New Rights for Michigan Voters – Registering to Vote through Election Day

Proposal 3 “Promote the Vote” was a Constitutional Amendment that was passed overwhelmingly by Michigan voters in the General Election in November of 2018 by a margin of 66.8% Yes and 33.2% No. This constitutional amendment brought about the following changes for Michigan Voters for voter registration:

Registering to Vote up to 15 days prior to Election.

Register to vote at:

- Any Secretary of State branch office
- Your township, city, or county clerk’s office
- A designated state agency
- By Mail
- Online through Secretary of State Office (will be available by end of 2019).

Register to Vote – 14 days before election and including Election Day (Same Day Registration).

Register to vote at:

- Voter must appear in person at the Delta Township Clerk’s Office during regular business hours and up until 8 p.m. on Election Day. Residency and identification verification will be required. Documents must have name and current Delta Township address. Digital copies are acceptable. Additional weekend hours will be available the weekends prior to each election. Contact the Delta Township Clerk’s Office at 323-8500 for additional information.

Can I register to vote at my polling precinct on Election Day?

No, if you are not registered on Election Day, you must register to vote at the Delta Township Clerk’s Office in person. However, when a voter registers on Election Day at the Delta Township Clerk’s Office, a voter has choice to either vote by absentee ballot at the Clerk’s Office, or to take their registration receipt to polling precinct on Election Day and vote until close of polls at 8 p.m.

For any questions regarding voter registration or elections, please contact the Clerk’s Office at 323-8500. Visit the Secretary of State website for additional election information at www.michigan.gov/sos or the Delta Township website at www.deltami.gov.

New Rights for Michigan Voters – Voting by Absentee Ballot

At the General Election in November of 2018, Michigan Voters passed Proposal 3 “Promote the Vote” a constitutional amendment which made significant changes to Michigan Election Law regarding who can vote by absentee ballot in any scheduled election.

Who is eligible to vote by “mail” absentee ballot?

All registered voters are eligible to receive an absentee ballot upon request. A “reason” is no longer required.

How do I get an absentee ballot?

Voters are required by Michigan Election law to submit a written request for an absentee ballot for every election they intend on voting by absentee ballot. If a voter has requested an ab-

sentee ballot, the Township Clerk will mail the voter an application for an absentee ballot. A request in the form of an application for absent voter ballot or written request from voter must be on file with the Clerk’s Office with the following information: voter’s name, residential address, where to mail the ballot (if different than registered voter address), date of election and signature of voter. An application for an absentee ballot can be found at the Delta Township website at www.deltami.gov. Voter can return an application by mail, by email at deltatwp21520@deltami.gov, or in person to Delta Township Clerk’s Office or the gray drop box drive-up night deposit box on the north side of Township Administration Building. Once the application or written request for an absentee ballot has been received the ballot will be mailed to voter as soon as ballots are available.

Does Delta Township Clerk’s Office maintain an Automatic Absentee Ballot Application List?

Yes. Delta Township maintains a list of voters who automatically are mailed an application for an absentee ballot for all elections scheduled in Delta Township. A voter can request to be placed on the “automatic absent voter list”. Once an application is returned and ballots are available, the ballot will be mailed to voter once available at Clerks Office. Voter can vote ballot in comfort of their home and then return ballot in any of the methods listed above.

When can voter’s vote by absentee ballot?

Absentee ballots are available 45 days prior to every election. Voters can re-

quest absent voter ballots be mailed to them up until 5 p.m. the Friday before an election. A written request must be on file prior to absent voter ballot mailed. The Delta Township Clerk's Office will also be open for extended hours the weekend before every election for processing absent voter ballot application requests. Voters can also request a ballot in person at the Delta Township Clerk's Office until 4 p.m. on the Monday prior to Election Day. Any request for a ballot made on the Monday prior to an election must be made in person at the Delta Township Clerk's Office. All in person requests for absent voter ballot made on the Monday prior to Election Day voters to vote ballot at the Clerk's Office.

To be placed on our Automatic Absent Voter List please call the Clerk's Office Monday-Friday 8 a.m.-5 p.m. at 323-8500.

DID YOU KNOW?

Security Camera Registry and Mapping (S.C.R.A.M.)

The Eaton County Sheriff's Office is launching a new program called S.C.R.A.M. Security Camera Registry and Mapping. This community policing program is designed to assist investigators with the help of Eaton County residents. The program will help officers reduce crime and save valuable time during investigations.

Today, more and more citizens and businesses are installing private security cameras to help protect the inside and outside of their property. As a citizen or business owner, you may not be aware that your cameras may have unknowingly captured valuable footage that can help solve crimes. This footage, if accessible to law enforcement, has the ability to keep our community safer.

How it Works

The S.C.R.A.M program encourages residents and businesses with security cameras to register their cameras with the Eaton County Sheriff's Office. By registering your cameras, the Sheriff's Office will know which residences and business have functioning cameras. Should the sheriff's office believe that your cameras might have footage that can help solve a crime or catch a criminal, a member of the department might contact you and request to view your footage.

PLEASE NOTE: registering your cameras provides the sheriff's office with the location of your cameras and does not allow the sheriff's office to view what your cameras are recording!

Benefits of Registering Your Cameras

- Helps fight crime indirectly with technology.
- Allows officers to immediately identify where private security cameras are located and positioned, saving valuable time.
- Help solve crimes and crime spree.
- Can eliminate the innocent.
- Assist with runaway and missing person cases.

If you are interested registering your cameras with the Eaton County Sheriff's Office, please fill out the online form at <https://geo.eatoncounty.org/scram> or email scram@eaton-county.org with any questions.

Remember, it ALL Drains to our Lakes and Rivers

You might not be able to see the stream or lake from your house, but it's there! It might be a small stream or ditch or even a storm drain in the street. All of these lead directly to our lakes and streams. What we do at home affects our water. So, any oil, pet waste, leaves or dirty water from washing your car that enters a storm drain gets into our lakes and rivers without being treated. We all need to be aware of what goes into our storm drains.

What Can You Do?

You can help keep our lakes, rivers, streams, wetlands, and groundwater clean by applying the following tips.

- Sweep it. Do you have extra fertilizer, grass clippings, or dirt on your driveway or sidewalk? Sweep it back onto your lawn. Hosing your driveway sends these pollutants into storm drains that lead directly to our lakes and rivers.
- Keep it clean. Whether in the street or in your yard, remember to keep leaves, grass clippings, trash, and fertilizers away from storm drains.
- Only rain in the drain. Never dump motor oil, chemicals, pet waste, dirty or soapy water, or anything else down the storm drain. All of these materials pollute our lakes and rivers!
- Clean it. Clean up after your pet to reduce pet waste traveling to local waterways.
- Dispose of it properly. Take household hazardous waste (paint, motor oil, etc.) to a local collection event.

Having a clean environment is of primary importance for our health and economy. Clean waterways provide recreation, commercial opportunities, fish habitat, and add beauty to our landscape. All of us benefit from clean water - and all of us have a role in getting and keeping our lakes, rivers, wetlands, and groundwater clean. Winter Storage of Lawn & Garden Chemicals

As summer winds down and we begin fall it is a good time to start thinking about how to properly take care of those lawn and garden chemicals that have been sitting on a shelf in your garage or shed.

First, make notes on how much of each lawn and garden chemical was used this year to be able to purchase only the amount necessary for next year. If possible it is best to not store chemicals through the winter. A great recommendation would be to buy only the amount of chemicals needed for a specific year and minimize the amount that needs to be stored.

But for those who have some that need to be stored, **be sure to store pesticides and fertilizers in their original containers.** Containers need to be tightly sealed for storage to minimize the amount of moisture that enters the container. **It is also recommended that you follow manufacturers directions for storing each chemical.**

Most liquids and some dry pesticides and fertilizers should be kept from freezing. Freezing temperatures and moisture can cause ruptures in some types of containers and may alter the chemical quality of some liquid products, reducing its effectiveness. Dry materials, such as fertilizers, may not be damaged by freezing temperatures but do not tolerate moisture. Dampness reduces the shelf life of many chemicals and can cause deterioration of metal or paper containers. Keep in mind that most fertilizer products are combinations of chemical salts that attract moisture. Store chemicals on a shelf or location off the floor to minimize the chance of drawing moisture, to allow adequate ventilation, and to minimize access by children and pets.

IMPORTANT: Always store these chemicals out of the reach of children. If possible, designate a ventilated cabinet for lawn and garden chemicals and keep it locked.

Do not store powders, dusts and granules close to liquid pesticides such as three way broadleaf herbicides etc. The ingredients in this material and others are volatile and may contaminate other products held in close storage. Adequate ventilation is also important.

SAFETY TIP: Keep cleaning supplies, such as rubber gloves, kitty litter and paper towel, near the areas where

these chemicals are stored to aid in the cleanup of any spilled chemicals.

Do not dump these products in the sink, on the ground, or into a storm drain.

Residents that have old or unwanted pesticides or herbicides may drop them off at Ingham County's Health Department on Tuesdays and Thursdays, May-September, between the hours of 2-6 p.m. You do not need to be an Ingham County resident to take advantage of their pesticide disposal program. For more information, call (517) 887-4312 or visit hd.ingham.org and click on Waste Management and then Household Hazardous Waste Home Page.

Regional Transportation Improvement Plan (TIP) Available for Public Review

The Transportation Improvement Program (TIP) for FY 2020-2023 is the short-range capital improvements program for roads, pathways, transit and other transportation elements in mid-Michigan's Clinton, Eaton, and Ingham counties. It includes descriptions of the regional transportation planning process, as well as state and federal regulations that guide that process and it lists transportation projects proposed for 2020 through 2023. The TIP is developed and adopted by the Tri-County Regional Planning Commission, a cooperative planning effort, where the projects listed represent agreed upon priorities as identified by our many transportation planning partners.

The FY 2020-2023 TIP is focused on transportation projects that will be funded with federal and state transportation funds. It includes project information about various transportation modes and projects in this program are listed by state and federal funding category and by year. Per requirement, it is fiscally constrained which means that only projects with confirmed funding may be listed.

The draft FY 2020-2023 TIP document is publicly available for your review. Additional information about the TIP and regional transportation planning processes are available online at <https://www.mtcrpc.org/tip>.
