

STATE OF WYOMING)
) ss.
COUNTY OF FREMONT)

LANDER, WYOMING
OFFICE OF THE FREMONT COUNTY COMMISSIONERS
MARCH 8, 2022

FULL DETAILED REPORT

The Board of Fremont County Commissioners met in Regular Session at 9:00 a.m. with the following members present: Chairman Travis Becker, Vice-Chairman Larry Allen, Jennifer McCarty, Clarence Thomas and Michael Jones. County Clerk Julie A. Freese was present.

Larry Allen moved, Clarence Thomas seconded, to approve the agenda as amended. Motion carried unanimously.

Jennifer McCarty moved, Mike Jones seconded, to approve the minutes of the Regular Meeting held on March 1, 2022. Motion carried unanimously.

Jennifer McCarty moved, Clarence Thomas seconded, to accept the bills for payment. Motion carried unanimously.

<u>Vendor</u>	<u>Department</u>	<u>Description</u>	<u>Amount</u>
A & I Distributors	Vehicle Maintenance	Oil/Fluids	\$1,393.18
Albright, Harold	Planning	Reimburse Expenses	\$75.60
Amerigas Propane LP	County Buildings	Propane	\$3,230.82
B & B Enterprises LLC	Planning	Signs & Supplies	\$268.40
Bailey Enterprises, Inc.	Inventory	Bulk Fuel	\$24,101.83
Bank of the West	Detention Center	Supplies	\$62.60

The following items in the Signature File were reviewed: 1) Exemption forms for Kenneth Haslam (Executive); Brad Meredith (Executive) and the following Administrative Kevin Shultz, Darrell Petersen, Clyde Winchester and Billy Meeks. 2) Letter of support to the Wyoming Arts Council for the "Fremont Passage" sculpture to be created in Fremont County and installed at the Central Wyoming Regional Airport located in Riverton, Wyoming; and 3) Record of Proceedings. Notice of Award Letters (5) and Denial Letters (3) for the previously approved ½ % MOVE Applications for this quarter were reviewed. Mike Jones moved, Jennifer McCarty seconded, to approve the letters as presented. Motion carried unanimously. Larry Allen moved, Mike Jones seconded, to approve the HIPAA Exemption Election Document to the Centers for Medicare & Medicaid Services for the plan year July 1, 2022 through June 30, 2023. Motion carried unanimously. Larry Allen moved, Jennifer McCarty seconded, to approve an Approach/Access Application for Janet Jensen on Riverview Cutoff Road. Motion carried unanimously.

The following items in the Priority Mail were reviewed: 1) State Board of Equalization Decision and Order affirming Assessor's valuation in the appeal of Ann S. Watkins and Frank B. Watkins; 2) acknowledgement of the Fremont County Library System Organizational and Personnel Policies; and 3) Library approved minutes (to be accessed via their website in the future).

Sheriff Ryan Lee presented a monthly report for February as follows: Detention: Bookings totaled 195 (down 24 from prior month) originating from Riverton PD (99); Fremont County Sheriff's Office (43); Lander PD (36); Wyoming Highway Patrol (11); US Marshalls Office (3); Shoshoni PD (1) and out of county arrests (2). Sentenced inmates total 55 (41 males; 14 females) with 103 pre-adjudicated (down from 21 the prior month). Current inmate population as of March 7th is 153 in house and 158 in custody (114 males, 39 females, 5 juveniles and 0 out of county adults). There are no COVID issues at this time. A cook has been hired, still have openings for four Deputy Sheriffs (one conditional offer) and one nurse. The total Detention budget is 49% at 67% of the fiscal year (Prisoner Board 73.2%; Overtime Pay 79.3%; Medical 32%; Contractual Services 70%). Emergency Dispatch Center: Currently down five positions

with one conditional offer. Are using temporary, part-time employees, currently at six (previous employees, retirees, etc.). There are no budget considerations at this time. Patrol/Enforcement: Down one position in the Riverton Division. Total calls for service are 1,045 this calendar year. Capital Revolving Fund purchases of firearm acquisitions are complete, one vehicle is in the process of being retrofitted and the remaining vehicles still being shipped. A grant has been secured for K9 platform and accessories for the new K9 vehicle made possible through the Fremont County Prevention Program. Commissioner Thomas asked if additional K9 units might be possible due to the rise of Retinol use within the County, and discussion was held that it could be a possible ARPA grant request. Budget considerations (at 67% of fiscal year) indicate Fuel is at 69%; however, the overall budget is at 63%. Search and Rescue: Mission count remains at 16 missions this fiscal year (compared to 30 this time last fiscal year). Out of these 16 missions, air resources were utilized six times and there were three fatalities. There are no budget considerations at this time. The Commission further complimented the efforts of the Prevention Program administrator.

County Coroner Larry DeGraw gave statistics for January that totaled 24 deaths in the first 24 days of the month. Of these, 17 were natural deaths, three accidents, two suicides and two other. Of these, three were drug and or alcohol related; however, these numbers can change pending toxicology reports. February totaled nine deaths; of these six were natural deaths, one accident; one suicide and one other. March has three cases so far. The Chief Deputy and Deputy are taking at least two vacation days per month in an effort to use accrued time before they lose it. Will be focusing on the upcoming budget and have identified things that will be changed. Coroner DeGraw informed the Board that the Wyoming Law Enforcement Academy no longer offers Coroner Basis training, it is now only being offered as an online training course costing \$795.00. He has enrolled and is 45% done. He expressed concern that the course is offered by Death Investigation Academy, approved by both the Board of Coroners and the Wyoming Peace Officer Standards and Training (POST) Commission; however, he does not feel the training is focused on Wyoming topics.

Wind River Visitor's Council Executive Director Helen Wilson stated that the Council is mentoring three students to work on getting Dubois and Lander-South Pass City recognized as Gateway Communities for the Continental Divide Trail. This is a senior project in the Outdoor Recreation and Tourism Management degree program at the University of Wyoming. The three students introduced themselves as Seth Kemp, Bowen Reber and Cooper Reisbeck and reviewed the efforts of the Continental Divide Trail Coalition (CDTC), a 501(c)3 non-profit organization formed in 2012 that is committed to the preservation, protection and promotion of the Continental Divide Trail. The CDTC works with communities in close proximity to the Trail in order to designate them as Gateway Communities. The Designation would allow these towns to take advantage of their current infrastructure to support trail users as well as gain the benefits of what the CDTC does for each individual location under the designation. Short-term benefits would be national designation network and communication, recognition and visibility through signage, press releases, website and publications and enhanced partnerships with public land agencies and volunteers. Long-term benefits include increased community environmental stewardship, increased sense of place and cultural sustainability and train-friendly promotion through marketing techniques. The designation of Dubois and Lander-South Pass City is aimed to be complete by early May, along with a designation celebration hosted by the Wind River Visitors Council as well as the Continental Divide Trail Coalition. Wilson noted the trail currently exists; however, the closest access is Pinedale and this designation would put Fremont County on the map as an entrance to the Trail. Chairman Becker applauded the men for their efforts and relayed an encounter he had last year when he visited with some of the Trail travelers who were heading to Pinedale, and with Becker's encouragement, turned them towards Lander which was much closer. Commissioner Thomas requested the Tribes be contacted and made aware of the Designation through the County's representative on the Wind River Visitor's Council, Cy Lee. Mike Jones moved, Larry Allen seconded, to approve a letter of support for the designation of Dubois and Lander-South Pass City in becoming Gateway Communities for the Continental Divide National Scenic Trail. Motion carried unanimously. In other business, Chairman Becker expressed appreciation for a recent video he saw on fly fishing that is one of the WRVC's projects to promote tourism and Wilson stated that lodging tax in the State saw record breaking numbers last year and she feels it will continue this year as people will be traveling to Yellowstone National Park in recognition of its 150-year celebration. She is working on the first annual report listing all their projects.

A Public Hearing was held at 10:00 a.m., as advertised, regarding Fremont County Retail Liquor License renewal applications for the license year April 15, 2022 through April 14, 2023 as follows: 3 Spear Ranch, Atlantic City Mercantile, B & K Shoreline Stop, Boysen Marina & Campground, Brooks Lake Lodge, Frank's Butcher Shop, Kinnear Store, Lava Mountain Lodge, Lazy L & B Ranch, Line Shack, Lou's Midvale Store,

Miner's Grubstake, PMS Fireworks & More, Rezeride Roadhouse, Rock Shop Inn, Split Rock Bar & Café and Triangle C Ranch. A letter from the Sheriff's Office was acknowledged stating "the Sheriff's Office has no area of concern with any of the establishments and the Alcohol Compliance checks for 2021 resulted in no infractions for furnishing alcohol to minors." Mike Jones moved, Jennifer McCarty seconded, to approve the renewal applications. Motion carried unanimously. A Transfer of Ownership of a Retail Liquor License was reviewed from Crooked Creek Meadow Operation LLC to High Elevation LLC d/b/a Crooked Creek Guest Ranch. Mike Schaan was in the audience and reviewed their plans for expansion of the business which he plans to have open year round. It was noted that the current owner, Crooked Creek Meadow Operation LLC, has a Sales Tax Hold Notice on the establishment; however, has stated it will be cleared up when the sale closes on March 31, 2022. Larry Allen moved, Jennifer McCarty seconded, to approve the Transfer of Ownership to High Elevation LLC d/b/a Crooked Creek Guest Ranch effective April 15, 2022 pending the release of the Sales Tax Hold Notice. Motion carried unanimously.

Fremont County Planning Department Supervisor Steve Baumann presented a plat for Pince Subdivision, a one lot simple subdivision located approximately 3.5 miles east of Pavillion at the intersection of Harris Bridge Road and West Powerline Road. Jennifer McCarty moved, Mike Jones seconded, to approve Pince Subdivision as recommended by the Fremont County Planning Commission. Motion carried unanimously. Baumann presented a plat for KY Subdivision, a two lot simple subdivision located approximately nine miles east of Pavillion off Missouri Valley Road, just east of the intersection of Missouri Valley Road and Eight Mile Road. Jennifer McCarty moved, Mike Jones seconded, to approve KY Subdivision as recommended by the Fremont County Planning Commission. Motion carried unanimously.

In other business, Steve Baumann referenced his monthly report by stating "County budgets will be impacted for the remainder of FY 22 by approximately \$8,000 per month for gasoline and \$9,000 per month for diesel. Most of the impacts will be in the Sheriff's Office (+\$4,000/month) and Transportation (+\$10,600/month)". These figures are based on the most recent fuel delivery on March 3rd which, when compared to the average fuel prices of \$3.12 for gasoline and \$3.8 for diesel during February, saw a rise to \$3.63 for gasoline and \$4.31 for diesel.

Commission meeting reports were given:

Chairman Travis Becker attended the Central Wyoming Regional Airport Board meeting and asked that the Fremont Air Service Team (FAST) be invited to an upcoming meeting to provide an update, specifically collections (reduced flights) vs. minimum revenue guarantee, etc.

County Clerk Julie Freese stated the Wyoming House and Senate Conference Committee will begin today in looking at differences in the legislative redistricting bill. The House version increases the Senate by one to 31 members and the House by two to 62 members, and the Senate version redraws districts keeping legislative numbers the same (30/60). Once the legislative districts are finalized, it will be time to begin looking at Commission districts in Fremont County. It will be important to let the voters know of any changes at that time. The Auditors were here last week and the Audit Committee will meet next week and she tentatively expects the final Audit report to be presented to the Commission during their March 22nd meeting. Discussion will also be held on bringing in outside help to assist with the annual audit as previously recommended by the Audit firm.

Commissioner Clarence Thomas relayed a conversation he had with Chief Auditor Mr. Lund and his recommendation to the Commission to bring accountability to the Treasurer's Office along with active responses to his communications as well. Thomas assured Mr. Lund that any concerns he expressed to this Board would be acted upon immediately.

District Court Judge Jason Conder and Circuit Court Judge Jefferson Coombs joined Building Maintenance Supervisor J.R. Oakley to discuss court remodeling suggestions. Judge Coombs stated that at present, the situation is untenable and not safe or appropriate for the decorum of the court. When he arrived several months ago, he was given a small office that is easily accessible to the public and not safe. The second concern is he has to enter the Circuit Courtroom through a door to the gallery and he cannot see what is on the other side. These situations are worrisome and create a potential for something bad to happen. As a result, they have been discussing some proposed changes for a long term solution. He suggested that the current Circuit Courtroom is better suited for a District Courtroom as it is large and contains a large jury box. The proposal is for the former rooftop exercise area of the old Detention Center be roofed and remodeled into a Circuit Courtroom, and the Auxiliary Courtroom (Judge Kail Reading Room) be

remodeled into his private chambers and a jury room, providing appropriate, safe areas along with a private entry and exit into the Courtroom. Judge Conder agreed that a long term plan is important and agreed with the proposal Judge Coombs discussed, further stating that he is here full time but there is another District Court Judge here on a part-time basis, who currently uses the Auxiliary Courtroom; however, could then use either the current District Courtroom or Circuit Courtroom. Senate Bill 26, currently before the Legislature, will add three additional judges in Wyoming, and he envisions that within 5-10 years, there will be another full time judge located in Fremont County due to the caseload. As an example of working with what is available, Judge Tyler is presiding over a jury trial this week in the District Courtroom and, needing another Courtroom, Judge Conder is holding court at the Federal Courtroom south of Lander. They have been making do with what they have, but the proposed plan will provide a better use of space, which is available, and save on building another Courthouse anytime in the near future. Oakley further noted the proposed plan would allow the public to do their business with the Circuit Court clerks and Clerk of District Court offices without interfering with the Judges' private spaces, which will require an ID to enter, and also provides for total separation between the two Courts. The Law library would then be relocated into the current office space of Judge Coombs and an adjoining Court Security office; which would still provide a room for arbitration purposes, just like currently exists in the Law Library. If the Board approved moving forward with the planning phase, an architectural design would be sought that would provide costs for the project. Commissioner Thomas agreed that additional security is vital and Commissioner Jones, liaison to Building Maintenance and aware of the proposal, expressed his support and work done on preparing the plan. County Clerk Julie Freese indicated an estimate amount would be needed in order to apply for the County ARPA funding and Oakley estimated a cost between \$350,000 to \$425,000 with a time frame for completion to take four to six months. The Commissioners were in agreement to begin the process of funding avenues and also the need for a tour of the area to look at the proposed changes in the near future. Oakley will further look into other funding sources besides the County's ARPA funding, such as State ARPA, State Lands and Investments Board and potential funding through the Supreme Court. Chief Civil Deputy Jodi Darrough stated there is a new architectural and procurement act that she will research.

IT Supervisor Kevin Shultz stated the Commission is aware of what is happening in the world with cyber warfare and regular criminal activity, which has escalated since the Russian invasion in Ukraine. There is no technology 100% effective against it and ultimately comes down to the users. He is proposing a training for all users. At this time, he is concerned that the last mandatory training offered during an Elected Officials/Department Heads monthly meeting was very poorly attended, with at least one office not sending anybody. He sent out a phishing simulation shortly after the training to 92 users total, and in the end, six users clicked on it and four entered data. If this had been a real phishing threat, it would have been disastrous to the County. We are in dangerous times which require extra safety measures. At this point in time, the industry agrees user training is necessary in order to protect assets. He suggests a training given at regular intervals that would take between 10-15 minutes that would be mandatory for all users and participation needs to have some teeth, perhaps if users don't take the training and pass it, they lose their access to the internet, e-mail, etc. Commissioner Thomas agreed with the cyber treat issue; however, stated there are challenges of this organization as individual Elected Officials need to agree to the mandatory training for their employees. Chairman Becker felt that making the training mandatory is no different than the mandatory training the Commissioners have to take on an annual basis to be in HIPAA compliance. He further felt an immediate meeting with Elected Officials be held and discuss this serious situation that affects not only individual departments but the County as a whole. A luncheon meeting will be scheduled for April 5th with all Elected Officials to discuss cyber security issues and if needed, budget updates. Shultz stated he is ready for the mandatory training implantation to begin when asked to do so.

Priority Ambulance Director Adam Stockton, assigned to Frontier Ambulance, introduced himself to those who had not met him when he began two months ago. Present was Sheriff Ryan Lee, Dispatch Supervisor Carl Freeman and Sheriff's IT Supervisor Jesse Lyles. Stockton expects to meet monthly with the Board. Since he began, there have been some IT issues in getting both the Sheriff's Office and Frontier to agree on what the Spillman system needs for data feed, time stamps, etc. Recently some interface software has been purchased that provides the data feed into the database and once the data is coming through, information can be available in less than 24 hours. The Commission needs the data to present to the various communities who have been asked to help with funding the Ambulance. Lyles noted there are between five and six different options with data interfacing and once the software is received, he will escalate the priority to get it working in less than two weeks, as they must wait on Spillman's scheduling for installation. The Board asked to be kept apprised of the process.

Vice-Chairman Larry Allen reviewed his conversation yesterday with Adam Stockton and his concern on how things with Frontier Ambulance are going. He reminded him that a six-month review should have happened in January, and yet there has been no communication on their end. If the ambulance personnel have questions or problems, it is hard to communicate with Frontier to get answers. Stockton stated Frontier is going to hire a supervisor to support the Director, Diane Lane, along with a new structure to elevate her position. His goal, six to 12 months out, is to be able to handle any decision at a local level. Retaining personnel is a major priority with Frontier and they are nearly at a full staff level and need to take care of the employees. Chairman Becker agreed that lack of communication currently is huge and recommended weekly conversations should be paramount. In another matter, Commissioner Allen asked where Frontier Ambulance is at in becoming a preferred provider with the County's Third Party Administrator, Blue Cross Blue Shield. Stockton will get updated information and report back to the Board as he knows these discussions are taking place. Commissioner Jones agreed that chain of command in addressing issues is too slow. He relayed positive comments from the Sheriff's Office about working with Frontier Ambulance staff, there are good things going on like training opportunities. Commissioner Allen said that the Tribes had a list of people who were interested in becoming EMT's. Stockton noted there had been a class hosted on the Wind River Indian Reservation, but only three individuals attended and future trainings to be re-evaluated. In closing, Chairman Becker reiterated the necessity of good communication and weekly updates between Stockton and Commissioner Allen.

County Clerk Julie Freese stated the Commissioner's budget has been sent out. Vice-Chairman Larry Allen will prepare it with Commissioner Jones assisting.

There being no further business, Mike Jones moved, Jennifer McCarty seconded, to adjourn the meeting at 12:00 p.m. and reconvene for a Regular Meeting at 9:00 a.m. on March 22, 2022. Motion carried unanimously.

A full detailed report (informational only) and the official minutes are posted on Fremont County's website (www.fremontcountywy.gov). The meeting can also be accessed via You Tube (Fremont County WY Government).

/s/ TRAVIS BECKER, CHAIRMAN
FREMONT COUNTY COMMISSIONERS

ATTEST:

/s/ JULIE A. FREESE, FREMONT COUNTY CLERK AND CLERK OF THE BOARD
