

WYOMING CERTIFICATE OF TITLE SAMPLE AND INFORMATION

The next two pages are a sample of the front and back of a Wyoming Title. The sample shows a title with a lien on it and how the back of the title must be completed by both the seller(s) and the purchaser(s) of the vehicle. You may wish to print these pages so that you may carefully review each step.

If after reading and reviewing the sample you still have questions with regards to completing the back of a Wyoming title, please contact the county clerk's office (307) 332-2405.

It is the policy of the Fremont County Clerk's office never to notarize any signatures unless the Assignment of Ownership and Odometer Disclosure Statement are completed (we do not notarize open titles). This is to protect both the seller and purchaser. By Wyoming Notary laws, we can only notarize signatures if the person(s) signs the document in front of the notary and provides proper ID.

FRONT:

1. All information is completed by the county clerk's office after working with the customer.
2. If money is not borrowed to purchase the vehicle the bottom portion will be blank and a transfer of the title to the purchaser(s) may be made.
3. If there is a lien, the right side across from that lien must be completed by the county clerk's office after receiving a "Lien Release" before a transfer can take place. If there is not information under Lien Release (this sample shows a release), the SELLER must provide the PURCHASER with a correctly executed lien release from the lending institution identified on the title. Without this information the county clerk's office cannot transfer the title to the new owners until the seller obtains the necessary paperwork from the lending institution on the title.

BACK:

1. Please carefully review the back of the title to make sure both the seller(s) and purchaser(s) have correctly completed all areas to properly transfer the title (ownership) of the vehicle. If it has not been properly completed, you will be turned away at the counter and/or the paperwork returned to you.
2. ALL seller(s) signatures must be notarized; whether the parties come to the county clerk's office or go to a different notary, depending how the title owner(s) are joined (see options below).
