I AM  DELTA

Dear Residents:

As we look forward to Spring, Delta Township has been busy preparing for the future. A strategic planning exercise was held January 23 to discuss future initiatives of the board. Initiatives that were highlighted as upcoming priorities included: public transportation options in Delta; the development of Mount Hope Park; an update to the Delta Township Non-motorized plan; an analysis of the many Township facilities and infrastructure; and the continued revitalization of the Saginaw Corridor. While there will be many challenges ahead, Delta Township continues its careful and thorough planning to ensure good decisions are made into the future.

One of the initiatives, Mount Hope Park, was discussed February 13 at a Committee of the Whole meeting. Delta Township purchased 60 acres for the use of a park last year next to 60 acres it already owned. A full conceptual plan was presented along with plans for Phase 1 and Phase 2 development. The Township also received a DNR grant for the Phase 2 development in 2016. The first two phases will provide several soccer fields, four ball fields, restrooms, a pavilion, playground equipment, parking, and infrastructure improvements for the entire park. The Township will be soliciting bids for engineering and design of the two phases. Full pictures of the conceptual design can be found online at www.deltami.gov.

As Spring approaches, it will also bring construction projects. The Eaton County Road Commission has submitted a preliminary list of projects for this construction season. One of the primary projects will be the repaving of Willow Highway from Waverly to Elmwood. The project will also include bike lanes. In addition, the Township will be installing sidewalks to connect Grand Woods Park to Elmwood. Another project will be the resurfacing of Canal Road between Mount Hope Highway and Osborn (Windsor Township).

A list of local roads to be completed can be found on the Eaton County Road Commission Website. 2017 marks the third year of the local road millage program. The following table is a summary of projects completed in Delta Township.

	2015	2016	2017 Proposed
Total Resurfacing Mileage	7.98	8.50	7.77
Number of Streets Resurfaced	42	30	32
Industrial Streets Resurfaced in Millage	.24	1.45	.25
ECRC Annual Goal in Delta (7.74 Miles)	7.98	8.50	7.77

The Eaton County Road Commission prepares a bid package each year for proposed road work. Each year the costs can vary based on different circumstances such as asphalt prices and condition of the individual roads. As an example, in the first year of the program 2015, the average cost of a mile of paved road for resurfacing was \$162,863. In 2016, the average cost was \$123,000/mile. As part of the local road program, Eaton County also resurfaces gravel roads and provides county-wide dust control for gravel roads.

DID YOU KNOW...

Vending and License Requirement

Spring and summer is the time of year when there is an increase in vending. Please be aware a valid pictured vendor license is required by the Township Clerk for vending activity in the township either door-to-door or from a fixed commercial site. Vending licenses are NOT required for groups representing a school, religious organization or charitable organization which is classified non-profit for federal internal revenue purposes. A license is also not required if vendor leaves a brochure at a resident's home and does not knock or engage the resident.

Residents should ask to see a license if they are approached by a vendor if the license is not visible. If a vendor does not have a Township issued license, residents should contact the Sheriff's Department at 372-8217 extension 2. All other questions regarding this ordinance should be directed to the Delta Township Clerk's Office at 323-8500.

If you are interested in becoming more active in your community please call the Clerk's Office at 323-8500 to request an application or see our website at <https://www.deltami.gov/wp-content/uploads/2012/09/Delta-Boards-Commissions-Application-new.pdf>

Summer Sewer Max Credit

Delta Township grants automatic sewer credits to all residential customers April-September. The process referred to as "Summer Sewer Max", assures summer sewer bills will not increase for seasonal water usage such as filling pools and lawn irrigation.

A "sewer maximum" is established by calculating the average winter usage (October-March). This average is the maximum a customer will be billed for sewer April-September. Customers will be charged for full water usage during these months, but the sewer portion of the bill will not exceed the "sewer maximum". Therefore, customers will avoid paying sewer charges for excess water usage during the summer months. In addition, this policy makes secondary irrigation meters unnecessary.

This credit is automatic and does not require you to contact us. However, if you have any questions regarding the calculation of the sewer credit please contact the Delta Township Accounting Department at 323-8510.

The Delta Township Noxious Weeds Ordinance Changes the Height Limit for Weeds & Grass

On October 16, 2016 the Delta Township Board adopted amendments to the Township's Noxious Weeds Ordinance which are summarized as follows:

- The maximum permitted height of noxious weeds and grass was reduced from 12 inches to 8 inches.
- The commencement of the regulated growing season was changed from April 15 to May 1.

An annual notice is published in the local newspaper during March informing property owners that weeds and grass not cut by May 1, and continuously maintained to be in compliance with the ordinance, will be cut by the Township or its agent and the owner of the property charged with the costs.

Residents can submit a complaint regarding unmown weeds and grass on a form available on the Township's website under the heading "Noxious Weeds Ordinance" or you can call the Township Engineering Department at 323-8540 and file a complaint.
