION NO. 2024-04

"A RESOLUTION TO OFFICIALLY CLOSE AND ABANDON SIX (6) VARIOUS ALLEYWAYS/UNOPENED RIGHTS OF WAY AS FOLLOWS: NORTH MATLOCK AVENUE-NORTH OF FRYE STREET; DIAGONAL BETWEEN SOUTH WHITE STREET AND THE 700 BLOCK OF SOUTH JACKSON STREET; RUNNING FROM AVA STREET TO WEBB STREET; DALE STREET-PERPENDICULAR TO OHIO STREET; PARALLEL TO HUGHES STREET-SOUTH OF DECATUR PIKE, AND DIAGONAL FROM TELLICO/RAILROAD INTERSECTION TO ASTRID STREET AS SHOWN ON THE ATTACHED EXHIBITS WITHIN THE CORPORATE LIMITS OF THE CITY OF ATHENS, TENNESSEE"

WHEREAS, the City of Athens Public Works Department Street Division has determined these rights-of-way are not needed for the transportation needs of the city; and

WHEREAS, the Athens Municipal Regional Planning Commission, meeting in regular session on the 5th day of February 2024, conducted a public hearing pursuant to Section 16-608 (3) of the Municipal Code, and has reviewed the request and has recommended to the City Council the proposed sections be closed and abandoned, and

WHEREAS, the adjacent land owners were notified per TCA 54-10-202 of the proposed closures and abandonments; and

WHEREAS, said abandoned and closed portion of these rights-of-way will be granted to the adjacent land owners; and

WHEREAS, it is for the public welfare that said rights-of-way be officially closed and abandoned, reserving all rights of the City to install and maintain utilities in said rights-of-way; and,

WHEREAS, this Resolution authorizes the Mayor to sign any Quit Claim Deeds to adjoining landowners affected by these closures and abandonments; and,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Athens, Tennessee, as follows:

That the recitals above are true and accurate and form a part of this Resolution; and

That meeting in regular session this <u>20th</u> day of <u>February</u>, 2024, that the rights-of-way outlined in red on the attached exhibits be closed and abandoned.

DEB WALLACE, City Manager

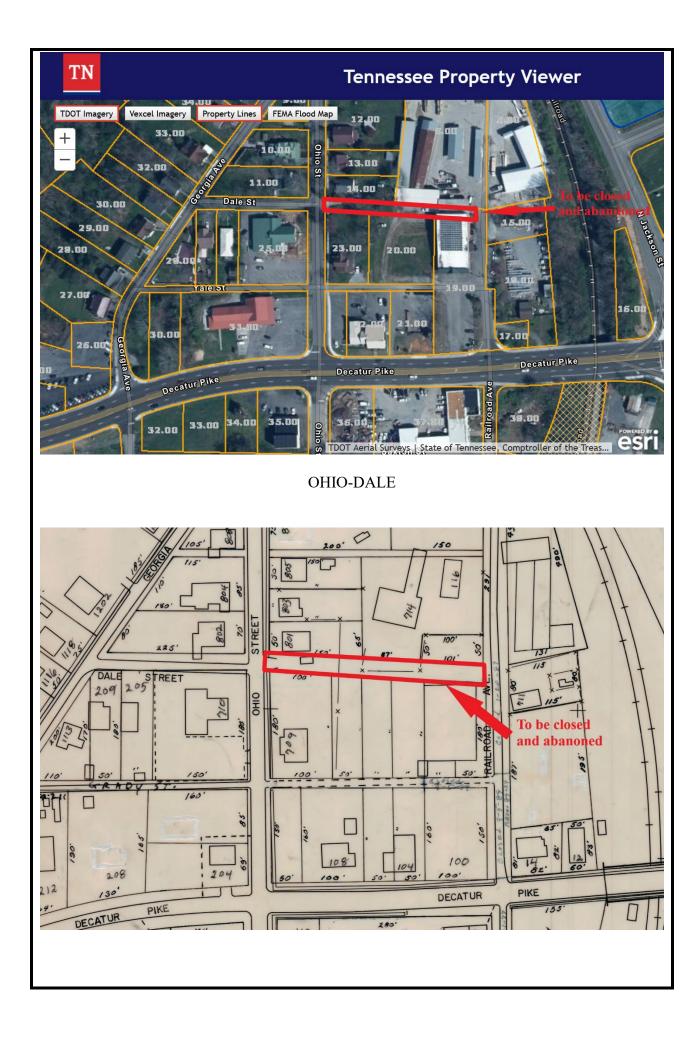

APPROVED AS TO FORM:

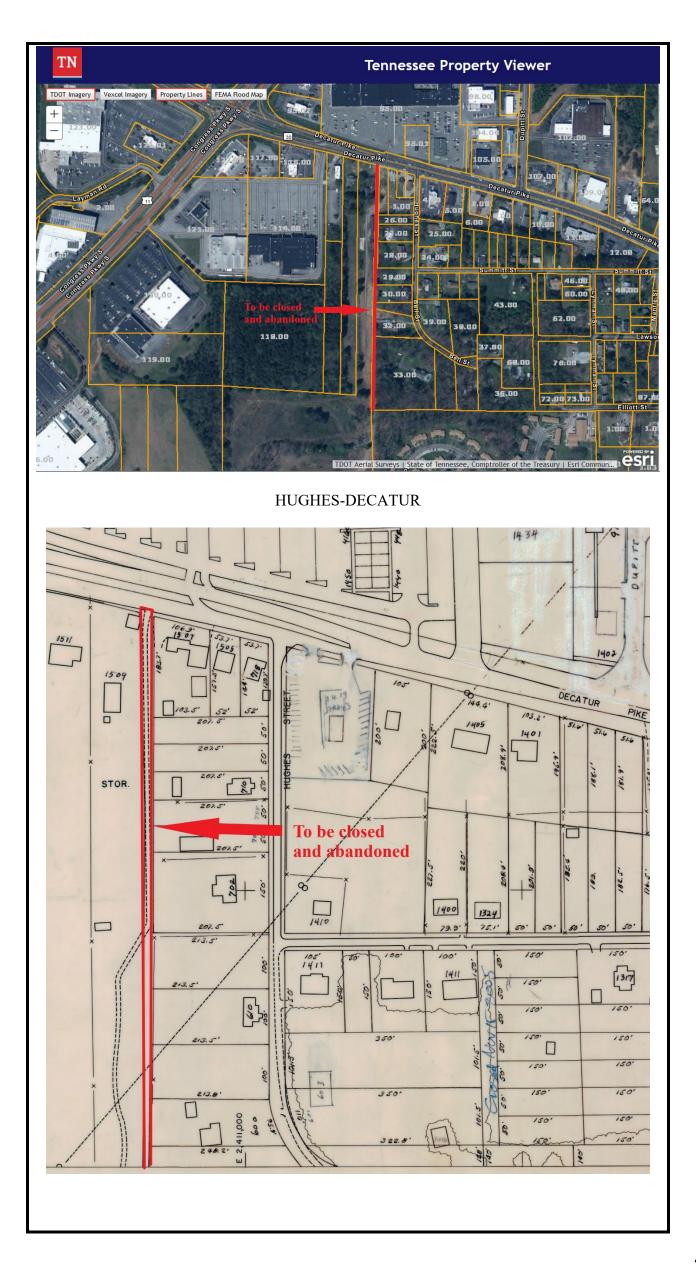

CHRIS CALDWELL, City Attorney

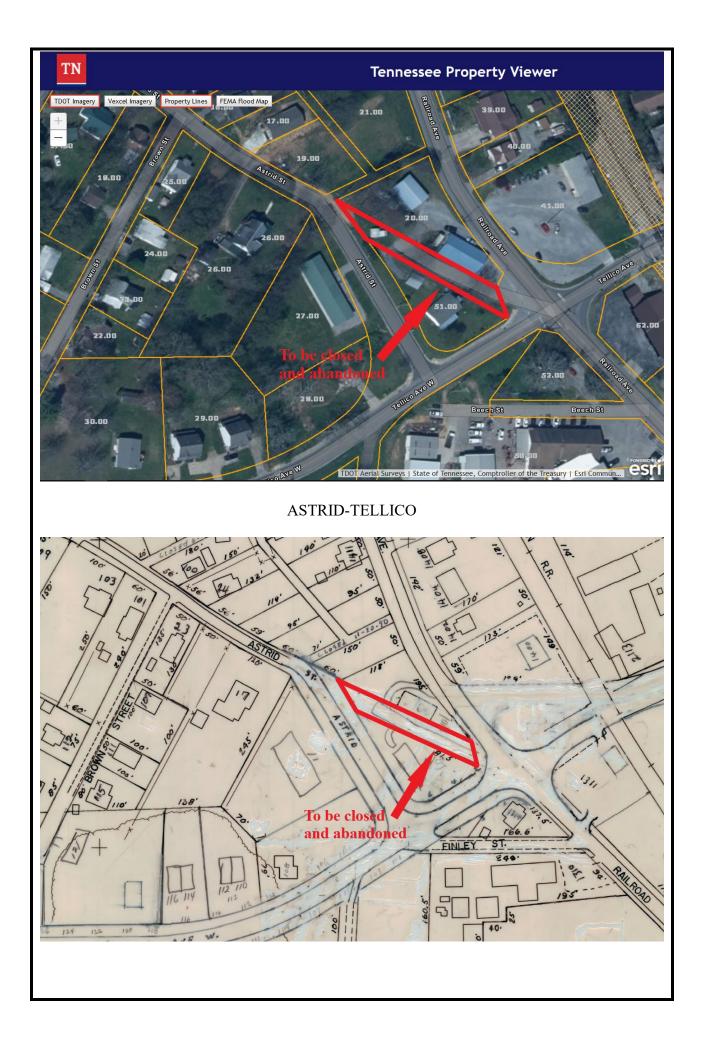

STAFF REPORT February 5, 2024 Planning Commission

2. Public Hearing and Recommendation for the closure and abandonment of six (6) various unopened/unimproved alleyways as follows: North Matlock Avenue-north of Frye Street; between South White Street and the 700 block of South Jackson Street; running from Ava Street to Webb Street; perpendicular to Ohio Street and North of Decatur Pike; parallel to Hughes Street south of Decatur Pike, and diagonal from Tellico/Railroad intersection to Astrid Street.

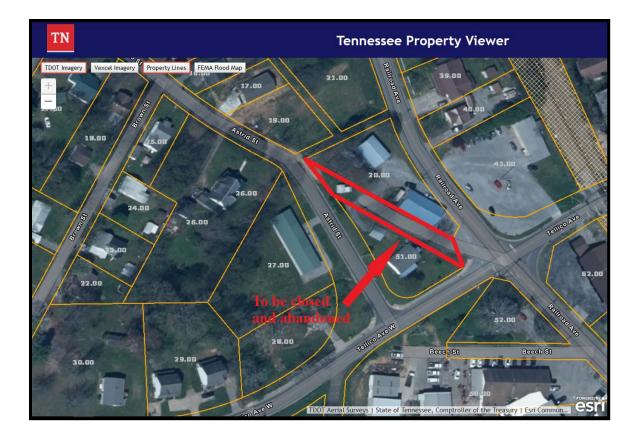

Public works has identified these six (6) alleys as having no transportation value to the city. Therefore, they are asking that they be abandoned back to the adjacent lot owner that have frontage along each of them, but still retaining easements on all of them for the installation and maintenance of current and future utility and stormwater facilities. **Staff recommends abandonment of these six (6) alleys.**

2. Public Hearing and Recommendation for the closure and abandonment of six (6) various unopened/unimproved alleyways as follows: North Matlock Avenue-north of Frye Street; between South White Street and the 700 block of South Jackson Street; running from Ava Street to Webb Street; perpendicular to Ohio Street and North of Decatur Pike; parallel to Hughes Street south of Decatur Pike, and diagonal from Tellico/Railroad intersection to Astrid Street.

Mr. Casteel opened the floor for the public hearing.

Mrs. Hicks said she had a question about Hughes Street. She has a property at Hughes Street and at Bell Street. The closing of that street for what they are saying is an alleyway joins their property in the back. If it has not ever been maintained by the City, why is it being closed? It was Seatons' property that was their right of way.

Mr. Burchfield said it is not maintained or utilized by the City of Athens in any capacity.

Mrs. Hicks asked if the City owned that property.

Mr. Burchfield said yes, it is right of way. They've known about it for a long time. They are trying to get several of these out, this one being included because the strip is 10 foot in narrow width and a little under 15 feet at the widest. It is not useful for anything; they cannot put a road on it, and there is no mechanism do a street, or even an alley. It is much simpler for the City to go through an abandonment process on a right of way like this than it is for an adjacent property owner. It has no strategic use for the City. A lot of property owners have already put something on it, or are encroaching on it, a fence or outbuilding, or something or other. They are abandoning it, half of it goes to one property owner the other half goes to the adjacent property owner and it is no longer in the City's right of way.

Mrs. Hicks asked if all the houses coming up Hughes and Bell Streets would take up half of that property and the other half would revert to Seaton's.

Mr. Burchfield said is one lot on the west side, that one side would go to Seaton's; all the other adjacent landowners to east will get their respective half of that right of way, the length of their western property boundary.

Mrs. Hicks asked if the length to the corner or all across the hill to the same width.

Mr. Burchfield said they do not. There is not a right of way to the Athens Housing Property.

Mrs. Hicks asked when the City acquired the alley.

He said to his understanding Seaton's has never owned it. He said it was platted in the 40s or 50s and tiny strip of right of way was in that plat. It has always been there. It has always been the City's. They never done anything with it and there is no real use for it. If that was going to be a street, say someone decided to build, they would have to dedicate a fifty-foot flag stem.

Mrs. Hicks asked if there would be some type of barrier to keep people from driving on that property.

Mr. Burchfield said it ultimately on Seaton's to manager trespassing. He said that he does not have the authority to make them secure it.

Mrs. Goddard-Brown asked if they would raise property taxes with the extra footage and is that automatically going to be surveyed in, or they going to have to change their property lines.

Mr. Burchfield said they are not raising property taxes. Will it have some kind of monetary impact, it will have something, like pennies on the dollar. There is not property tax increase on this, but to that point, you will have more property and it will be reflected on the taxes.

Mrs. Goddard-Brown asked if they would need to go change the property lines.

Mr. Burchfield said it is not their intent to go out stake every property.

Mr. Casteel said the property assessor is the one who updates these maps. When he finds out this has been done, he may abandon that, and he may not. It is up to the property owner to get a subdivision plat and record it.

Mrs. Goddard-Brown asked if she was going to sell her house, will the footage show.

Mr. Casteel said the only thing he knows the City has ever done is issue a quit claim deed. They would sign a quit claim deed if there was one prepared and brought. It would still be the property owner's responsibility to hire a surveyor to put the pieces of land together. They would not require that to sell their house.

Mrs. Hicks said they are looking at selling in a couple of years. How will that affect the sale of the property; how will they get the property line established?

Mr. Casteel said some title companies will sell as is, and some will come to the City and want it cleaned up.

Mr. Burchfield said basically it is a simple modification to the legal description.

Mr. Casteel said one thing that has not been said is, the City and Athens Utilities Board will maintain the right to put utilities in this easement. That will not be going away. They will not abandon that portion.

The public hearing was closed, and a motion was made.

Mr. Burchfield and Mr. Casteel answered all questions and concerns.

No one expressed opposition to the closures.

MOTION:	Move to approve the request to recommend to City Council to close
	and abandon the six lots as presented.
MADE:	Jordan Curtis
SECOND:	Sam Stephens
VOTE:	Unanimous
	MOTION PASSED

Mr. Casteel said this will go to City Council in February and if they do pass it, it will become affective immediately because it is resolution and it will be abandoned February 20. The next day after everyone signs it, it will be final.

RESOLUTION NO. 2024-05

A RESOLUTION AUTHORIZING THE ACCEPTANCE OF A MULTI-MODAL GRANT FOR THE HISTORIC DOWNTOWN BUSINESS DISTRICT.

WHEREAS, the City has declared its commitment to investing in infrastructure to improve pedestrian accessibility and safety in the Historic Downtown Business District by funding design and construction of improvement concepts outlined in the Athens Historic Downtown Masterplan completed through the Athens Main Street Organization in 2020 and the Community Mobility Plan (CMP) completed through the Community Transportation Safety grant (CTPG) in 2021 by approving the Historic Downtown Transportation Alternatives (HDTA) project; and,

WHEREAS, the Public Works Department submitted a Notice of Intent to apply (NOI) and a full application for Multi-Modal Access Grant (MMAG) funding to support the City's ongoing project for the Historic Downtown Transportation Alternatives (HDTA) project; and,

WHEREAS, the Tennessee Department of Transportation has notified the City that it has been approved for funding for this project in the amount of \$675,255, with 90% being funded by the State and a minimum of 10% funded by the City.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Athens, Tennessee, as follows:

That the recitals above are true and accurate and form a part of this Resolution; and

That meeting in regular session this <u>20th</u> day of <u>February</u>, 2024, that the Mayor and City Manager are hereby authorized to sign all grant contracts and supporting documents necessary to fulfill the requirements for receiving this grant.

BE IT FURTHER RESOLVED by the Athens City Council that this resolution shall take effect immediately from and after its passage, the public welfare requiring it.

ON	I	MOTION	BY		SECONDED	BY
				, said Resolution was approved by roll	call vote.

ORDINANCE NO.

AN ORDINANCE TO AMEND 'THE ZONING ORDINANCE OF THE CITY OF ATHENS, TENNESSEE, SO AS TO AMEND THE OFFICIAL ZONING MAP TO REZONE THE PROPERTY LOCATED ON NORTH JACKSON STREET FROM I-1 (LIGHT INDUSTRIAL DISTRICT) TO R-2 (MEDIUM DENSITY RESIDENTIAL) SAID AREA BEING LOCATED WITHIN THE CORPORATE LIMITS OF ATHENS, TENNESSEE.

BE IT ORDAINED BY THE CITY OF ATHENS, TENNESSEE, AS FOLLOWS:

SECTION 1. That the Official Zoning Map of Athens, Tennessee, identified and referred to in Section 3.02 of said Zoning Ordinance, be amended to show the following described property and zoning designation as described within the body of this ordinance and shown on the attached illustration titled; "Rezoning Request for Christopher S Lingerfelt for Property located at 1304 North Jackson Street (Tax Map 056C Group C Parcel 058.00 and 059.00 Combined) from I-1 Light Industrial District to R-2 Medium Density Residential District" said property being within the corporate limits of Athens, Tennessee:

Area Description (I-1 to R-2)

The parcel to be rezoned from I-1 to R-2 is shown on Tennessee Property Assessment Data - Property Viewer as Tax Map 056C Group C Parcel 058.00 and 059.00 combined). The parcel is further described on the attached illustration that has been created from the Official Zoning Map of the City of Athens, Tennessee.

SECTION 2. Any Ordinance, Resolution, Motion or parts thereof in conflict herewith are hereby repealed and superseded. If any sentence, clause, phrase or paragraph of this Ordinance is declared to be unconstitutional by any Court of competent jurisdiction, such holding will not affect any other portion of this Ordinance.

SECTION 3. BE IT FURTHER ORDAINED, that this Ordinance shall take effect upon final passage and as provided by law. As required by TENNESSEE CODE ANNOTATED, Section 13-7-203, a Public Hearing subject to fifteen day's notice has been held, and this ordinance meets the requirements of TENNESSEE CODE ANNOTATED, Section 13-7-201 through 13-7-210, including the approval of all necessary agencies.

Rezoning Request for Christopher S Lingerfelt for Property located at 1304 North Jackson Street (Tax Map 056C Group C Parcel 058.00 and 059.00 Combined) from I-1 Light Industrial District to R-2 Medium Density Residential District.

STAFF REPORT February 5, 2024 Planning Commission

1. Public Comments and Recommendation on rezoning request by Christopher S Lingerfelt to change parcels identified as Tax Map 056C Group C Parcel 058.00 and 059.00 located at 1304 North Jackson Street from L-1 Light Industrial District to R-2 Medium Density Residential District containing approximately 0.28 acres.

The landowners are requesting a zoning change so that they can sell the house. Currently the house is grandfathered in under the I-1 District. It can be used as a home and even transferred

under State Law if the use does not cease for a continuous period of 30 months. The issue is that if it destroyed beyond 51% of its value, it cannot be rebuilt in the I-1 zone. In addition, these are substandard I-1 lots and they even substandard lots in the R-2 district. Therefore, a subdivision plat is being prepared to combine these substandard lots to make a legal R-2 lot before the rezoning can become final.

Staff recommends approval of the request to rezone it from I-1 Light Industrial District to R-2 Medium Density Residential.

1. Public Comments and Recommendation on rezoning request by Christopher S Lingerfelt to change parcels identified as Tax Map 056C Group C Parcel 058.00 and 059.00 located at 1304 North Jackson Street from L-1 Light Industrial District to R-2 Medium Density Residential District containing approximately 0.28 acres.

Mr. Casteel said this is another one of those lots that was developed a zone that does not allow single-family dwellings as a use. They were built in the 1940s, according to the tax records. What the issue is, is the same thing as the Virginia Avenue rezoning last year where you have a property that cannot not be rebuilt in the zone so you cannot get a residential loan. There is an R-2 across the street, unfortunately, these two lots are substandard lots in both districts, but they have submitted a plat, he received from Kyle Belk, combining these two properties, making it a minimum lot for the R-2 District. It will meet that density so the City Council can act on it. Those will run concurrently, and they will have to record the plat before the rezoning can be completed on the second reading. The landowners understand. Staff makes the recommendation for the rezoning because you cannot put anything industrial on 12,000 square feet.

MOTION: <u>Move to approve the request to recommend to City Council for</u> rezoning.

Scope of Work, Assumptions and Limiting Conditions

Scope of work is defined in the Uniform Standards of Professional Appraisal Practice as " the type and extent of research and analyses in an assignment." In short, scope of work is simply what the appraiser did and did not do during the course of the assignment. It includes, but is not limited to: the extent to which the property is identified and inspected, the type and extent of data researched, the type and extent of analyses applied to arrive at opinions or conclusions.

The scope of this appraisal and ensuing discussion in this report are specific to the needs of the client, other identified intended users and to the intended use of the report. This report was prepared for the sole and exclusive use of the client and other identified intended users for the identified intended use and its use by any other parties is prohibited. The appraiser is not responsible for unauthorized use of the report.

The appraiser's certification appearing in this appraisal report is subject to the following conditions and to such other specific conditions as are set forth by the appraiser in the report. All extraordinary assumptions and hypothetical conditions are stated in the report and might have affected the assignment results.

1. The appraiser assumes no responsibility for matters of a legal nature affecting the property appraised or title thereto, nor does the appraiser render any opinion as to the title, which is assumed to be good and marketable. The property is appraised as though under responsible ownership.

2. Any sketch in this report may show approximate dimensions and is included only to assist the reader in visualizing the property. The appraiser has made no survey of the property.

3. The appraiser is not required to give testimony or appear in court because of having made the appraisal with reference to the property in question, unless arrangements have been previously made thereto.

4. Neither all, nor any part of the content of this report, copy or other media thereof (including conclusions as to the property value, the identity of the appraiser, professional designations, or the firm with which the appraiser is connected), shall be used for any purposes by anyone but the client and other intended users as identified in this report, nor shall it be conveyed by anyone to the public through advertising, public relations, news, sales, or other media, without the written consent of the appraiser.

5. The appraiser will not disclose the contents of this appraisal report unless required by applicable law or as specified in the Uniform Standards of Professional Appraisal Practice.

6. Information, estimates, and opinions furnished to the appraiser, and contained in the report, were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished to the appraiser is assumed by the appraiser.

7. The appraiser assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The appraiser assumes no responsibility for such conditions, or for engineering or testing, which might be required to discover such factors. This appraisal is not an environmental assessment of the property and should not be considered as such.

8. The appraiser specializes in the valuation of real property and is not a home inspector, building contractor, structural engineer, or similar expert, unless otherwise noted. The appraiser did not conduct the intensive type of field observations of the kind intended to seek and discover property defects. The viewing of the property and any improvements is for purposes of developing an opinion of the defined value of the property, given the intended use of this assignment. Statements regarding condition are based on surface observations only. The appraiser claims no special expertise regarding issues including, but not limited to: foundation settlement, basement moisture problems, wood destroying (or other) insects, pest infestation, radon gas, lead based paint, mold or environmental issues. Unless otherwise indicated, mechanical systems were not activated or tested.

This appraisal report should not be used to disclose the condition of the property as it relates to the presence/absence of defects. The client is invited and encouraged to employ qualified experts to inspect and address areas of concern. If negative conditions are discovered, the opinion of value may be affected.

Unless otherwise noted, the appraiser assumes the components that constitute the subject property improvement(s) are fundamentally sound and in working order.

Any viewing of the property by the appraiser was limited to readily observable areas. Unless otherwise noted, attics and crawl space areas were not accessed. The appraiser did not move furniture, floor coverings or other items that may restrict the viewing of the property.

9. Appraisals involving hypothetical conditions related to completion of new construction, repairs or alteration are based on the assumption that such completion, alteration or repairs will be competently performed.

10. Unless the intended use of this appraisal specifically includes issues of property insurance coverage, this appraisal should not be used for such purposes. Reproduction or Replacement cost figures used in the cost approach are for valuation purposes only, given the intended use of the assignment. The Definition of Value used in this assignment is unlikely to be consistent with the definition of Insurable Value for property insurance coverage/use.

11. The ACI General Purpose Appraisal Report (GPAR[™]) is not intended for use in transactions that require a Fannie Mae 1004/Freddie Mac 70 form, also known as the Uniform Residential Appraisal Report (URAR).

Additional Comments Related To Scope Of Work, Assumptions and Limiting Conditions

Appraiser's Certification

The appraiser(s) certifies that, to the best of the appraiser's knowledge and belief:

1. The statements of fact contained in this report are true and correct.

2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are the appraiser's personal, impartial, and unbiased professional analyses, opinions, and conclusions.

3. Unless otherwise stated, the appraiser has no present or prospective interest in the property that is the subject of this report and has no personal interest with respect to the parties involved.

4. The appraiser has no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

5. The appraiser's engagement in this assignment was not contingent upon developing or reporting predetermined results.

6. The appraiser's compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

7. The appraiser's analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.

8. Unless otherwise noted, the appraiser has made a personal inspection of the property that is the subject of this report.

9. Unless noted below, no one provided significant real property appraisal assistance to the appraiser signing this certification. Significant real property appraisal assistance provided by:

Neighborhood Description

The subjects neighborhood has a very wide variety of home styles, sizes ages and values. The one unit housing price and age of the housing as noted by appraiser represents the majority of properties in this area, there are some one unit homes with ages more than 100 years old and some properties with prices more than \$650,000 and some less than \$100,000 but they are considered as outliers. The majority of one unit homes are well maintained and the area has average market appeal. Although the predominant one unit price differs from the opinion of the subject's value, it is not an adverse factor, the subject is not over-improved for this area. Overall the subject has typical marketability for the area in its segment of the market. Convenience to shopping and work centers is typical of many other similar area's in the county. Overall the subject's neighborhood is typical of many other similar neighborhood's in the area and typically properties/homes in this area have average marketability.

Highest and Best Use

The subject is a residential home, built in 1991, that is located in B-3 zoning, Intensive Business District. The subject's current use as a residential home is an interim use due to the fact that if the dwelling is destroyed, it could NOT be built back as a residential home in this zoning. However, as long as the dwelling continues to exist as such, this is a grandfathered use (Legal Nonconforming).

Currently, there is a low commercial demand for properties such as the subject. There are infrastructure costs concerns regarding crossing the creek and adding heavy vehicle supports for both bridges. Also, the topography is elevated and wooded and clearing and grading costs would be incurred. Commercial demand is not at the point where buyers would demolish the existing dwelling and develop the property into commercial; thus the current highest and best use of the subject is residential.

If the subject was marketed as commercial, it would be on the market for a long time, possibly over two years. This is supported by an actual commercial listing almost across the street from the subject. On 07/12/2021, a 32.0 acre tract of vacant land zoned B-3, with frontage on Decatur Pike and Velma Road was listed for sale for \$1,050,000. On 12/31/2023, the listing expired and did not sell after more than 2.5 years on the market. Several conclusions can be made in regards, but one of the most obvious is that the property was listed too high, but another is that the commercial demand is low.

The adjoining property to the subject, 2113 Decatur Pike, a 2,646 sq.ft. older ranch style home with an unfinished basement on 1.70 acres sold on 03/16/2020 for \$199,000 and more recently sold on 02/07/2022 for \$265,000. Neither of these sales reflect a commercial market but instead reflect a residential market.

Condition of the Property

Continued from Condition of the Property: electrical and mechanical systems functioned correctly, but your appraiser is not a certified home inspector.

Comments on Sales Comparison

All comparables represent the latest known or recorded sales of properties most similar to, or best bracketing the subject with particular regard to location, style, GLA, condition and overall appeal. Every effort is made to verify and obtain any concessions amount which were paid on the comparables. Traditionally it is customary for sellers to pay between 0% to 5% towards closing costs in this area, any concessions or gifts exceeding this are considered a true concession and it will be reported and appropriately adjusted for. Due to the low sales volume in this market area and the very wide variety of home styles and low sales volume of homes with large acreage, it was necessary to expand the search to all of McMinn County and parts of Monroe county, up to twenty miles from the subject and consider sales over six months old (common practice in this area for homes with large acreage). All of the comparables are from the subjects market area and any typical buyers would view all the physical locations of the comparables equal in appeal and marketability to the subject when making purchasing choices.

A contributory \$35 per sq.ft. GLA adjustment was made for GLA differences greater than 100 sq.ft. A \$8 per sq.ft. total basement area adjustment was made for total basement area differences. A \$15 per sq.ft. finished basement area adjustment was made for finished basement size differences.

A contributory \$7,000 per acre site adjustment was made for site size differences greater than 0.50 acre.

A \$4,000 full bathroom count adjustment was made for full bathroom count differences.

A \$3,000 bedroom count adjustment was made for bedroom differences.

Although the subject and its comparables have varying actual ages they are all considered to have similar effective ages, but the across the line adjustment was made for the subject's needed repairs as described on page one.

The Indicated Value by Sales Comparison Approach, \$465,000, is calculated using the following weights: 29.3% - 722 County Road 255; Sale Price \$489,900; Adjusted Value \$454,295; Gross Adj: 16.0%

32.7% - 208 County Road 134; Sale Price \$585,000; Adjusted Value \$532,395; Gross Adj: 13.4% 38.0% - 894 Head of the Creek Rd; Sale Price \$399,000; Adjusted Value \$416,245; Gross Adj: 9.3%

ADDENDUM

Property Address: 2201 Decatur Pike	Case No.:		
City: Athens	State: TN	Zip: 37303	

Income Approach Comments

Due to the fact that the subject is appraised as a single family, owner occupied residence, the use of the income approach is not applicable or considered appropriate because of the unavailability of data of such properties in this predominantly owner occupied area and it is Not Developed (N.D.).

Additional Certifications Clarification of Intended Use and Intended User:

The Intended User of this appraisal report is the Lender/Client. The Intended Use is to evaluate the property that is the subject of this appraisal, to assist the client in establishing current market value for the subject property, purpose of the appraisal, reporting requirements of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

Note: Appraiser completed a RETROSPECTIVE appraisal on the subject property within the past month.

Source of definition of market value: FIRREA/USPAP

Market exposure time is 0-180 days, which is typical for homes with large acreage in this area.

EXPOSURE TIME: The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective opinion based on an analysis of past events assuming a competitive and open market. The appraiser has determined the subject property would have to be exposed for 0-180 days on the open market in order to have a market value of \$465,000 on the effective date of this appraisal.

CRS and READ are online public property assessor's records. CRS stands for Courthouse Retrieval System and READ stands for Real Estate Assessment Data.

Knoxville Board of Realtors MLS (FLEX). River Counties MLS (RCAR).

Extra Comments

1) No personal property was included in the opinion of value.

2) The subject is not a working farm and no commercial or agricultural use was observed at the time of inspection.

3) FIRREA CERTIFICATION: I performed this appraisal in accordance with the requirements of Title XI of the Financial Institution Reform, Recovery and Enforcement Act of 1989, (12 U.S.C.3331 et seq.), and any implementing regulations.

City Council Rules of Engagement

Public Comments

During this portion of the meeting, Citizens may make public comments as are required under section 8-44-112 of the <u>Tennessee</u> <u>Code</u>. During this time no person shall have more than three (3) minutes to speak, the following procedural rules apply:

- 1. At the beginning of your time, please tell us your name and your full address.
- 2. Address all of your comments to the mayor. Do not ask questions of the council members or staff or audience.
- 3. The speaker may not address the Council on matters which are not under the authority of the Council, and which are regulated by other governmental bodies or agencies.
- 4. You may not yield your time to any other individual.
- 5. The Speaker shall not be permitted to use any vulgar or obscene language.
- 6. The speaker shall not speak to any previous or pending litigation unless it is on the agenda. Do not refer to any person by name, make attacks or denigrate others.
- 7. Any deviation from these rules will result in a warning without loss of time. If you continue to violate them, you will be interrupted and shall lose your time.
- 8. The Chair shall not permit Disorderly Conduct or Disrupting a Public Meeting which is prohibited by Tennessee Law and punishable by fine or imprisonment.

CITY OF ATHENS, TENNESSEE Narrative on Financial Analysis January, 2024

This narrative will discuss various aspects of the financial data presented to the city council for the above-referenced month. July, and 2 or 3 subsequent months will be above the normal percentages, primarily on the expenditure side because of several factors, as discussed below.

General Fund

Overall, we collected about \$1,008,000 more in January this year, primarily because we received \$225,000 for the SRO grant, \$98,000 for FEMA grant, \$259,000 more in interest revenue, \$110,000 more in sales tax and \$355,000 more in property tax. As a percentage we collected 1.90% more than the budgeted revenues for last year.

PLEASE NOTE: On the financial spreadsheet that accompanies this report, at the top you will see General Fund revenues. I have only broken out major sources of revenue such as property taxes and sales taxes. The "total revenues" amount includes smaller items that I did not show in detail. A complete listing of all revenue accounts can be found on your computer-generated report titled "Statement of Actual and Estimated Revenues".

Expenditures are always going to show high in the early budget months, primarily due to the retirement contribution being paid in July and the fleet management transfer.

Another factor that makes the percentage spent look high is the fact that we set up annual purchase orders for known or recurring monthly expenses. For example, in the City Council division we pay for the monthly taping of council meetings. To avoid having to prepare a purchase order every month, we prepare one for the entire year and pay off of it monthly. This total PO is included in the "expended & encumbered" percentage.

Expenditures and encumbrances for this year are \$590,000 more than this time last year, showing 74.55% this year. The variance is due to the fund balance transfer to the capital projects fund not being made yet in the current year and the paving in the current year.

Sanitation

Revenues and expenditures are comparable to the prior year.

Please let me know if I can provide additional information.
