GENERATOR

OVERVIEW:

A permit is required for an installation of a generator. The current permit fee is \$70.00.

APPLYING FOR THE PERMIT:

The property owner will need to submit the following information when applying for this permit:

- Complete and submit a building permit application.
- Submit a plat of survey indicating the proposed location of the generator in relation to the property lines and structure.
- Provide a copy of the manufacturers installation requirements and material specifications and size of the unit.
- Contractor registration is required prior to issuance of the permit.
- Submit Developer's approval or Homeowner's Association approval, if applicable to your subdivision.
- **Required Inspections:** A final electrical inspection to verify compliance with the approved drawings and the National Electrical Code. Additionally, if the unit is gas operated, the village plumbing inspector will conduct a final inspection of the gas line.
