FIRE PROTECTION SYSTEMS

OVERVIEW:

A permit is required for the installation of a fire sprinkler system. The current building permit fee is \$150.00 plus plan review fees from the village plan review consultant.

APPLYING FOR THE PERMIT:

The property owner will need to submit the following information when applying for this permit:

- Complete and submit a building permit application.
- Submit (3) sets of plans and specifications for the proposed construction. Plans must be prepared and sealed by a licensed design professional or prepared by a technician who holds a valid NICET level (3) or (4) certification in fire protection technology.
- Contractor registration is required prior to issuance of the permit.
- **Required Inspections:** a final inspection to verify code compliance will be conducted by the Frankfort Fire District.
