

YOU'RE INVITED! *EQUATOR* OPEN HOUSE

WHEN: JUNE 15 | 3 - 7 P.M.

WHERE: CORNER OF 10TH STREET & CRAFTSMAN WAY
OFF W. MARINE VIEW DRIVE IN EVERETT
(NEAR BOAT LAUNCH)

Join us to learn about efforts now underway to document and memorialize the iconic *Equator* vessel before she is officially laid to rest. Swing in to chat with students studying maritime archaeology and conservation at Texas A&M University and get a behind-the-scenes look as they document her remains in real time. Visit with Port representatives and our partners at Historic Everett at a variety of booths around the documentation site to explore the vessel's storied past, see renderings for a new interpretive exhibit and new children's ship-themed playset coming soon to the waterfront, and hear about plans to salvage some of her materials so parts of the vessel can live on in local art.

Froyo from the Menchie's food truck will be available while supplies last.

**COME LEARN WHAT'S
UNDERWAY NOW TO
HONOR THE LEGACY OF
THE *EQUATOR*!**
