**Request for Board Action  
By: City Administrator**Ward ALL**Description:**

- o Discussion on TS Ave Vision Planning Process

**Recommendation: Staff –DISCUSSION ONLY****Summary/Explanation:**

In 2007, the city was fully involved in a process that created a comprehensive development plan reflecting the "New Urbanist" design and planning concept. We all know it in Dardenne Prairie as the "Uptown Plan". This plan included a bold vision for guiding development throughout the Technology, Hanley, Feise, Post, and Highway N (now Town Square) corridors.

Over the past 15 years, the "Uptown" development failed to take shape, with developments either failing or occurring in a sporadic or hodge podge fashion. The complete abandonment of the plan occurred in 2021 when the Board finally remove the remaining Uptown zoning designations from the Code. Outside of the city's Comprehensive Plan, which was formulated by the Planning and Zoning Commission, there has been little clear direction to realtors and developers as to the City's intended plans for development in the district formerly designated as "Uptown."

I hereby request the board hold a robust conversation at our next work session regarding the commencement of an inclusive and transparent process to lay out a broad vision for the area of the city previously referred to as the Uptown Zoning District. This process would include a broad swath of shareholders, be public and participatory in nature, and seek to have a unified and clearly defined plan for how the city envisions development to occur within the boundaries of the project area. This vision would lay out specific land uses, building aesthetics, infrastructure for multi-modal transportation and interconnectivity, expectations for revenue generation, and limitations; such as whether the city will consider multifamily residential and under what circumstances. From that conversation I will ask your support to engage John Brancaglione from PGAV to assist in developing a process for moving forward.

I have enclosed a couple examples of visioning plans done in area communities for your review.

**Budget Impact:** (revenue generated, estimated cost, CIP item, etc.)

The parameters of the RFP will likely dictate whether there is a positive or negative impact over the current budget.

This Agreement is the result of negotiations between the Parties and their counsel. Accordingly, this Agreement shall not be construed more strongly against either Party regardless of which Party is more responsible for its preparation, and any ambiguity that might exist herein shall not be construed against the drafting Party.

**12. Entire Agreement; Modification; Waiver.** This Agreement and any Exhibits hereto is the entire agreement between the Parties with respect to the purchase and sale of the Equipment, and supersedes any prior agreement or communications between the Parties regarding the same, whether written, oral, electronic or otherwise. This Agreement may be modified only by a written amendment signed by authorized representatives of both Parties. No waiver of any term or right in this Agreement shall be effective unless in writing, signed by an authorized representative of the waiving Party. The failure of either Party to enforce any provision of this Agreement shall not be construed as a waiver or modification of such provision, or impairment of its right to enforce such provision or any other provision of this Agreement thereafter.
