

What is the best way to put my food waste in my organics cart? We have found the best way to add your food waste to your organics cart is to make sure your grass, yard trimmings, or even a newspaper is put into your organics cart before you add your food waste. This method helps with the absorption of any liquids that can be present in food.

Can I use a biodegradable bag or plastic bag for my food waste? Organics material is taken to KWRA. These items are not permitted.

Can I get a Food Waste pail for my home? Yes, the City applied for a grant to provide food waste pails to the residents of Corcoran. These handy pails are offered for FREE to Corcoran residents. Limit one per household. Please remember, do not set the food waste pail out for collection. The pails are meant to transport your food waste to your organics container outside. Food pails can be picked up at the following locations:
