

**MIKE SCHEAFER**

Insurance Agent

It has been my honor to serve the residents of the Costa Mesa Sanitary District the past 12 years. I am asking for your support to help me continue the work in building the most reliable, safest, most economical trash and sewer service.

In my tenure I have instituted technological improvements that saved the District thousands of dollars. I have supported new systems that provide solutions to solid waste disposal helping to meet State mandated guidelines. I have supported sewer improvements that keep our community clean and sanitary. All of these measures are done at the most fiscally conservative level.

I will continue to provide and support fiscally conservative ideas and programs that keep the District efficient and deliver services at a reasonable cost.

A safe environment while balancing the needs and costs of the residents is the ultimate goal. I have a proven track record of doing those things.

I have a long history of serving my community through Lions Club, Little League, AYSO, Boys and Girls Club, Senior Center and many others.

I ask for your vote on November 8.
