

VILLAGE OF FAIRPORT COLLECTIVELY COMPOSTING

WHAT GOES IN? Food scraps, yard waste & food-soiled paper.

- Meat & Bones
- Fish & Shellfish
- Grains & Pasta
- Plate Scrapings
- Dairy Products
- Eggs & Eggshells
- Fruit & Veggies
- Food-soiled Paper & Cardboard
- Paper Coffee Filters, Coffee Grounds & Paper Tea Bags
- Wooden Utensils, Skewers & Toothpicks

WHAT STAYS OUT?

Pet waste, plastic, metal, etc.

- NO** Compostable or Biodegradable Plastic Products
- NO** Waxed Cardboard
- NO** Produce Stickers
- NO** Plastic, Styrofoam or Coated To-Go Wear (e.g. Coffee Cups)
- NO** Glass, Metal, Wire or Rubber
- NO** Pet Waste, Cat Litter or Seashells
- NO** Diapers, Baby Wipes or Dryer Lint
- NO** Invasive Species (e.g. Ivy, Japanese Knotweed, Broom, Blackberry, etc.)

The Village of Fairport is commencing with a pilot program to promote and educate the benefits associated with residential composting. Composting is the practice of separating organic waste (food waste and more) from regular land-fill bound household garbage so that it can be processed into a nutrient rich material (compost) that can improve soil quality. After preparing or enjoying a meal, leftover food scraps from cooking and your plate can be placed into your composting bin. By separating your food scraps at home, you are helping to send less waste to the landfill thereby promoting a less smelly landfill, reducing tipping fees incurred by dumping waste in the landfill...and most importantly...a cleaner and healthier environment. *A free composting bucket with lid will be provided to the first 250 participants.*

DROP OFF LOCATION #1

Potter Park Parking Lot—Corner of W. Church St. and Potter Place.

DROP OFF LOCATION #2

DPW Facility Parking Lot—22 Water St.

*Drop-off Locations open 24/7.
