

MICHAEL ANDREW SEIDEN
Homebuilder General Counsel

AGE: 37

My wife and I settled in Costa Mesa to raise our son in a healthy, safe community. I'm running for the Costa Mesa Sanitary District (CMSD) to ensure quality of life for all Costa Mesans. This can only be achieved if CMSD's sanitary responsibilities are fulfilled.

It's time to breathe new life into the 78-year old CMSD. Recent reports have revealed CMSD's deficiencies, from managerial and operational challenges to legal, HR, and fiscal issues. Our community suffered environmental damages from raw sewer spills and our residents tolerated trash pile-ups from delayed pick-ups, all of which added additional costs to the high amounts we already pay for CMSD's services.

I have the skills needed to analyze and help resolve CMSD's problems. As General Counsel for a Costa Mesa-based homebuilder, my experience includes managing a large number of employees and handling complex budgetary and legal issues. Importantly, I have the energy and motivation to invest in our community's future.

As your representative, I'll fight for you by:

- Prioritizing safe and timely sewer and trash services;
- Eliminating costly inefficiencies;
- Ensuring all contracts are competitively bid, with no evergreen contracts; and
- Decreasing expenses to reduce your rates.

Please vote Michael Seiden for Costa Mesa Sanitary District
Division 1
