“This year we are scheduling a Summer Sampler program that gives children the opportunity to receive additional sports training so they can decide if they are interested enough to participate further in that sport. We are looking for summer interns to assist with the flow of camps by practicing with the participants where they will be filling the roles of coaches. This is a great opportunity to get community service hours, job experience, and build relationships in the Parks and Recreation community. Each sport will have a morning and an evening session totaling 8 hours a week with a total of 8 weeks. Interns can sign up for individual sports camps or the program as a whole.” Stated Program Coordinator Brianna Baker
