Community Engagement:

October was a busy month for community engagement. Coffee with a Cop at Starbucks was October 2nd and well attended. Over the course of the evening, fifteen people stopped by to talk with PD officers. Capt. Brown, Det. Gabel, Sgt. Moats, Officers Watson and Young attended with Chief Sinopoli.

Fall into Nature, October 12, 2019, was also part of the PD community engagement. Officer Houser manned the craft table assisted by Chief Sinopoli and two children's bicycles were donated by Walmart and raffled off.

The police department was represented at The University of Akron Job Fair on October 16, 2019. Several students stopped by to pick up applications for part-time communication specialist/dispatch positions.

Det. Gabel had the opportunity to talk with a special needs class at Revere High School on October 16, 2019. The students were excited to try on his gear and hear about his experiences with the U.S. Marshal's Violent Fugitive Task Force.

Safety Forces Day at Lowe's Home Improvement Center was October 19, 2019. Officer Houser was on hand to meet and greet families. She had many good interactions and answered questions.

Officer Houser was invited to read to eight classes of students, K-4th grade at Herberich Primary School on October 24, 2019. She reported that the students were well-behaved and very attentive while she was reading and talking with them. Students had the opportunity to ask her questions about being a police officer.

The fall Drug Take Back Day at the Acme Fresh Market was October 26, 2019 and again, Officer Houser was available from 10 a.m. to 2 p.m. to receive drugs from customers and also hand out the disposable prescription bags for home use. Five boxes of drugs totaling 77 lbs. were collected.

The Haunted Jail event on October 27, 2019 wrapped up our busy month. Thanks to Captain Brown and his family, Officers Houser and Mihalik, Lisa Baker, and Jena Stasik who helped

create a special eerie evening for the community. Lowes Home Improvement Center donated several items that were used in staging spooky scenes. The highlight of the evening was the positive feedback and sheer number of people waiting to experience the Haunted Jail.

October Statistics:

On par for the month, the total calls for service totaled 1036. Community policing accounted for 46% of the calls. The department responded to 35 calls for traffic accidents and 127 traffic stops. There were 2 booking charges for OVI and 4 for theft.

Recommendations:

Motion to enter into an Agreement between the Summit County Sheriff's Office and the Bath Police Department to continue participation in the Summit County OVI Task Force. This Agreement is a continuation and renewal of our support for the OVI Task Force program. Officer Rob Young has been a member of the Task Force for several years.

Administrator's Report

Sustainable Streams LLC, the firm with which the Summit County Engineer contracted to review the Yellow Creek Watershed in Bath Township, prepared a technical summary report outlining some 61 potential stormwater remediation projects. Estimated cost of all the stormwater improvements is roughly 40 million dollars. The trustees met with the Summit County Engineer to discuss the report, as well as a second report prepared by MS Consultants, addressing flooding problems in the area of Wye Rd. The two reports were discussed, as well as the need for a NPSIS (Non-point source pollution control program). Because of the cost of the stormwater improvements being proposed, grant funding appears to be central to the discussion on moving forward with some of the recommendations. Eligibility for 319 Federal Grants is conditioned on a community adopting a NPSIS plan. Fee revenue from the district was used to generate the two reports and will most likely be used to prepare the NPSIS plan.

Landscaping improvements are in progress at the Wayside Exhibit with Timeless Landscaping performing the installation of roughly 14 trees and additional shrubs. The township entered into an agreement with John Vittum Landscaping Design for the improvements

Recommendations:
