City of Dade City Fiscal Year 2015-2016 Budget Message

September 1, 2015

Honorable Mayor and City Commissioners:

Presented for your consideration is the proposed budget for the fiscal year beginning October 1, 2015 and ending September 30, 2016. The purpose of this budget message is to provide a brief commentary that will assist in the review and understanding of this document.

Overview

The total proposed budget for fiscal year 2015-2016 is \$16,831,768. This represents a decrease of \$4,725,678, or 21.9%, from FY 2014-2015 budget. Personnel costs are expected to be \$4,731,260, or 28.11%, of the total budget, an increase of \$126,680 from the current budget. This increase is a result of increased healthcare premiums and salary adjustments. Operating costs have been increased by \$558,695 to \$4,009,583 which is 23.82% of the proposed budget. The increase is due to utilizing budgeted reserves and dispatch consolidation. Overall, departments have continued to look for ways to improve operating efficiencies in the face of rising costs. Capital outlay and debt service, representing the final 48.07% of the budget, are anticipated to total \$8,090,925. The \$5,411,053 decrease is due primarily to the near completion of projects during FY 2014-15.

However, the budget does include the additional cost of providing healthcare insurance to each employee, raising employees to the minimum salary as indicated by the recent salary study, a 3% pay increase for all other employees already above the minimum pay for their respective pay grade, equipment purchases, as well as projects listed in the Utility Funds section and Other Funds section.

Section 3 of this budget provides a further overview of the anticipated revenues and proposed expenditures for fiscal year 2015-2016.

General Fund

The general fund budget is expected to decrease by \$2,622,775 from the current year to \$8,016,138. A millage rate of 7.1540, assessed on the taxable value of property within the city, was used to provide this level of funding. This millage rate is a decrease of .0009 mills from FY 14-15. Due to state law, this millage rate must be approved by a simple majority vote of the governing body, which in Dade City's case means three out of the five commissioners. Taxable value increased by 1.09%, thus increasing anticipated ad valorem tax collections by \$35,570.

Overall, personal costs and capital outlay expenses have decreased in the General Fund due to near completion of City Hall/Police Department construction, shifting three (3) employees to the new Stormwater Utility, and reducing Police dispatchers by two (2). Meanwhile, operating expenses have increased as a result of consolidated dispatching with Pasco County, an increase in IT consulting services costs, additional dollars for demolitions, and updating EAR based amendments.

Ad valorem taxes slightly increased from last year. Ad Valorem taxes make up 21.9% of general fund revenues for fiscal year 2015-16. Further information on taxable values, millage rates, and ad valorem tax revenues can be found in Section 2.

The general fund continues to provide funding for basic city services, including public works (streets maintenance, grounds/parks maintenance, facilities maintenance, and fleet maintenance), public safety (police, safety services/code enforcement, and building inspections), and general government (city commission, city manager, city attorney, city clerk, finance, community development, and information technology).

General Fund - Fiscal Year Expenditure Comparisons

The table below shows the changes in budgeted expenditures for each general fund cost center, from the 2014-2015 budget to the 2015-2016 budget, listed by category.

TOTAL	(\$70,620)	\$238,070	(\$2,790,225)	(\$2,622,775)

Section 4 of this budget lists additional details of the anticipated general fund revenues for fiscal year 2015-2016. That section also contains descriptions and function summaries, organizational charts and staffing levels, and proposed itemized expenditures for each general fund cost center.

Enterprise Funds

Enterprise funds are also referred to as business-type funds, with funding coming from charges for the services provided. Dade City has three enterprise funds: utility, sanitation and stormwater.

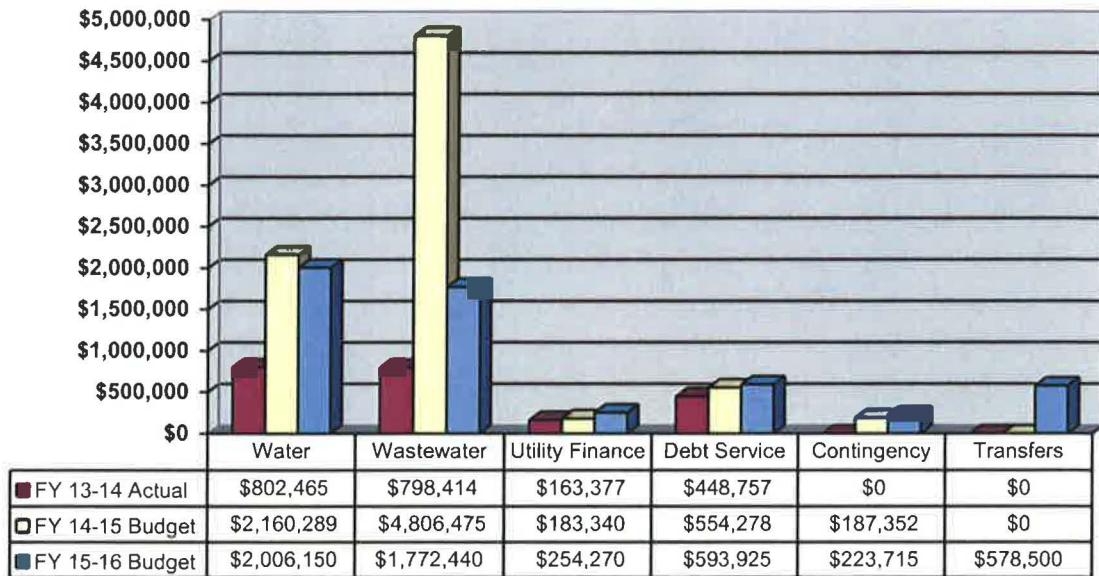

The utility fund includes water, wastewater, and utility finance. This fund experienced a decrease of \$2,462,734 to \$5,429,000, as a result of completion of a large portion of the WWTP rehabilitation phase 2 and liftstation rehabilitation phase 1B improvements. This year will see replacement of fire hydrants and valves in the downtown district and construction the Orange Valley Well project. The WWTP and liftstation projects are being funded by loans from the State Revolving Fund. State of Florida appropriations will fund the well and hydrant projects.

The sanitation fund involves the contracted collection of solid waste. The contract with the hauler allows for rate increases based on the consumer price index (CPI) per year. Commercial customers are billed directly for their service, while the city bills residential customers and then pays the contractor. Allowance is made in this budget for the contracted increase. The revenues are expected to increase by \$290,600 to \$531,000 as a result of utilizing budgeted reserves for construction of City Hall.

In 2014, the Commission approved a stormwater utility which provides a dedicated funding source from assessments. These assessments are collected through non-ad valorem tax bills. The stormwater charges help offset the cost of addressing the City stormwater system maintenance, operational planning and water quality needs. Revenues are expected to be \$267,000.

Utility Fund - Fiscal Year Expense Comparisons

The table below shows the changes in budgeted expenses for each cost center in the enterprise funds, from the 2014-2015 budget to the 2015-2016 budget, listed by category.

Enterprise Funds - Budget Changes from Previous Year

	Personnel	Operating	Capital & Debt	TOTAL

Contingency	\$0	(\$6,075)	\$0	(\$6,075)
TOTAL	\$0	(\$9,400)	\$300,000	\$290,600

Section 5 of this budget lists additional details of the anticipated revenues of the enterprise funds for fiscal year 2015-2016. This section also contains descriptions and function summaries, organizational charts and staffing levels, and proposed itemized expenses for each cost center in the enterprise funds.

Other Funds

Three types of funds are included in this section: special revenue funds, capital projects funds, and component units.

Special revenue funds are used to account for specific revenues that are legally restricted for certain purposes. Dade City uses these funds to account for Community Development Block Grants (CDBG) and local option gas taxes. The City currently does not have a CDBG project.

The capital projects fund is the infrastructure surtax ("Penny for Pasco"), where the financial resources are to be used for capital outlays. This fund has been increased by \$36,200, due to larger than anticipated funds being carried over from FY 14-15 and increased projections. Funding is being provided for continuing the paving/sidewalk management program, purchase of a street sweeper, stormwater design of Dade Oaks, park improvements, funding of the Dade City Incubator (SmartStart), purchasing police vehicles and facility improvements. Also funded are new projects including the purchase of Dade Oaks Housing Authority for stormwater retention, police safety equipment (body cameras), and purchasing a meter reading truck.

A component unit is a separate legal entity that is created by and dependent on the city. The Community Redevelopment Agency (CRA) was formed by Dade City to promote redevelopment activity within the designated district. Funding provided by tax increment financing varies with changes to millage rates and taxable values in the district. An increase of \$2,424 is expected in CRA 1 due to increased carryover along with an increase of \$15,075 in CRA 2 from FY 2014-15. Tax increment funding of \$7,500 will be kept in the General Fund and applied toward the salary of the CRA Director; this is accomplished by deducting the amount from the City's Tax Increment Financing requirement prior to transferring from the General Fund to the CRA budget less the salary. (See agreement #2015-02 (CRA) and #2015-25 (City))

Additional information on special revenue funds and capital projects funds is found in Section 6.

Further detail about the Community Redevelopment Agency component unit is in Section 7.

A glossary of budget terms is located in Section 8.

Public hearings on the budget and the millage rate will be held on Thursday, September 10, 2015 at 5:30 p.m. and Monday, September 28, 2015 at 5:30 p.m. Both hearings will be held in the at 38301 Martin Luther King Boulevard, Building #2; Dade City

City Manager's Office

Department Summary

The City Manager, as authorized by the City Charter, acts as the chief administrative and operations officer of the City. In this capacity the City Manager is responsible for supervising all City departments and divisions, with the exception of the City Clerk/Finance Office and the City Attorney who report directly to the City Commission. Additional responsibilities include: preparation and submittal of the annual budget, overseeing the City's personnel system (encompassing Human Resources, Risk Management, and Employee Benefits). The City Manager also acts as the Purchasing Agent for the City. The Community Development Director, City Engineer/Public Works Director as well as the Police Chief, report directly to the City Manager. Some functions performed by the City Manager are described below. This is however, a generalization and by no means reflects all of the City Manager's duties.

1. Preparation and submittal of the annual operating budget
2. Financial Management (duties shared with City Finance Officer)
3. Economic Development
4. Personnel Administration
 - a) Labor Relations
 - b) Wage & Benefits Review
 - c) Risk Management
 - d) Employee Recruitment & Retention
 - e) Training
5. Purchasing and Contract Administration
 - b) Requisition/Purchase Order Review & Processing
 - c) Transfer Authorization
6. Planning and Zoning Administration
7. Overall administration of City services
8. Staff and clerical support to City Commission
9. City wide computer services up to and including policies, purchasing and installation

City Manager's Office Information Technology

Department Summary

One of the primary functions of the Information Technology department which is managed by the City Manager, is to conduct weekly inspections of the City's file server hardware to detect any potential problems which may cause serious interruptions and costly expense to the City's computer operating system. This department keeps the City abreast of the latest computer upgrades available which are compatible with the existing system, to correct any malfunctions with existing hardware and software. This is accomplished through Towne Computers, Inc. with whom the City contracts technical services.

It is the purpose of the Domain Administrator to coordinate with the Network Administrator for the purchase and upgrade of all City owned computers, computer components, computer software, and computer use policies citywide. This department is instrumental in the selection of all operating software, anti-virus software and ensures the proper licensing of all software. This department provides support to departments/divisions with the correction of computer software and hardware problems.

The contracted Network Administrator keeps the Domain Administrator abreast of potential hardware replacement issues and suggests the best replacement products compatible with existing hardware.

Classification	Full Time	Part Time
Network Administrator	0	Contracted
*Domain Administrator	(See Staff Assistant II – Public Works Administration)	

*The Domain Administrator is a full time City employee who works with the Network Administrator as liaison between the Network Administrator and City wide hardware and software issues. The Domain Administrator duties are additional to other primary duties as Staff Assistant II.

Building Inspection Department

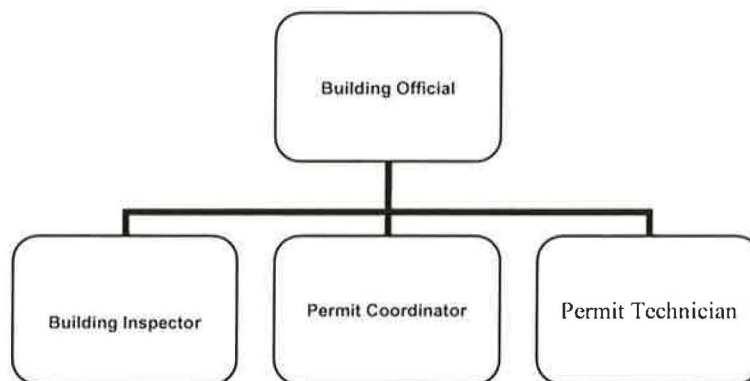

Department Summary

The Building Inspection Department's primary mission is to always strive to put the safety and welfare of our citizens first and foremost as the division goes about the daily business of permitting and inspecting the residential dwellings and commercial structures. The department will guard its citizens against unlicensed contractor activity and protect them from poor workmanship during all construction phases.

The Building Inspection Department provides all building construction functions for the City of Dade City along with permitting and inspection services to the City of San Antonio and Town of St. Leo.

This department governs all building construction, whether by contractor or homeowner, in order to provide for the safety and well-being of our citizens through assurance that their homes and businesses are built to specific codes as set forth by the State of Florida and the City of Dade City.

This department also governs contractor license registrations to ensure that contractors are in compliance with State of Florida license requirements and City of Dade City ordinance requirements.

Public Works

Administration and Facilities Maintenance

Division Summary

This division of the Public Works Department provides administrative direction and support to other divisions within Public Works. This division receives concerns from citizens and City employees alike and immediately strives to rectify any potentially dangerous situations. All other concerns are handled in a timely manner with issuance to the proper division for corrective action.

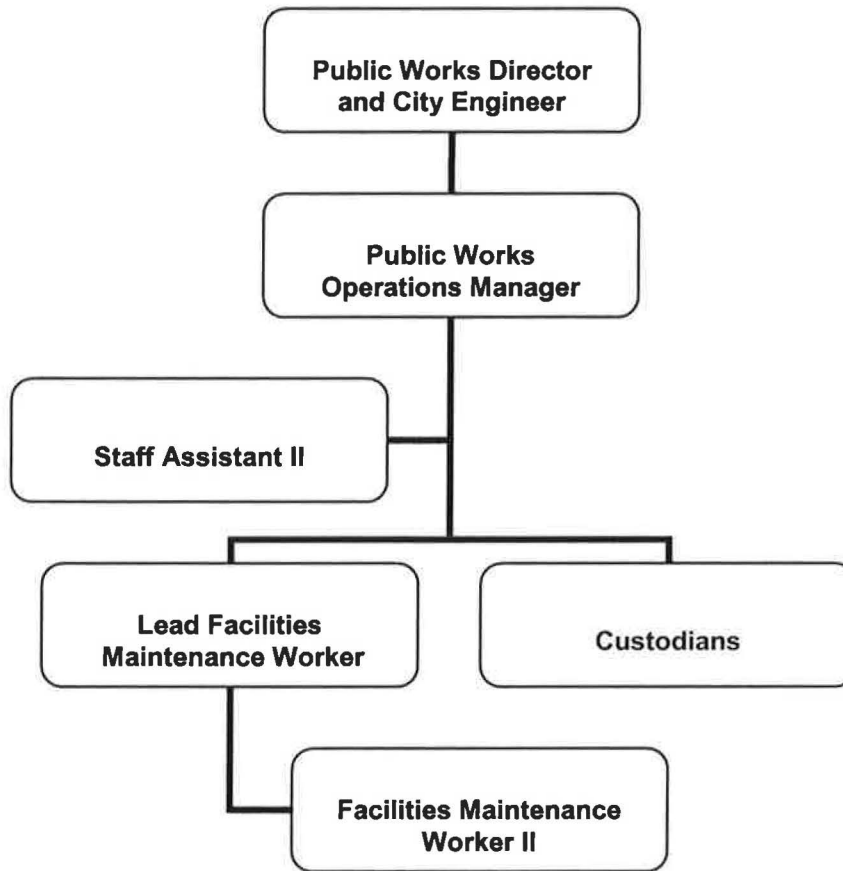

The Facilities Maintenance division provides safe and adequate work sites to all City employees, through preventative and corrective maintenance up to and including the City's lift stations.

The custodial staff within this division provides cleaning services to all departments within the City to include the City Annex building, Police Department and rental facilities.

Some functions of this division include, but are not limited to, the following activities:

1. Building Maintenance - Preventative and Corrective.
2. Maintenance of water pumping stations and lift stations for Water and Wastewater.
3. Handles rental requests for City owned facilities including park facilities.
4. Provides administrative support for materials needed and used by operational divisions.
5. Receives citizen concerns and issues corrective action orders.
6. Oversees custodial duties for City facilities.
7. Coordinates planned events and road closures for Downtown Main Street and Chamber of Commerce.
8. Coordinates all other planned events.
9. The Staff Assistant II performs Domain Administrator duties working with the Network Administrator on all Information Technology duties.

Public Works Department Fleet Maintenance Division

Division Summary

The primary function of the Fleet Maintenance Division is to maintain the City's fleet of vehicles and other equipment such as mowers, weed eater's, etc., in good operating condition for daily use and particularly for the safety of each and every employee using such vehicles or equipment. Secondary to employee safety is the preventative maintenance to the vehicles and equipment alike, in an ongoing effort to prolong the life of the vehicles and equipment.

It is also an ongoing function of this division to purchase and stock vehicle and equipment parts (as feasibility permits) to minimize down-time. An inventory of parts is maintained by this division as well as regularly scheduled routine maintenance to vehicles and equipment.

The Fleet Maintenance Division of the Public Works Department provides maintenance to all City owned vehicles and equipment. It also provides an inventory of stock used/replaced along with an accurate inventory of all City owned vehicles and equipment for maintenance purposes.

Police Department

Department Summary

The City Police Department's primary function is to enforce the laws of the State of Florida in a fair and just manner, while at all times recognizing the statutory and judicial limitations of that authority and recognizing the constitutional rights of all persons. This Department is charged with rendering aid to all citizens and other agencies with a responsible and timely dissemination of all information, both emergency and non-emergency, to the proper authorities.

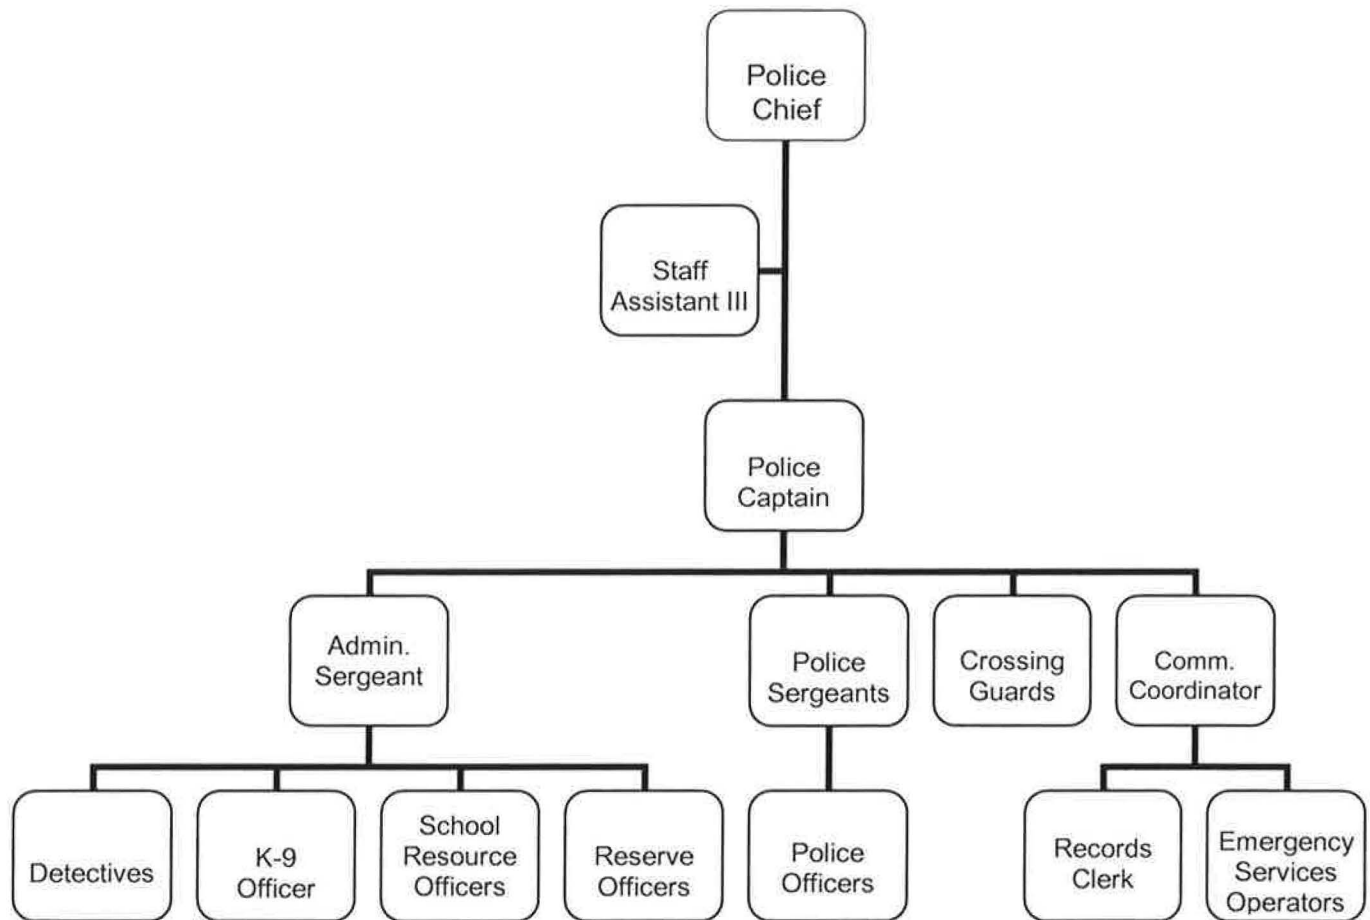

The Dade City Police Department has been entrusted with the mission of protecting and serving all residents, visitors, businesses, and property owners coming within the Department's jurisdiction, in a fair and prudent manner. In partnership with the citizens of Dade City the Police Department seeks to provide timely and professional emergency assistance, uphold public safety, and protect life and property. The Chief of Police is charged with the responsibility of all police activities and reports directly to the City Manager.

The Department is comprised of Administration, Services, Operations and Communications, and provides 24-hour patrol and communications service to the City's citizens. The Department has many areas of concentration with the primary focus being on detection and prevention of criminal activity and the arrest and apprehension of criminals. The Department also provides School Resource Officers to Pasco High School and Pasco Middle School.

The communications division provides radio dispatch service for the Police Department as well as to the City's Public Works Department after-hours, weekends and holidays.

Some other functions of the Department are:

- 1) Coordinated Emergency Management functions with Pasco County Emergency Management Office
- 2) Providing community oriented crime prevention programs
- 3) Educating citizens on the prevention of crime
- 4) Provide security for annual civic events, to name a few.
- 5) Provide school crossing guards for 2 elementary schools and 1 middle school

Safety Services Department

Fire Safety inspections / Code Enforcement

Department Summary

This department strives daily to govern and educate our citizens on the importance of compliance with City ordinances established for the protection of our citizens. This department also oversees the homeowner as well as the business owner in a continuing effort to see that any and all City Codes and Ordinances are observed for the betterment of our community. We feel that through our integrity and actions, we show our community that we are available to them through these efforts. The Code Enforcement Division prepares notices of violations and citations to appear in court to any citizen/business who fails to comply with City Codes and Ordinances.

The Code Enforcement Division provides all Code Enforcement functions throughout the City in an effort to encourage all citizens to comply with City ordinances for the safety and well being of all citizens. Further, this department conducts inspections of all businesses at least once annually to ensure they are in compliance with the National Fire Prevention Codes. The Code Enforcement Division works with the Building Division on commercial plan examinations for compliance with fire safety codes and conducts fire safety inspections of this construction until its completion.

Public Works Department Streets Division

Division Summary

The Streets Division of the Public Works department maintains the City's streets, rights-of-way, sidewalks, curbs and retention ponds. The Streets Division also maintains most of the City's street and stop signs and does the striping on City streets, cross walks and parking spaces. This division maintains and/or removes diseased/dead trees on City owned property. Street sweeping functions are also a duty of this division. All banners placed in Hibiscus Park are done by this department's personnel also. The Streets division provides support to all other Public Works divisions as well as other City departments upon request.

The list below names some functions of the Streets Division:

1. Provides maintenance of City streets (including asphalt, brick and dirt), sidewalks, and curbs.
2. Provides maintenance for street signs and markings.
3. Provides maintenance for storm drains and storm water lift stations.
4. Provides tree maintenance on City properties to include parks and rights-of-way.
5. Provides street sweeping maintenance.

Public Utilities Water Division

Division Summary

The purpose of this division is to ensure that the potable water system operates in the most efficient and effective manner for the protection, health, and well-being of the community by providing the highest quality of potable water at the most economical cost.

This division operates and maintains seven (7) public drinking water supply wells and two (2) ground water storage facilities and ensures compliance with all drinking water requirements as set forth by the Florida Department of Environmental Protection. This division's primary function is to monitor and maintain the City's wells in order to provide the safety possible potable water to our residents. Other division tasks are: conducting annual water audits and implementing conservation measures to account for any water losses which might occur through system leaks or un-metered water uses. This department also produces the annual Consumer Confidence Report for the City.

Public Utilities Wastewater Division

Division Summary

It is the primary function of this division to see that the operations of wastewater collection and treatment are conducted in the most efficient manner possible to ensure the protection of the health, safety and welfare of the public and protection of our environment, natural resources and wildlife.

Wastewater plant personnel are charged with the large responsibility of protecting the health, safety and welfare of the public, by assuring that all procedures for proper plant operation as set forth by the Florida Department of Environmental Protection are met to include all laboratory and reporting requirements. In addition, adequate plant operation results in protection of the environment, natural resources and wildlife. The operation of this facility requires the highest performance and efficiency of available personnel to obtain the most economic operation possible.

CITY OF DADE CITY

OPERATING BUDGET Fiscal Year 2015-2016

Glossary

GLOSSARY

This is a glossary of terms commonly used at public meetings at which financial matters are discussed.

Ad Valorem Taxes – Property taxes. Property taxes are computed by applying the millage rate to the taxable value of both real and tangible property after all exemptions have been subtracted. Property taxes are paid to a variety of governments through a single payment to the county tax collector.

Budget – A financial statement listing a governmental agency's expected income and expenses for a 12-month period. Florida law requires that governments have a balanced budget, with expenses not exceeding revenues. A proposed budget is prepared by the City Manager and it becomes formal when adopted by the City Commission. If changes occur during the year, local governments can transfer funds within a budget or fraise fees, etc., to keep the budget in balance.

Capital Improvement Program – Governmental agencies set up five-year programs for major long-term costs such as the construction of roads or other comprehensive plan required infrastructure and of buildings and land. Capital expenses are listed separately from operating expenses with the budget document.

Capital Outlay – Costs for the purchase or additions to the land, buildings, vehicles or other equipment, the value of which exceeds \$500.

Contingency Fund – Money set aside within a budget for emergencies or expected expenses that were not anticipated when the budget was being prepared.

Deficit – A term generally applied to the budget as a whole, reflecting real or projected revenue shortages, meaning there are insufficient funds to cover expenses.

Enterprise Fund – A fund established to support specific services from which revenues are received from charges to fund the delivery of those services.

Expenditures – Costs incurred by contract, agreement, or money actually spent.

Fiscal Year – The budget year. For municipal and county governments, the fiscal year runs from October 1 to September 30. For school districts and state agencies, it runs from July 1 to June 30.

Franchise Taxes – Money collected, usually from a private utility, in exchange for use of a governmental agency's easement and rights-of-way. Cities and counties authorize the use of these and collect a fee in return. Franchise taxes are also collected from solid waste services allowed to operate within a government's boundaries.

Fund – A listing within the budget, indicating the revenues and expenditures of a specific category of operation. The largest fund is the Federal Fund. This fund includes subcategories that support most of the City's operation. Other funds include those for water and sewer, State and Federal grants, etc.

Fund Balance – An amount of unexpended monies remaining in a fund at the end of a fiscal year that becomes a revenue to the next, but must be reallocated in the new year's budget.

GLOSSARY

Impact Fee – A fee to fund the cost of a new development's impact on various City services. This fee is charged to those responsible for the new development as a condition for obtaining a building permit.

Mill – A tax rate of one dollar (\$1) per one thousand dollars (\$1,000) of taxable property value.

Millage – A figure assigned to each governmental unit with ad valorem taxing authority for use in determining taxes. It determines how much revenue the government will receive from property taxes and how much an individual property owner pays by applying the millage rate of the taxable value of property within the City.

Operating Expenses – The costs associated with the day-to-day activities of a government not including personal services or capital outlay costs.

Over Budget – “Over budget” in revenue means that more income was received than budgeted. “Over budget” in expenses means costs were more than budgeted figures, and generally necessitates that spending must stop or money be transferred into the appropriate account to balance the budget by year-end.

Personal Services – Costs for employee's salaries, wages, and fringe benefits.

Prior Year Carryover – Money not spent in one fiscal year, but carried forward to the next budget. Cash carried forward can be used to pay operating expenses at the beginning of a fiscal year before tax revenues are collected, or during a fiscal year if anticipated revenues have not yet been collected.

Projected (Revenue, Deficit, Expenses, etc.) – Estimates used in analyzing and preparing budgets. They are based on experience and information from a variety of sources that help government officials determine what they think income or expenses will be for a given time period.

Recurring Revenues – Revenues that can be expected to be received each year unless specific action is taken to eliminate the source.

Revenue – Income received by the City from a variety of sources including taxes, fees, charges for services, grants, borrowing, or other governmental agencies.

Rolled-Back Millage Rate – A tax rate the county property appraiser determines is necessary to give a governmental agency the same amount of property tax dollars it received during the previous budget year.

State-Shared Revenue – Money that cities and counties receive from the state. It includes the local share of cigarette taxes, fuel taxes, mobile home license taxes, liquor taxes and sales taxes based on a distribution formula set by State law.

Taxable Valuation – The value of property after all allowable exemptions have been subtracted; the value on which ad valorem taxes are computed.

TRIM Bill – Florida's Truth in Millage law that requires cities to calculate next year's budget on the same tax dollars they received during the current fiscal year.

Under Budget – Under budget in expenses means either that the agency has been spending at a slower rate than expected, or that expenses were over-estimated when the budget was

GLOSSARY

prepared. Under budget in revenues means that money being collected from taxes and other sources is not as much as was anticipated; it might necessitate spending adjustments.

User Fee – In a move toward a more businesslike approach, cities and counties are charging fees for use of service such as recreation, and water and sewer service. There is frequently a difference between what the City residents and non-residents are charged for the service.

Utility Taxes – Taxes paid to municipalities by users of telephones, electricity, water, natural gas, bottled gas and fuel oil.

Valuation – The dollar value of property assigned by the county property appraiser.

CODING SYSTEM EXPLANATION

The object of expenditure or line item code in a broad form is required by the State of Florida Uniform Accounting System.

For budgetary purposes, only the major expense categories (2-digit numbers) will be used. The expanded 3-digit numbers representing subclassifications of the major categories will be used as expenditures are incurred.

A detailed definition of each major category code is provided below.

PERSONAL SERVICES

All salary, wages and fringe benefits paid to City employees:

- 11 **Salary, Executive:** Payroll costs for City Manager, City Clerk, Building Official, department directors and other exempt supervisors. Includes merit increases and additions to base salary.
