RE: North Shore Electricity Aggregation Consortium Aggregation Program  
ComEd Service Address:

**INFORMATIONAL CONTENT ONLY: FOR NET METERING CUSTOMERS**

Dear Resident or Small Business Owner:

The North Shore Electricity Aggregation Consortium is a group of seven communities formed by the Villages of Deerfield, Glencoe, Lake Bluff, Northbrook and Skokie along with the Cities of Highland Park and Lake Forest focused on securing affordable electric aggregation supply for its residents and small businesses. The Consortium recently selected Chicago-based MC Squared Energy Services, LLC (mc<sup>2</sup>) to serve the Consortium with electric supply through October 2024. Each participating community within the Consortium will be provided a Civic Contribution annually from mc<sup>2</sup> which will be used to meet sustainability and other goals and objectives established by each community. mc<sup>2</sup> will provide eligible residents and small businesses with electric supply **pricing equal to the monthly ComEd published tariff supply rate** during the thirty-six (36) month term beginning with the October 2021 ComEd meter read cycle.

**Your account will not be switched. You will remain with your current supplier. This notice is informational only.** Your electric utility has informed us that you are a participant in a net metering program through either ComEd or a retail electric supplier. **Because you are a net metering customer at the time of this letter, your account will not be switched to mc<sup>2</sup>.**

You may purchase electric supply from other Retail Electricity Suppliers or ComEd. For a complete list of your options, visit [www.pluginillinois.org](http://www.pluginillinois.org). You may also request a list of all supply options available in a format allowing comparison of price and product from the Illinois Power Agency free of charge at [www.illinois.gov/ipa/Pages/Feedback\\_Form.aspx](http://www.illinois.gov/ipa/Pages/Feedback_Form.aspx).
