Groundbreaking Ceremony for Woodman's Market to be Held on Wednesday, September 27, 2017

Buffalo Grove, Illinois – A groundbreaking ceremony will be held for the new Woodman's Market to be built in Buffalo Grove on Wednesday, September 27, 2017 at 11:00 a.m.

The event will take place on the northwest corner of Milwaukee Avenue and Deerfield Road, which is the future site of the 242,000-square-foot Woodman's Grocery Store, in addition to a gas station, carwash and lube station. Shorewood Development Group will be developing a commercial property on the southwest corner of the intersection. Woodman's Food Market is anticipated to open in the summer/fall 2018.

The 25-acre project has involved coordination with multiple government partners, including Lake County, the Lake County Department of Transportation (LCDOT) and the Illinois Department of Transportation (IDOT).

Woodman's officials have cited Buffalo Grove's prime regional location, strong purchasing power, and business-friendly atmosphere as reasons why they chose to locate a store in the Village. The Janesville, Wisconsin-based company is employee-owned, with 17 locations in Illinois and Wisconsin. The grocery chain is known for its large selection of products offering 'every-day low prices' on more than 100,000 items sold in the stores.

For more information about the project or the groundbreaking event, please contact Chris Stilling at cstilling@vbg.org or 847-459-5530.
