Introduction

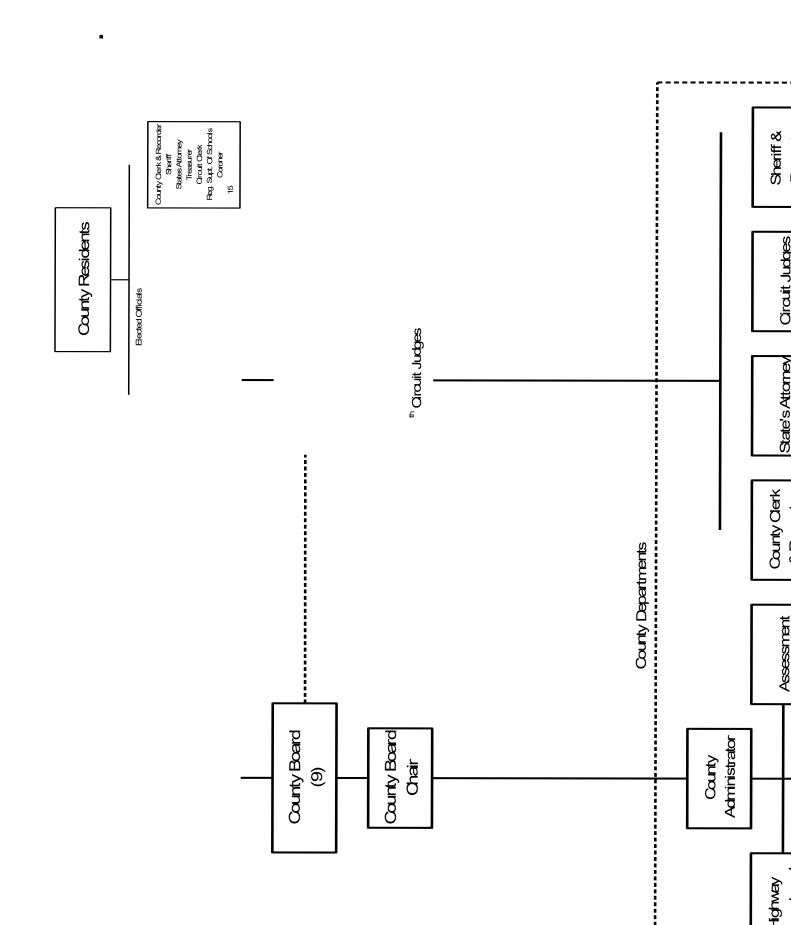

The following document contains the Appropriation, Annual Budget and Tax Levy Ordinances for Carroll County, Illinois. Two actual documents are being approved by the County Board within this document. They are the Combined Budget and Appropriations Ordinance and the Tax Levy Ordinance. Within the pages of this document other information such as structure charts by department, five year capital plan, tax rate history and budget policies are provided to assist the individuals planning for the County and the community in understanding the finances of the Carroll County government. These documents will guide the County's operations during the period of December 1, 2017 to November 30, 2018.

Combined Budget and Appropriations Ordinance

All funds being appropriated by the County are listed by fund starting on page 8. The budget by fund is then broken out listing revenues and expenses that are anticipated for the fiscal year. Currently Carroll County has sixty funds making up the full County Budget and can be found between pages 8 and 96. The Budget as presented is in a modified accrual format.

Tax Levy Resolution

Funds needed by the County as planned for in this budget from property taxes, will be approved and levied through a resolution on page 97. Each levy is limited by State Statute and if the combined total aggregate levy exceeds an increase of 5% or more then a Truth in Taxation Hearing is required. The 2017 Tax levy resolution as presented will not exceed this threshold.

Combined Budget and Appropriation Ordinance

Section One: Appropriations

Be it ordained by the County Board of Carroll County, Illinios, that there shall be and there is hereby appropriated the following amounts from taxes and other funds received into said County Treasury for the purposes herein specified for the fiscal year December 1, 2017, through November 30, 2018.

Adoption of the Combined Budget and Appropriation Ordinance is a combination of the Appropriations and Budget contained within pages 8 to 96 of this document. The signature page is located on page 96.

Section Two: Budget By Funds

General Fund Description and Summary

The General Fund accounts for several County Departments and services provided by the County. Operational funds, in full or in part, for the County Clerk and Recorder, Treasurer, Administration, County Board, Zoning, Supervisor of Assessments, Sheriff, Circuit Clerk, Animal Control, Coroner, Judicial, Probation, Public Defender, States Attorney, Emergency Services, Veterans Assistance and Regional Superintendent of Schools. Property Tax for the General Fund are levied under Illinois Statute (55 ILCS 5/5-1024). Revenues from State sales tax are received under Illinois Statute (30 ILCS 1151,2,3). Other various sources make up the remainder of the revenues in the General Fund.

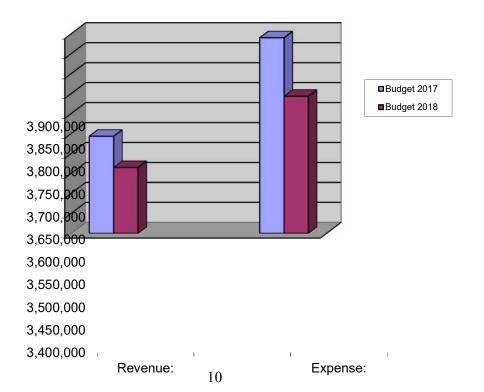

Revenues from most of the major sources appear to be stable or showing signs of improving. The general fund is able to maintain a fund balance of just above the 20 to 30 percent recommended by the auditors. Several other factors related to funding source through or controled by the State of Illinois, may be changed by the State this year and could have a major impact on the funds received by the County.

Carroll County Health Department offers services that reach throughout the community that include preventative health care services for adults and children. The department investigates disease outbreaks, and provides referrals for patients with problems such as tuberculosis, sexually transmitted diseases, and HIV/aids. Adult and childhood vaccines are available as one of the most successful and cost-effective public health tools available for preventing disease related Illness and death.

The department also conducts environmental health inspections of water wells, food and beverage establishments, and private sewage disposal. Environmental health works to maintain the integrity of the environment, and protects our natural resources from being contaminated with natural or man-made wastes.

We are engaged in federally funded nutrition education and supplementation program for women, infants and children (WIC). Support is given to families through case management to assist them with continuity of appropriate medical care and building self-sufficiency. Teen parents also receive guidance and support to complete education and build independence.

Elected Officials Salary Comparison History for Carroll County

*The Supervisor of Assessments (SOA) is appointed and is not elected. Past practice has been to set the SOA salary equal to the Treasurer, County Clerk and Circuit Clerk.

**The County Board members receive \$55 per meeting. Members can also claim travel (fuel) allotment for out of County meetings only.

***States Attorney Salary is set by the State and is paid part by the State (approximately 86%) and part by the County (14%)

Elected offices are statutorily required to be set for four years at least 180 days prior to the first day of office. This does not apply to the Circuit Clerk.

Carroll County Board Budget Policies

Carroll County government operates on policies designed to protect the County's assets and taxpayers' interests, provide guidance to employees, and serve the public efficiently. It is the intent that the policy statements be used to avoid conflicting goals or activities, which may have a negative impact on the overall financial position of the County. The County's system of internal accounting controls is designed to provide reasonable assurance that the financial records are reliable for preparing financial statements and maintaining accountability for assets and obligations.

Accounting/Auditing

State statutes require an annual audit by independent certified public accountants (55 ILCS 5/6-31003). A Comprehensive Annual Financial Report (CAFR) shall be prepared according to the criteria set by the Government Finance Officers Association (GFOA). The County follows Generally Accepted Accounting Principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB). The County has implemented GASB 34 which requires Governmentwide financial statements on a full accrual basis of accounting (June 1999 the Governmental Accounting Standards Board issued GASB Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments).

Appropriation

All operating funds are appropriated in the "Official Budget". Appropriations will be considered the maximum authorization to incur obligations and not a mandate to spend.

Balanced Budget

By County Board policy, the budget should be balance expenditures against available revenues relative to all funds. Beginning with the 2009-2010 budget the goal of the County is to balance the budget. In light of the economic times, if it is not attainable in the first year, every effort should be made to make this happen by the 2011-2012 budget cycle.

Budgets may be amended by either:

- 1. Elected and Non-elected Department Heads may authorize excess line item expenses within a department budget as long as they do not exceed the total combined appropriation for these two categories. This line item overage will then be submitted in writing to the Finance Committee for their information;
- 2. All departments must submit in writing the transfer to the County Board to provide an accounting record of the requested budget change prior to the adjustment/transfer being done. The County Administrator will forward the request to the Treasurer and Finance Committee.
- 3. All other transfers and emergency appropriations after budget adoption require a 2/3rd majority vote of all the members constituting the County Board (55 ILCS 5/6-1003). Building Costs

Capital Budget - Short Term

During the budget process, funds are set aside to cover the costs for such items like new vehicles, computer technology, equipment and furniture and fixtures. These capital items are funded in the Non-Departmental budget at similar levels each budget year. Short Term Capital requests above the maintenance budget compete with all other supplemental requests submitted during the budget process. Dedicated sources of funding will be excluded from this competition (i.e. 911 or Clerk's Automation Fund), but all items will need to be appropriated in the budget year the purchase is desired.

Capital Budget - Long Term

The County has (is creating) a long term capital budget plan that resides in the County's financial model. The plan is reviewed at the beginning of each year and updated to reflect the priorities of the County. This budget is for capital projects that typically require large amounts of investment and take longer than one year to complete. Long Term Capital projects do not compete for operating dollars during the current budget process, but are funded through the reserves of the general fund at the discretion of the County Board.

Compensated Absences

The audited financial reports show a liability for the accumulation of vacation and compensatory time earned by employees but not taken. The balance is a projection of what the County would be required to payout if it discontinued business as of that date.

Contingency Fund

A General Fund contingency line item will be designated for emergency purchases during the year. Items that are unexpected or are of an emergency nature may request from the Board to have funds transferred from the General Fund contingency line item.

Depreciation

The County does not budget for depreciation expense.

EEO-Affirmative Action

The County's policy shall be that all vendors doing greater than \$20,000 of business with the County must follow guidelines established for equal employment opportunity and affirmative action. Generally, the vendor must have a written sexual harassment policy that meets state statutes (775 ILCS 15/3), a written EEO policy (775 ILCS 5/1-102), and a workforce profile that demonstrates its EEO practices. The County refuses to conduct business with vendors who do not meet these guidelines.

Elected Officials and Appointed Boards

If an elected official or appointed board decides not to follow the County's budget policies as set forth by the County Board, it is their responsibility to notify the County Board through County Administrator immediately of their intent.

The County Board with their best ability will determine appropriate budget dollars to be allocated to any elected official or appointed board who decides to opt out of the budget process.

Elected Officials' Salaries

The setting of salaries for the new terms of Elected Officials is to be completed during the budget process and at least 180 days prior to the election in the fiscal year the office/term expires (50 ILCS 145/1). The new salaries are to be set and approved by the, the Finance Committee and the Full County Board.

Employee Wage & Compensation System

The County Board each year will address adjusting those salaries not determined by contracts based on the current financial conditions of the County.

Encumbrance

Encumbrances at year-end for unfilled obligations of the current year budget are re-appropriated in the succeeding year based on County Board approval (55 ILCS 5/6-1005). An encumbrance for capital expenditures will continue in force until the purpose for which it is made has been accomplished or abandoned. An appropriation for a capital expenditure is deemed to have been abandoned to the extent that the project is not under contract by the close of November 30, the last day of the County's fiscal year. Encumbrances at year end do not constitute expenditures or liabilities in the financial statements; however, for budgeting purposes, encumbrances are treated as a reserve of budget dollars and fund balance in the year the commitment to purchase is made.

Fund Balance

To avoid service disruption due to revenue short falls the County will attempt to maintain a minimum fund balance of 30% of annual expenses and transfers for funds that routinely pay wages and benefits. These funds are the General Fund, Highway Fund, Motor Fuel Tax Fund, Social Security Fund, IMRF Fund, GIS Fund and the County Health Fund. If the fund balance drops below the 30% value, the Finance Committee will develop an action plan to restores the fund balance to the desired level.

Fixed Assets

The County maintains a fixed asset inventory of furniture, equipment, buildings, infrastructure and improvements with a value and a useful life of one year or more.

Fiscal Year

The County's fiscal year is December 1st through November 30th. (Set by County Board per 55 I LCS 5/6-1001)

Grants

The importance of preparing and implementing a proper grant budget cannot be overstated. To inform the County Board of the value of a new grant program, the Board must have full knowledge of the total cost of the program and its funding sources. Too often, grant programs contain hidden costs. All new grant applications (regardless of dollar amounts) must have copies sent to the Treasurer office to be routinely reviewed by the Finance Committee.

Internal Control

Internal control procedures shall be documented and reviewed periodically by the Finance Committee to provide reasonable assurance regarding:

- (1) the safeguarding of assets against loss from unauthorized use or disposition; and
- (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets.

Investment

The County Treasurer is responsible for the investing of all Carroll County funds (55 I LCS 5/3-11006).

Position Reclassifications

Anticipated position reclassifications and/or new position requests are to be completed during the budget process cycle. Priority will be given to requests presented in the context of a reorganization that enhances customer service and/or reduces the cost of doing business.

Purchasing

All items with an expected value of \$20,000 or greater must be competitively bid (55 ILCS 5/5-1022) with exceptions for professional services or other items as defined in state statutes. All departments are authorized to make purchases up to \$20,000 as long as the item was included in the appropriated budget. All general fund capital items will be purchased from the capital budget unless funding is provided through a grant or an outside funding source. Capital purchases to be charged to any fiscal year budget must be physically on site by November 30th of that fiscal year to be expensed in that fiscal year budget. Budgeted items not purchased and on-site by November 30, 2009 can only be purchased if included in the next fiscal year budget. Departments that can foresee capital projects or purchase not being complete in this time frame and would still like to complete, must submit the request for inclusion in the budget for the fallowing year.

Revenues/Expenses

Revenues and expenses are projected using conservative estimates based on historical information and current levels of collection. Departments should bill appropriate parties for amounts owed to Carroll County, review aging reports, complete follow-up information about the account, and monitor all accounts receivables. Expenses should be recorded in the appropriate line item as assigned by each department.

Salaries and Fringe Benefits

Department's are responsible for computing salaries for their department by submitting salary information to the County Administrator by the scheduled time. All fringe benefits will be calculated by the Treasurer's department after each department has submitted salary requests.

Capital Projects and Purchases

A ranking of importance by the department for each request will be noted and compiled into an overall county listing. The Finance committee will review all requests and their rankings, and develop recommendations based on overall need, importance and purpose to the operations of the County in meeting the strategic and financial goals established for the budget. A presentation of the final recommendations will be made to the Board.

User Fees

The County charges user fees for items and services which benefit a specific user more than the general public. State statutes or an indirect cost study determines user fees. Fee studies based on costs are conducted as needed to determine the level of fees needed to equal the total cost of providing the service.

Carroll County Budget Process 2017-18

The Carroll County budget process is a year long event with the results of the final 2017-18 County budget. The process will seek involvement from the County Board, Department leaders and public. To accomplish the best possible budget to serve the needs of the County's residents, a look at both the long range big picture and individual line items will take place over the course of the year to guide the Board to the final budget to be implemented for the following fiscal year.

The Budget Process can be summarized in four major categories or steps as follows:

- 1. Department Participation and Budget Preparation
- 2. Review and Public Discussion
