Carried, all voting aye.

PUBLIC COMMENTS:

County Office for the Aging Director Dr. Diane Spanos of 3676 Crestview Road, Bemus Point NY spoke in support of Resolution 79 to receive funds to renovate the Dunkirk Senior Center.

Tom Mleczo of 119 Margay Street spoke in opposition of the Resolution for Chicken Hens and stated that currently we are having issues with chickens in the City, if we have issues when they are not legal, what is going to happen if they are sort of legal, who is going to enforce this, the animal control officer is not contracted, what about the rodents, the smell, the surrounding property values, how will the waste be disposed of, can we put it into our regular garbage pickup, will the County landfill take it, does the constructed coupe have to meet the current zoning restrictions. The current code states it best; chickens are not permitted in the R2 general residential district. Residential, we are not agricultural. He also spoke about the Resolution to change residency requirements for Camp Gross, stating this is the 29th year the City of Dunkirk has run its camp program, now all of a sudden there is a residency issue that comes under question. Did someone seek out the persons who take the registrations to ask if this has been a reoccurring issue or is this a knee jerk reaction to one complaint. It has been running smoothly for 29 years, it's not broke don't fix it. Camp is run by the City and priority should be given to the City residents, I am not saying non residents should not be allowed to attend camp I am saying wait your turn. Council members are elected by the residents to protect the interest of the residents. Changing residency requirements for camp could prevent the child of a City resident from attending.

Diane Choden of 440 Lord Street spoke in opposition of the Resolution to change residency requirements for Camp. The Resolution as its written, Dunkirk public schools get first

consideration followed by area parochial and private schools so if you have a resident student of NCCS that person is behind a Dunkirk public school student who may live in Sheridan or Pomfret, I don't think that is fair. If you want to be inclusive I don't have a quarrel. In my experience with the camp it's been very inclusive. What was this about, one kid who couldn't get the particular week he wanted. Let's not discriminate against a resident.

Joseph D'Amore of 312 Mullet Street spoke in support of the Resolution for Chicken Hens. I think if we set up boundaries and strict guidelines I think it can be controlled. I would be willing to help and have done research about this. There are chickens in Dunkirk so why don't we get control and make rules for them.

Jeannette Delgado 310 Eagle St spoke in support of the Resolution for Chicken Hens. I think with the right stipulations and protocols this could be done. If we always concentrate on the negatives of the situation instead of the positive outcome we will never have anything and also spoke in opposition of the Resolution to change residency requirements for Camp Gross.

Lillian Divine of 618 Main Street spoke in opposition of the Resolution for Chicken Hens stating she is not concerned about the few residents who would do a good job keeping their chicken coops clean and in good condition, it's the many residents who will not. We cant even get people to keep the property in front of their houses clean let alone a chicken coop in their back yard. Has anyone done any research on if this brings an increase on rodents, bugs and diseases in the City. Will it attract critters like fox. Who will pay for the Animal Control person who will need to inspect these coops, will he be compensated or will that be added on to Building and Zoning as if they don't have enough to do. Will we need to hire someone to keep track of this, who will pay for the software to keep track of these licenses and mail reminders to renew the licenses. Will this be cost effective. There is a reason the City stopped allowing people to have chickens, pigs, goats, horses and sheep. Maybe if we want to have these types of animals we should be living in the country. Maybe the man who has the chickens and is taking care of them should be grandfathered in.

COMMUNICATIONS FROM THE MAYOR INCLUDING DISAPPROVAL MESSAGES:

Mayor Rosas stated that The City of Dunkirk will be receiving \$750,000 for an expansion project at our Senior Center. The project will include an expansion of the current footprint in order to provide extended services to our Senior Citizens. I am happy to be partnering with the Chautauqua County Office of the Aging in order to bring this project to a reality. The funds will be coming from the New York State Dormitory Authority and without the help of Dr. Spanos I would probably not be making this announcement today. With the help of Governor Cuomo the City of Dunkirk was able to successfully recover \$125,000 from the 2015 flood damage at Memorial Park and the Water Treatment Plant. Reminder to everyone to come out and give your input for the comprehensive plan. We will be holding 2 community workshops on July 31st from 10:00am-2:00pm at Iglesia Getsemani and at the Kosciuszko Club from 4:00pm-8:00pm, food will be included at both events , please feel free to stop by anytime during these allotted times. There will be a Community survey coming out shortly. Also, Resolution 82 to dedicate a stone plaque to Mr. Jim Nichols, he was a 50 year chairman of the Harbor Commission and a true friend of the Dunkirk Harbor.

COMMUNICATIONS FROM THE PUBLIC AND PETITIONS:

Request from Iglesia Cristiana Clinica Del Alma Inc to Worship outside in front of City Hall on August 17th and September 21st, 2018 at 7:00pm.

Councilman Williams stated that August 17th will interfere with the boat show so he will not be voting for this Resolution.

Councilman Civiletto stated that he gave an oath to uphold the Constitution of the United States when he was elected. The First Amendment states that the Government is not to establish a religion and I think that the significance of holding a religious event in front of City hall, symbolism is not what we should be doing. Even though the First Amendment also states freedom of speech, they can have freedom of speech and freedom of religion wherever they want but I don't believe the City should be in essence sponsoring it in front of their greatest symbol.

No motion was made. DIES as is.

Request from National Multiple Sclerosis Society for use of shelter space and rest rooms for a rest stop along their cycling route for the MS: Great Lake Escape on Saturday, August 11, 2018 from 6:00am-12:00pm.

Councilman-at-Large Woloszyn stated a motion is needed to refer to appropriate departments as well as approve subject to appropriate insurances and usual conditions.

Carried, all voting aye.

Loudspeaker Application from:

Iglesia Cristiana Clinica Del Alma Inc to use Drums, Keyboard, Speaker, Amplifier and Microphones outside in front of City Hall on August 17th and September 21st, 2018 at 7:00pm.

No motion was made. FAILS.

D & F Boys & Girls Little League to use a sound system at Point Gratiot on August 4, 2018 from 7:00pm-10:30pm.

Councilman Bamonto made a motion to approve. Seconded by Councilman Williams.

Carried, all voting aye.

REPORTS OF STANDING COMMITTEES, BOARDS AND COMMISSIONS:

Councilman Williams stated the DPW Committee meeting will be held on Tuesday, July 24, 2018 at 4:00pm in the Mayors Conference Room, the public is welcome to come and inquired to DPW Director about the progress on the traffic light at Second and Roberts. On Friday there was a section of our local newspaper with the editor discussing different things about the first proposed site for the Methadone clinic, I contacted the editor of the Observer a couple times and told him he was wrong in his article, Councilman Bamonto, myself and Councilman-at-Large Woloszyn were not part of anything that stopped the Methadone Clinic from going in the

Flickinger building. We did have a meeting in March 2017, we did talk about the Flickinger building site and council members were discussing what they thought. There was never a vote; I believe the building is owned DLDC which the council wouldn't have a vote on anyway. So for Mr. DeAgostino to put in the paper that we are in part to blame and that we got a reprieve. We did not get a reprieve from that because we had nothing to do with it. When we left that meeting, HUB was waiting for funding and approval from OASAS to run that program and to get enough money to fix that building.

DPW Director Woodbury stated that it is on the list to be worked on and commended the City Electrician for all of his hard work. Chief Ortolano spoke and commended the City Electrician for all of his hard work.

Councilman Bamonto thanked Mayor Rosas for his hard work and connecting with Governor Cuomo for

funding for the project on the Howard Avenue Bridge and gave Kudos to all the Parks, Wright Park beach is looking great, Main Street all the way by the Beach Hut, the Splash Pad is full the Point is full, the pavilions look great. DPW and Parks are doing great, the lifeguards are all staffed. Great job by all.

Councilman Heenan inquired about the power pole on 4th and Main Street that is wood.

DPW Director Woodbury stated the pole has been on back order for a long time and I will have an update for you at the DPW meeting.

Councilman Civileto spoke on behalf of the Community Advisory Committee and inquired to City Attorney Morrisroe for an update on the Floramo plan and inquired to Director of Development Yanus for an update on paving Central Avenue and inquired to DPW Director are we doing anything to inspect the railroad viaduct and thanked DPW Director Woodbury for the parking lot at the Senior Center and stated he attended the ceremony for the Howard street bridge, it was an awesome ceremony.

City Attorney Morrisroe stated that has been folded into the working group we have now with the vacant property study that was done. It is going to be a part of a bigger whole. I believe there is some grant money on the table to see about potentially enhanced enforcement to help AI out in the field.

Director of Development Yanus stated it is packaged together as one bid it includes paving and intersections. We went out to bid July 6th, we only received one result and it was extremely high. We have a conference with the County tomorrow to determine our next steps. This is part of our 2.5 million dollar Central Connections Project.

DPW Director Woodbury stated that Mayor Rosas has secured permission to do some cosmetic work on the CSX viaducts. There are some inspections that have to be done.

Councilman-at-Large Woloszyn inquired to DPW Director for an update on the Hoyt Street grass repair and reported that a street sign on the corner of Benton and Franklin that is bent. There is a Finance Committee Meeting at 4:00pm on Thursday; there will be a presentation by the auditors on the 2017 audit and thanked Dr. Spanos for the education, it sounds like an amazing project. On a negative note; I would like to speak about the letter to the editor, the editor's comments were uneducated and uninformed. It's an opinion page and an opinion article but when you start stating facts you will lose the opinion side of it and when you state wrong facts, your

fair game, for him to assume that the three of the and the previous council voted no on the Flickinger building couldn't be further from the truth. It was casual conversation, there was never a vote and during the casual conversation, Mr Williams and Mr Bamonto actually wanted it in that building. I was the only one who did not want it in the Flickinger Building and my reasoning was that we are spending and private developers are spending tens of millions of dollars on our water front and now we're going to put that type of a clinic in our water front. I was the only one against it and for him to state in that article that we all voted against it was the furthest thing from the truth. We did not get a reprieve; the fact is that the building needed way too much work. They were looking for a turnkey building. The building was purchased by the DLDC in 2009 for \$50,000; Councilmen Williams, Bamonto and myself weren't even Councilmen until 2016 so we obviously had no bearing on that.

DPW Director stated he will find a division to do that.

BY: ENTIRE COUNCIL

**AUTHORIZING GRANT APPLICATION FOR STATE AND MUNICIPAL
FACILITIES PROGRAM FOR THE SENIOR CENTER**

WHEREAS, the City of Dunkirk in coordination with the Chautauqua County Office for the Aging has applied to the State and Municipal Facilities Program of the New York State Dormitory Authority for the upgrade and expansion of the Dunkirk Senior Center; and,

WHEREAS, said funding would allow the Center to maintain current programming, upgrade existing facilities and build out additional space for the Office of the Aging, the Chautauqua County Adult Day Care program, and satellite medical offices for the Chautauqua Center; and

WHEREAS, the state has given preliminary approval of \$750,000 for this project; and

WHEREAS, as a requirement of the full application for the program, the City must obtain the approval of the governing body of the municipality in which the project will be located; now, therefore, be it

RESOLVED, that the Dunkirk Common Council does hereby authorize execution of the City's application for a grant by the Mayor under the State and Municipal Facilities program.

Carried, all voting aye.

RESOLUTION # 80-2018
July 17, 2018

BY COUNCILMAN WILLIAMS:

**PIPE MODIFICATION AND REPLACEMENT FOR WASTEWATER TREATMENT
PLANT**

WHEREAS, the City of Dunkirk (Dunkirk) has recognized it must address inadequacies at the City's wastewater treatment plant that urgently require repair and/or replacement; and

WHEREAS, the New York State Environmental Facilities Corporation (NYS EFC) granted the City of Dunkirk's application for funding in the amounts of \$2,543,750 in grant funds and \$7,602,250 in zero-interest loan funds for these replacements and repairs at the Wastewater Treatment Plant; and

WHEREAS, the low bid of \$2,295,000 from STC Construction, 63 Zoar Valley Road, PO Box 459, Springville, New York 14141 (STC Construction), was accepted by Common Council Resolution 86-2017; and

WHEREAS, it was identified that the expansion fittings on each storm water pump fitting are damaged and in need of replacement, modifications are required to the RAS pump discharge piping in order to connect into the main header, and existing mechanical timer based controls for primary sludge pumps are outdated and in need of replacement; and

WHEREAS, the failure of the piping and controls could limit the ability of the City to pump sewage through the treatment plant, potentially resulting in sewage backups and discharges; and

WHEREAS, to continue this work, a \$99,938.00 change order is recommended by DPW and the City's consulting engineers; now, therefore, be it

RESOLVED, that the Mayor is hereby authorized and directed to execute a \$99,938.00 change order for replacement and modification in general construction contract 17-1G with STC Construction, which will still keep this portion of the project under budget, and contingent upon the contractor first supplying all necessary approvals from EFC to meet their funding requirements for this work, and that payment for such work will come from City Fund #21.

Carried, all voting aye.

RESOLUTION # 81-2018
July 17, 2018

BY COUNCILMAN WILLIAMS:

ELECTRICAL REPLACEMENT CHANGE ORDER FOR WASTEWATER TREATMENT PLANT

WHEREAS, the City of Dunkirk (Dunkirk) has recognized it must address inadequacies at the City's wastewater treatment plant that urgently require repair and/or replacement; and

WHEREAS, the New York State Environmental Facilities Corporation (NYS EFC) granted the City of Dunkirk's application for funding in the amounts of \$2,543,750 in grant funds and \$7,602,250 in zero-interest loan funds for these replacements and repairs at the Wastewater Treatment Plant; and

WHEREAS, Dunkirk received sealed bids for required electrical work necessary to replace the plant's two decayed and inoperable bar screens grit removal system; and

that the low, sole bid of \$244,750.00 by BECC Electric Inc., 1007 Central Avenue, Dunkirk, New York 14048, has been deemed responsible by City DPW and by the City's consulting engineer, Wendel Engineers of Williamsville, New York; and

WHEREAS, it was identified that new disconnect and power wiring are needed for actuator operation; and

WHEREAS, to continue this work, a (\$14,146.33) change order is recommended by DPW and the City's consulting engineers; now, therefore, be it

RESOLVED, that the Mayor is hereby authorized and directed to execute a (\$14,146.33) change order for replacement in general construction contract 17-1E with BECC Electric, Inc., which will keep this portion of the project under budget, and contingent upon the contractor first supplying all necessary approvals from EFC to meet their funding requirements for this work.

RESOLUTION #84-2018
July 17, 2018

BY: COUNCILMAN WILLIAMS

**RESOLUTION PREVENTING THE DISCLOSURE OF EMPLOYEES'
PERSONAL INFORMATION NOT PRESCRIBED BY CIVIL SERVICE LAW**

WHEREAS, in 1911, a factory fire in New York City acted as a catalyst for the enactment of legislation to improve the working conditions of factory workers, which lead to the growth of the labor movement and labor unions that have worked to achieve significant health and safety protections in the work place as well as financial and humanitarian benefits for workers; and

WHEREAS, the labor movement in conjunction with the unified representation of employees provide a formidable force against specific unconscionable employer abuses to ensure the continuation of the protections in the workplace; and

WHEREAS, New York State law protects against certain illegal attempts to undermine the integrity of the labor movement and the protections they afford to the employees they represent; and

WHEREAS, in the recent decision *Janus v. AFSCME*, the United States Supreme Court held that workers are not required to finance union activity by the deduction of the payment of dues from their paychecks- an action which the Supreme Court determined to be subsidizing private speech; and

WHEREAS, the United States Supreme Court's decision will negatively impact the bargaining position of labor unions, thereby undermining the protections they afford to worker health and safety; and

WHEREAS, in light of this decision, it is anticipated that there will be attempts to acquire personal information of labor-represented employees with the intent to entice the employees to abandon their support of their labor representatives, in a clear effort to undermine the protections they afford; and

WHEREAS, on June 17, 2018 the Honorable Andrew M. Cuomo, Governor of the State of New York, in light of the *Janus v. AFSCME* decision, issued an Executive Order to protect the representation of the public sector workers for State entities and to shield those workers from the foreseeable abuse of personal information to harass and intimidate workers from engaging in union activities or seeking to become unionized; and

WHEREAS, the need to uphold and protect the integrity of the labor movement in the City of Dunkirk as a whole and, in particular the Dunkirk employees who they represent, is of paramount importance to the residents of Dunkirk; now, therefore be it

RESOLVED, that in accordance with New York State Civil Service Law §208(4)(a), within thirty days of a City of Dunkirk employee first being employed or re-employed by City of Dunkirk, or within thirty days of being promoted or transferred to a position subject to a new bargaining unit, City of Dunkirk “shall notify the employee organization, if any, that represents that bargaining unit of the employee’s name, address, job title, employing agency, department or operating unit, and work location;”, be it further

RESOLVED, that no City of Dunkirk officer or employee shall disclose the home address(es), personal telephone number(s), personal cell phone number(s), or personal email address(es) of a public employee, except to the extent provided for in accordance with New York State Civil Service Law; or to the extent compelled to do so by lawful service of process, subpoena, court order, or as otherwise required by law; be it further

RESOLVED, that this resolution shall not apply to work-related, publicly available information such as title, salary and dates of employment; and be it further

RESOLVED, that this resolution shall take effect immediately and shall remain in effect until otherwise superseded or revoked.

Carried, all voting aye.

RESOLUTION #85-2018

July 17, 2018

BY: COUNCILMEN BAMONTO & WILLIAMS

PROPOSED RULE CHANGE FOR CAMP GROSS APPLICATIONS

WHEREAS, under the current rules for application to the Camp Gross Summer Camp sponsored by the City of Dunkirk, the first week is reserved for only city of Dunkirk residents, after that it is residents first and then others can fill in for the remaining weeks; and

WHEREAS, this rule does not factor in the fact that many students in the Dunkirk Public Schools are residents of surrounding towns, such as Dunkirk, Pomfret and Sheridan; and

WHEREAS, this poses a problem for students who would like to attend camp with their friends on certain weeks, but because of the residency rules, cannot do so; now, therefore, be it

RESOLVED, that this Council consider changing the rule so that students of Dunkirk Public Schools get first consideration, followed by students that attend area parochial and private schools, instead of using residency as the metric.

Councilman Williams made a motion to TABLE. No one Seconded.

Motion to TABLE is denied.
