

TREE PLANTING SEASON

For the first time since 2019, the city has trees available to be planted in the right-of-way, adjacent to homes.

The trees available include several different varieties of Maple trees (Autumn Blaze, Brandywine, Red Sunset and Red Pointe), as well as Princeton Elm, Catalpa, Sycamore and Cleveland Pear trees. The trees will be planted this year, weather permitting.

For further information, please contact Joseph Merucci @ (586)-343-8079 or jmerucci@eastpointecity.org
