## RESIDENTIAL DUMPSTERS

---

### OVERVIEW:

A building permit is required for the placement of a dumpster on properties located within the Village of Frankfort. This is a no fee permit. Dumpsters must be located on private property and shall not be located in the Village right-of-way (no exceptions). Dumpsters are limited to a period of (30) days and must be maintained so the construction debris is contained within. The Building Official, based on the project, may grant extensions.

The property owner will need to submit the following information when applying for this permit:

- Complete and submit a building permit application.
- Provide a plat of survey indicating where the dumpster will be placed. An aerial view of the property may be accepted if the applicant cannot provide a plat of survey.
- Submit developers' approval and or Homeowners Association approval if applicable to your subdivision.
