# TODAY'S PRESENTATION

- Project status update for the Millwright Loop Roads Phase 1 – Demolition & Pre-Load project.

# PROJECT SITE WORK

# Project Progress

- Traffic Access routes installed, ongoing work to provide best route for public.
  - Utilities demolished, re-routed, and protected within surcharge area. New storm trench drain installed along southern project boundary.
  - Sand blanket brought onsite and placed.
  - Settlement monitoring plates placed; DEA surveyed.
  - Wick drains flagged and began drilling last week.
- 
- Future Work: Pre-load to be brought in and placed next year once wick drains are complete.

# Future Work – Phase 2

A large container ship is docked at a pier. A crane is visible on the left side of the ship, and a forklift is on the pier to the right. The ship has "Westwood Shipping Lines" written on its side. The image is overlaid with a dark blue tint.
