City of Dade City Fiscal Year 2012-2013 Budget Message

September 5, 2012

Honorable Mayor and City Commissioners:

Presented for your consideration is the proposed budget for the fiscal year beginning October 1, 2012 and ending September 30, 2013. The purpose of this budget message is to provide a brief commentary that will assist in the review and understanding of this document.

Overview

The total proposed budget for fiscal year 2012-2013 is \$20,115,372. This represents an increase of \$381,740, or 1.93%, from the 2011-2012 budget. Personnel costs are expected to be \$4,313,380, or 21.44%, of the total budget, a decrease of \$17,220 from the current budget. This reduction is a result of freezing a police officer position, reduced healthcare premiums, along with condensed workers compensation and liability insurance estimates. However, the cost of the Fire and Police pension plans increased. Operating costs have been increased by \$164,081 to \$3,914,895, which is 19.46% of the proposed budget. The increase is due to a large carryover in the Community Redevelopment Agency fund and an increase to the Enterprise Contingency Fund. Overall, departments have continued to look for ways to improve operating efficiencies in the face of rising costs. Capital outlay and debt service, representing the final 59.09% of the budget, are anticipated to total \$11,887,097, an increase of \$234,879.

The \$381,740 increase to the budget is due primarily to the use of carryover monies for paving projects and city hall planning, use of renewal and replacement funds, additional monies carried over in the CRA, and the securing of a State Revolving Fund loan for the water facilities plan.

Section 3 of this budget provides a further overview of the anticipated revenues and proposed expenditures for fiscal year 2012-2013.

General Fund

The general fund budget is expected to decrease by \$827,635 from the current year to \$5,306,277. A millage rate of 7.10, assessed on the taxable value of property within the city, was used to provide this level of funding. The millage has remained the same since FY 2009-2010 and is lower than the roll-back rate, defined as the rate calculated to provide the same ad valorem revenues as the previous year, excluding the impacts of annexations and new construction. Due to state law, this millage rate must be approved by a simple majority vote of the governing body, which in Dade City's case means three out of the five commissioners. Taxable value decreased by \$13.9 million, thus decreasing anticipated ad valorem tax collections. The decreased values are due to the continued struggling economy. However, state forecasts have indicated that some shared revenues may slightly increase.

With the continued economic downturn, ad valorem taxes decreased from last year. Ad valorem taxes make up 35% of general fund revenues for fiscal year 2012-2013. Further information on taxable values, millage rates, and ad valorem tax revenues can be found in Section 2.

The general fund continues to provide funding for basic city services, including public works (streets maintenance, grounds/parks maintenance, facilities maintenance, and fleet maintenance), public safety (police, safety services/code enforcement, and building inspections), and general government (city commission, city manager, city attorney, city clerk/finance, community development, and information technology).

General Fund - Fiscal Year Expenditure Comparisons

The table below shows the changes in budgeted expenditures for each general fund cost center, from the 2011-2012 budget to the 2012-2013 budget, listed by category.

Section 4 of this budget lists additional details of the anticipated general fund revenues for fiscal year 2012-2013. That section also contains descriptions and function summaries, organizational charts and staffing levels, and proposed itemized expenditures for each general fund cost center.

Enterprise Funds

Enterprise funds are also referred to as business-type funds, with funding coming from charges for the services provided. Dade City has two enterprise funds: utility and sanitation.

The utility fund includes water, wastewater, and utility finance. This fund experienced an increase of \$928,230 to \$11,841,074; primarily as the result of the use of Renewal and Replacement monies for the Clinton Avenue water main relocation and State Revolving Funds for the development of the water facilities plan. Lift station rehabilitation phase 1B, the Little Everglades Ranch reuse water project, and rehabilitation of existing capacity at the WWTP are projects slated to begin construction during FY 2012-13. Projects are being funded by State Revolving funds, Small Disadvantaged Community funds, USDA Rural Development, or SWFWMD Cooperative Funding or a combination of listed funds.

The sanitation fund involves the contracted collection of solid waste. The contract with the hauler allows for rate increases up to 3% per year after approval from City Commission. Commercial customers are billed directly for their service, while the city bills residential customers and then pays the contractor. Allowance is made in this budget for the contracted increase. Funds are also provided for the continual monitoring and maintenance of the Parrish Grove landfill. The sanitation fund revenues are expected to increase by \$5,500 to \$247,500.

The table below shows the changes in budgeted expenses for each cost center in the enterprise funds, from the 2011-2012 budget to the 2012-2013 budget, listed by category.

Enterprise Funds - Budget Changes from Previous Year

	Personnel	Operating	Capital & Debt	TOTAL
Water	\$19,110	\$2,978	\$870,530	\$892,618
Sewer	(\$1,270)	(\$49,294)	\$0	(\$50,564)
Utility Finance	(\$5,770)	\$500	\$10,950	\$5,680
Utility Debt Service	\$0	\$0	(\$1,160)	(\$1,160)
Contingency	\$0	\$81,656	\$0	\$81,656
TOTAL	\$12,070	\$21,090	\$880,320	\$913,480
Sanitation	\$0	(\$9,207)	\$0	(\$9,207)
Contingency	\$0	\$14,707	\$0	\$14,707
TOTAL	\$0	\$5,500	\$0	\$5,500

Section 5 of this budget lists additional details of the anticipated revenues of the enterprise funds for fiscal year 2012-2013. That section also contains descriptions and function summaries, organizational charts and staffing levels, and proposed itemized expenses for each cost center in the enterprise funds.

Other Funds

Three types of funds are included in this section: special revenue funds, capital projects funds, and component units.

Special revenue funds are used to account for specific revenues that are legally restricted for certain purposes. Dade City uses these funds to account for Community Development Block Grants (CDBG) and local option gas taxes. The City is committed for \$700,000 in CDBG funds to pave dirt streets throughout the city, thus reflected in the proposed budget. Construction is scheduled to be complete in July 2013. The local option gas tax fund is transferred to the general fund to provide monies for streets expenditures.

The capital projects fund is the infrastructure surtax (Penny for Pasco), where the financial resources are to be used for capital outlays. This fund has been increased by \$227,059, due to more monies from the 2011-2012 year being carried over and increased projections. Funding is being provided for continuing the paving/sidewalk management program, continuing police and public works vehicle replacement. Also funded are new projects including stormwater improvements, park improvements, and a water SCADA system.

A component unit is a separate legal entity that is created by and dependent on the city. The Community Redevelopment Agency (CRA) was formed by Dade City to promote redevelopment activity within the designated district. Funding provided by tax increment financing varies with changes to millage rates and taxable values in the district. An increase of \$45,586 is expected in CRA 1 due to more carryover than expected. An increase of \$3,000 is expected in CRA 2 due to transfers from CRA 1. \$7,500 is paid to the CRA Director; this is accomplished by deducting it from the City's Tax Increment Financing requirement prior to transferring from the General Fund to the CRA budget less the salary. (See agreement #2012-01 (CRA) and #2012-21 (City))

Additional information on special revenue funds and capital projects funds is found in Section 6.

Further detail about the Community Redevelopment Agency component unit is in Section 7.

A glossary of budget terms is located in Section 8.

Public hearings on the budget and the millage rate will be held on September 10, 2012 at 5:30 p.m. and September 24, 2012 at 5:30 p.m. Both hearings will be held in the Commission chambers at 14150 5th Street in Dade City.

City Manager's Office

Department Summary

The City Manager, as authorized by the City Charter, acts as the chief administrative and operations officer of the City. In this capacity the City Manager is responsible for supervising all City departments and divisions, with the exception of the City Clerk/Finance Office and the City Attorney who report directly to the City Commission. Additional responsibilities include: preparation and submittal of the annual budget, overseeing the City's personnel system (encompassing Human Resources, Risk Management, and Employee Benefits). The City Manager also acts as the Purchasing Agent for the City. The Community Development Director, City Engineer/Public Works Director as well as the Police Chief, report directly to the City Manager. Some functions performed by the City Manager are described below. This is however, a generalization and by no means reflects all of the City Manager's duties.

1. Preparation and submittal of the annual operating budget
2. Financial Management (duties shared with City Finance Officer)
3. Economic Development
4. Personnel Administration
 - a) Labor Relations
 - b) Wage & Benefits Review
 - c) Risk Management
 - d) Employee Recruitment & Retention
 - e) Training
5. Purchasing and Contract Administration
 - b) Requisition/Purchase Order Review & Processing
 - c) Transfer Authorization
6. Planning and Zoning Administration
7. Overall administration of City services
8. Staff and clerical support to City Commission
9. City wide computer services up to and including policies, purchasing and installation

City Manager's Office Information Technology

Department Summary

One of the primary functions of the Information Technology department which is managed by the City Manager, is to conduct weekly inspections of the City's file server hardware to detect any potential problems which may cause serious interruptions and costly expense to the City's computer operating system. This department keeps the City abreast of the latest computer upgrades available which are compatible with the existing system, to correct any malfunctions with existing hardware and software. This is accomplished through Towne Computers, Inc. with whom the City contracts technical services.

It is the purpose of the Domain Administrator to coordinate with the Network Administrator for the purchase and upgrade of all City owned computers, computer components, computer software, and computer use policies citywide. This department is instrumental in the selection of all operating software, anti-virus software and ensures the proper licensing of all software. This department provides support to departments/divisions with the correction of computer software and hardware problems.

The contracted Network Administrator keeps the Domain Administrator abreast of potential hardware replacement issues and suggests the best replacement products compatible with existing hardware.

Building Inspection Department

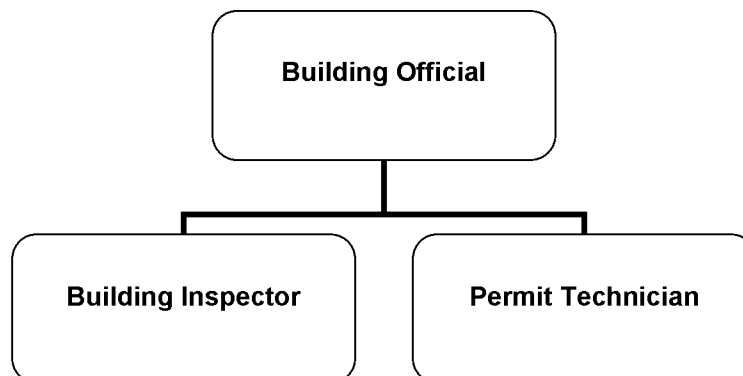

Department Summary

The Building Inspection Department's primary mission is to always strive to put the safety and welfare of our citizens first and foremost as the division goes about the daily business of permitting and inspecting the residential dwellings and commercial structures. The department will guard its citizens against unlicensed contractor activity and protect them from poor workmanship during all construction phases.

The Building Inspection Department provides all building construction functions for the City of Dade City along with permitting and inspection services to the City of San Antonio and Town of St. Leo.

This department governs all building construction, whether by contractor or homeowner, in order to provide for the safety and well being of our citizens through assurance that their homes and businesses are built to specific codes as set forth by the State of Florida and the City of Dade City.

This department also governs contractor license registrations to ensure that contractors are in compliance with State of Florida license requirements and City of Dade City ordinance requirements.

Public Works Department Fleet Maintenance Division

Division Summary

The primary function of the Fleet Maintenance Division is to maintain the City's fleet of vehicles and other equipment such as mowers, weed eater's, etc., in good operating condition for daily use and particularly for the safety of each and every employee using such vehicles or equipment. Secondary to employee safety is the preventative maintenance to the vehicles and equipment alike, in an ongoing effort to prolong the life of the vehicles and equipment.

It is also an ongoing function of this division to purchase and stock vehicle and equipment parts (as feasibility permits) to minimize down-time. An inventory of parts is maintained by this division as well as regularly scheduled routine maintenance to vehicles and equipment.

The Fleet Maintenance Division of the Public Works Department provides maintenance to all City owned vehicles and equipment. It also provides an inventory of stock used/replaced along with an accurate inventory of all City owned vehicles and equipment for maintenance purposes.

Police Department

Department Summary

The City Police Department's primary function is to enforce the laws of the State of Florida in a fair and just manner, while at all times recognizing the statutory and judicial limitations of that authority and recognizing the constitutional rights of all persons. This Department is charged with rendering aid to all citizens and other agencies with a responsible and timely dissemination of all information, both emergency and non-emergency, to the proper authorities.

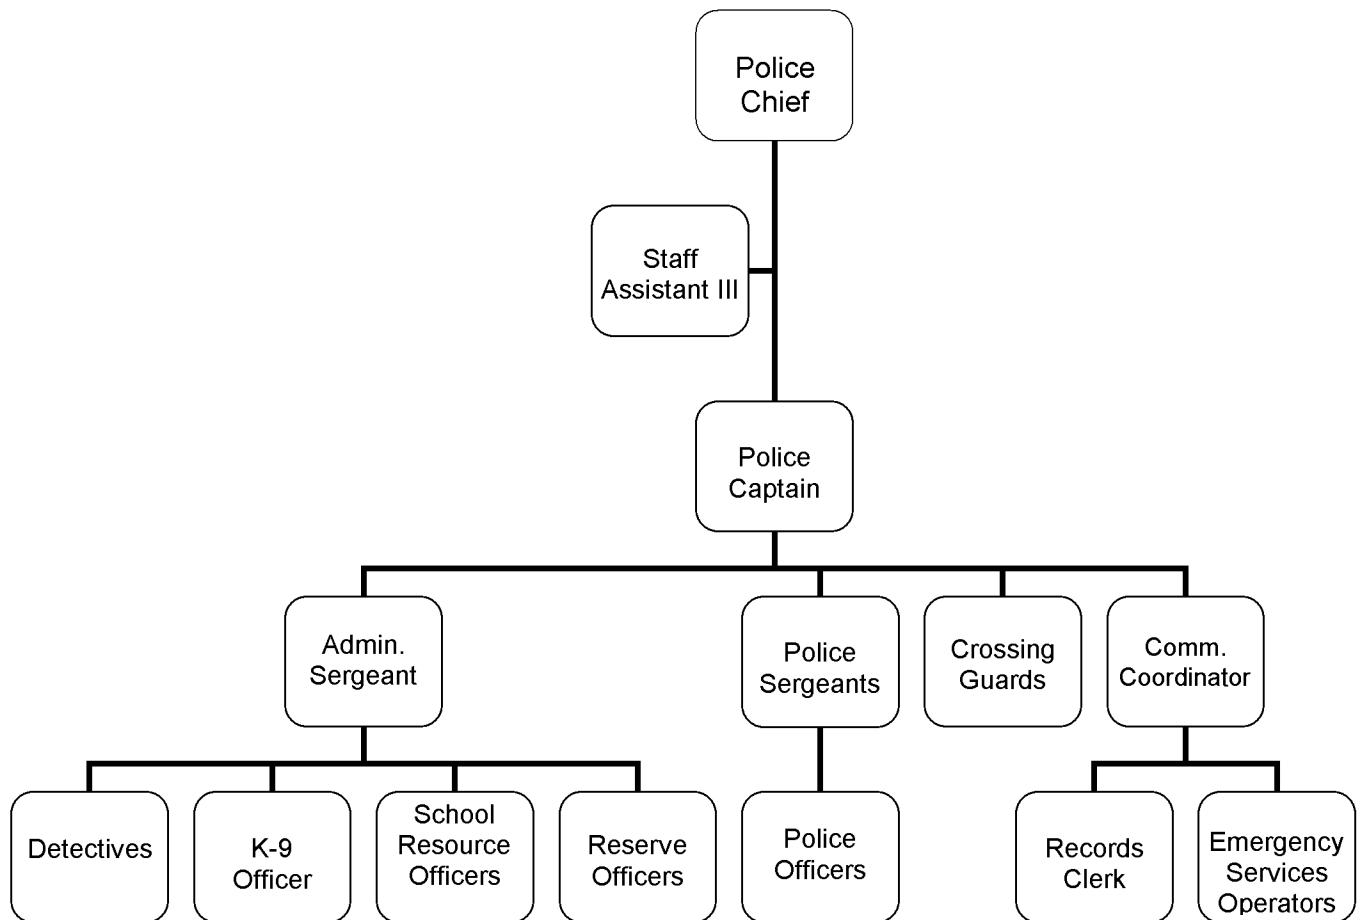

The Dade City Police Department has been entrusted with the mission of protecting and serving all residents, visitors, businesses, and property owners coming within the Department's jurisdiction, in a fair and prudent manner. In partnership with the citizens of Dade City the Police Department seeks to provide timely and professional emergency assistance, uphold public safety, and protect life and property. The Chief of Police is charged with the responsibility of all police activities and reports directly to the City Manager.

The Department is comprised of Administration, Services, Operations and Communications, and provides 24-hour patrol and communications service to the City's citizens. The Department has many areas of concentration with the primary focus being on detection and prevention of criminal activity and the arrest and apprehension of criminals. The Department also provides School Resource Officers to Pasco High School and Pasco Middle School.

The communications division provides radio dispatch service for the Police Department as well as to the City's Public Works Department after-hours, weekends and holidays.

Some other functions of the Department are:

- 1) Coordinated Emergency Management functions with Pasco County Emergency Management Office
- 2) Providing community oriented crime prevention programs
- 3) Educating citizens on the prevention of crime
- 4) Provide security for annual civic events, to name a few.
- 5) Provide school crossing guards for 2 elementary schools and 1 middle school

Safety Services Department

Fire Safety inspections / Code Enforcement

Department Summary

This department strives daily to govern and educate our citizens on the importance of compliance with City ordinances established for the protection of our citizens. This department also oversees the homeowner as well as the business owner in a continuing effort to see that any and all City Codes and Ordinances are observed for the betterment of our community. We feel that through our integrity and actions, we show our community that we are available to them through these efforts. The Code Enforcement Division prepares notices of violations and citations to appear in court to any citizen/business who fails to comply with City Codes and Ordinances.

The Code Enforcement Division provides all Code Enforcement functions throughout the City in an effort to encourage all citizens to comply with City ordinances for the safety and well being of all citizens. Further, this department conducts inspections of all businesses at least once annually to ensure they are in compliance with the National Fire Prevention Codes. The Code Enforcement Division works with the Building Division on commercial plan examinations for compliance with fire safety codes and conducts fire safety inspections of this construction until its completion.

Public Utilities Water Division

Division Summary

The purpose of this division is to ensure that the potable water system operates in the most efficient and effective manner for the protection, health, and well being of the community by providing the highest quality of potable water at the most economical cost.

This division operates and maintains seven (7) public drinking water supply wells and two (2) ground water storage facilities and ensures compliance with all drinking water requirements as set forth by the Florida Department of Environmental Protection. This division's primary function is to monitor and maintain the City's wells in order to provide the safety possible potable water to our residents. Other division tasks are: conducting annual water audits and implementing conservation measures to account for any water losses which might occur through system leaks or un-metered water uses. This department also produces the annual Consumer Confidence Report for the City.

Public Utilities Wastewater Division

Division Summary

It is the primary function of this division to see that the operations of wastewater collection and treatment are conducted in the most efficient manner possible to ensure the protection of the health, safety and welfare of the public and protection of our environment, natural resources and wildlife.

The City of Dade City has contracted with Severn Trent Environmental Services to operate and maintain the City's wastewater treatment plant. Wastewater plant personnel are charged with the large responsibility of protecting the health, safety and welfare of the public, by assuring that all procedures for proper plant operation as set forth by the Florida Department of Environmental Protection are met to include all laboratory and reporting requirements. In addition, adequate plant operation results in protection of the environment, natural resources and wildlife. The operation of this facility requires the highest performance and efficiency of available personnel to obtain the most economic operation possible.

CITY OF DADE CITY

OPERATING BUDGET Fiscal Year 2012-2013

Glossary

GLOSSARY

This is a glossary of terms commonly used at public meetings at which financial matters are discussed.

Ad Valorem Taxes – Property taxes. Property taxes are computed by applying the millage rate to the taxable value of both real and tangible property after all exemptions have been subtracted. Property taxes are paid to a variety of governments through a single payment to the county tax collector.

Budget – A financial statement listing a governmental agency's expected income and expenses for a 12-month period. Florida law requires that governments have a balanced budget, with expenses not exceeding revenues. A proposed budget is prepared by the City Manager and it becomes formal when adopted by the City Commission. If changes occur during the year, local governments can transfer funds within a budget or fraise fees, etc., to keep the budget in balance.

Capital Improvement Program – Governmental agencies set up five-year programs for major long-term costs such as the construction of roads or other comprehensive plan required infrastructure and of buildings and land. Capital expenses are listed separately from operating expenses with the budget document.

Capital Outlay – Costs for the purchase or additions to the land, buildings, vehicles or other equipment, the value of which exceeds \$500.

Contingency Fund – Money set aside within a budget for emergencies or expected expenses that were not anticipated when the budget was being prepared.

Deficit – A term generally applied to the budget as a whole, reflecting real or projected revenue shortages, meaning there are insufficient funds to cover expenses.

Enterprise Fund – A fund established to support specific services from which revenues are received from charges to fund the delivery of those services.

Expenditures – Costs incurred by contract, agreement, or money actually spent.

Fiscal Year – The budget year. For municipal and county governments, the fiscal year runs from October 1 to September 30. For school districts and state agencies, it runs from July 1 to June 30.

Franchise Taxes – Money collected, usually from a private utility, in exchange for use of a governmental agency's easement and rights-of-way. Cities and counties authorize the use of these and collect a fee in return. Franchise taxes are also collected from solid waste services allowed to operate within a government's boundaries.

Fund – A listing within the budget, indicating the revenues and expenditures of a specific category of operation. The largest fund is the Federal Fund. This fund includes subcategories that support most of the City's operation. Other funds include those for water and sewer, State and Federal grants, etc.

Fund Balance – An amount of unexpended monies remaining in a fund at the end of a fiscal year that becomes a revenue to the next, but must be reallocated in the new year's budget.

GLOSSARY

Impact Fee – A fee to fund the cost of a new development's impact on various City services. This fee is charged to those responsible for the new development as a condition for obtaining a building permit.

Mill – A tax rate of one dollar (\$1) per one thousand dollars (\$1,000) of taxable property value.

Millage – A figure assigned to each governmental unit with ad valorem taxing authority for use in determining taxes. It determines how much revenue the government will receive from property taxes and how much an individual property owner pays by applying the millage rate of the taxable value of property within the City.

Operating Expenses – The costs associated with the day-to-day activities of a government not including personal services or capital outlay costs.

Over Budget – “Over budget” in revenue means that more income was received than budgeted. “Over budget” in expenses means costs were more than budgeted figures, and generally necessitates that spending must stop or money be transferred into the appropriate account to balance the budget by year-end.

Personal Services – Costs for employee's salaries, wages, and fringe benefits.

Prior Year Carryover – Money not spent in one fiscal year, but carried forward to the next budget. Cash carried forward can be used to pay operating expenses at the beginning of a fiscal year before tax revenues are collected, or during a fiscal year if anticipated revenues have not yet been collected.

Projected (Revenue, Deficit, Expenses, etc.) – Estimates used in analyzing and preparing budgets. They are based on experience and information from a variety of sources that help government officials determine what they think income or expenses will be for a given time period.

Recurring Revenues – Revenues that can be expected to be received each year unless specific action is taken to eliminate the source.

Revenue – Income received by the City from a variety of sources including taxes, fees, charges for services, grants, borrowing, or other governmental agencies.

Rolled-Back Millage Rate – A tax rate the county property appraiser determines is necessary to give a governmental agency the same amount of property tax dollars it received during the previous budget year.

State-Shared Revenue – Money that cities and counties receive from the state. It includes the local share of cigarette taxes, fuel taxes, mobile home license taxes, liquor taxes and sales taxes based on a distribution formula set by State law.

Taxable Valuation – The value of property after all allowable exemptions have been subtracted; the value on which ad valorem taxes are computed.

TRIM Bill – Florida's Truth in Millage law that requires cities to calculate next year's budget on the same tax dollars they received during the current fiscal year.

Under Budget – Under budget in expenses means either that the agency has been spending at a slower rate than expected, or that expenses were over-estimated when the budget was

GLOSSARY

prepared. Under budget in revenues means that money being collected from taxes and other sources is not as much as was anticipated; it might necessitate spending adjustments.

User Fee – In a move toward a more businesslike approach, cities and counties are charging fees for use of service such as recreation, and water and sewer service. There is frequently a difference between what the City residents and non-residents are charged for the service.

Utility Taxes – Taxes paid to municipalities by users of telephones, electricity, water, natural gas, bottled gas and fuel oil.

Valuation – The dollar value of property assigned by the county property appraiser.

CODING SYSTEM EXPLANATION

The object of expenditure or line item code in a broad form is required by the State of Florida Uniform Accounting System.

For budgetary purposes, only the major expense categories (2-digit numbers) will be used. The expanded 3-digit numbers representing subclassifications of the major categories will be used as expenditures are incurred.

A detailed definition of each major category code is provided below.
