B. Plan Review Required
A set of construction documents are required with each application for a permit, unless waived by the building official when code compliance can be determined based on the description in the application. Construction documents must be sealed and signed by an architect or professional engineer in accordance with 1980, PA 299 as amended. The seal and signature is not required for one and two family dwellings less than 3,500 square feet of calculated floor area and public works less than \$15,000 in total construction cost. For buildings regulated by the Michigan Building Code, a set of construction documents must be submitted with a separate application for Plan Examination, the appropriate fee, and approved building permit can be issued.
