FURNACE REPLACEMENT

OVERVIEW:

A permit is required for an installation of a furnace. The unit must be installed in accordance with the manufacturer's installation requirements. The current permit fee is \$55.00.

APPLYING FOR THE PERMIT:

The property owner will need to submit the following information when applying for this permit:

- Complete and submit a building permit application.
- Provide a copy of the manufacturer's installation requirements and material specifications.
- If you plan to replace your furnace to a high efficiency unit and venting directly to an outside wall, make sure your contractor maintains the appropriate clearances to windows and any fresh air intakes.
- Contractor registration is required prior to issuance of the permit.
- **Required Inspections:** Final electrical inspection is required.
