

BOONVILLE FIRE DEPARTMENT is committed to the safety of the citizens in our community. Every year there are fire related deaths in the United States in residential structure fires where smoke alarms are not present.

BOONVILLE FIRE DEPARTMENT and **THE AMERICAN RED CROSS** have partnered together to provide **FREE** smoke alarms with a 10 year battery and installation through the American Red Cross Home Fire Campaign. Call today to learn more about this **FREE** program and to schedule your installation appointment.
