The Illinois Video Gaming Act authorizes the placement of up to 6 video gaming terminals in licensed retail establishments, fraternal and veteran's establishments with a liquor license, where permitted by local ordinance. The Act also sets forth both maximum wagers and maximum earnings. The maximum wager per hand is capped at \$2.00 and the maximum cash award for a single hand is \$500.00. Additionally, the value of credits are limited to 5¢, 10¢, or 25¢.

Video gambling revenues, after payouts to winners, are taxed at a flat 30% rate, with 25% going to the State and the other 5% going to the local municipality. The remaining 70% of revenue is divided equally between the establishments and terminal operators.

In 2021, the Village of East Dundee received \$310,273.04 in video gaming revenue for its 5% share. Currently, all video gaming revenue and licensing fees are placed in the capital fund to be used only for capital improvements in the village.

Year	Annual Revenue
2021	\$310,273.04
2020	\$140,413.81 (Covid related closures)
2019	\$203,302.98
2018	\$177,369.35

Eligible Establishments

Licensed establishments include licensed retail establishments where alcoholic liquor is drawn, poured, mixed, or otherwise served for consumption on premises, licensed truck stops and fraternal establishments.

Hours of operation for video gaming terminals

Video gaming terminals may only be played during the legal hours of operation allowed for the consumption of alcoholic beverages at the licensed premises.

State Restrictions

1. Location - Video gaming terminals may not be operated within 1,000 feet of a horse racing or riverboat gambling facility or within 100 feet of a school or place of worship.
2. Number of Machines - No more than six machines are allowed on any premises
3. Location of Machines - Video gaming machines must be located in an area that is restricted to persons aged 21 or older, and in view of at least one employee.
4. Age Restriction - No one age 20 years old or younger is permitted to play at a video gaming terminal.

All video gaming terminals must be located in areas restricted to persons over 21 years of age. Licensed video gaming locations that restrict admittance to patrons 21 years of age or older, are not required to have a separate restricted area. In locations where separation from minors is required, a physical barrier to the gaming area is required and may consist of a short partition, gate, rope or other means of separation and shall not visually obscure the entrance to the gaming area from an employee of the licensed video gaming location who is over 21.

The Video Gaming Act requires that video gaming terminals must be within the view of at least one owner, manager, or employee of the establishment who is over 21 and shall be present during all hours of terminal operation. While locations may utilize closed circuit TV to monitor the entrance to the area in addition to an employee, closed circuit TV may not be utilized in lieu of an employee. Licensed video gaming establishments must also prevent access to or play of terminals by any persons who are visibly intoxicated.

Available Restrictions

The Village Board may adopt its own local restrictions regarding video gaming including but not limited to:

- Gaming Revenue Limitations: Limiting the percentage of income received from video gaming to a certain percentage of the overall income of the establishment.
- License Waiting Periods: Ensuring interested locations are established businesses capable of operations without reliance on video gaming.
- Security and Public Safety Requirements: Surveillance requirements including burglar alarms and additional safety measures in place.
- Promotional Signage Restrictions: Restricting video gaming signage.

At the conclusion of the discussion, the Village board may choose to:

1. Establish a 1-year moratorium on new video gaming applications/approvals while gathering community feedback to determine if additional restrictions are necessary
2. Establish restrictions based on available options above
3. Continue forward as has been done in the past with no restrictions

Memorandum

To: Village President and Board of Trustees
From: Erika Storlie, Village Administrator
Katherine Diehl, Village Clerk
Subject: Creation of New B-5 Liquor License – Package & Pour
Date: May 16, 2022

Action Requested:

Staff requests the Village Board discuss and consider an ordinance amending Chapter 116 of the Village Code to add a new Class B-5 Liquor License allowing limited retail sale of package beer, wine and spirits as well as the sale of beer and wine for on-premises consumption.

Summary:

The Village has been approached by Jay Pastakia, owner of Dundee Marathon (305 E Main St, East Dundee, IL 60118) regarding his desire to have video gaming at his establishment in order to be able to compete with the other fuel stations in the Village. He is working with representatives from Accel Entertainment who advised that Harwood Heights and Oswego both recently created this same “package and pour” liquor license which allows customers to purchase packaged alcohol to-go, or purchase beer/wine for on-site consumption in a designated gaming area. This liquor license, if created, would allow Mr. Pastakia to apply to have video gaming in his establishment as the parameters of on-site consumption, as required by the state of Illinois, would be met.

If the Village Board decides to approve this new license, Mr. Pastakia would then apply for the license and return to the Board at a later date for potential approval. Creation of the Liquor Class does not guarantee any applicant will be awarded a license. Each item is a separate action of the board for approval or denial. If approval is granted Mr. Pastakia would return with more information regarding the layout of his store and how this would be accommodated.

Memorandum

To: Village President and Board of Trustees

From: Arts Council

Subject: Pride Month Art Activity

Date: June 6, 2022

Action Requested:

The Arts Council requests the Village Board discuss and provide consensus to the Council's idea of painting the "Big Chair" at the Depot in rainbow colors for the month of June, which is LGBTQIA+ Pride Month.

Summary:

The Arts Council met on June 1, 2022 and discussed ideas for commemorating Pride Month in East Dundee with an art project. The Arts Council would like to proceed with painting the "Big Chair" at the Depot in rainbow colors. The chair is currently in need of updating as the logo is peeling off and is not able to be removed without damage to the paint. An updated logo is going to be ordered and will replace the current one. This will necessitate a repainting of the chair. If the Village board provides a consensus to proceed, the chair will be painted for the remainder of the month of June. In July, the chair will be repainted back to a solid color and the new logo will be applied.
