WHITEBOARD RULES FOR OPEN PLAY

1. Write your name in the first available square...four names to a square.
2. If you wish to play together, you may sign with up to three other people in an open square.
3. When a court opens, players in the next square cross off their names before entering the court.
4. At the end of a game, if someone is waiting, all four players must come off the court and sign the board again.*
5. If no one is waiting, players may stay on the court and play again.
6. If there are not four names in a square, no one in any subsequent square can play until that square has a foursome.
7. A name can only be in one square at a time.
8. A name can only be put on the board if that person is off the courts and ready to play.
9. All games are played to 11, win by 2.
10. Please be kind, courteous, and inclusive.

* The 4 on/4 off rule works best when all courts are full. When there are open courts, the option for winners to stay and split may be used upon consensus among players.
