

FORT STOCKTON POLICE DEPARTMENT OFFICER REVIEW

A Message from the Chief of Police

The employees of the Fort Stockton Police Department are dedicated to delivering the highest level of public safety services possible to the citizens of our community. We are dedicated professionals who hold ourselves to high standards of conduct and expect our employees to perform their duties with integrity and respect.

I am proud of those of us who go above and beyond and would welcome any accounts of our employees doing such. I also welcome you to just praise an employee for their dedication and professionalism, if you so choose. I like to share commendations as it serves an exemplary purpose with other employees and community members. It also allows those employees to advance in to positions that influence other employees.

I realize however that sometimes we will make mistakes. It is essential that I be made aware of any complaints toward our employees in order to ensure that we are providing the best level of service possible. As the Chief of Police, I have a responsibility to the citizens of our community and to the employees of the Police Department to make sure that all complaints are thoroughly investigated.

If you have a complaint or a compliment on one of our employees, please complete the attached form. We will evaluate the employee's actions based on the facts of the incident.

If you are filing a complaint, your complaint will be thoroughly investigated and handled as promptly as possible. A member of the department will be assigned to investigate your complaint and will be in contact with you very soon.

Ernesto Velasquez

A handwritten signature in blue ink that reads "Ernesto Velasquez". The signature is written in a cursive style.
