

Michigan Real Estate Transfer Tax

You may contact the Dickinson County Register of Deeds office for transfer tax fees.
MCL 207.505, MCL 207.526

A written instrument subject to the tax imposed by MCL 207.505 Section 5 and MCL 207.526 Section 6 shall state on its face the Total Consideration of the real property. (Refer to acts for details.) Transfer tax imposed by each act shall be collected unless said instrument of transfer is exempt from either or both acts and such exemptions are stated on the face of the deed. (See **State Exemptions** or **County Exemptions**)

The tax shall be upon the person who is the seller or the grantor.

In case of an exchange of two properties, the deeds transferring title to each are subject to tax, and in each case, shall be computed on the basis of the actual value of the property conveyed.

Conveyances affecting property situated in more than one county must state the portion of the sales price attributable to each parcel lying in the separate counties and transfer tax must be paid to each county for that portion of the sale price.

Documentary stamps shall be purchased only in the county in which the property is located.

No fee is charged for filing the "Real Estate Transfer Valuation Affidavit", but the instrument should state that a real estate transfer valuating is being filed.

This tax is paid to the Dickinson County Register of Deeds.

All checks for revenue stamps and/or county tax certifications should be made payable to Dickinson County Register of Deeds. The amount(s) may be paid with one check along with recording fees.
