

Solar APP+

SolarAPP+ Automated Plan Check

Before applying for an automated plan check and building permit, projects must follow certain requirements. At this time, Solar APP+ is designed to provide a code-compliance check for the majority of residential, roof-mounted, retrofit photovoltaic systems. To see which systems are eligible, please refer to the [Solar APP+ Eligibility Checklists](#). Only projects that conform to this list are eligible to use the automated Solar APP+ Plan Check for instant permitting.

1. How to Start Using SolarApp+

- Register through the [SolarApp+](#)
- If already registered, skip to step 2

2. Submit for Automated Plan Check Review using SolarApp+ Webpage

- Submit all required information to SolarApp+ for approval
- Pay the SolarApp+ Fee
- Download the approved PDF letter and plans
- Next, Apply for a City of Corcoran Building Permit
- Submit the [2025 Photovoltaic Application](#) and approved SolarApp+ plans to buildingplanningpermits@cityofcorcoran.ca.gov
- Processing and permitting fees from Solar APP+ and City of Corcoran are separate charges (In-person payments)
- After review, and the project is deemed complete by the Community Development Department, The City of Corcoran will issue the permit and notify the contractor or the authorized agent via email or call. (In-person pick-up only)
- [Business License](#) is required for contractors and is paid separately upon permit pick-up

3. Schedule an Inspection

- Inspections are Monday, Wednesday and Friday between {09:00 a.m. to 3:00 p.m.}
- To schedule a inspection: Please call 559-991-2151 Ext:2104 and follow the prompt
- Same day request must be scheduled by 8:30am
- Required to always have the official permit inspection card on-site

4. Additional Information Not Cover by SolarApp+

- PV systems interconnecting with main panel busbars exceeding 225A
- Re-roofing permit (Class A)
