RESPONSE TO RFI No. 001

CITY OF CORCORAN
2020 ROAD MAINTENANCE PROJECT
HIPL 5223(021)

RFI Description:

1. Will retroreflectivity testing be required for the traffic markings?
2. Will weekend or off-peak hour work be a requirement for this project, or will we be able to apply markings between the hours of 7am-5pm?

Response:

1. The Engineer will perform a visual inspection of the retroreflectivity of the traffic stripes and pavement markings.
2. Contractor shall work normal working hours from 7am-6pm on weekdays. Contractor to coordinate with Engineer regarding Corcoran School District Schedule.
