

STATE OF WYOMING )  
 ) ss.  
COUNTY OF FREMONT )

LANDER, WYOMING  
OFFICE OF THE FREMONT COUNTY COMMISSIONERS  
DECEMBER 22, 2020

### **FULL DETAILED REPORT**

The Board of Fremont County Commissioners met in Regular Session at 9:00 a.m. with the following members present: Chairman Travis Becker, Vice-Chairman Larry Allen, Jennifer McCarty and Clarence Thomas. Commissioner Michael Jones was absent. County Clerk Julie A. Freese was present.

Larry Allen moved, Jennifer McCarty seconded, to approve the agenda as amended. Motion carried unanimously.

Jennifer McCarty moved, Larry Allen seconded, to approve the minutes of the Regular Meeting held on December 8, 2020. Motion carried unanimously.

Jennifer McCarty moved, Clarence Thomas seconded, to accept the bills for payment. Chairman Becker abstained from voting on The Print Shop and Andrea Reichle RPR vouchers. Motion carried.

<u>Vendor Name</u>	<u>Department</u>	<u>Description</u>	<u>Amount</u>

Wyoming.com	County Sheriff	Internet Service	\$999.95

The following items in the Signature File were reviewed: 1) Thank you letter to Alan Sinner for service on the Fremont County Fair Board; and 2) Record of Proceedings. Larry Allen moved, Jennifer McCarty seconded, to approve Official Bond and Oaths for Clarence Thomas and Jennifer McCarty. Motion carried unanimously. Larry Allen moved, Jennifer McCarty seconded, to approve a Fremont County Bank of the West Credit Card Application for Kevin Rieman with a limit of \$2,500.00. Motion carried unanimously. Larry Allen moved, Jennifer McCarty seconded, to approve the Amended and Restated Joint Powers Agreement for the Wyoming Association of Risk Management Property Insurance Joint Powers Board, dated as of October 29, 2020. Motion carried unanimously. Larry Allen moved, Jennifer McCarty seconded, to approve a License for New Construction of Utility Crossing or Encroachment from Black Hills Wyoming Gas for Country Club Drive. Motion carried unanimously. Larry Allen moved, Jennifer McCarty seconded, to approve a Contract between NOVO Benefits, LLC and Fremont County for Health Benefits Consulting Services for January 1, 2021 through December 31, 2021. Motion carried unanimously.

Items in the Priority Mail were reviewed: A letter from Treasurer Jim Anderson stating that, in accordance with Wyoming Statute 18-4-106 “The County Treasurer shall ... each year cancel all unpaid county warrants which have been issued for more than twelve 12 months. The county treasurer shall certify to the board of county commissioners ... the number and amount of each county warrant...The board of county commissioners ... shall enter the list upon its journal and have the list published in the minutes of the regular meeting.” “Any person holding a cancelled county warrant ... may present the warrant ... to the board of county commissioners within five (5) years after the date of cancellation and they shall issue the holder of the warrant ... a new warrant in the same amount ...” Clarence Thomas moved, Jennifer McCarty seconded, to accept the certification from Treasurer Anderson that the following warrants, which were issued more than 12 months ago, have not been paid, and are now cancelled. Motion carried unanimously.

<b>Date Issued</b>	<b>Paid To</b>	<b>Warrant Number</b>	<b>Amount</b>
4/3/2018	Bove, Christopher Vincent	162696	\$30.00
4/3/2018	Finlayson, Brett A	162714	\$53.00
4/3/2018	Hayes, J. T.	162735	\$56.80
4/3/2018	Rambo, Michelle L.	162791	\$54.00
6/12/2018	Shoshoni Pioneer	163335	\$620.00
9/18/2018	Smith, Kristi	164347	\$9.00
12/4/2018	Milleson, Kelsey	165143	\$25.00
12/18/2018	White, Ashley	165401	\$25.00
7/9/2019	Wind River Unity Council	166973	\$3,375.00

There was nobody present for the Public Comment period.

Public Health Nurse Manager Becky Parkins and Supervisor Kristi Krause presented the Memorandum of Understanding between Wyoming Department of Health, Public Health Division and Fremont County for grant funding for COVID-19 disease surveillance and testing activities. Total payment under this Agreement shall not exceed \$480,912.00. Parkins stated that part of the funding is approval for two new vehicles, with a trade in of two high mileage vehicles, with the remaining funding to be expended by June 30, 2021. Larry Allen moved, Jennifer McCarty seconded, to approve the Memorandum of Understanding as presented. Motion carried unanimously.

Chairman Becker stated the need to move immediately on advertising for applications for \$854,021.55 that is being distributed to Fremont County to be awarded to 501(c)(3) or 501(c)(19) agencies under the Community Charitable Relief Program, with a deadline for awarding the money by the end of the year. County Clerk Julie Freese will send out a News Release advertising for applications by December 28<sup>th</sup> at 5:00 p.m. Later in the meeting, Chairman Becker received updated information that there will be an extension of expending the funds by the end of the year so continued discussion will occur on January 5, 2021 on the process to advertise for applications and distribute the money.

County Planning Supervisor Steve Baumann presented a plat for the Coffey Subdivision Vacation. The Subdivision is located off of Missouri Valley Road, approximately six miles east of the intersection with Highway 133, south of Pavillion. The new owners of all the lots in the Subdivision are requesting the Vacation of the entire Plat and will re-combine it as a single agricultural parcel once vacated. Jennifer McCarty moved, Clarence Thomas seconded, to approve the Coffey Subdivision Vacation as recommended by the Fremont County Planning Commission. Motion carried unanimously.

The Heritage Hills Subdivision Lots 20 & 21 Replat was reviewed by Planner Steve Baumann. The Subdivision is located two miles west of Lander off of Baldwin Creek Road. The purpose of the Replat is to adjust the lot line between the two lots to accommodate a home that was inadvertently built on the Lot line. Jennifer McCarty moved, Clarence Thomas seconded, to approve the Heritage Hills Subdivision Lots 20 & 21 Replat as recommended by the Fremont County Planning Commission. Motion carried unanimously.

Steve Baumann presented the proposed In Green Pastures Subdivision, located ½ mile west of Lander on Squaw Creek Road. The proposed simple subdivision consists of dividing a parcel of land into two lots of 1.09 and 32.97 acres. As the plat is within the one-mile reach of the City of Lander, it must be certified by the City prior to recording. Just to the north and west of the proposed Subdivision is Hornecker

Subdivision which has a 60' publicly dedicated road and utility easement (Hornecker Drive) that intersects the northwest corner of the In Green Pastures Subdivision. Public record indicates that both the City of Lander Master Plan and Transportation Plan proposes a connecting road between Squaw Creek Road leading north from Hancock Drive, eventually connecting with Highway 28 near Country Meadows Lane. These two documents are a long term view of the proposed transportation and infrastructure system for the City of Lander. Communication with the Lander City Administrator indicates that the location of the proposed connection(s) that are shown in the Plans are not specific but show the desire of the City to have "long term connectivity between Squaw Creek Road and the Highway be included in all planning". So the connection off Squaw Creek Road is desirable, but its location has never been exactly determined, and as there is already a publicly dedicated road and utility easement on Hornecker drive in the area, it makes sense to utilize it as part of the future connection. As part of this planning, the suggestion to add a 60' wide road and utility easement along the north boundary of the In Green Pasture Subdivision was agreed to by the subdivider in order to facilitate making the future connection between Squaw Creek Road and Spriggs Drive more feasible. Larry Allen moved, Jennifer McCarty seconded, to approve the In Green Pastures Subdivision as recommended by the Fremont County Planning Commission. Motion carried unanimously.

Steve Baumann presented the Terrace Subdivision Lots 8 & 9 Re-Subdivision. The Subdivision is located five miles east of Dubois on Highway 26. The purpose of the Re-Subdivision is to move the lot line shared by Lots 8 & 9 to the west a short distance and to split Lot 9 into two parcels to facilitate the construction of a new residence on the newly created lot. Larry Allen moved, Jennifer McCarty seconded, to approve the Terrace Subdivision Lots 8 & 9 Re-Subdivision as recommended by the Fremont County Planning Commission. Motion carried unanimously.

In another matter, Steve Baumann presented a plat for Lander Hills Estates Subdivision Re-Plat that was previously approved on November 10, 2020; however, an error was made in the signatories signing in the correct spots. As a result, a new copy was presented for signatures.

Juvenile Treatment Courts Supervisor Melinda Cox was joined by Deputy County Clerk Margy Irvine to review the December 9, 2020 Memorandum from the Commissioners regarding COVID-19 testing. Cox asked for clarification of what symptoms should be looked for if an employee is showing signs of illness. Irvine noted an issue is that employees do not want to use their own accrued time if they do not choose to be tested. If an employee wishes to be tested and have positive results, they are eligible to receive COVID-19 leave. She is unsure if the COVID-19 leave will be extended into the new year at this time. Chairman Becker stated it is up to Department managers to send employees home if they are ill, it is up to employees on whether or not to be tested. Department Liaison Commissioner Thomas stated each Department should have their own Policy and Procedure and any employee that does not follow them is non-compliant, procedures are put in place to keep fellow employees and clients safe. County Clerk Julie Freese noted that Margy Irvine has been designated as the County FMLA Director; however, many Departments don't comply with her handling individual cases and they continue to have difficulties with federal guidelines and that it is difficult to monitor each Department and their individual policies. In closing, Cox stated remaining open and not exposing clients is the most important thing which is difficult if even one employee gets sick because of their small staff numbers.

UW Extension Educator Chance Marshall and Administrative Assistant Rachel Fisk informed the Board of their planning efforts for the Farm and Ranch Days event scheduled for February 3-4, 2021. He asked for any suggestions the Commissioners may have regarding educational programs they would like to see to benefit the agricultural community in Fremont County. He provided them with the 2020 Program for reference. Due to COVID-19 concerns, they will only be able to host 100 people but will offer the program virtually as well. In closing, he asked for any suggestions by the end of January so he can finalize the program's agenda.

Transportation Superintendent Billy Meeks was joined by DOWL Engineer Kasey Jones who presented the Certificate of Final Completion for the Willow Creek Shoulder Repair Project and the Warranty. The only thing left remaining will be to grind asphalt by one of the cattle guards which will be completed next spring. Larry Allen moved, Jennifer McCarty seconded, to approve the Certificate of Final Completion and Warranty as presented. Motion carried unanimously. The Board thanked Jones and High Country Construction for their work on the project.

Vice-Chairman Allen stated the contractor on the Moneta Lysite Road Shoulder Widening Project has been welding on the cattle guards. It was noted the work was not done by a certified welder. Jones stated

he plans on asking for a two-year warranty instead of the standard one year to cover the County. The County could reject the work if the contractor refuses the proposal.

Billy Meeks stated bids have been opened for several projects and will be presented to the Commissioners at their next meeting once the contracts have been reviewed by the Deputy County Attorney. He stated the Harris Bridge should be completed in early January. They are currently pouring the approach slab on the south side.

Commissioner meeting reports were given.

Vice-Chairman Larry Allen met with Sage West Health Care officials, Sheriff Lee and Undersheriff Hutchison, County Attorney LeBrun and Deputy Darrough, regarding Title 25 issues. Interviews will be held later in the meeting with two additional candidates for the Fremont County Fair Board, and including two previously interviewed, one will be selected for the one vacancy.

Commissioner Jennifer McCarty attended the monthly Weed and Pest Control District Board meeting and stated they had a clean audit. The next Fremont County Association of Governments (FCAG) meeting will be held January 6<sup>th</sup> at the Lander Community Center where discussion will center on the ½% Economic Development Tax procedures for awarding grants.

Interviews were held with Dillon Hedges and Mistalyn Steffen for a term on the Fremont County Fair Board. Fair Manager Pat Hart was in the audience. Chairman Becker informed them there were now four applicants for the one vacancy and a selection would be made later in the meeting. Larry Allen moved, Clarence Thomas seconded, to appoint Mistalyn Steffen to the five year term on the Fremont County Fair Board. The Commission noted the other three applicants were very well qualified as well and their applications would be kept on file for one year in case a vacancy occurs.

AMR Regional Director Matt Strauss, Vice-President of Operations Jared Sherman and Regional Vice-President of Finance Ben Southwick were present to discuss the future of the lease agreement for ground ambulance in Fremont County. Operations Manager Diane Lane was in the audience, along with nine other people and four people were present via Zoom (a complete list is on file in the Commissioners' Office). Southwick began by stating that AMR's 2019 adjusted net income showed a loss of \$1 million. For the 11 months so far in 2020, they are looking at an adjusted net income loss of \$1.5 million. In 2019, the net revenue was \$1.9 million, with \$1.7 million of that spent on wages, service providers, administration and benefits. Net Revenue thus far into 2020 is at \$1.6 million. There is not the volume to pay for the services being expended. AMR operates on a Fee for Service operation, where charges are billed out, with the company collecting \$410 trip on average for the 5,000 transports, after paying wages, etc. Staffing is at a much higher level than required in other areas to take the transports, which in turn requires additional wages needed to support the system. Chairman Becker agreed that Fremont County is the 10<sup>th</sup> largest in land mass in the United States and questioned whether this was an anomaly for AMR. The men noted that AMR is present in a similar situation in Pierre, South Dakota, but that County pays an annual subsidy for that service and that often people are brought in from Oregon to help fill the contract. Sherman stated the current model used in Fremont County is not sustainable. In Dubois, one person is stationed there and air ambulance is called in most of the time instead of relying on ground due to the distance issue. Dispatch issues were discussed and will be continued after more facts are relayed to them. Commissioner Allen asked if the assets were suitable (buildings and ambulances) and Strauss stated they were sustainable for the operation in Fremont County and not an issue. He further stated AMR recently purchased \$106,000 in portable radios and due to AMR being a national chain, they received discounted rates. Chairman Becker reviewed correspondence from BlueCross BlueShield of Wyoming regarding reimbursement rates for ground ambulance fees, stating they plan to implement a 3% increase to those rates effective the first of the year. He noted the increase follows an 8% increase which was effective in March resulting in an effective increase in reimbursement of 11% in less than one year. The men stated AMR is interested in being in-network with BCBS and meetings have been taking place for the last several months. BCBS also noted another concern of over-utilization of not medically necessary air transport from Fremont County. Dr. Mel Myer was in the audience and stated these decisions are made by physicians and not the providers and the only place ground ambulance is adequate is to Casper, destinations to other locations (Billings, Salt Lake City, Denver, etc.) are not realistic other than by air. Commissioner Allen asked what the intentions of AMR are as the five-year lease will end next year. Sherman stated the goal of AMR is transparency and that the present model and design system is not sustainable to them or any other company. The desire is to continue meetings to discuss sustainability options and find a model that supports all the needs of Fremont County. The company is not looking to

make up for lost revenue but to look into the future for a sustainable outcome. Commissioner Thomas stated that money and care are two different things and that the constituents need the best care possible. Southwick felt both were symbiotic relationship for both sides. Commissioner Allen recommended negotiations continue into January and if an agreement cannot be reached, an RFP be sent out. Discussion was then held on rural complaints when the ambulance has difficulty locating them. Google Earth is used and the County map server is only available if there is internet service nearby. County Dispatch also helps navigate addresses. Strauss noted that seeing the location of a house via one of the servers does not show directions to that location. In closing, Commissioner Allen expressed appreciation to Diane Lane for always making herself available to answer questions, she is a pleasure to work with. Strauss also commended the crews who have worked through these challenging times by keeping both themselves and constituents safe. Moving forward, Mr. Sherman will be the contact person for future meetings with the County.

Transportation Superintendent Billy Meeks presented a plaque of appreciation to John Bringolf upon his retirement after 40 years of service to Fremont County. Family members and co-workers were present in the audience. The Commissioners thanked John for his service and presented him with a gift as a token of their appreciation as well.

Discussion continued on the upcoming FCAG meeting in January. There is a proposal being made to leverage the ½% Economic Development Tax dollars to obtain grants to bring in even more money to the municipalities and the county as a whole. Part of this is to establish an office with a director (\$75,000); Grant Writer (\$40,000); Grants Accountant (\$35,000) and Administrative Assistant (\$25,000), all benefitted positions. Commissioner Jennifer McCarty will relay the County's position to FCAG at their January meeting that the County will proceed with forming a committee to review all applications submitted at the county level themselves and their non-interest in joining FGAG's proposal.

Four letters of interest were received from realtors to sell two Fremont County buildings, the former Public Health Office in Riverton and the former Extension Office in Lander. Clarence Thomas moved, Larry Allen seconded, to select Home Source Realty to list the properties. Motion carried unanimously.

County Clerk Julie Freese provided an update on the status of Wyoming Coronavirus Relief Fund Grant Draft Request 1 for \$100,616.16 (renovations, extra supplies, incident command center, PPE's and overtime) and Draft Request #2 for \$3,408,610.99 (Sheriff's Patrol, Detention and Dispatch wages actual expenses). The Commission again expressed appreciation to Freese for her diligence on seeking the reimbursements from the State and looking out for the County.

Vice-Chairman Larry Allen noted the advertised closure of the Library System for the week between Christmas and New Year's and further stated the Fremont County Fair staff is doing the same.

Larry Allen moved, Jennifer McCarty seconded, to adjourn the meeting at 12:30 p.m. and reconvene for a Regular Meeting on January 5, 2021. Motion carried unanimously

A full detailed report (for informational purposes only) and the official minutes are posted on Fremont County's website.

/s/ TRAVIS BECKER, CHAIRMAN  
FREMONT COUNTY COMMISSIONERS

ATTEST:

/s/ JULIE A. FREESE, FREMONT COUNTY CLERK AND CLERK OF THE BOARD
