A copy of the schedule can be found beginning on **page 45**.

**COUNCIL ACTION:** Approval of the Regularly Scheduled Meetings of the Lake Forest City Council for the year 2020

- 2. Authorization for the City Manager to enter into a Professional Services Agreement with Craig Bergmann Landscape Design, Inc. and Mariani Landscape for Professional Landscape Architectural Services for a period of three years**

STAFF CONTACT: *Chuck Myers, Superintendent of Parks & Forestry (810-3565)*

**PURPOSE AND ACTION REQUESTED:** Staff is requesting City Council authorization and direction to enter into a professional services agreement with Craig Bergmann Landscape Design, Inc. and Mariani Landscape for professional landscape architectural services.

**BACKGROUND/DISCUSSION:** The City of Lake Forest regularly contracts with outside service providers to perform architectural landscape services and manage landscape project site planning and design for various projects. In an effort to improve efficiency and provide consistency on City projects, staff is seeking to establish a contract that will provide a professional landscape architect on retainer.

Landscape architectural services will include, but are not limited to, architecture, site analysis, site planning, site design, sustainable design, construction specification and insuring that all plans meet the current building codes and local and federal ordinances. Additionally, the

firm will be expected to collaborate with City staff; which may include, but is not limited to, the Parks and Recreation Department, Engineering Department, Community Development Department and Public Works Department. The firm may also be required to present project plans to City Boards and Commissions which may include, but is not limited to, City Council and the Civic Beautification Committee.

In an effort to improve efficiency and provide consistency on City projects, staff is seeking to establish an agreement that will designate two landscape architectural firms, Craig Bergmann Landscape Design, Inc. will continue to act as the primary and Mariani Landscape will act as secondary for landscape architectural services. The addition of a secondary firm will provide the City with more flexibility in contracting for landscape design services, based on the types of projects and the current work loads of the firms.

**BUDGET/FISCAL IMPACT:** On March 20, 2019 a Request for Proposals (RFP) was released by the City, published in the Lake County News Sun, and posted on the City's website. On April 9, 2019, five submittals were received and a selection committee, comprised of City staff from three departments was formed to review and evaluate the written responses. Interviews were also conducted to further evaluate the firm's qualifications and their ability to successfully provide these services for the City.

After careful consideration, Craig Bergmann Landscape Design, Inc. and Mariani Landscape were selected by the selection committee as the successful candidates. The basis for the selection was as follows:

- Both firms met, and surpassed all qualifications outlined in the RFP.
- Both firms have extensive experience with local and municipal landscape projects and an outstanding reputation in the community.
- Both firms have presented reasonable fee schedules associated with their proposed project teams.

Has City staff obtained competitive pricing for proposed goods/services? **Yes**

Company Name	Hourly Team Member Rate Range
<b>Craig Bergmann Landscape Design</b>	<b>\$75 - \$200</b>
<b>Mariani Landscape</b>	<b>\$125 - \$250</b>
Hey and Associates	\$85 - \$205
JSD Professional Services	\$85 - \$220
Pamela Self Landscape Architecture	\$75 - \$175

Below is an estimated summary of Project budget:

FY2020 Funding Source	Amount Budgeted	Amount Requested	Budgeted? Y/N
Parks Operating Budget	\$20,000	\$20,000	Y

The FY2020 budget includes \$20,000 in the Parks operating budget for Civic Beautification from which some landscape architectural services may be paid. Work may also be paid from other departments budget accounts as applicable, but any single project for which services exceed \$20,000 will be separately approved by the City Council. The contract with Craig

Bergmann Landscape Design and Mariani Landscape is intended to be for a period of three years, which will conclude at the end of FY2022.

COUNCIL ACTION: Authorization for the City Manager to enter into a Professional Services Agreement with Craig Bergmann Landscape Design, Inc. and Mariani Landscape for Professional Landscape Architectural Services for a period of three years.

### **3. Authorization to Dispose of City Property**

STAFF CONTACT: Michael Thomas, Director of Public Works (810-3540)

**PURPOSE AND ACTION REQUESTED:** Staff is requesting City Council authorization to dispose of surplus City equipment. Per Administrative Directive 3-2, any item staff believes has a current value of \$4,000 or more, requires City Council approval to sell. The item is sold via a public bidding process, and in this case, via multiple on-line and industry publications.

**BACKGROUND/DISCUSSION:** The 1994 Pierce Saber Pumper was taken out of service in April of 2019. The Vehicle was a front line apparatus until fall of 2017. The vehicle has played an important role for our department for 25 years. It was set up to be our primary extrication vehicle until 2007. It ran as our Westside engine until 2017, when it was replaced by our 1991 engine. With the acquisition of the Knollwood engine, which was put into service April 2018, engine 216 has become expendable to the fire department. The sale of this engine will allow us to continue on our fleet replacement plan. Department staff advertised with GovDeals, which is the online auction that the Fire Department has used to sell the last couple of fire apparatuses.

The engine was advertised on GovDeals.com. GovDeals provides a platform to various government agencies that allow them to sell surplus and confiscated items via the internet. The highest bid received for the auction period did not meet our reserve price of \$12,000.00. The high bidder was \$6,000.00. Reviewing the current market and dollars received for similar units, staff believes the bid is a fair price and recommends approving the sale of the unit to the highest bidder. Upon approval by City Council, staff will notify GovDeals that the sale was approved and the transaction will proceed. Payment will be via wire transfer to The City of Lake Forest.

**BUDGET/FISCAL IMPACT:** Per Section 3.10 of administrative Directive 3-2, all revenues received from the sale of the ambulance will be credited to the appropriate fund from which the item was purchased or carried in inventory; in this case, the Capital Fund.

COUNCIL ACTION: If determined to be appropriate by the City Council, staff requests authorization to dispose of City property to the highest bidder via GovDeals as noted above. All proceeds from the sale of this item will be deposited into the City's Capital Fund.

COUNCIL ACTION: Approval of the three (3) Omnibus items as presented

**Extensive knowledge of the business community and history in Lake Forest. Experienced the growth and changes in Lake Forest for 35+ years. Dedicated to shopping local and supporting independent businesses to keep our community diversified. My experience as a Director on private school, local organizations, national alumni boards, and as Past Caucus President shows that I am able to work with others in a forward motion, bringing groups with conflicting opinions to consensus and serving for the betterment of the community. I have an MBA and am sensitive to the changing economy and its effects on the community at large. As Past-President of Amberley Woods Condominium Association, I have the experience of being the voice of unit owners and working with these unit owners with varying opinions to keep the building safe and property values up. I also am a good listener, but not afraid to discuss contentious issues. I own both a condominium and single family home in two different wards as well as operating a business in downtown Lake Forest. When it comes to knowing streets and neighborhoods in this community, there aren't many who would have more knowledge than I.**
