

CITY OF ATHENS, TENNESSEE

SMALL CELL WIRELESS FACILITIES APPLICATION

Version: January 1, 2020

Name of applicant: _____

Organization: _____

Phone: _____

Email: _____

Engineer/Surveyor (if applicable): _____

Number of small wireless facilities for this application (*Maximum of five (5) per application*): _____

Fees:

- (1) An application fee of \$220, if this is your first application filed with the City of Athens. (ye or n)
- (2) An application fee of \$110 each for the first 5 small wireless facilities. *There can be no more than 5 small wireless facilities per application.*
- (3) The maximum annual rate for co-location of a small wireless facility on a City of Athens-owned Potential Support Structure (PSS) is \$100;

The total amount owed for this application: _____

Your application packet must include the following:

- 1) A preliminary site plan with a diagram or engineering drawing depicting the design for installation of the small wireless facility with sufficient detail to determine that the design of the installation and any new PSS or any modification of a PSS is consistent with all generally applicable safety and design requirements, including the requirements of the Manual on Uniform Traffic Control Devices;
- 2) The location of the site, including the latitude and longitudinal coordinates of the specific location of the site;
- 3) Identification of any third party upon whose PSS the applicant intends to co-locate and certification by the applicant that it has obtained approval from the third party; (IF APPLICABLE)
- 4) The applicant's identifying information and the identifying information of the owner of the small wireless facility and certification by the applicant or the owner that such person agrees to pay applicable fees and rates, repair damage, and comply with all nondiscriminatory and generally applicable ROW requirements for deployment of any associated infrastructure that is not a small wireless facility and the contact information for the party that will respond in the event of emergency related to the small wireless facility;
- 5) The applicant's certification of compliance with surety bond, insurance or indemnification requirements, rules requiring maintenance of infrastructure deployed in ROW, requiring relocation or timely removal

of infrastructure in ROW no longer utilized, and any rules requiring relocation or repair procedures for infrastructure in ROW under emergency conditions, if any, that the City of Athens imposes on a general and non-discriminatory basis upon entities that are entitled to deploy infrastructure in the ROW;

- 6) The Applicant certifies by signing the "Applicant's Certification" below, that the proposed site plan and design plans meet or exceed all applicable engineering, materials, electrical, and safety standards, including all standards related to the structural integrity and weight-bearing capacity of the PSS and small wireless facility. The standards relevant to engineering shall be certified by a Tennessee Licensed Professional Engineer.

Applicant Certification
