

CITY OF FAYETTEVILLE

GARBAGE POLICY AND CART REPLACEMENT

Recycle Center is located at 705 South Main Avenue. You can take any of your plastics (#1 and #2), plastic shopping bags, newspapers/magazines/books, shredded paper, cardboard, aluminum cans, cell phones/computers and Latex paint cans. When you make the effort to separate and recycle your trash rather than throw it away, you are helping the environment.

The City of Fayetteville will provide a 96-gallon cart to each residence within the city limits, and it is to stay with the home. If you need an additional garbage cart, it will be your responsibility to purchase the garbage cart and there will be an additional sanitation charge on your bill each month.

Each resident is responsible for the proper care and security of the garbage carts. Customers will be charged a fee to replace carts that are damaged or destroyed other than through normal usage.

Residential garbage will be collected once per week. All trash must be bagged and in the garbage cart with the lid closed. If resident has more garbage than will fill in cart with the lid closed, resident is urged to purchase extra cart. We will **NO** longer be picking loose bags up off the ground. ***(We are not responsible for loose trash flying out of the truck!)***

We urge customers to clean carts periodically to keep foul odors down. Please place your carts within 2 feet of the curb with the handle toward your home. Please keep all carts at least 3 feet apart from each other and away from any other obstructions.

Garbage carts should be out by the curb/street the night before a scheduled pick-up and moved away from the curb/street as soon as possible after pick-up. **Garbage carts not out when our driver arrives will not be our responsibility.**

Any boxes put in the garbage cart should be torn down. Do not stuff whole boxes in the garbage cart. Please do not overfill or tightly pack items in the cart as this will cause damage.

Absolutely **NO** dirt, sod, rocks, mulch, concrete, bricks, construction debris, paint, oil, hot ashes, dead animals (weighing more than 10 lbs.), etc.... should be inside the garbage carts.
