

Building Department

In an effort to reduce exposure for those conducting business with the City of Eastpointe we ask the following:

Please apply for all permits on line. Our website has a user friendly program that allows contractors or homeowners to submit the required information to apply for a permit. You can also pay for the permit and schedule inspections through our website.

Rental Inspections can be requested by phone or via email. Direct phone numbers to schedule rental inspections are 586-204-3062 or 586-204-3027 or via email at: dlilly@eastpointecity.org or kmiller@eastpointecity.org

Questions about permits and inspections can be directed to 586-204-3030 or 586-204-3011 or by email at ctaylor@eastpointecity.org or ecarpenter@eastpointecity.org.

Code enforcement issues can be addressed through our Citizens Request for Action which is a program available through our website. Violation notices sent to property owners will include contact information for the inspector – please call the inspector directly.

Forms available on our website include rental applications, vacant structure applications, and permit applications.

City Hall has a drop box that you can make payment for permits, rental or vacant structure certificates and inspections. Be sure to label what the payment is for. Do not deposit cash. Questions not addressed above can be directed to the Mary Van Haaren, Building Official and Director of Planning & Zoning at her direct phone # 586-204-3022.

Finance Department

Payments for city business can be made with a check or money order (no cash) by using the drop box at City Hall. Payments can be made online with credit/debit cards by using the Online Bill Pay option found on the city's website. <https://www.cityofeastpointe.net/>
