(23) AUTOMOBILE SELF SERVICE STATION. A place where gasoline or any other motor fuel for operating motor vehicles is offered for sale and is dispensed to the vehicle by the purchaser, the self service station may be independent or in conjunction with a retail store.

(24) AUTOMATIC TRUCK WASH. A facility for automatic self-service washing or cleaning of trucks exceeding 1/2 tons capacity.

- (25) AVERAGE SLOPE. An expression of rise or fall in elevation along a line perpendicular to the contours of the land connecting the highest point of land to the lowest point of land within a lot or building area. A vertical rise of 100 feet between two points 100 feet apart measured on a horizontal plane is 100 percent slope.
- (26) AWNING. A shelter projecting from and supported by the exterior wall of a building constructed of non rigid materials on a supporting framework. (Compare "Marquee")
- (27) AWNING SIGN. A sign painted on, printed on, or attached flat against the surface of an awning.
- (28) BACK LIT AWNING. (see "Electric Awning Sign")
- (29) BANNER SIGN. A Sign made of fabric or any non rigid material with no enclosing framework.
- (30) BASEMENT. A story whose floor is more than 12 inches below the average level of the adjoining ground, but where no more than 1/2 of its floor-to-ceiling heights is below the average contact level of the adjoining ground. A basement shall be counted as a story for purposes of height measurement, and as a half-story for the purpose of side-yard determination.
- (31) BASEMENT HOUSE. A residential structure without a full story structure above grade.
- (32) BEGINNING OF CONSTRUCTION. The excavation or re-contouring of the site.
- (33) BIKE PATH (BIKE TRAIL, BIKE LANE). A right-of-way designed and constructed for use by bicycles and not intended for use by pedestrians or motor vehicles of any kind. A bike path may be located within or without a street right-of-way, at grade, or at grade separated from vehicular traffic. Bike lanes may also be included as a part of a street.
- (34) BILLBOARD. (see "Off-Premise Sign").
- (35) BLOCK. The land surrounded by streets or other rights-of-way, other than an alley, or land which is designated as a block on any recorded subdivision plat.
- (36) BOARDING HOUSE. A dwelling where, for compensation, meals are provided for a least 3 but not more than 15 persons.
- (37) BUILDABLE AREA. The portion of a lot remaining after required yards have been provided, except that land with an average grade exceeding 15 percent shall not be considered geotechnically buildable unless it is approved by conditional use permit.
- (38) BUILDING. Any structure used or intended to be used for the shelter or enclosure of persons, animals, or property.
- (39) BUILDING, ACCESSORY. A building which is subordinate to, and the use of which is incidental to that of the main building or use of the same lot.
- (40) BUILDING, HEIGHT OF. The vertical distance from the average natural grade surface at the foundation, to the highest point of the building roof or coping.

(41) BUILDING OFFICIAL. The person designated or appointed as the Building Official for Grantsville City by the City Council.

(42) CAMPGROUND. A public area designated by a public agency for camping, or a private area licensed by the City Council for camping.

(58) COMMON AREA. Any area or space designed for joint use of residents of a mobile home park, condominium, apartment complex, etc.

(59) COMPATIBLE WITH RESIDENTIAL. Compatibility will be measured by whether or not the proposed development adversely impacts the quality of life in the area. Property values must be sustained or enhanced as opposed to diminishing values: the effects of ultimate traffic on streets will be considered rather than complaints that a new development will increase unwanted traffic; improvements in the infrastructure will be considered as to how and who pays for them; positive contributions to the financing of needed improvements will be weighed against the assessment on existing residential developments; proximity of possible impacts will be evaluated and non-directly impacted citizens will be considered

in the group of the general citizenry. Also considered will be relief from the monotonous, somewhat uniform subdividing of the countryside will be considered a positive factor if it provides an aesthetic relief.

(60) COMPREHENSIVE PLAN. (See General Plan).

(61) CONDITIONAL USE. ~~This means a~~ A land use that, because of its unique characteristics or potential impact on Grantsville city, surrounding neighbors, or adjacent land uses, may not be compatible in some areas or may be compatible only if certain conditions are required that mitigate or eliminate the detrimental impacts. (A use of land for which a conditional use permit is required, pursuant to this Code.)

(62) CONDOMINIUM. The ownership of a single unit in a multi-unit project, together with an undivided interest in common in the common areas and facilities of the property as provided by state law. A condominium-development is comparable to a subdivision in that each development is characterized by multiple individual ownership in a single development. In a condominium development the multiple individual ownership are in structures, whereas in subdivision such ownership are in land. For regulation purposes the development of a condominium project is treated by Utah State law and by this code as a subdivision, and condominium developments must comply with the subdivision regulation of this Code.

(63) CONSERVATION STANDARDS. Guidelines and specifications for soil and water conservation practices and management, enumerated in the Technical Guide prepared by the USDA Soil Conservation Service, adopted by the Soil and Water Conservation District supervisors, and containing suitable alternatives for the uses and treatment of land based upon its capabilities, from which the land-owner selects that alternative which best meets his needs in developing his soil and water conservation plan.

(64) CONSTRUCTION SIGN. A temporary sign identifying an architect, contractor, subcontractor, and/or material supplier participating in construction on the property on which the sign is located.

(65) CONVENIENCE STORE. A one story commercial retail operation containing less than 2,500 square feet of gross floor area, designed and stocked to sell primarily food, beverages, limited variety of goods for personal consumption, and other household supplies to retail customers who purchase only a relatively few items as well as gasoline and car care items.

(66) COPY, SIGN. The graphic content of a sign surface in either permanent or removable letter, pictographic, symbolic or alphabetic form.

(67) CORRAL. A space, other than a building, less than one acre in area or less than 100 feet in width, used for the confinement of animals or fowl.

(68) COURT, BUILDING. An open, unoccupied space, other than required yard, on the same lot with a building or group of buildings, and which is bounded on two or more sides by such building or buildings.

(69) COUNTY. ~~Means~~ The unincorporated area of Tooele County.

(70) CROSSWALK OR WALKWAY. A right-of-way designed for use by pedestrians and not intended for use by motor vehicles of any kind; a crosswalk or walkway or pedestrian-way may be located within or without a street right-of-way, at grade, or grade-separated from vehicular traffic.

(71) CUL-DE-SAC. A street which is designed to remain permanently closed at one end, with the closed end terminated by a vehicular turnaround. For purposes of this code, the length of a cul-de-sac shall be measured from the centerline of the intersecting street along the centerline of the cul-de-sac, to a point to the center of the cul-de-sac.

(??) CULINARY WATER AUTHORITY. The department, agency, or public entity with responsibility to review and approve the feasibility of the culinary water system and sources for the subject property.

(72) CULINARY WATER FACILITIES. Water supply lines, pumps, springs, wells, and/or any other physical facilities necessary to provide a supply of culinary water to a use in sufficient quantity and of approved quality to meet the standards of State of Utah Rules for Public Drinking Water Systems and this Code.

(92) ELDERLY PERSON. Means a A person who is 60 years old or older, who desires or needs to live with other elderly persons in a group setting, but who is capable of living independently.

(93) ELDERLY RESIDENTIAL FACILITY. A single family or multiple family dwelling unit that meets the requirements of Utah Code Annotated Title 17-27-501 and any ordinance adopted under authority of that part. An elderly residential facility does not include a health care facility as defined by Utah Code Unannotated Section 26-21-2.

(94) ELECTRIC, MOBILE HOME PARK. All of the electrical wiring, fixtures, equipment and appurtenances related to electrical installations within a mobile home park feeder assembly.

(95) ELECTRIC AWNING SIGN. (also "Back Lit Awning"). An internally illuminated fixed space-frame structure with translucent, flexible reinforced covering designed in awning form and with graphics or copy applied to the visible surface of the awning.

(96) ELECTRICAL SIGN. A sign or sign-structure in which electrical wiring, connection, or fixtures are used.

(97) ELECTRONIC MESSAGE CENTER. (see "Changeable Signs, Electrically Activated")

(98) ENVIRONMENTAL IMPACT ASSESSMENT. A report which describes, by means of written narrative as well as maps, a geographical area in terms of existing; slope, soils, water, courses, water table, flood hazard areas, geologic hazards, vegetative types, wildlife, wildlife habitat, and essential urban services presently available. The report includes a tabulation of proposed population, density, and the numbers and types of proposed dwellings and other buildings and spaces to be occupied at full development. The report further describes by means of written narrative as well as maps the impact of the proposed development on the following specific subject areas once the anticipated population density is achieved within the area to be developed; water courses and reservoirs, natural vegetation, wildlife, erosion, topsoil, sedimentation of water courses and reservoirs, slope stability, dust, fire potential, accumulation of solid waste or liquid wastes, and the need and desire for urban services. The report also evaluates the potential area- wide economic impact of the development on both private and public economic sectors and the potential impact on school, public utility, and transportation systems. Finally, the report recommends measures which, if undertaken, will mitigate or obviate the adverse impacts resulting from construction of the proposed development, and discusses the benefits to be gained from such development, and what adverse impacts cannot be avoided and the extent of their detrimental influence.

(99) ESSENTIAL FACILITIES. Those facilities which are common to the community and essential for servicing the residents and businesses; utilities, radio and television stations (transmitting only), cable TV, sanitation, health and public safety for overhead, surface or underground services, and such other necessary uses as may be approved by the City Council by resolution, but excluding any building, electrical sub-station, or transmission line of 50 kv or greater capacity.

(131) GRADE (LOT GRADE, FINISHED GRADE).

(a) For buildings adjoining one street only, the elevation of the sidewalk at the center of the wall adjoining the street.

(b) For buildings adjoining more than one street, the average of the elevations of the sidewalk at the centers of all walls adjoining the streets.

(c) For buildings having no wall adjoining the street, the average level of the finished surface of the ground adjacent to the centers of all exterior walls of the building.

(d) Any wall parallel or nearly parallel to and not more than 5 feet from a street line is to be considered as adjoining the street.

(132) GROUND ANCHOR. Any device at the mobile home stand designed for the purpose of securing a mobile home to the ground.

(133) GROUND SIGN (also "Blade Sign"). A sign which is anchored to the ground similar to a pylon or freestanding sign, but which has a monolithic or columnar line and which maintains essentially the same contour from grade to top. Height and setbacks are to be the same as for freestanding signs.

(134) GROUP HOMES. A home for certain handicapped or elderly persons as defined by Utah State law as being permitted in residential areas of Grantsville City by conditional use permit. (see Elderly, and Handicapped)

(135) HANDICAPPED PERSON. ~~Means a~~ A person who has a severe, chronic disability attributable to a mental or physical impairment, or to a combination of mental and physical impairments, that is likely to continue indefinitely and that results in a substantial functional limitation in three or more of the following areas of major life activity; self-care,

receptive and expressive language, learning, mobility, self-direction or sequence of special economic self-sufficiency; and, requires a combination or sequence of special interdisciplinary or generic care, treatment, or other services that are individually planned and coordinated to allow the person to function in, and contribute to a residential neighborhood.

(136) HANDICAPPED RESIDENTIAL FACILITIES. A single family dwelling or multiple-family dwelling unit that meets the requirements of Part 6 and any ordinance adopted under authority of that part.

(137) HEIGHT (of a Sign). The vertical distance measured from the highest point of the sign, excluding decorative embellishment, to the grade of the adjacent street or the surface grade beneath the sign, whichever is less. (compare "Clearance")

(138) HOME OCCUPATION. (Amended 7/97) A secondary use conducted upon property used primarily for residential occupancy, which is carried on by persons residing thereon. Such a use must be clearly incidental and secondary to the use of the property for residential purposes and that does not change the character thereof. A home occupation shall not be authorized to use advertising, except as otherwise permitted herein. No public display related to a home occupation shall be authorized and no noise may be created which is audible at the boundaries of the premises. The intent of this definition is that the conditional use permit approving any home occupation shall assure that the character of the premises and of the neighborhood will remain in harmony with the general intent of the zoning district and that, where uncertainty exists, neighborhood residential values shall be considered paramount.

(139) HOSPITAL. An institution providing health services, primarily for in-patients, and medical or surgical care of the sick or injured, including as an integral part of the institution such related facilities as laboratories, out-patient departments, training facilities, central service facilities, and staff offices.

(140) HOTEL. A building designed for or occupied as the more or less temporary abiding place of 16 or more individuals who are lodged for compensation, with or without meals.

(141) HOUSEHOLD PETS. Animals or fowl ordinarily permitted in the house and kept for company or pleasure, such as dogs, cats, and canaries, but not normally dangerous animals, such as lions or tigers. This definition shall not include a sufficient number of dogs as to constitute a kennel as defined in this code.

(142) IDENTIFICATION SIGN. A sign whose copy is limited to the name and address of a building, institution, or person and/or to the activity or occupation being identified.

(143) ILLEGAL SIGN. A sign which does not meet the requirements of this code and which has not received non-conforming status.

(144) ILLUMINATED SIGN. A sign with an artificial light source incorporated internally or externally for the purpose of illuminating the sign.

(145) IMPERVIOUS SURFACE. Impervious surfaces are those that do not absorb precipitation (water) and thus cause ponding and/or runoff. All buildings, parking areas, driveways, roads, sidewalks, and any areas in concrete and asphalt shall be considered impervious surfaces within this definition. In addition, other areas determined by the city engineer to be impervious within the meaning of this definition will also be classed as impervious surfaces.

(146) IMPERVIOUS SURFACE RATIO. The impervious surface ratio is a measure of the intensity of land use. It is determined by dividing the total area of all impervious surfaces within the site by the Base Site Area.

(147) IMPOUND/SECURITY LOT. A security lot fenced with or without guard dog and illuminated, where police or privately impounded vehicles may be kept for legal evidence or other purposes or while awaiting repairs. Normally where damaged vehicles are taken after an accident.

(148) IMPROVEMENTS. Work, objects, devices, facilities, or utilities required to be constructed or installed in a land development. Such improvements may include, but are not limited to, street construction to required standards, water facilities, sewer facilities, sidewalks, curbs and gutters, drainage facilities, street trees, street signs, street lights, traffic control or safety devices, fire hydrants, and such other facilities or construction required by this Ordinance, subdivision regulations, or by the Planning Commission and/or City Council for the necessary proper development of the proposed land development.

(149) IMPROVEMENTS AGREEMENT (DEVELOPMENT AGREEMENT). An agreement between Grantsville City and a developer, wherein the developer agrees to install improvements required by this Code, subdivision regulations, or by the Planning Commission and/or City Council for the necessary proper development of the proposed land development.

(150) INCIDENTAL SIGN. A small sign, emblem, or decal informing the public of goods, facilities, or services available on the premises, e.g., a credit card sign or a sign indicating hours of business.

(151) INOPERATIVE VEHICLE OR TRAILER. Any vehicle or trailer that due to mechanical, electrical, structural problems, or lack of maintenance, cannot operate as it was originally constructed and designed to do or should not be operated due to conditions rendering it as unsafe. This includes any vehicle or trailer that is not currently licensed or which its operation is in violation of local, state and federal laws.

(152) INTERGRATED DEVELOPMENT PLAN. Comprehensive management for best assurance of maintaining standards and conditions of approval is the intent in the administration of a conditional use permit. Therefore every assurance will be required to maximize the meeting of the community's performance standards and minimize the problems of their enforcement through approved comprehensive management plans which have been prepared by the applicant and approved by the City Council. Single responsible management is felt crucial to consistent care and observance of binding regulations in assuring compatibility with the surrounding area of certain developments

negotiated with the community. Agreed upon penalties for violations of the management plan are considered an important integral part of enforcement.

(152a) INTERIOR SIDE YARD. The permeable and visible (not impeded by a fence) area between the lot line and the side facing facade of the main building as illustrated in Drawing 1 (see definition for Front Yard).

(153) JUNK. Any salvaged or scrap copper, brass, iron steel, metal, rope, rags, batteries, paper, wood, trash, plastic, rubber, tires, waste, or other articles or materials commonly designed as junk. Junk shall also mean any dismantled, wrecked or inoperable motor vehicles or parts thereof which remain in such condition for a period of time in excess of sixty days. An automobile, truck or bus shall be considered as inoperable if it is parked or stored on property outside of an enclosed garage and is not currently registered and licensed in this state or another state.

(154) JUNK YARD. The use of any lot, portion of a lot, or tract of land for the storage, keeping or abandonment of junk, including scrap metals or other scrap material, or for the dismantling, demolition or abandonment of automobiles, or other vehicles, or machinery or parts thereof, provided that this definition shall be deemed not to include such uses which are clearly accessory and incidental to any agricultural use permitted in the district.

(155) KENNEL. Any premises where 3 or more dogs older than 4 months are kept.

(156) LAND, AGRICULTURAL. (Amended 8/21/02 to remove term "not including non-conforming uses"). Land used for bona fide agricultural purposes.

(157) LAND, COMMERCIAL. Land used for bona fide commercial purposes, or which is projected for commercial use by the master plan or the zoning ordinance adopted by Grantsville City, except legally existing non conforming uses in areas designated commercial in such ordinance.

(158) LAND DEVELOPMENT STANDARDS. Adopted construction standards, including but not limited to: drawings, tables, charts and references which have been adopted by the City Council by resolution and which set standards for the construction of improvements to land and which regulate said construction of improvements to land.

(159) LAND, INDUSTRIAL. Land used for bona fide industrial purposes or which is projected for industrial use by the general plan or the zoning ordinance adopted by Grantsville City, except legally existing non conforming uses in areas designated industrial in such ordinance.

(160) LAND USE INTENSITY. The degree to which land is used by man ranging from no use to unremitting, continual and concentrated use of the land. Land use intensity is normally measured by: type of use (i.e., agricultural, residential, commercial or industrial; period of use in average hours per day; numbers of humans, associated animals, and machines which occupy the land during the average hours of use; and the percent of the land covered by man-made structures.

(161) LANDSCAPING (LANDSCAPED). ~~Means~~ ~~t~~ The planting, paving and dressing of finished graded earth (dirt) including retaining walls, trees, ground cover, perennial plants and annual plants, etc., and together with an (automatic) irrigation system to maintain the plants alive and flourishing for the length of time the plantings are to be maintained if not in perpetuity.

Only those processes which clearly do not threaten the natural environment with any more pollution than that normally experienced in the neighborhood or immediate vicinity may be considered light manufacturing and permitted in an area. Uses such as electronics, non-toxic welding or soldering of small items, assemblage of relatively small portable devices, highly controlled testing, and small area accessory warehouses or storage facilities to accommodate the in-house manufactured items with their associated stocks of supplies area allowed.

(165) LIGHT VEHICLE OR EQUIPMENT MAINTENANCE. The performance of routine maintenance tasks such as: changing the oil, checking tire pressure, replacing water hoses, etc., which do not involve the removal, repair or replacement of major mechanical, electrical, hydraulic, pneumatic, or components of the vehicle.

(166) LODGING HOUSE. A dwelling with not more than 10 guest, rooms where, for compensation, lodging is provided for at least 3 but not more than 15 persons, but not including motels or hotels.

(167) LOT. A parcel or unit of land abutting a public street or approved private street, described by metes and bounds and held or intended to be held in separate lease or ownership, or a parcel or unit of land shown as a lot or parcel on a subdivision plat map, planned unit development plat map, or condominium lot map, provided it is created pursuant to this Code.

(168) LOT AREA. The area contained within the property lines of the individual parcels of land shown on a subdivision plat or required by this Code, excluding any area within an existing street right-of-way, or any area required as open space under this Code, and including the area of any easements.

(169) LOT AREA PER DWELLING UNIT, AVERAGE. The average lot area for all dwelling units of a single type. Individual lots may be smaller or larger than the average, provided that the average size is maintained and that all other standards of this Code are met.

(170) LOT, CORNER. A lot abutting upon 2 or more streets at the their intersection or upon two parts of the same street, such streets or parts of the same street forming an interior angle of less than 135 degrees.

(171) LOT DEPTH. The horizontal distance between the front and the rear lot lines measured in the main direction of the side lot lines.

(172) LOT FRONTAGE. The length, in feet, of the front lot line which is co-terminus with the front street line.

(173) LOT FRONTAGE, REQUIRED. The length, in feet, of the front lot line which is co-terminus with the front street line.

(174) LOT HELD IN SEPARATE OWNERSHIP. Shall mean all contiguous land held in one ownership at the time of the passage of this Code.

(175) LOT, INTERIOR. A lot other than a corner lot.

(176) LOT, LEGAL NON-CONFORMING. A lot which was legally created prior to the adoption of this Code.

(177) LOT LINES. The property lines bounding the lot.

(??) LOT LINE ADJUSTMENT. The relocation of the property boundary line in a subdivision between two adjoining lots with the consent of the owners of record.

(178) LOT LINE, FRONT. For an interior lot, the lot line adjoining the street, for a corner lot or through lot, each lot line adjoining a street.

(179) LOT LINE, REAR. Ordinarily, that line of a lot which is opposite and most distant from the front line of the lot. In the case of a triangular or gore-shaped lot, a line 10 feet in length within the parcel parallel to and at a maximum distance from the front lot line. In cases where this definition is ambiguous, the zoning administrator shall designate the rear lot line.

(180) LOT, RESTRICTED. A lot having an average slope of 15 percent or more; a lot which does not contain at least 75 feet by 100 feet, or the minimum size of a lot permitted in the zoning district where located, with an average slope of less than 15 percent; and/or a lot which has vehicular ingress to the main building or structure which, upon completion of construction on the site, has a slope of 15 percent or greater; or a lot subject to geologic hazards.

(181) LOT RIGHT-OF-WAY. A strip of land not less than 16 feet in width connecting a lot to a street for use as private access to that lot.

(182) LOT, UNRESTRICTED. A lot having an average slope of less than 15 percent and containing a buildable area of at least 75 feet by one 100 feet, or the minimum size of a lot permitted in the zoning district in which it is located, with an average slope of less than 15 percent, or as a buildable area designated as such on the subdivision plat in which the lot is located, if the average slope of the lot is greater than 15 percent.

(183) LOT WIDTH. The horizontal distance between the side lot lines, measured at the required front yard setback line or rear yard setback line, whichever is shorter.

(184) LOW PROFILE SIGN (Also "Monument Sign"). A sign mounted directly to the ground with maximum height not to exceed six (6) feet.

(185) MAIN USE OR BUILDING. The principal use which will occur on a lot or the principal structure to be used by the principal use on a lot, to which all other uses and structures are necessary.

(186) MAINTENANCE, SIGN. For the purposes of this Ordinance, the cleaning, painting, repair, or replacement of defective parts of a sign in a manner that does not alter the basic copy, design, or structure of the sign.

(240) PREFABRICATED HOUSING. (See Modular Home).

(241) PREMISES. A parcel of land with its appurtenances and buildings which, because of its unit of use, may be regarded as the smallest conveyable unit of real estate for that zoning district.

(242) PRELIMINARY PLAT. A drawing, to scale, representing a proposal to subdivide a tract, lot or parcel of land, and meeting the preliminary plat requirement of this ordinance.

(243) PRE-SECTIONED HOME. (See Modular Home).

(244) PRIME AGRICULTURAL SOILS. Areas of soils most suited for agriculture, those in capability units 1, 11, or 111, as indicated in the soil survey prepared by the Soil Conservation Service which encompasses Grantsville City.

(245) **PRINCIPAL USE.** Any use which is named and listed in the use regulations and other provisions of this Code, except those uses specifically designated as accessory uses; any use which is or may be conducted on a lot independently or any other use on the lot and not incidental or accessory to any other use on the lot; any use which establishes the primary activity on a lot.

(246) **PRIVATE NON-PROFIT RECREATIONAL GROUNDS AND FACILITIES.** Non-profit recreational grounds and facilities operated by a non-profit corporation, association, or group.

(247) **PRIVATE STREET.** (Amended 5/97, 2/00, 9/07, 2/09) A privately owned way or lane which affords the principal means of access to property. A private street which serves up to two (2) dwelling units shall have a right of way width of not less than 30 feet and shall be constructed and maintained with an all weather dustless surface that meets the specifications of the City for a standard residential street section, except that the base course need only be 20 feet wide with a slope or crown of 2 to 4%, no bituminous surface course need be applied and said street shall have a shoulder v-ditch with a slope of 6 to 8%. Private streets that serve more than two dwelling units or any business activity shall be constructed and maintained according to the City standards and specifications for a "standard residential street." Any private street that is longer than 150 feet shall have a cul-de-sac or hammerhead at the end thereof. The dimensions or layout of any required cul-de-sac or hammerhead shall comply with City's standards and specifications for public cul-de-sac or the minimum specifications of the current International Fire Code for hammerheads. The developer or owner(s) of a private street shall place a street sign at the intersection of the private street and all public streets, indicating the name of the private street, the north or east coordinate and that the street is a "private street". The location and specifications for the private street sign shall be determined by the City Public Works Director.

(248) **PROCESS OR PROCESSING.** The act, business or procedure of taking raw, extracted or preprocessed material and adding to or taking away from it, to produce a product that is purer, used, marketed, or uniquely different than the original raw material or product before the procedure was enacted.

(249) **PROFESSIONAL TEAM, QUALIFIED.** An individual(s) qualified by virtue of training, experience, state licensing where appropriate and membership in professional associations which pass upon qualifications prior to admittance to membership. A determination of whether or not a team is qualified, in the sense explained above, shall be made solely by the Planning Commission.

(250) **PROJECTING SIGN.** A sign, other than a flat wall sign which is attached to and projects from a building wall or other structure not specifically designed to support the sign.

(251) **PROPERTY SIGN.** A sign related to the property upon which it is located and offering such information as the address, the property, warning against trespassing, any hazard, or other danger on the property. (see "Identification Sign")

(252) PROTECTION STRIP. A strip of land between the boundary of a land development and a street within the land development, for the purpose of controlling the access to the street by property owners abutting the land development.

(253) PUBLIC FACILITIES AND PUBLIC SERVICE FACILITIES. For the public convenience, certain infrastructure including streets, water lines, sewer lines, public utilities and drainage facilities may be allowed to serve various areas of the community, as public facilities. Possible additional facilities such as a sub-station for fire and/or police, post office and/or hospital may be determined to be in the public interest as well, as public service facilities by Grantsville City.

(254) PUBLIC STREET. A public way which affords principal means of access to abutting properties.

(255) PUBLIC SYSTEM (WATER OR SEWAGE). A system which is owned and operated by a local governmental authority or by an established public utility company which is adequately controlled by a governmental authority. Such systems are usually existing systems serving a municipality, a township, an urban county, or a water or sewer district established and directly controlled under the laws of the state of Utah.

(256) QUASI-PUBLIC. A seemingly public institution, entity or organization that is not actually public. (Because of an independent or private control over it)

(257) REAL ESTATE SIGN. A temporary sign advertising the real estate upon which the sign is located as being for rent, lease, or sale.

(258) REAR YARD REGULATIONS (REAR SETBACK). That part of a lot that adjoins another lot, alley, street, road or highway, which does not provide the main access to the lot, if any access at all is allowed, between the rear line of the building and the rear lot line, and extending the full width of the lot. The length of the rear yard is measured from the rear lot line to the eaves or the rear (back) line of a building whichever is closer to the rear lot line. Unenclosed stoops of six foot by six foot or less is not considered the rear line of a building.

(259) RECREATION DWELLING (CABIN, RECREATION CABIN). A dwelling designed for limited rather than primary occupancy and generally located adjacent to or with easy access to recreational area. The primary purpose for the construction of such a dwelling is to provide shelter during those limited periods of time when recreation is sought in the adjacent areas.

(260) RECREATIONAL VEHICLE (RECREATIONAL COACH). A vehicle with or without motive power, designed and constructed to travel on public streets, and designed for use as a human habitation of a temporary and recreational nature.

(261) RECREATIONAL VEHICLE PARK (TRAVEL TRAILER PARK). Any area or tract of land or a separately designated section within a mobile home park where lots are rented or held out for rent to one or more owners or users of recreational vehicles for a temporary time not to exceed 30 consecutive days.

(262) RECREATIONAL VEHICLE SPACE. A plot of ground within a recreational vehicle park designated and intended for the accommodation of recreational vehicle.

(??) RECORD OF SURVEY MAP. A map of a survey of land prepared in accordance with Utah Code Ann. Section §10-9a-603 (2023), Section §17-23-17 (2023), Section §17-27a-603 (2023), §57-8-13 (2003).

(263) RENEWABLE ENERGY. That form of energy whose supply is natural, inexhaustible and not dependent upon fossil fuel supplies. Examples include residential solar heat, wind power, geothermal power and many other supply sources.

(263.1) RESIDENTAIL DRIVEWAY. A driveway providing vehicular access to property used for residential purposes. This includes driveways for single family detached/attached and two-family structures.

(264) RESIDENTIAL FACILITY FOR ELDERLY PERSONS. ~~Means-a~~ A single-family or multiple-family dwelling unit that meets the requirement of Chapter 8 of this Code and any ordinance adopted under authority of that chapter.

(265) RESIDENTIAL FACILITY FOR HANDICAPPED PERSONS. ~~Means-a~~ A single-family or multiple-family dwelling unit that meets the requirements of Chapter 8 of this Code and any ordinance adopted under authority of that chapter.

(266) RESIDUAL LAND. That land which does not meet the minimum standards for a lot and therefore must be attached and become part of another parcel which does or will conform to lot minimum standards, or be attached to public land for public purposes.

(267) RIGHT-OF-WAY. That portion of land dedicated to public use for street and/or utility purposes or maintained in private use for similar purposes.

(268) ROADWAY WIDTH. For a street with battered or roll curb to back of curb, otherwise the width of the actual paved surface.

(269) ROOFLINE. The top edge of a roof or building parapet, whichever is higher, excluding any mansards, cupolas, pylons, chimneys or minor projections.

(270) ROOF SIGN. Any sign erected partly or wholly over or on the roof of a building. A structure having main supports embedded in the ground shall not be considered to be a roof sign even if the sign's supports pass through a roof, canopy, or parapet of a building. (compare "Mansard, "Wall Sign")

(271) ROTATING SIGN. (see "Animated Sign , Mechanically Energized").

(??) SANITARY SEWER AUTHORITY. The department, agency, or public entity with responsibility to review and approve the feasibility of sanitary sewer services or onsite wastewater systems.

(272) SCHOOL, PRIVATE. A school which is operated by a quasi-public or private group, individual, or organization, for profit or non-profit and which has a curriculum similar to that provided in any public school whether or not a complete educational curriculum.

(273) SCHOOL, PUBLIC. A school operated by a school district or other public agency in the State of Utah.

(274) SECURITY SURVEILLANCE. When security is a paramount concern to a project, it may require continuous and comprehensive surveillance of the private streets if access is only through a guarded gate. Under these circumstances it is in the interests of the public to vary requirements sufficient to permit total control of a manager.

(275) SEWER CONNECTION. A connection consisting of all pipes, fittings, and appurtenances from the drain outlet of the mobile home to the inlet of the corresponding sewer riser pipe of the sewage system serving the mobile home development.

(276) SEWER RISER PIPE. That portion of the sewer which extends vertically to at least ground elevation and terminates at each mobile home stand.

(277) SIDE YARD SETBACK. That part of a lot that adjoins another lot, between the side line of the building and the side lot line, and extending from the Front yard setback to the Rear Yard setback. The width of the side yard is measured from the lot line to the end of the eaves or the side line of a building whichever is closer to the side lot line. Unenclosed stoops of six foot by six foot or less is not considered the side line of a building.

(278) SIGN. Any device, structure, fixture, or placard using graphics, symbols, and/or written copy for the primary purpose of identifying, providing directions, or advertising any establishment, person, entity, interest, product, goods, or services. It includes any structural supports, lighting systems, attachments, ornaments or other features.

(279) SIGN, AREA OF.

(a) Projecting and Freestanding - the area of a freestanding or projecting sign shall have only one side of any double or multiple-faced sign counted in calculating its area. The area of the sign shall be measured as follows if the sign is composed of one (1) or more individual cabinets. A rectilinear line of not more than eight (8) sides shall be drawn around and enclosing the perimeter of each cabinet or module. The area shall then be summed and totaled to determine total area. The perimeter of measurable area shall not include embellishments such as pole covers, framing, decorative roofing, support structures, etc., provided that there is no written advertising copy on such embellishments.

(b) Wall Sign - The area shall be within a single, continuous perimeter composed of any rectilinear line, geometric figure which encloses the extreme limits of the advertising message, If the sign is composed of individual letters or symbols using the wall as the background with no added decoration, the total sign area shall be calculated by measuring the area within the perimeter of each symbol or letter. The combined areas of the individual figures shall be considered the total sign area.

(280) SIGN CLEARANCE. The smallest vertical distance between the grade of the adjacent street, highway, or street curb and the lowest point of any sign, including framework and embellishment, if extended over that grade.

(281) SIGN, ELECTRONIC MESSAGE. (see "Animated Sign, Electrically Energized").

(282) SIGN, FREE-STANDING. (see "Freestanding Sign").

(283) SIGN IDENTIFICATION AND INFORMATION. (see "Identification Sign").

(284) SIGN ILLUMINATED. (see "Illuminated Sign").

(285) SIGN, MARQUEE. (see "Marquee Sign").

(286) SIGN SETBACK. The minimum distance that any portion of a sign or sign structure shall be from any street right-of-way line and yard line coterminous with a street or road.

(???) SINGLE USE RESIDENTIAL DEVELOPMENT. A development that contains only single family dwellings, two family dwellings or townhomes which are subject to the processes prescribed in Utah Code Ann. §10-9a-604.1 (2023) and 10-9a-604.2 (2023)

(287) SITE. A parcel or parcels of land intended to have one or more buildings or intended to be subdivided into one or more lots.

(288) SITE AREA. All land area within the site as defined in the deed. Area shall be determined from an actual survey rather than from a deed description.

(289) SITE PLAN (PLOT PLAN). A plan required by and providing the information required by this ordinance.

(290) SKETCH PLAN. A generalized layout of a proposed subdivision or development, with accompanying general proposal and intentions of the subdivider or developer, and relating the proposed subdivision or development to its area, public, utilities, facilities, services, and to special problems which may exist in the area.

(291) SKY SPACE. That portion of the sky that must remain unobstructed for a solar collector to operate effectively. The skyspace can be measured for specific time of year use and location . (See " SOLAR ACCESS").

(292) SNIPE SIGN. A temporary sign or poster affixed to a tree, fence, etc.

(293) SOLAR ACCESS. The availability of sunlight to solar collectors and solar energy systems. Solar access to a site depends upon the specific system type and most often demands rooftop, south wall, south lot or detached collector protection.

(294) SOLAR ENERGY CONVERSION SYSTEM. Includes active, passive and photo voltaic solar systems which when placed on a structure to supply energy to that structure.

(295) SOLAR GREENHOUSE / SUNSPACE / SUNPARLOR. An attached space to a building or residence which may provide heat and/or food to users as part of a passive solar energy system.

(296) SPECIAL DISTRICT. **Means a** All entities established under authority of Title 17 **AB** and any other governmental or quasi-governmental entity that is not a county, municipality, school district, or unit of the state.

(??) SPECIFIED PUBLIC UTILITY. An electrical corporation, gas corporation, telephone corporation, franchise or other quasi-public utility as those terms are defined in Utah Code Ann. Section §54-2-1 (2016).

(297) SPORTSMAN PERMIT. The keeping of up to five dogs by their owner in a residential area pursuant to GCC 4-1-32(B) pursuant to a conditional use permit and license issued by the City Council.

(298) SPOT ZONE. A zoning amendment which singles out a relatively small parcel for a use classification totally different from that of the surrounding area, for the benefit of the owner of such property, which is invalid because it is not in accordance with a comprehensive plan.

(299) STABLE, PRIVATE. A detached accessory building for the keeping of livestock owned by the occupants of the premises and not kept for hire, remuneration, or sale.

(300) STABLE, PUBLIC. A detached accessory building where horses are boarded and/or kept for hire.

(301) STATE STORE. A facility for the sale of package liquor located on premises owned or leased by the state of Utah and operated by state employees. State store does not apply to any licensee, permittee, or to package agencies.

(302) STEEP SLOPES. Areas where the average slope exceeds 8 percent which, because of this slope, are subject to high rates of storm water runoff and therefore erosion.

(303) STORY, HALF. A partial story under a gable, hip, or gambrel roof, the wall plates of which are on at least two opposite exterior walls, do not extend more than four feet above the floor of such story, and the ceiling area of which does not exceed 2/3 of the floor area of ground, or attachment to something having a fixed location upon the ground, includes "building."

(??) STREET. A public right-of-way, including a highway, avenue, boulevard, parkway, road, lane, walk, alley, viaduct, subway, tunnel, bridge, public easement, or other way, and which may be classified as Rural, Residential, Local, Collector, Arterial, and Main Street or as otherwise defined in the Grantsville City Street Master Plan.

(304) STREET AND ROAD SYSTEMS. (AMENDED 5/97 & 11/06) (see Technical Specifications and Standard Drawings for Streets).

(a) Arterial - A limited access street which is designed to carry through traffic with their only access being from Collector streets and State roads at intervals of no less than 1/2 mile. Arterial streets are intended to serve 3500 to 8000 average daily trips when the service area is fully developed.

(b) Collector - A street which is designed to intercept traffic from a standard residential road. Collector streets are intended to serve up to 1500 average daily trips from 150 to 500 residential or equivalent units.

(c) Cul-de-sac - A street which is designed to remain permanently closed at one end with the closed end terminated with a vehicular turnaround.

(d) Local – A street which creates the intercity grid network and functions to move traffic from Residential streets to Collector streets.

(e) Public Street - A street or road which has been dedicated or abandoned to the public and accepted by the proper public authority and affords principal access to abutting properties.

(f) Rural – A street located in outlying areas where volumes are less than a design hourly volume of 100 and intrusions such as driveways are greater than 1/4 mile apart with intersections being spaced no less than 1 mile apart.

(g) Residential or Standard Residential - A street which is designed to serve abutting land uses only. Standard residential streets are intended to serve up to 1500 average daily trips from no more than 150 residential or equivalent units. Residential streets may be developed to a Rural Residential Road Standard if the street meets criteria found in the Grantsville City Street Master Plan.

(h) Stub Streets - A street or road extending from within a subdivision boundary and temporarily terminating with temporary turnaround (cul-de-sac). Stub streets are provided to permit adjacent undeveloped parcels of land to be developed later by continuing the stub street to a connecting street.

(304a) STREET SIDE YARD. The permeable and visible (not impeded by a fence) area between the secondary street lot line and the side facing facade of the main building as illustrated in Drawing 1 (see definition for Front Yard).

(305) STRUCTURE. Anything constructed, the use of which requires fixed location on the ground or attachment to something having a fixed location on the ground, includes "building".

(306) SUBDIVIDER (DEVELOPER). ~~Means a~~ Any person, firm, corporation, partnership or association who causes land to be divided into a subdivision for himself/herself or others; a developer.

(??) SUBDIVISION. Any land that is divided, resubdivided or proposed to be divided into two or more lots, parcels, sites, units, plots, or other division of land for the purpose, whether immediate or future, for offer, sale, lease, or development either on the installment plan or upon any and all other plans, terms, and conditions.

"Subdivision" includes:

(1) the division or development of land whether by deed, metes and bounds description, devise and testacy, map, plat, or other recorded instrument, regardless of whether the division includes all or a portion of a parcel or lot; and

(2) except as provided for in the following Subsection regarding the division or partition of agricultural land, divisions of land for residential and nonresidential uses, including land used or to be used for commercial, agricultural, and industrial purposes.

"Subdivision" does not include:

(1) a bona fide division or partition of agricultural land for the purpose of joining one of the resulting separate parcels to a contiguous parcel of unsubdivided agricultural land, if neither the resulting combined parcel nor the parcel remaining from the division or partition violates an applicable land use ordinance;

(2) a boundary line agreement recorded with the Tooele County Recorder's Office between owners of adjoining parcels adjusting the mutual boundary in accordance with Utah Code Ann. Section §10-9a-524 (2021) if no new parcel is created;

(3) a recorded document, executed by the owner of record;

(a) revising the legal descriptions of multiple parcels into one legal description encompassing all such parcels; or

(b) joining a lot to a parcel.

(4) a boundary line agreement between owners of adjoining subdivided properties adjusting the mutual lot line boundary in accordance with Utah Code Ann. Sections §10-9a-524 (2021) and §10-9a-608 (2023) if:

(a) no new dwelling lot or housing unit will result from the adjustment; and

(b) the adjustment will not violate any applicable land use ordinance;

(5) a bona fide division of land by deed or other instrument if the deed or other instrument states in writing that the division:

(a) Is in anticipation of future land use approvals on the parcel or parcels;

(b) Does not confer any land use approvals; and

(c) Has not been approved by the land use authority;

(6) a parcel boundary adjustment;

(7) a lot line adjustment;

(8) a road, street, or highway purpose; or

(9) any other division of land authorized by law.

~~(307) SUBDIVISION (See "DEVELOPMENT"). Means any land that is divided, re-subdivided, or proposed to be divided into two or more lots, parcels, sites, units, plots, or other division of land for the purpose, whether immediate or future, for offer, sale, lease, or development either on the installment plan or upon any and all other plans, terms, and conditions. It also includes the division or development of land whether by deed, metes and bounds description, devise and testacy, lease, map, plat, or other recorded instrument; and divisions of land for all residential and nonresidential uses, including land used or to be used for commercial, agricultural, and industrial purposes.~~

(308) SUBDIVISION, CLUSTER. A subdivision of land in which the lots have areas less than the minimum lot area of the district in which the subdivision is located, but which complies with the cluster subdivision provisions of this Ordinance and in which a significant part of the land is privately reserved or dedicated as permanent common open space to provide low-density character for the residential lots in the subdivision.

(309) SUBDIVISION IDENTIFICATION SIGN. A freestanding or wall sign identifying a recognized subdivision, condominium complex, or residential development.

(310) SUBDIVISION, MINOR. A subdivision of four (4) or less lots, which is not traversed by the mapped lines of a proposed street as shown in the general plan of Grantsville City, does not require the dedication of any land for street or other public purposes and each lot in the subdivision meets the frontage, width and area requirements of this zoning ordinance and Grantsville City zoning maps.

(311) SUBDIVISION VACATION. The process of removing from record a section of land that was subdivided into plats for development or sale, lease or to offer for sale. The subdivision

area vacated ceases to exist, and the land is one parcel, and must be re- subdivided to sell in smaller sections.

(312) SWIMMING POOL. An accessory use subject to all state and local regulations governing safety and health, which requires a conditional use permit.

(313) TECHNICAL REVIEW COMMITTEE. The Zoning Administrator, with the approval of the Mayor, may designate and appoint certain professionals, officials and other competent resource persons to serve as advisors, meeting as a Technical Review Committee to assist her/him, and serve as Planning Commission staff for the purpose of evaluating applications for Planning Commission action.

(314) TEMPORARY SIGN. A sign not constructed or intended for long-term use, with a maximum time period of ninety (90) days.

(315) TEMPORARY USE. Any use of land which, in the determination of the Planning Commission, and approved by the City Council shall not extend beyond 2 years from inception of such land use. A determination as to whether or not a land use is temporary shall be based solely upon facts submitted to the Planning Commission at the time of application for a conditional use permit for a temporary use. Unless found to be temporary, any use of the land shall be presumed to be permanent. Such uses include construction facilities, emergency facilities as well as interim uses of land and buildings awaiting ultimate use, i.e. pasture for a few months before construction begins, a carnival, fair, sports field, staging area, etc.

(316) TIEDOWN. Any device designed for the purpose of anchoring a mobile home to ground anchors.

(317) TWIN HOME DWELLINGS. (Amendment 7/97) A two-family dwelling that is divided into attached single-family dwellings as the result of a division of the property upon which the two dwellings are situated into two separate lots along the common wall of the two single-family dwellings. The adjoining lots occupied by a twin home shall have the minimum square footage required for any lot in the zoning district in which the property is located, plus the additional square footage required for an additional dwelling unit in the same zone. Twin home dwellings shall be either approved as a part of an initial subdivision application and approval process or as a result of the subdivision amendment process specified by the provisions of Chapter 21, Section 10 of this Code.

(317) TWIN COMMERCIAL UNITS (06/06). A twin commercial unit is a commercial building or structure that is located on two adjoining lots, is separated by a common wall and the common wall is located on the lot line. The adjoining lots occupied by a twin commercial unit shall have the minimum square footage required for any lot in the zoning district in which the property is located. Twin commercial Units may be approved as a part of an initial subdivision approval process or may be approved as a conditional use for existing lots in specified commercial and industrial zoning districts. The ownership of each portion of a twin commercial unit shall run with the land that it is located upon.

(318) UNDER-CANOPY SIGN. A sign suspended beneath a canopy, ceiling, roof, or marquee.

(319) UNINCORPORATED. ~~Means-~~ The area outside of the incorporated boundaries of Grantsville City. That area that falls under the jurisdiction of Tooele County.

(320) UNLICENSED MOTOR VEHICLES. Any vehicle which initially was designed or constructed to be self-propelled and which is not currently registered or licensed by the State of Utah, but does not include vehicles exempt from registration under Section 41-22-9 Utah Code Annotated, 1953, as amended. "Unlicensed Motor Vehicle" does not include any motor vehicle kept or stored at an approved impound lot or commercial storage yard.

(321) URBAN SERVICES. Those services normally associated with urban living, including but not limited to the following; electricity, natural gas, streets, schools, culinary water, sewage collection and treatment facilities, and police and fire protection.

(322) USE. The purpose for which a building, lot, sign or structure is intended, designated, occupied, or maintained.

(323) "V" SIGN. A sign consisting of two essentially equal faces, positioned at an angle subtending less than 179 degrees.

(324) VICINITY MAP (LOCATION MAP). A map or drawing, not necessarily to scale, showing where a subdivision, or proposed subdivision, PUD, commercial development, or other property is located.

(325) VICINITY PLAN. A map or drawing, to scale, of any area proposed for development, showing existing and proposed streets, buildings, public facilities and utilities within the general influence area of the proposed project such as mile radius; boundaries of zoning districts, taxing districts, and other special districts on and in the immediate vicinity of the land proposed for project; water course, impoundments, streams, springs, wells and areas subject to continuous or occasional flooding on and in the immediate vicinity of the land proposed for project and significant vegetative patterns on and in the immediate vicinity of the land proposed for development.

(326) VIEW-OBSCURING FENCE, WALL OR HEDGE. A fence, wall, or hedge of vegetation growth which prevents full view of property on one side by a viewer standing on the other side.

(327) WALL SIGN. A sign attached essentially parallel to and extending not more than twenty-four (24) inches from the wall of a building with no copy on the sides or edges. This definition includes painted, individual letters, and cabinet signs, and signs on a mansard.

(328) WATER CONNECTION. A connection consisting of all pipes, fittings, and appurtenances from the water riser pipe to the water inlet pipe of the distribution system within the dwelling.

(329) WATER RISER CONNECTION. That portion of the water supply system which extends vertically to at least ground elevation and terminates at the water inlet pipe for each mobile home lot or dwelling.

(331) WETLANDS. Areas known as marshes, swamps, or wetlands, including all areas greater than one-quarter acre where standing water is retained for a portion of the year and unique vegetation has adapted to the area, or as regulated by the U.S. Army corps of Engineers.

(332) WIND ENERGY CONVERSION SYSTEMS. Includes structure and all apparatus to utilize wind to drive generator.

(333) WINDOW SIGN. A sign installed inside a window and intended to be viewed from outside the building.

(334) Xeriscape Landscape. One of several methods of landscaping that employs a mix of drought tolerant plants and organic and inorganic mulch and are considered Waterwise Landscapes.

(335) YARD. A required open space on a lot, other than a court, unoccupied and unobstructed from the ground upward, except as permitted elsewhere in this Code.

(336) YARD, FRONT. (See: Front Yard Setback). Note - On a corner lot there are two front yards.

(337) YARD, REAR. (See: Rear Yard Setback)

(338) YARD, SIDE. (See: Side Yard Setback)

(339) ZONE. (See "District, Zone")

(??) ZONING MAP. A map, adopted as part of a land use ordinance, that depicts land use zones, overlays, or districts.

AGENDA ITEM #2

Consideration of an Amendment to the
Grantsville Land Use and Management Code
Chapter 24 -Single Lot Development

Chapter 24 Single Lot Development

Proposed Amendments

Proposed Revisions

~~Proposed Deletions~~

Comments or ongoing staff discussion.

The changes in Chapter 24 are proposed to comply with the updated state land use code. Revisions in red or green address comments provided in the Planning Commission discussion on December 21, 2023.

24.1 Purpose

(1) The purpose of this chapter is to ensure compliance with city development and land use standards for construction on metes and bounds parcels outside of recorded subdivisions or condominiums. This chapter applies to all construction on existing metes and bounds parcels in the city and does not apply to the subdivision of land. This chapter describes the process and requirements for obtaining approval to construct a single lot development (SLD) in the city.

Adopted by Ord. [2021-10](#) on 4/28/2021

Amended by Ord. [2021-21](#) on 5/5/2021

24.2 SLD Review Required

All proposed SLDs must be submitted for review to city staff prior to construction. Building permits may not be obtained nor shall any site work be performed on any parcel, under this chapter, outside of a recorded subdivision or condominium prior to SLD approval. An SLD may not be reviewed or approved unless and until the subject parcel is zoned for the desired construction.

HISTORY

Adopted by Ord. [2021-10](#) on 4/28/2021

24.3 SLD Requirements

(1) Any SLD shall meet all requirements of this title and of the zone in which it is located. The following may be required for any proposed SLD:

A. Dedication of public right-of-way for the public street on which the parcel fronts.

B. Dedication of public utility or drainage easements necessary for the SLD.

C. Construction of public right-of-way improvements abutting the SLD.

D. Payment of review and impact fees.

E. A site plan review may be required for industrial, commercial and multi-family residential developments.

HISTORY

Adopted by Ord. [2021-10](#) on 4/28/2021

24.4 SLD Application

(1) The applicant shall submit an applicant to Planning and Zoning Administrator for review by the city staff. The SLD application will consist of an application form, fee (contained in the City's Fee Schedule), a Boundary Survey (or Record of Survey) attached to a Deed as an Exhibit, an electronic .pdf file of the drawings ~~along with three (3) 11" x 17" paper copies of the drawings~~ including ~~of~~ a site plan drawing showing the following and other information as requested by the city;

A. Name, address and phone number of applicant and/or owner.

B. Vicinity plan showing adjacent parcels, lots, owners and buildings.

C. Date, scale and north arrow.

D. Parcel location and boundary.

E. Address and tax identification number.

F. Proposed ~~dwelling~~ building dimensions and setbacks.

G. Existing and proposed street right-of-way widths.

H. Existing and proposed street improvements (curb, gutter, sidewalk, park strip, pavement), access and driveways.

I. Existing and/or proposed waterways, utilities, easements, flood boundary, geologic hazards, fencing, fire hydrants, streetlights, storm drain system, soil conditions, other features and infrastructure on or adjacent to the property.

J. If new construction, intent to serve forms from all utilities that will be serving the development.

K. City staff shall review the application and provide connections, if necessary, to the applicant. The applicant shall resubmit the plans which may then be approved or denied by city staff.

HISTORY

Adopted by Ord. 2021-10 on 4/28/2021

24.5 Application Review

(1) The application shall be reviewed by the Planning and Zoning Administrator (Administrator) and other city staff as the Administrator deems necessary.

(2) The City shall provide comments in no more than 14 business days from the date that the City has determined the application is complete and the fees have been paid.

(3) The Administrator shall review the application for compliance with the applicable land use and zoning ordinances. The City Engineer shall review the construction plans and determine compliance with the engineering and surveying standards and criteria set forth in this title and all other applicable ordinances of the city and the state.

(4) The Administrator may approve the SLD if the application fully complies with the applicable land use ordinances and is found by the City Engineer to comply with the

improvement standards required by this title and if all easements are correctly described and located.

(5) if the SLD application complies the signed and notarized Deed with the attached (Exhibit) Survey and Site Plan shall be signed by the Grantsville City Mayor, Planning and Zoning Administrator and City Engineer. The applicant shall then record the document with the Tooele County Recorder.

(6) If the SLD complies, Once the SLD Application is approved, the developer's engineer shall prepare an estimate of the construction costs for all proposed public improvements.

(7) If the SLD application or the construction plans do not comply, the Administrator shall return the plans to the applicant with comment. Once all application requirements have been met, redline corrections made, revised plans submitted, fees paid and bond posted, a building permit may be obtained.

(2 8) If any ~~wavers~~ waivers or exceptions to the code are required, any associated building permit review and approval shall be put on hold and the SLD application shall go before ~~City Council~~ Planning Commission at the earliest practical public meeting to determine the status of the waivers and exceptions that will be required. Any exceptions or waivers granted shall be included in a development agreement.

HISTORY

Amended by Ord. 2021-21 on 5/5/2021

24.6 Plat Required

(1) If the city finds that dedication of land or public improvements is required, the applicant will be required to provide a plat and additional drawings describing the public improvements. The plat shall go before the ~~City Council~~ Planning Commission for approval. A Development Agreement may be required to clarify the responsibilities of the applicant and the city with respect to dedicated public improvements as well as other applicable land use requirements.

HISTORY

Amended by Ord. 2021-21 on 5/5/2021

24.7 Timely Commencement Of Construction

(1) An SLD approval shall remain valid for one year from the date of approval. If a building permit is not obtained, fees paid and the foundation of the main building installed within one year of the approval, the SLD approval shall be void.

HISTORY

Amended by Ord. 2021-21 on 5/5/2021

24.8 Appeals

(1) The applicant that has submitted an application to ~~t~~ the City under this Chapter, may appeal any decision made by the planning and zoning administrator or planning commission regarding the proposed SLD to the City Council, whose decision shall be final. Any such decision appealed from shall be presented to the City Recorder in writing within

30 days after the entry of the decision appealed from. The City Council shall consider the appeal within 60 days of receipt of the written approval.

PLANNING STAFF ANALYSIS

HIGHLANDS MASTER DEVELOPMENT AGREEMENT

Highlands is finishing up the 7'000 sf lots next to the Walmart DC (40 Ac) and is looking to develop the 260 Ac South from their existing project to Mack Canyon Rd.

30 Ac of open space. There will be a fully improved 10 Ac of park and trail about 0.75 miles long that will be publicly maintained. It is unclear what the rest of the open space will be. The agreement states -- The other open space will include "privately opened" and maintained open spaces, parks and common areas. This should be defined. Some impervious surfaces areas are being included as open space, such as sports courts, pavilions, walking paths, trails, parking areas. Parking areas may be included only if it is directly created for the park.

Park impact fees will be reduced by the cost of land or amenities provided for parks, unless paid for by a PID.

Commercial area is limited by the agreement. The agreement has been reduced the area from 8.8 Ac of commercial at the intersection of Mack Canyon and SD138 to 12,000 sf size commercial buildings. The number of buildings is not noted. The agreement also will allow other types of buildings.

The property is currently Zones RM-7. The old code is still shown on line and states RM-7 has a max Density of 7 d.u./acre. The code also states that -- only existing roads do not need to be included when determining units per acre. In the agreement the developer calculated the number of dwelling units allowed to fit on the property to be 1,878 units.

And the new code removed the max number of units per acre and uses min lot sizes of 7,000 sf and corner lots at 10,000 sf. After subtracting the open space and roads that would need to be designed around (30% of the area) the max number of 7,000 sf lots would be 1,077 dwellings. This is a difference of over 800 lots that are being added to the development.

Things that could be added to the agreement

- allowing the city to require upsizing of the utilities or building their share of the utilities that would be needed per the West Bank Draft Study
- HOA to maintain the trails and open space less than 5 ac in size

1.29. **Zoning** means the Multiple Residential District RM-7 zoning in effect as of the date of this ARMDA.

2. Development of the Planned Community.

2.1. **Planned Community Compliance.** The City has reviewed the applicable law, including GLUDMC, LUDMA and has determined that the Planned Community substantially complies with the provisions thereof. The City hereby finds that the Planned Community is consistent with the Zoning and the purpose and intent of the General Plan.

2.2. Subdivision Compliance. Development of a Subdivision within the Planned Community shall be in accordance with LUDMA, GLUDMC, the City's Future Laws (to the extent they are applicable as specified in this ARMDA), and this ARMDA. The terms of this ARMDA shall bind all Subdevelopers.

2.3. Maximum Residential Units. At Buildout, Master Developer shall be entitled to develop the Maximum Residential Units, with a gross density of seven (7) units per acre of the type and in the general location as shown on the Master Plan consistent with the RM-7 zoning and the final plat for each phase, so long as (1) the Maximum Residential Units within the Project is not exceeded, (2) the gross density includes construction of all existing roads, open spaces, and drainage, and (3) the layout of each phase is approved by the City, which approval shall not be unreasonably withheld or be contingent on requirements which are not otherwise imposed by this ARMDA or applicable law.

2.4. Non-Residential Units. In addition to the Maximum Residential Units, Master Developer shall construct commercial buildings with a minimum square footage 12,500 square feet within in Area 1 as identified in the Master Plan, provided the City approves the rezone of the parcel on which such building is constructed. The City may also permit the construction of additional buildings and structures for non-residential use, as may be necessary or desirable for the public benefit.

2.5. Master Developers' Discretion. This ARMDA shall not obligate the Master Developer to construct the Planned Community or any Subdivision therein. The Master Developer shall have business discretion whether or not to construct a Development. However, once construction of a Development has begun in accordance with the Final Plat, the Master Developer or Subdeveloper shall be required to complete the Development within time required by LUDMA and GLUDMC, or a time as specified by the City prior to approval of a Development Application.

3. Vested Rights.

3.1. Vested Rights Granted by Approval of this ARMDA. To the maximum extent permissible under the laws of Utah and the United States and at equity, the Parties intend that this ARMDA grant to Master Developer all rights to develop the Planned Community in fulfillment of this ARMDA, LUDMA, and GLUDMC, except as specifically provided herein. The Parties specifically intend that this ARMDA grant to Master Developer the "vested rights" identified herein as that term is construed in Utah's common law and pursuant to Utah Code Ann. § 10-9a-509 (2023).

3.2. Exceptions. The vested rights and the restrictions on the applicability of the City's Future Laws to the Subdivision as specified in Section 3.1 are subject to the following exceptions:

3.2.1. ARMDA. The City's Future Laws or other regulations to which the Master Developer agrees in writing;

3.2.2. State and Federal Compliance. The City's Future Laws or other regulations which are generally applicable to all properties in the City and which are required to comply with State and Federal laws and regulations affecting the Planned Community;

3.2.3. Codes. Any City's Future Laws that are updates or amendments to existing building, fire, plumbing, mechanical, electrical, dangerous buildings, drainage, or similar construction or safety related codes, such as the International Building Code, the APWA Specifications, AAHSTO Standards, the Manual of Uniform Traffic Control Devices or similar standards that are generated by a nationally or statewide recognized construction/safety organization, or by the State or Federal governments and are required to meet legitimate concerns related to public health, safety or welfare;

3.2.4. Taxes. Taxes, or modifications thereto, so long as such taxes are lawfully imposed and charged uniformly by the City to all properties, applications, persons and entities similarly situated; or,

3.2.5. Fees. Changes to the amounts of fees for the processing of Development Applications that are generally applicable to all development within the City (or a portion of the City as specified in the lawfully adopted fee schedule) and which are adopted pursuant to State law.

3.2.6. Impact Fees. Impact Fees or modifications thereto which are lawfully adopted, and imposed by the City pursuant to Utah Code Ann. § 11-36a-101 (2011) *et seq.*

3.2.7. Planning and Zoning Modification. Changes by the City to its planning principles and design standards as permitted by Local, State or Federal law which do not conflict with this ARMDA.

3.2.8. Compelling, Countervailing Interest. Laws, rules or regulations that the City's land use authority finds on the record are necessary to avoid jeopardizing a compelling, countervailing public interest pursuant to Utah Code Ann. § 10-9a-509(1)(a)(i) (2023).

4. **Term of ARMDA.** Unless earlier terminated as provided for herein, the term of this ARMDA shall be until January 1, 2045. If, as of that date, Master Developer has not been declared to be currently in default pursuant to this ARMDA, then this ARMDA shall be automatically extended until January 1, 2050. If upon the expiration of the automatic extension, Master Developer has not been declared to be currently in default pursuant to this ARMDA and there are unfinished Developments on the Property, the City has the option to extend this ARMDA for a time reasonably necessary to complete such Developments, not to exceed ten (10) years. This ARMDA shall also terminate automatically upon Buildout of all property within the Planned Community or if no building permit or preliminary plats is approved within the Project in any five (5) year period.

5. **Building Permits.** The City shall reasonably accept complete Building Permit applications for all buildings and structures identified in an approved Final Plat. The City shall issue all required Building Permits after construction by Developer of all necessary public infrastructure, within

such Final Plat including public safety access in accordance with Grantsville Municipal Code section 5-1-11 is provided and approved by the City, and adequate fire protection is in place as certified by the fire marshal and in accordance LUDMA. The City will promptly issue a certificate of occupancy for each building or structure that satisfies the State and applicable City requirements to obtain a certificate of occupancy.

6. Planned Community and Subdivision Development

6.1. Preliminary Plats. The Master Developer and/or Subdeveloper(s) shall prepare and submit to the City for its review, Preliminary Plats for each Subdivision. There shall be no limit on the number Preliminary Plats within the Property which may be submitted to the City for review. Preliminary plat approval shall be valid for an initial period of six months, and may be extended subject to the limitations of GLUDMC.

6.2. Combined Public Infrastructure. It is intended that the Planned Community share Public Infrastructure and other items (such as public parks, trails and utilities) between Subdivisions. Master Developer may provide design drawings for each Master Plan Area depicting the Public Infrastructure or any other items necessary for the Planned Community. Such drawings must be incorporated into the Final Plat for any Subdivision or Development in that Master Plan Area. Public Infrastructure requirements for each Subdivision shall be calculated based only on the Public Infrastructure identified on the Final Plat for that Subdivision.

6.3. Mack Canyon Road. Master Developer agrees to dedicate to the City, a portion of the Property representing a half-width of the Mack Canyon Road right-of-way along the southerly border of the Project as depicted in Exhibit “A” (which exact width and location may vary) as necessary to complete the upsizing of the portion of Mack Canyon consistent with the traffic needs as supported by a traffic study and in compliance with City and State requirements. If the City requires additional property for the expansion of Mack Canyon Road beyond what is supported by the traffic study or beyond a half-width, the City shall compensate Master Developer or Subdeveloper the fair market of the additional property. Master Developer shall grant a permanent easement across the narrow section of the Project to any property owner that currently accesses Mack Canyon Road.

6.4. Open Space. The Planned Community shall contain a minimum of 10% Open Spaces, totaling approximately 29.95 acres (“Required Open Space”).

6.4.1. Open Space Uses. Public and private open space shall be counted toward the Required Open Space, and include impervious surfaces as permitted by GLUDMC section 21.1.15, such as sports courts, pavilions, walking paths, trails, parking areas, and other recreational facilities and any other area as approved by the City. Unless otherwise paid for by a Public Infrastructure District bond, if the Master Developer or a Subdeveloper dedicates a portion of the Property or other real property, including improvements, to the City for public use, such Master Developer or Subdeveloper shall be credited the fair market value of such dedicated property and improvements toward a reduction in park impact fees subject to the City’s capital facilities plan.

6.4.2. **Required Uses.** The Master Plan illustrates a unique network of open spaces, parks and trails that include both publicly and privately owned and maintained land. No publicly available open space shall be privately owned or maintained. In addition to privately opened and maintained open spaces, parks and common areas, the Planned Community shall include a fully improved public park, with a minimum of ten (10) acres of contiguous space (“Public Park”) and a trail system not less than 0.75 miles in length.

6.4.3. **Subdivision Open Space Exemption.** Because the Planned Community shall share Required Open Space, individual Subdivisions shall be exempt from the Open Space requirements established in GLUDMC.

6.4.4. The Open Space shall be dedicated to the City prior to the recordation of Phase as shown on the Master Plan for use by the City as a park or other open space as the City deems appropriate.

6.5. **Water Retention Areas.** Portions of the Public Park and Community Trail may also serve as stormwater detention areas for the benefit of the Planned Community, and the depth and capacity of such areas are subject to review and approval by the City.

6.6. **Approval of Final Plats.** The Planned Community and each Master Plan Area may contain multiple Subdivisions, each of which may be eligible for Final Plat approval subject to GLUMDC and applicable State Law.

7. Public Infrastructure.

7.1. **Construction of Public Infrastructure.** The Master Developer or Subdeveloper responsible for each Subdivision, shall construct and install all Public Infrastructure lawfully required as a condition of approval of a Development Application pursuant to GLUDMC. Such construction must meet all applicable standards and requirements that do not conflict with Master Developer’s vested rights and applicable law and approved by the City’s engineer, and comply with shared infrastructure drawings for the Planned Community as established in Section 6.2.

7.2. **Responsibility Before Acceptance.** The Master Developer or Subdeveloper who has commenced construction of any Public Infrastructure within the Planned Community shall be responsible for all Public Infrastructure within that Subdivision covered by this ARMDA until final inspection of the same has been performed by the City, and a final acceptance and release has been issued by the City Council. The City shall not, nor shall any officer or employee thereof, be liable or responsible for any accident, loss or damage happening or occurring to the Public Infrastructure, nor shall any officer or employee thereof, be liable for any persons or property injured by reason of said Public Infrastructure; all of such liabilities shall be assumed by the Master Developer.

7.3. **Warranty.** The Master Developer or Subdeveloper of each project shall repair any defect in the design, workmanship or materials in all Public Infrastructure which becomes

evident during a period of one year following the acceptance of the improvements by the City Council or its designee (Durability Testing Period). If during the Durability Testing Period, any Public Infrastructure shows unusual depreciation, or if it becomes evident that required work was not done, or that the material or workmanship used does not comply with accepted standards, said condition shall, within a reasonable time, be corrected.

7.4. Timing of Completion of Public Infrastructure. In accordance with the diligence requirements for the various types of approvals as described in the GLUDMC, construction of the required Public Infrastructure within a Subdivision shall be completed within one (1) year following Final Plat approval for that phase and prior to recordation of the mylar for that phase, subject to the terms of the subdivision improvement ARMDA between the Master Developer or Subdeveloper and the City. Upon a showing of good and sufficient cause by Developer the City shall, in accordance with the provisions of GLUDMC, extend the time of performance if requested prior to expiration of the completion date.

7.5. Bonding. In connection with any Development Application, Master Developer shall provide bonds or other development security, including warranty bonds, to the extent required by GLUDMC, unless otherwise provided by Utah Code § 10-9a-101, *et seq.* (2005), as amended. The Applicant shall provide such bonds or security in a form acceptable to the City or as specified in GLUDMC. Partial releases of any such required security shall be made as work progresses based on GLUDMC.

7.6. City Completion. The Master Developer or Subdeveloper shall agree that in the event they do not: (a) complete all improvements on a Subdivision within the time period specified under paragraph four above, or secure an extension of said completion date, (b) construct said improvements in accordance with City standards and as set forth in Paragraph one above, and (c) pay all legitimate claims for material and labor used in the construction of said improvements, the City shall be entitled to declare the Subdivision in default, request and receive the funds held by the guarantor as surety and utilize the monies obtained to install or cause to be installed any uncompleted improvements and/or to pay any outstanding claims, as applicable. Provided however, that the City shall not be responsible for any work beyond the amount of funds so provided. Any funds remaining after completion of the improvements shall be returned to the Guarantor.

7.7. Culinary Water. Master Developer shall be responsible for providing adequate culinary water rights as required by GLUDMC to service the Project.

8. Upsizing/Reimbursements to Master Developer.

8.1. Upsizing. Except as otherwise described herein, the City shall not require “upsizing” of any future Public Infrastructure (i.e., to construct the infrastructure to a size larger than required to service the Subdivision) unless financial arrangements reasonably acceptable to Master Developer or Subdeveloper of that Subdivision are made to compensate the Master Developer or Subdeveloper for the incremental or additive costs of such upsizing to the extent required by law.

9. **Default.**

9.1. **Notice.** If Master Developer or the City fails to perform their respective obligations hereunder or to comply with the terms hereof, the Party believing that a default has occurred shall provide Notice to the other Party.

9.2. **Contents of the Notice of Default.** The Notice of Default shall:

9.2.1. **Specific Claim.** Specify the claimed event of Default;

9.2.2. **Applicable Provisions.** Identify with particularity the provisions of any applicable law, rule, regulation or provision of this ARMDA that is claimed to be in Default; and

9.2.3. **Optional Cure.** If the City chooses, in its discretion, it may propose a method and time for curing the Default which shall be of no less than sixty (60) days duration, if weather conditions permit.

9.3. **Remedies.** Upon the occurrence of any Default, and after notice as required above, then the parties may have the following remedies:

9.3.1. **Law and Equity.** All rights and remedies available at law and in equity, including, but not limited to, injunctive relief and/or specific performance.

9.3.2. **Security.** The right to draw on any security posted or provided in connection with the Subdivision and relating to remedying of the particular Default.

9.4. **Public Meeting.** Before any remedy in Section 8.3 may be imposed by the City the party allegedly in Default shall be afforded the right to attend a public meeting before the City Council and address the City Council regarding the claimed Default.

9.5. **Default of Assignee.** A default of any obligations expressly assumed by an assignee shall not be deemed a default of Master Developer.

9.6. **Limitation on Recovery for Default – No Damages against the City.** Anything in this ARMDA notwithstanding Master Developer shall not be entitled to any claim for any monetary damages as a result of any breach of this ARMDA and Master Developer, except for claims sounding in fraud, waives any claims thereto. The sole remedy available to Master Developer and any assignee shall be that of specific performance.

10. **Notices.** All notices required or permitted under this ARMDA shall, in addition to any other means of transmission, be given in writing by certified mail and regular mail to the following address:

To the Master Developer:

Deseret Highlands Investments LLC
Attn: Guy Haskell
890 Heritage Park Blvd
Suite 104
Layton, UT 84041

To the City:

Grantsville City
Attn: Mayor
429 East Main Street
Grantsville, Utah 84029

1. Dispute Resolution.

1.1. Meet and Confer. The City and Master Developer shall meet within fifteen (15) business days of any dispute under this ARMDA to resolve the dispute.

1.2. Mediation.

1.2.1. Mediation Process. If the City and Master Developer are unable to resolve a disagreement the Parties shall be subject to mediation. The Parties shall attempt within ten (10) business days to appoint a mutually acceptable mediator with knowledge of the legal issue in dispute. If the Parties are unable to agree on a single acceptable mediator they shall each, within ten (10) business days, appoint their own representative. These two representatives shall, between them, choose the single mediator. Parties shall split the fees of the chosen mediator. The chosen mediator shall, within fifteen (15) business days from selection, or such other time as is reasonable under the circumstances, review the positions of the Parties regarding the mediation issue and promptly attempt to mediate the issue between the Parties. If the Parties are unable to reach an agreement, the Parties shall request that the mediator notify the Parties in writing of the resolution that the mediator deems appropriate. The mediator's opinion shall not be binding on the Parties.

11. Incorporation of Recitals and Exhibits. The Recitals and Exhibits "A" - "E" are hereby incorporated into this ARMDA.

12. Headings. The captions used in this ARMDA are for convenience only and are not intended to be substantive provisions or evidences of intent.

13. No Third-Party Rights/No Joint Venture. This ARMDA does not create a joint venture relationship, partnership or agency relationship between the City, or Master Developer. Except as specifically set forth herein, the parties do not intend this ARMDA to create any third-party beneficiary rights.

14. Assignability. The rights and responsibilities of Master Developer under this ARMDA

may be assigned in whole or in part, respectively, by Master Developer with the consent of the City as provided herein, which cannot be unreasonably withheld.

14.1. Sale of Lots. Master Developer's selling or conveying any Site within the Property shall not be deemed to be an assignment.

14.2. Related Entity. Master Developer's transfer of all or any part of the Property to any entity "related" to Master Developer (as defined by regulations of the Internal Revenue Service in Section 165), Master Developer's entry into a joint venture for the development of the Subdivision or Master Developer's pledging of part or all of the Subdivision as security for financing shall also not be deemed to be an assignment. Master Developer shall give the City Notice of any event specified in this sub-section within ten (10) days after the event has occurred. Such Notice shall include providing the City with all necessary contact information for the newly responsible party.

14.3. Process for Assignment. Master Developer shall give Notice to the City of any proposed assignment and provide such information regarding the proposed assignee that the City may reasonably request in making the evaluation permitted under this Section. Such Notice shall include providing the City with all necessary contact information for the proposed assignee. Unless the City objects in writing within twenty (20) business days of notice, the City shall be deemed to have approved of and consented to the assignment. The City shall not unreasonably withhold consent.

14.4. Partial Assignment. If any proposed assignment is for less than all of Master Developer's rights and responsibilities, then the assignee shall be responsible for the performance of each of the obligations contained in this MDA to which the assignee succeeds. Upon any such approved partial assignment Master Developer shall not be released from any future obligations as to those obligations which are assigned but shall remain jointly and severally liable with assignee(s) to perform all obligations under the terms of this ARMDA which are specified to be performed by Master Developer.

14.5. Complete Assignment. Master Developer may request the written consent of the City of an assignment of Master Developer's complete interest in this ARMDA. In such cases, the proposed assignee shall have the qualifications and financial responsibility necessary and adequate, as required by the City, to fulfill all obligations undertaken in this ARMDA by Master Developer. The City shall be entitled to review and consider the ability of the proposed assignee to perform, including financial ability, past performance and experience. After review, if the City gives its written consent to the assignment, Master Developer shall be released from its obligations under this ARMDA for that portion of the Property for which such assignment is approved.

15. No Waiver. Failure of any Party hereto to exercise any right hereunder shall not be deemed a waiver of any such right and shall not affect the right of such party to exercise at some future date any such right or any other right it may have.

16. Severability. If any provision of this ARMDA is held by a court of competent jurisdiction

to be invalid for any reason, the Parties consider and intend that this ARMDA shall be deemed amended to the extent necessary to make it consistent with such decision and the balance of this ARMDA shall remain in full force and affect.

17. **Force Majeure.** Any prevention, delay or stoppage of the performance of any obligation under this ARMDA which is due to strikes, labor disputes, inability to obtain labor, materials, equipment or reasonable substitutes therefor; acts of nature, governmental restrictions, regulations or controls, judicial orders, enemy or hostile government actions, wars, civil commotions, fires or other casualties or other causes beyond the reasonable control of the Party obligated to perform hereunder shall excuse performance of the obligation by that Party for a period equal to the duration of that prevention, delay or stoppage.

18. **Time is of the Essence.** Time is of the essence to this ARMDA and every right or responsibility shall be performed within the times specified.

19. **Appointment of Representatives.** To further the commitment of the Parties to cooperate in the implementation of this ARMDA, the City and Master Developer each shall designate and appoint a representative to act as a liaison between the City and its various departments and the Master Developer. The initial representative for the City shall be the City Manager. The initial representative for Master Developer shall be Guy M. Haskell. The Parties may change their designated representatives by Notice. The representatives shall be available at all reasonable times to discuss and review the performance of the Parties to this ARMDA and the development of the Subdivision.

20. **Applicable Law.** This ARMDA is entered into in Tooele County in the State of Utah and shall be construed in accordance with the laws of the State of Utah irrespective of Utah's choice of law rules.

21. **Venue.** Any action to enforce this ARMDA shall be brought only in the Third District Court for the State of Utah.

22. **Entire Agreement.** This ARMDA, and all Exhibits thereto, documents referenced herein, is the entire agreement between the Parties and may not be amended or modified except either as provided herein or by a subsequent written amendment signed by all Parties.

23. **Mutual Drafting.** Each Party has participated in negotiating and drafting this ARMDA and therefore no provision of this ARMDA shall be construed for or against any Party based on which Party drafted any particular portion of this ARMDA.

24. **No Relationship.** Nothing in this ARMDA shall be construed to create any partnership, joint venture or fiduciary relationship between the parties.

25. **Amendment.** This ARMDA may be amended only in writing signed by the parties hereto.

26. **Recordation and Running with the Land.** This ARMDA shall be recorded in the chain of title for the Property. This ARMDA shall be deemed to run with the land.

27. **Priority.** This ARMDA shall be recorded against the Property senior to any respective covenants and any debt security instruments encumbering the Property.

28. **Authority.** The Parties to this ARMDA each warrant that they have all of the necessary authority to execute this ARMDA. Specifically, on behalf of the City, the signature of the City Manager is affixed to this ARMDA lawfully binding the City pursuant to Resolution No. ____ adopted by the City on _____, 2023.

[Signatures and Authorizations to follow]

IN WITNESS WHEREOF, the parties hereto have executed this ARMDA by and through their respective, duly authorized representatives as of the day and year first herein above written.

GRANTSVILLE CITY MASTER DEVELOPMENT AGREEMENT

FOR

THE HIGHLANDS SUBDIVISION, PHASES 2-6

THIS MASTER DEVELOPMENT Agreement ("Agreement") is made and entered as of the 20th day of May 2020, by and between Grantsville City, a municipal corporation of the State of Utah ("City") and Updwell Development Highlands, LLC, a Utah limited liability company ("Developer").

RECITALS

- A. The capitalized terms used in this Agreement and in these Recitals are defined in Section 1.2, below.
- B. Developer owns now, or will own, and is developing the Property as a six-phase residential subdivision; Phase 1 of that Development has already been approved by the City and the infrastructure completed. Developer and the City desire that the remaining phases of the Property be developed in a unified and consistent fashion pursuant to the concept plan approved by the Grantsville City Council on March 29, 2017, and the Final Plat for each individual phase as recorded. The Parties desire to enter into this Agreement to specify the rights and responsibilities of the Developer to develop the Property as expressed in this Agreement and the rights and responsibilities of the City to allow and regulate such development pursuant to the requirements of this Agreement.
- C. The Parties understand and intend that this Agreement is a "development agreement" within the meaning of, and entered into pursuant to the terms of Utah Code Ann. 510-9a-101 (2005) *et seq.* This Agreement conforms with the intent of the City's General Plan and the Zoning.
- D. This Agreement shall govern the Development of phases 2-6, and as such phases are proposed, approved, and platted, exhibits shall be added to this Agreement specific to such added phases.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the City and Developer hereby agree to the following incorporating by reference the prior recitals as if fully set forth hereafter:

TERMS

1. **Definitions.** As used in this Agreement, the words and phrases specified below shall have the following meanings:

1.1. Agreement means this Master Development Agreement including all of its Exhibits and Addenda.

1.2. Applicant means a person or entity submitting a Development Application.

1.3. Buildout means the completion of all of the development on the entire Project in accordance with this Agreement.

1.4. City means Grantsville City, a political subdivision of the State of Utah.

1.5. City's Future Laws means the ordinances, policies, standards, and procedures which may be in effect as of a particular time in the future when a Development Application is submitted for a part of the Project and which may or may not be applicable to the Development Application depending upon the provisions of this Agreement.

1.6. Council means the elected City Council of the City.

1.7. Default means a breach of this Agreement as specified herein.

1.8. Developer means Deseret Highlands Investments, LLC and its successors/assignees as permitted by this Agreement.

1.9. Development means the development of a portion of the Property pursuant to an approved Development Application.

1.10. Development Application means an application to the City for development of a portion of the Project or any other permit, certificate or other authorization from the City required for development of the Project.

1.11. Final Plat means the recordable map or other graphical representation of land prepared in accordance with Utah Code Ann. 10-9a-603 (2019), and approved by the City, subdividing any portion of the Project.

1.12. GLUDMC means the Grantsville Land Use and Development Code.

1.13. LUDMA means the Land Use, Development, and Management Act, Utah Code Ann. 10-9a-101 (2005), et seq.

1.14. Maximum Residential Units means the development on Phases 2-6 of The Highlands Subdivision, of no more than 144 Residential Dwelling Units.

1.15. Notice means any notice to or from any Party to this Agreement that is either required or permitted to be given to another party.

1.16. Party/Parties means, in the singular, Developer or the City; in the plural Developer and the City.

1.17. Final Plat means the final plat for each phase of the Project, which must be approved by the City and thereafter attached as an Exhibit to this Agreement.

1.18. Project means the residential subdivision to be constructed on the Property, in phases, pursuant to this Agreement with the associated Public Infrastructure and private facilities, and all of the other aspects approved as part of this Agreement.

1.19. Property means the real property owned by and to be developed by Developer more fully described in Exhibit A.

1.20. Public Infrastructure means those elements of infrastructure that are planned to be dedicated to the City or other public entities as a condition of the approval of a Development Application.

1.21. Residential Dwelling Unit means a structure or portion thereof designed and intended for use as illustrated on the Final Plat for each phase of the Development.

1.22. Zoning means the RM-7 zoning of the Property

2. Development of the Project.

2.1. **Compliance with the Final Plat and this Agreement.** Development of the Project shall be in accordance with LUDMA, GLUDMC, the City's Future Laws (to the extent they are applicable as specified in this Agreement), the Final Plat and this Agreement.

2.2. **Maximum Residential Units.** At Buildout, Developer shall be entitled to have developed the Maximum Residential Units of the type and in the general location as shown on the Final Plan.

3. Vested Rights.

3.1. **Vested Rights Granted by Approval of this Agreement.** To the maximum extent permissible under the laws of Utah and the United States and at equity, the Parties intend that this Agreement grants to Developer all rights to develop the Project in fulfillment of this Agreement, LUDMA, GLUDMC, the Zoning of the Property, and the Final Plat except as specifically provided herein. The Parties specifically intend that this Agreement grant to Developer the "vested rights" identified herein as that term is construed in Utah's common law and pursuant to Utah Code Ann. 10-9a-509 (2019). Without limiting the generality of the foregoing, it is the intent of this Agreement, to the fullest extent possible, to vest Developer with the rights to develop the remaining phases of the Development consistent with the laws, regulations, codes, and Public Infrastructure specifications as they exist on the date of final plat approval for phases 2-6, except, as to matters pertaining to road width, road location, and density, consistent with the previously approved concept plan for the Project.

3.2. **Exceptions.** The vested rights and the restrictions on the applicability of the City's Future Laws to the Project as specified in Section 3.1 are subject to the following exceptions:

3.2.1. **Master Developer Agreement.** The City's Future Laws or other regulations to which the Developer agrees in writing;

3.2.2. **State and Federal Compliance.** The City's Future Laws or other regulations which are generally applicable to all properties in the City and which are required to comply with State and Federal laws and regulations affecting the Project;

3.2.3. **Codes.** Any City's Future Laws that are updates or amendments to existing building, fire, plumbing, mechanical, electrical, dangerous buildings, drainage, or similar construction or safety related codes, such as the International Building Code, the APWA Specifications, AAHSTO Standards, the Manual of Uniform Traffic Control Devices or similar

standards that are generated by a nationally or statewide recognized construction/safety organization, or by the State or Federal governments and are required to meet legitimate concerns related to public health, safety or welfare;

3.2.4. **Taxes.** Taxes, or modifications thereto, so long as such taxes are lawfully imposed and charged uniformly by the City to all properties, applications, persons and entities similarly situated; or,

3.2.5. **Fees.** Changes to the amounts of fees for the processing of Development Applications that are generally applicable to all development within the City (or a portion of the City as specified in the lawfully adopted fee schedule) and which are adopted pursuant to State law.

3.2.6. **Impact Fees.** Impact Fees or modifications thereto which are lawfully adopted, and imposed by the City pursuant to Utah Code Ann. Section 11-36a-101 (2011) et seq.

3.2.7. **Planning and Zoning Modification.** Changes by the City to its planning principles and design standards as permitted by Local, State or Federal law.

3.2.8. **Compelling, Countervailing Interest.** Laws, rules or regulations that the City's land use authority finds, on the record, are necessary to avoid jeopardizing a compelling, countervailing public interest pursuant to Utah Code Ann. § 10-9a-509 (2020).

4. **Term of Agreement.** Unless earlier terminated as provided for herein, the term of this Agreement shall be until January 31, 2025. If Developer has not been declared to be currently in Default as of January 31, 2025 (and if any such Default is not being cured) then this Agreement shall be automatically extended until January 31, 2030. This Agreement shall also terminate automatically at Buildout.

5. **Addendum No. 1.** Addendum No. 1 contains the provisions of this Agreement that are specific to the development of the Project. If there is a conflict between this Agreement and Addendum No. 1, then Addendum No. 1 shall control.

6. **Public Infrastructure.**

6.1. **Construction by Developer.** Developer, at Developer's cost and expense, shall have the right and the obligation to construct or cause to be constructed and install all Public Infrastructure reasonably and lawfully required as a condition of approval of a Development Application pursuant to GLUDMC. Such construction must meet all applicable standards and requirements and must be approved by the City's engineer.

6.2. **Responsibility Before Acceptance.** Developer shall be responsible for all Public Infrastructure covered by this Agreement until final inspection of the same has been performed by the City, and a final acceptance and release has been issued by the City Council. The City shall not, nor shall any officer or employee thereof, be liable or responsible for any accident, loss or damage happening or occurring to the Public Infrastructure, nor shall any officer or employee thereof, be liable for any persons or property injured by reason of said Public Infrastructure; all of such liabilities shall be assumed by the Developer.

6.3. **Warranty.** Developer shall repair any defect in the design, workmanship or materials in all Public Infrastructure which becomes evident during a period of one year following the acceptance of the improvements by the City Council or its designee (Durability Testing Period). If during the Durability

Testing Period, any Public Infrastructure shows unusual depreciation, or if it becomes evident that required work was not done, or that the material or workmanship used does not comply with accepted standards, said condition shall, within a reasonable time, be corrected.

6.4. Timing of Completion of Public Infrastructure. In accordance with the diligence requirements for the various types of approvals as described in the GLUDMC, construction of the required Public Infrastructure shall be completed in each phase of development within 12 months after the City approval of a Final Plat for such phase. Upon a showing of good and sufficient cause by Developer the City shall, in accordance with the provisions of GLUDMC, grant one (1) six (6) month extension of time of performance if requested prior to expiration of the completion date.

6.5. Bonding. In connection with any Development Application, Developer shall provide bonds or other development security, including warranty bonds, to the extent required by GLUDMC, unless otherwise provided by Utah Code 10-9a-101, et seq. (2005), as amended. The Applicant shall provide such bonds or security in a form acceptable to the City or as specified in GLUDMC. Partial releases of any such required security shall be made as work progresses based on GLUDMC.

6.6. City Completion. The Developer agrees that in the event he does not: (a) complete all improvements within the time period specified under paragraph two above, or secure an extension of said completion date, (b) construct said improvements in accordance with City standards and as set forth in Paragraph one above, and (c) pay all claimants for material and labor used in the construction of said improvements, the City shall be entitled to declare the developer(s) in default, request and receive the funds held by the guarantor as surety and utilize the monies obtained to install or cause to be installed any uncompleted improvements and/or to pay any outstanding claims, as applicable. Provided however, that the City shall not be responsible for any work beyond the amount of funds so provided. Any funds remaining after completion of the improve e returned to the Guarantor. The Developer further agrees to be liable for any cost of improvements above the amount made available under the terms of this Agreement.

7. Upsizing/Reimbursements to Developer.

7.1. Upsizing. The City shall not require Developer to "upsized" any future Public Infrastructure (i.e., to construct the infrastructure to a size larger than required to service the Project) unless financial arrangements reasonably acceptable to Developer are made to compensate Developer for the incremental or additive costs of such upsizing to the extent required by law.

8. Default.

8.1. Notice. If Developer or the City fails to perform their respective obligations hereunder or to comply with the terms hereof, the Party believing that a Default has occurred shall provide Notice to the other Party.

8.2. Contents of the Notice of Default. The Notice of Default shall:

8.2.1. Specific Claim. Specify the claimed event of Default;

8.2.2. Applicable Provisions. Identify with particularity the provisions of any applicable law, rule, regulation or provision of this Agreement that is claimed to be in Default; and

8.2.3. Optional Cure. If the City chooses, in its discretion, it may propose a method and time for curing the Default which shall be of no less than sixty (60) daysduration, if weather conditions permit.

8.3. **Remedies.** Upon the occurrence of any Default, and after notice as required above, then the parties may have the following remedies:

8.3.1. **Law and Equity.** All rights and remedies available at law and in equity, including, but not limited to, injunctive relief and/or specific performance.

8.3.2. **Security.** The right to draw on any security posted or provided in connection with the Project and relating to remedying of the particular Default.

8.3.3. **Future Approvals.** The right to withhold all further reviews, approvals, licenses, building permits and/or other permits for development of the Project in the case of a default by Developer until the Default has been cured.

8.4. **Public Meeting.** Before any remedy in Section 8.3 may be imposed by the City the party allegedly in Default shall be afforded the right to attend a public meeting before the City Council and address the City Council regarding the claimed Default.

8.5. **Default of Assignee.** A default of any obligations expressly assumed by an assignee shall not be deemed a default of Developer.

8.6. **Limitation on Recovery for Default — No Damages against the City.** Anything in this Agreement notwithstanding Developer shall not be entitled to any claim for any claim for any monetary damages as a result of any breach of this Agreement and Developer waives any claims thereto. The sole remedy available to Developer and any assignee shall be that of specific performance.

9. **Notices.** All notices required or permitted under this Agreement shall, in addition to any other means of transmission, be given in writing by certified mail and regular mail to the following address:

To the Developer:
Updwell Development LLC
890 Heritage Park Blvd., Suite 104
Layton, Utah 84041

To the City:
Grantsville City
Attn: Mayor
429 East Main Street
Grantsville, Utah 84029

10. **Dispute Resolution.** Any disputes subject to mediation or arbitration shall be resolved pursuant to Addendum No. 2.

11. **Incorporation of Recitals and Exhibits.** The Recitals and Exhibits "A" - "B" are hereby incorporated into this Agreement.
12. **Headings.** The captions used in this Agreement are for convenience only and are not intended to be substantive provisions or evidences of intent.
13. **No Third-Party Rights/No Joint Venture.** This Agreement does not create a joint venture relationship, partnership or agency relationship between the City, or Developer. Except as specifically set forth herein, the parties do not intend this Agreement to create any third-party beneficiary rights.
14. **Assignability.** The rights and responsibilities of Master Developer under this Agreement may be assigned in whole or in part, respectively, by Developer with the consent of the City as provided herein.
- 14.1. **Sale of Lots.** Developer's selling or conveying lots in any approved subdivision shall not be deemed to be an assignment.
- 14.2. **Related Entity.** Developer's transfer of all or any part of the Property to any entity "related" to Developer (as defined by regulations of the Internal Revenue Service in Section 165), Developer's entry into a joint venture for the development of the Project or Developer's pledging of part or all of the Project as security for financing shall also not be deemed to be an assignment. Developer shall give the City Notice of any event specified in this sub-section within ten (10) days after the event has occurred. Such Notice shall include providing the City with all necessary contact information for the newly responsible party.
- 14.3. **Process for Assignment.** Developer shall give Notice to the City of any proposed assignment and provide such information regarding the proposed assignee that the City may reasonably request in making the evaluation permitted under this Section. Such Notice shall include providing the City with all necessary contact information for the proposed assignee. Unless the City objects in writing within twenty (20) business days of notice, the City shall be deemed to have approved of and consented to the assignment. The City shall not unreasonably withhold consent.
- 14.4. **Partial Assignment.** If any proposed assignment is for less than all of Master Developer's rights and responsibilities then the assignee shall be responsible for the performance of each of the obligations contained in this MDA to which the assignee succeeds. Upon any such approved partial assignment Master Developer shall not be released from any future obligations as to those obligations which are assigned but shall remain jointly and severally liable with assignee(s) to perform all obligations under the terms of this Agreement which are specified to be performed by Developer. Notwithstanding the foregoing, if the Master Developer assigns all of its rights to one or more full phases of the Development, to a party to which the City has given consent, and such assignee has in writing covenanted to conform the development of such assigned phase to this Agreement, Master Developer shall be released from any future obligations as to that phase of the Development.
- 14.5. **Complete Assignment.** Developer may request the written consent of the City of an assignment of Developer's complete interest in this Agreement, which consent shall not be unreasonably withheld. In such cases, the proposed assignee shall have the qualifications and financial responsibility reasonably necessary and adequate, as reasonably required by the City, to fulfill all obligations undertaken in this Agreement by Developer. The City shall be entitled to review and consider the ability of the proposed assignee to perform, including financial ability, past performance and experience. After review, if the City gives its written consent to the assignment, Developer shall be released from its obligations under this Agreement for that portion of the Property for which such assignment is approved.

15. **No Waiver.** Failure of any Party hereto to exercise any right hereunder shall not be deemed a waiver of any such right and shall not affect the right of such party to exercise at some future date any such right or any other right it may have.
16. **Severability.** If any provision of this Agreement is held by a court of competent jurisdiction to be invalid for any reason, the Parties consider and intend that this Agreement shall be deemed amended to the extent necessary to make it consistent with such decision and the balance of this Agreement shall remain in full force and affect.
17. **Force Maieure.** Any prevention, delay or stoppage of the performance of any obligation under this Agreement which is due to strikes, labor disputes, inability to obtain labor, materials, equipment or reasonable substitutes therefor; acts of nature, governmental restrictions, regulations or controls, judicial orders, enemy or hostile government actions, wars, civil commotions, fires or other casualties or other causes beyond the reasonable control of the Party obligated to perform hereunder shall excuse performance of the obligation by that Party for a period equal to the duration of that prevention, delay or stoppage.
18. **Time is of the Essence.** Time is of the essence to this Agreement and every right or responsibility shall be performed within the times specified.
19. **Appointment of Representatives.** To further the commitment of the Parties to cooperate in the implementation of this Agreement, the City and Developer each shall designate and appoint a representative to act as a liaison between the City and its various departments and the Developer. The initial representative for the City shall be the Mayor. The initial representative for Developer shall be Guy M. Haskell. The Parties may change their designated representatives by Notice. The representatives shall be available at all reasonable times to discuss and review the performance of the Parties to this Agreement and the development of the Project.
20. **Applicable Law.** This Agreement is entered into in Tooele County in the State of Utah and shall be construed in accordance with the laws of the State of Utah irrespective of Utah's choice of law rules.
21. **Venue.** Any action to enforce this Agreement shall be brought only in the Third District Court, Tooele County, in and for the State of Utah.
22. **Entire Agreement.** This Agreement, and all Exhibits thereto, documents referenced herein, is the entire agreement between the Parties and may not be amended or modified except either as provided herein or by a subsequent written amendment signed by all Parties.
23. **Mutual Drafting.** Each Party has participated in negotiating and drafting this Agreement and therefore no provision of this Agreement shall be construed for or against any Party based on which Party drafted any particular portion of this Agreement.
24. **No Relationship.** Nothing in this Agreement shall be construed to create any partnership, joint venture or fiduciary relationship between the parties.
25. **Amendment.** This Agreement may be amended only in writing signed by the parties hereto.
26. **Recordation and Running with the Land.** This Agreement shall be recorded in the chain of title for the Project. This Agreement shall be deemed to run with the land. The data disk of GLUDMC, **Exhibit C** shall not be recorded in the chain of title. A secure copy of **Exhibit C** shall be filed with the Tooele County Recorder and each party shall also have an identical copy.

27. **Priority**. This Agreement shall be recorded against the Property senior to any respective covenants and any debt security instruments encumbering the Property.

28. **Authority**. The Parties to this Agreement each warrant that they have all necessary authority to execute this Agreement. Specifically, on behalf of the City, the signature of the Mayor of the City is affixed to this Agreement lawfully binding the City pursuant to Resolution No. 2020 adopted by the City on April 15, 2020.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement by and through their respective, duly authorized representatives as of the day and year first herein above written.

(Project-specific terms for Phase 2)

TERMS

1. Definitions. The capitalized terms used in this Addendum No. 1 shall have the meanings set forth in the MDA unless otherwise specified herein.
2. Construction Coordination:
 - a. The Developer shall provide the City 48 hours' notice to coordinate with the City prior to working on or around existing City water and sewer infrastructure.
 - b. All connections to City water and sewer infrastructure shall be inspected by the City prior to back-filling.
 - c. The Developer shall request inspections at least 48 hours prior to the day the Contractor desires the inspection to occur.
 - d. The Developer shall request disinfection testing at least 48 hours prior to the day the Contractor desires the testing to occur.

Addendum No. 2

(Dispute Resolution)

1. **Meet and Confer.** The City and Developer/Applicant shall meet within fifteen (15) business days of any dispute under this Agreement to resolve the dispute.

2. **Mediation.**

2.1. **Disputes Subject to Mediation.** Disputes that are not subject to arbitration provided in Section 3 shall be mediated.

2.2. **Mediation Process.** If the City and Developer/Applicant are unable to resolve a disagreement subject to mediation, the Parties shall attempt within ten (10) business days to appoint a mutually acceptable mediator with knowledge of the legal issue in dispute. If the Parties are unable to agree on a single acceptable mediator they shall each, within ten (10) business days, appoint their own representative. These two representatives shall, between them, choose the single mediator. The parties shall equally split the fees of the chosen mediator. The chosen mediator shall within fifteen (15) business days from selection, or such other time as is reasonable under the circumstances, review the positions of the Parties regarding the mediation issue and promptly attempt to mediate the issue between the Parties. If the Parties are unable to reach an agreement, the Parties shall request that the mediator notify the Parties in writing of the resolution that the mediator deems appropriate. The mediator's opinion shall not be binding on the Parties.

NEIGHBORHOOD RESPONSE

Emails responding to Radius Report, read during Public Hearing.

To the Grantsville Planning commission,

Regarding the notice we received dated December 14th, 2023 we would like to make our concerns known. Originally Area One directly south of us was supposed to be Anderson Ranch Phase 3 half acre lots. We are very concerned of the purposed change to quarter acre lots. If approved this will increase the traffic drastically to the area from what was originally planned. We are also very concerned with construction access. We are at the very end of Saddle Road with the future road Nygreen St. to be directly to our South. In the purposed plans it appears Nygreen St. will not go further West than Saddle Road and not go all the way to Highway 112. This will greatly effect the residential neighbor of Anderson Ranch and Saddle Road.

We are also opposed to the Twenty Wells PUD as a whole because of the high density housing which does not make sense for Grantsville. We do not feel we have the infrastructure in place or planned properly to accommodate the increase in population. We feel like the timing of this notice was also in bad form during the holiday season when people will be traveling and unable to address their concerns in person.

To whom it may concern,

My name is Alicia Ciulla and I live at 326 W. Wrathall Ln., Grantsville. As a homeowner in this town I would like to make it known that I am fully against the proposed development of twenty wells!!! Although my one voice might be futile against large corporations/ politicians, I at least have to make my opinion known. I think I speak for more than myself when I say that Grantsvill as a community feels that our voice is not valued when it comes to the development of our town. The infrastructure of this town cannot handle more development nor do we want it. We would like to keep this town a small town if you want to introduce more housing and big corporations and big business take it elsewhere not here. I will be unable to attend this meeting that is coming up on the 21st, so I would appreciate if this email could be presented at that time.

Thank you for your time,
Alicia Ciulla

PLANNING STAFF ANALYSIS and COMMENTS

City Staff have been working with the developers and engineers of the Estates at Twenty Wells PUD (Formerly Elk Ridge PUD) development for several months. They have submitted and resubmitted their response to our PUD application. What follows is a Completed Worksheet that was developed by Shay Stark to aid staff and Planning Commissioners understand the PUD application being submitted by developers.

The timing of the application and receipt of the response has not allowed Staff to make a full evaluation of this proposal. This is the first meeting of this PUD proposal, for discussion.

PUD APPLICATION WORKSHEET

The purpose of this worksheet is to guide your responses to the application requirements. If something is not applicable to your project, please note "Not Applicable" in the response box. If a response requires more space than is provided on this application or additional information is necessary, attach on separate pages and provide reference to the attachment in the response box.

Project Name	- TWENTY WELLS ESTATES PUD
Applicant	- SCOTT YERMISH
Project Location	- SR-112 GRANTSVILLE UTAH
Project Acreage	- 226.55 ACRES
Current Zoning	- A-10, R-1-21, AND MU

PUD PURPOSE AND OBJECTIVES (GLUDMC Section 12-1-1):

Describe how the proposed project will meet each of the following Objectives:

Objective (a):

(a) Creation of a more desirable environment than would be possible through strict application of other City land use regulations through promotion of a creative approach to the use of land and related physical facilities resulting in better design and development, including aesthetic amenities. The developer shall detail the proposed variation from Grantsville City ordinance requirements and explain how this variation will lead to a more desirable environment;

Response

Estates at Twenty Wells PUD will be able to provide an environment that will benefit the long-term growth obstacles that the city will endure in the future both from an amenity standpoint as well as an infrastructure standpoint. Addressing the need to incorporate an infrastructure that will enable future usage of facilities such as Storm Drain, Sewer, Water lines, as well as Water Storage Capacity, the infrastructure that will be put in will alleviate the current sewer capacity issues that the city is dealing with on that side of town. All Private roads will meet the Minimum International Fire Code Requirements with regards to a width of 26 feet, with others being wider where necessary to allow Grantsville City's first responders as well as service providers (Trash collection, Recycling,) the ability to gain access to each residence inside the PUD.

See attached Zoning Variation Chart, the chart in general proposes smaller lot sizes which in turn allows for many amenities which in turn leads to a more desirable environment.

From the very beginning of this process, we met with staff on many occasions and asked one simple question, what does the city really need as an amenity that it really needs and wants, and how can we help make that happen in the confines of this subdivision? Will this amenity bring the community together? The answer we were given and the request from staff lies directly in front of you for your consideration.

Objective (b):

(b) The use of design, landscape or architectural features to create a pleasing environment while preserving desirable site characteristics such as natural topography, vegetation and geologic features as open space and providing recreational facilities. For projects containing a residential component containing more than a single dwelling unit at least 10% of the total parcel acreage shall be open space. All Planned Unit Development projects shall conform at a minimum with open space and improved open space requirements found in Chapter 21. Topography with slopes greater than 30% on average with a site area greater than 5,000 square feet, natural water bodies and drainages shall be protected;

Response

See attached concept, the use of design, landscape and architectural features create a pleasing environment while preserving desirable site characteristics. This project contains a residential component containing more than a single dwelling unit with over 10% of the total project acreage is open space. This Planned Unit Development project conforms at a minimum with open space and improved open space requirements found in Chapter 21.

PUD approval will allow for the overall density we are requesting at 4.21 per acre, see attached concept. The PUD will have quite a few different types of housing that will enable residents to choose the home they want based on many factors including multi-family and various sized single-family homes on different sized lots.

Objective (c):

(c) Preservation of buildings which are architecturally or historically significant contribute to the character of the City;

Response

Not Applicable

Objective (d):

(d) Establishment of interconnecting paths and trails for alternative transportation routes which lead to common and popular destinations and interface with automobile traffic at few and specific points. Onsite paths and trails shall connect to the citywide trail system. Trails connecting to the citywide system shall be considered public trails allowing for public use; and

Response

The establishment of interconnecting paths and trails for alternative transportation routes which lead to common and popular destinations (Sports Park) and interface with automobile traffic at specific locations. Paths and trails will be able to connect to the citywide trail system by connection to the sidewalks that run along the public streets. Trails connecting to the citywide system are considered public trails allowing for public use. As growth increases on the east side of town the trails and sidewalk from those developments can connect to the trails and sidewalks giving the community access to the sports park.

Objective (e):

(e) Elimination of blighted structures or incompatible uses through redevelopment or rehabilitation.

Response

Not Applicable

STANDARDS (GLUDMC Section 12-14-2 (a)):

Per GLUDMC Section 12-1-1 (a) *A planned development is a distinct category of conditional use.*

(a) At the preliminary phase, the applicant shall submit a written statement addressing each of the standards set forth in Section 7.8 herein entitled, Determination, when applicable and how the proposed development will promote the objectives set forth in Section 12.1 of this Chapter. The statement shall explain specifically how the proposed planned unit development relates to each such standard and promotes a listed objective;

7.8 Determination

(1) The Planning Commission, or upon authorization, the Zoning Administrator, may permit a use to be located within a zoning district in which a conditional use permit is required by the use regulations of that zoning district or elsewhere in these ordinances. The Zoning Administrator is also authorized to issue conditional use permits for family food production and the raising of animals, when appropriate, but may also defer any such application to the Planning Commission for its determination, in the sole discretion of the Zoning Administrator. In authorizing any conditional use, the Planning Commission or Zoning Administrator shall impose such requirements and conditions as are necessary for the protection of adjacent properties and the public welfare. The Planning Commission or Zoning Administrator shall only approve with conditions, or deny a conditional use based upon written findings of fact with regard to each of the standards set forth below and, where applicable, any special standards for conditional uses set forth in a specific zoning district. The Planning Commission or Zoning Administrator shall not authorize a conditional use permit unless the evidence presented is such as to establish:

Describe how the proposed project will meet each of the following Standards:

The Applicants descriptions will help City Staff and Planning Commission make the determination for each of these standards. Some points may not be applicable to a specific project.

Standard (a):

(a) The proposed use is one of the conditional uses specifically listed in the zoning district in which it is to be located;

This information is found in the Use Tables found at the end of each Zoning District Chapter in the GLUDMC.

Standard (b):

(b) That such use will not, under the circumstances of the particular case, be detrimental to the health, safety, comfort, order or general welfare of persons residing or working in the vicinity;

Response

The proposed PUD will positively impact the health, safety, comfort, order, and general welfare of residents and surrounding communities. Increased amenities, walkable access, and open spaces promote healthy lifestyles and social interaction. Enhanced aesthetics, improved traffic flow, and responsible development contribute to a safe and comfortable environment. Carefully planned landscaping and noise mitigation measures prevent disturbances and maintain order. Overall, our development fosters a vibrant and inclusive community while respecting the existing neighborhood.

Standard (c):

(c) That the use will comply with the intent, spirit, and regulations of these ordinances and is compatible with and implements the planning goals and objectives of the City, including applicable City master plans;

Response

The PUD proposes a balanced mix of high-density residential options and ample green spaces, mirroring the existing pattern of the zone. This approach complements surrounding development while providing needed housing diversity and valuable community amenities. Furthermore, our design prioritizes walkability, sustainability, and open space preservation, directly implementing the planning goals and objectives

Standard (d):

(d) Make the use harmonious with the neighboring uses in the zoning district in which it is to be located;

Response

The PUD's design and amenities seamlessly complement the adjacent new residential developments. It Proposes similar housing options at higher densities, ensuring a smooth transition while addressing demand for diverse housing choices. Shared open spaces and pedestrian pathways foster connections and strengthen the overall community feeling. The PUD will be maintaining a visually appealing and welcoming environment that harmonizes with the existing neighborhood.

Standard (e):

(e) That nuisances which would not be in harmony with the neighboring uses, will be abated by the conditions imposed;

Response

Not Applicable

Standard (f):

(f) That protection of property values, the environment, and the tax base for Grantsville City will be assured;

Response

The PUD will be a net positive for Grantsville City, protecting and enhancing property values, the environment, and the tax base:

- Property Values: Diverse housing options, ample amenities, and thoughtful design will attract residents and boost surrounding property values.
- Environment: Sustainable practices, open space preservation, and responsible landscaping minimize environmental impact and create a desirable living environment.
- Tax Base: Increased density generates more property tax revenue, supporting City initiatives and enhancing public services.

Standard (g):

(g) That the conditions shall be in compliance with the current comprehensive General Plan of Grantsville City;

Response

The PUD design fully embraces the goals and objectives of the Grantsville City Comprehensive General Plan. From promoting a mix of housing densities and public amenities to prioritizing walkability and environmental stewardship, our project meticulously aligns with the city's vision for a vibrant and sustainable future.

Standard (h):

(h) That some form of a guarantee is made assuring compliance to all conditions that are imposed;

No Response From Applicant. (This statement is directed to the body considering any conditions that may be imposed.)

Standard (i):

(i) That the conditions imposed are not capricious, arbitrary or contrary to any precedence set by the Planning Commission on prior permits, which are similar in use and district, unless prior approvals were not in accordance with the provisions and standards of this ordinance;

No Response From Applicant. (This statement is directed to the body considering any conditions that may be imposed.)

Standard (j):

(j) The internal circulation system of the proposed development is properly designed;

Response

The PUD boasts a meticulously designed internal circulation system prioritizing walkability, connectivity, and traffic flow. Proposed is:

- Interconnected pathways and trails: Linking homes, amenities, and the citywide system, promoting active lifestyles and minimizing car dependence.
- Well-defined streets and parking areas: Designed for efficient traffic flow and ample, organized parking.
- Pedestrian-friendly design: Wide sidewalks, crosswalks, and traffic calming measures prioritize pedestrian safety and comfort.
- Designed to Grantsville City standards and specifications.

Standard (k):

(k) Existing and proposed utility services are adequate for the proposed development;

Response

The comprehensive analysis confirms existing and proposed utility services are more than adequate for the planned development. We've worked with utility providers to ensure sufficient capacity and seamless integration, leaving no infrastructure concerns.

Standard (l):

(l) Appropriate buffering is provided to protect adjacent land uses from light, noise and visual impacts;

Response

The PUD prioritizes minimizing environmental impact and ensuring harmonious co-existence with surrounding areas. The design incorporates thoughtful buffering measures:

- Strategic landscaping: Utilizing trees, shrubs, and natural features to dampen noise and soften visual impact.
- Building orientation: Optimizing placement to minimize shadows cast on neighboring properties.
- Lighting design: Shielded fixtures and reduced nighttime illumination to prevent light trespass.

Standard (m):

(m) Architecture and building materials are consistent with the development and compatible with the adjacent neighborhood;

Response

The architectural vision blends seamlessly with the existing neighborhood and enhances the overall development. The proposal has meticulously crafted designs that:

- Mirror the area's style: Integrating materials and design elements compatible with neighboring homes.

- Maintain visual harmony: Employing a cohesive aesthetic that complements the surrounding architectural landscape.
- Offer diversity within unity: Providing individual character within a unified and welcoming community atmosphere.

Standard (n):

(n) Landscaping is appropriate for the scale of the development;

Response

The landscaping plan is not just adequate, it's thoughtfully designed to amplify the scale and character of the development. We've planned:

- Varied and mature plantings: Creating a vibrant tapestry of trees, shrubs, and native wildflowers, attracting pollinators and adding visual interest.
- Open space integration: Seamlessly blending landscaped areas with open spaces, enhancing overall aesthetics and functionality.
- Sustainable practices: Utilizing drought-resistant plants and water-efficient irrigation systems for responsible resource management.

Standard (o):

(o) The proposed use preserves historical, architectural and environmental features of the property;

Response

While no historical or architectural features require preservation on the property, the proposal safeguards the unique environmental character of the site. The proposal will:

- Protect the ephemeral stream: Maintain its natural flow and integrate it into the open space network, enhancing ecological diversity and visual appeal.
- Preserve existing vegetation: Incorporate native landscaping to minimize environmental disruption.
- Promote sustainability: Utilize environmentally friendly construction practices and water conservation measures throughout the development.

Standard (p):

(p) Operating and delivery hours are compatible with adjacent land uses.

REQUESTED DEVIATIONS FROM DEVELOPMENT REGULATIONS (GLUDMC Section 12-14-2 (b)):

(b) At the preliminary phase, the applicant shall submit a written statement indicating specifically what change, alteration, modification or waiver of any zoning or development regulations is being sought by the developer, if any.

Describe how the proposed project will meet each of the following Objectives:

Requested Deviation #1

Cite Reference to Regulation and Describe Specific Requirement in Regulation That Requested Deviation Would Affect.
R-1-21, Minimum Lot Size – 21,780 sqft A-10, Minimum Lot Size – 10 Acres
Describe Requested Deviation to Regulation.
See attached Zoning Deviations Chart. Minimum Lot Size – 1,600 (townhomes), 1,800 sqft (townhomes), 5,000 sqft (single family), 7,000 sqft (single family), 10,000 sqft (single family).
Describe How Requested Deviation Benefits the Project and the Community.
Reducing the minimum lot size allows for larger open space, and reducing the cost of home ownership, therefore benefiting the community.
Describe Mitigation Proposed to Maintain <i>the general purposes, goals and objectives of this Code and of any plans adopted by the Planning Commission or the City Council. (12-2-1-(b))</i>
The proposal mitigates any potential concerns by significantly increasing open space, promoting affordable housing, and maintaining responsible development practices. This approach aligns seamlessly with the City's general purposes, goals, and objectives.

Requested Deviation #2

Cite Reference to Regulation and Describe Specific Requirement in Regulation That Requested Deviation Would Affect.
R-1-21, Minimum Frontage – 70 feet R-1-8, Minimum Frontage – 60 feet
Describe Requested Deviation to Regulation.
See attached Zoning Deviations Chart. Minimum Frontage – 22 feet (townhomes), 28 feet (townhomes), 50 feet (single family), 60 feet (single family).
Describe How Requested Deviation Benefits the Project and the Community.
Reducing the minimum frontage allows for larger open space, and reducing the cost of home ownership, therefore benefiting the community by allowing for townhomes and higher density in isolated areas.
Describe Mitigation Proposed to Maintain <i>the general purposes, goals and objectives of this Code and of any plans adopted by the Planning Commission or the City Council. (12-2-1-(b))</i>
The proposal mitigates any potential concerns by significantly increasing open space, promoting affordable housing, and maintaining responsible development practices. This approach aligns seamlessly with the City's general purposes, goals, and objectives.

Requested Deviation #3

Cite Reference to Regulation and Describe Specific Requirement in Regulation That Requested Deviation Would Affect.
R-1-21, Minimum Front setback – 40 feet A-10, Minimum Front setback – 40 feet
Describe Requested Deviation to Regulation.
See attached Zoning Deviations Chart. Minimum Front setback – 10 feet (townhomes), 20 feet (single family), 20 feet (single family).

Describe How Requested Deviation Benefits the Project and the Community.
Reducing the minimum front setbacks allows for larger open space, and reducing the cost of home ownership, therefore benefiting the community by allowing for townhomes to not have driveways and single-family homes to have driveways large enough to fit a car in but no excessive length that would otherwise be causing more cost and less open space with no significant benefit.
Describe Mitigation Proposed to Maintain <i>the general purposes, goals and objectives of this Code and of any plans adopted by the Planning Commission or the City Council. (12-2-1-(b))</i>
The proposal mitigates any potential concerns by significantly increasing open space, promoting affordable housing, and maintaining responsible development practices. This approach aligns seamlessly with the City's general purposes, goals, and objectives.

Requested Deviation #4

Cite Reference to Regulation and Describe Specific Requirement in Regulation That Requested Deviation Would Affect.
R-1-21, Minimum Rear setback – 30 feet A-10, Minimum Rear setback – 60 feet
Describe Requested Deviation to Regulation.
See attached Zoning Deviations Chart. Minimum Rear setback – 5 feet (townhomes), 5 feet (townhomes), 10 feet (single family), 10 feet (single family).
Describe How Requested Deviation Benefits the Project and the Community.
Reducing the minimum rear setbacks allows for larger open space, and reducing the cost of home ownership, therefore benefiting the community by allowing for townhomes to have rear load garages and single-family homes to have smaller lots.
Describe Mitigation Proposed to Maintain <i>the general purposes, goals and objectives of this Code and of any plans adopted by the Planning Commission or the City Council. (12-2-1-(b))</i>
The proposal mitigates any potential concerns by significantly increasing open space, promoting affordable housing, and maintaining responsible development practices. This approach aligns seamlessly with the City's general purposes, goals, and objectives.

Requested Deviation #5

Cite Reference to Regulation and Describe Specific Requirement in Regulation That Requested Deviation Would Affect.
R-1-21, Minimum Side setback – 5 feet A-10, Minimum Side setback – 60 feet
Describe Requested Deviation to Regulation.
See attached Zoning Deviations Chart. Minimum Side setback – 0 feet (townhomes), 0 feet (townhomes), 5 feet (single family), 5 feet (single family).
Describe How Requested Deviation Benefits the Project and the Community.
Reducing the minimum side setbacks allows for larger open space, and reducing the cost of home ownership, therefore benefiting the community by allowing for townhomes.
Describe Mitigation Proposed to Maintain <i>the general purposes, goals and objectives of this Code and of any plans adopted by the Planning Commission or the City Council.</i> (12-2-1-(b))
The proposal mitigates any potential concerns by significantly increasing open space, promoting affordable housing, and maintaining responsible development practices. This approach aligns seamlessly with the City's general purposes, goals, and objectives.

Requested Deviation #6

Cite Reference to Regulation and Describe Specific Requirement in Regulation That Requested Deviation Would Affect.
R-1-21, Minimum Corner setback – 2 front yards and 2 side yards A-10, Minimum Corner setback – 2 front yards and 2 side yards

AGENDA ITEM #5

**Discussion regarding Sun Sage Terrace Phase
4-9 PUD**

PLANNING STAFF ANALYSIS and COMMENTS

City Staff have been working with the developers and engineers of Sun Sage Phase 4-9 PUD (Formerly Sun Sage Terrace PH 2-8 PUD) development for several months. They have submitted for a PUD approval in October (the owner asked to postpone submittal) and have resubmitted their response to our PUD application. What follows is a Completed Worksheet that was developed by Shay Stark to aid staff and Planning Commissioners understand the PUD application being submitted by developers.

The timing of the application and receipt of the response has not allowed Staff to make a full evaluation of this proposal. This is the first meeting of this PUD proposal, for discussion.

PUD APPLICATION WORKSHEET

The purpose of this worksheet is to guide your responses to the application requirements. If something is not applicable to your project, please note "Not Applicable" in the response box. If a response requires more space than is provided on this application or additional information is necessary, attach on separate pages and provide reference to the attachment in the response box.

Project Name	- SUN SAGE PHASE 4-9
Applicant	- LARRY JACOBSON
Project Location	- MAIN STREET GRANTSVILLE UTAH
Project Acreage	- 89.53 ACRES
Current Zoning	- R-1-8, R-1-21

PUD PURPOSE AND OBJECTIVES (GLUDMC Section 12-1-1):

Describe how the proposed project will meet each of the following Objectives:

Objective (a):

(a) Creation of a more desirable environment than would be possible through strict application of other City land use regulations through promotion of a creative approach to the use of land and related physical facilities resulting in better design and development, including aesthetic amenities. The developer shall detail the proposed variation from Grantsville City ordinance requirements and explain how this variation will lead to a more desirable environment;

Response

See Attached Response letter.

Objective (b):

(b) The use of design, landscape or architectural features to create a pleasing environment while preserving desirable site characteristics such as natural topography, vegetation and geologic features as open space and providing recreational facilities. For projects containing a residential component containing more than a single dwelling unit at least 10% of the total parcel acreage shall be open space. All Planned Unit Development projects shall conform at a minimum with open space and improved open space requirements found in Chapter 21. Topography with slopes greater than 30% on average with a site area greater than 5,000 square feet, natural water bodies and drainages shall be protected;

Response

See Attached Response letter.

Objective (c):

(c) Preservation of buildings which are architecturally or historically significant contribute to the character of the City;

Response

Not Applicable

Objective (d):

(d) Establishment of interconnecting paths and trails for alternative transportation routes which lead to common and popular destinations and interface with automobile traffic at few and specific points. Onsite paths and trails shall connect to the citywide trail system. Trails connecting to the citywide system shall be considered public trails allowing for public use; and

Response

See attached response letter.

Objective (e):

(e) Elimination of blighted structures or incompatible uses through redevelopment or rehabilitation.

Response

STANDARDS (GLUDMC Section 12-14-2 (a)):

Per GLUDMC Section 12-1-1 (a) *A planned development is a distinct category of conditional use.*

(a) At the preliminary phase, the applicant shall submit a written statement addressing each of the standards set forth in Section 7.8 herein entitled, Determination, when applicable and how the proposed development will promote the objectives set forth in Section 12.1 of this Chapter. The statement shall explain specifically how the proposed planned unit development relates to each such standard and promotes a listed objective;

7.8 Determination

(1) The Planning Commission, or upon authorization, the Zoning Administrator, may permit a use to be located within a zoning district in which a conditional use permit is required by the use regulations of that zoning district or elsewhere in these ordinances. The Zoning Administrator is also authorized to issue conditional use permits for family food production and the raising of animals, when appropriate, but may also defer any such application to the Planning Commission for its determination, in the sole discretion of the Zoning Administrator. In authorizing any conditional use the Planning Commission or Zoning Administrator shall impose such requirements and conditions as are necessary for the protection of adjacent properties and the public welfare. The Planning Commission or Zoning Administrator shall only approve with conditions, or deny a conditional use based upon written findings of fact with regard to each of the standards set forth below and, where applicable, any special standards for conditional uses set forth in a specific zoning district. The Planning Commission or Zoning Administrator shall not authorize a conditional use permit unless the evidence presented is such as to establish:

Describe how the proposed project will meet each of the following Standards:

The Applicants descriptions will help City Staff and Planning Commission make the determination for each of these standards. Some points may not be applicable to a specific project.

Standard (a):

(a) The proposed use is one of the conditional uses specifically listed in the zoning district in which it is to be located;

This information is found in the Use Tables found at the end of each Zoning District Chapter in the GLUDMC.

Standard (b):

(b) That such use will not, under the circumstances of the particular case, be detrimental to the health, safety, comfort, order or general welfare of persons residing or working in the vicinity;

Response

The proposed PUD will positively impact the health, safety, comfort, order, and general welfare of residents and surrounding communities. Increased amenities, walkable access, and open spaces promote healthy lifestyles and social interaction. Enhanced aesthetics, improved traffic flow, and responsible development contribute to a safe and comfortable environment. Carefully planned landscaping and noise mitigation measures prevent disturbances and maintain order. Overall, our development fosters a vibrant and inclusive community while respecting the existing neighborhood.

Standard (c):

(c) That the use will comply with the intent, spirit, and regulations of these ordinances and is compatible with and implements the planning goals and objectives of the City, including applicable City master plans;

Response

The PUD aligns perfectly with the City's vision for the area, as outlined in the master plan. It proposes a balanced mix of high-density residential options and ample green spaces, mirroring the existing pattern of the zone. This approach complements surrounding development while providing needed housing diversity and valuable community amenities. Furthermore, our design prioritizes walkability, sustainability, and open space preservation, directly implementing the planning goals and objectives

Standard (d):

(d) Make the use harmonious with the neighboring uses in the zoning district in which it is to be located;

Response

The PUD's design and amenities seamlessly complement the adjacent new residential developments. It Proposes similar housing options at higher densities, ensuring a smooth transition while addressing demand for diverse housing choices. Shared open spaces and pedestrian pathways foster connections and strengthen the overall community feeling. The PUD will be maintaining a visually appealing and welcoming environment that harmonizes with the existing neighborhood.

Standard (e):

(e) That nuisances which would not be in harmony with the neighboring uses, will be abated by the conditions imposed;

Response

Not Applicable

Standard (f):

(f) That protection of property values, the environment, and the tax base for Grantsville City will be assured;

Response

The PUD will be a net positive for Grantsville City, protecting and enhancing property values, the environment, and the tax base:

- Property Values: Diverse housing options, ample amenities, and thoughtful design will attract residents and boost surrounding property values.
- Environment: Sustainable practices, open space preservation, and responsible landscaping minimize environmental impact and create a desirable living environment.
- Tax Base: Increased density generates more property tax revenue, supporting City initiatives and enhancing public services.

Standard (g):

(g) That the conditions shall be in compliance with the current comprehensive General Plan of Grantsville City;

Response

The PUD design fully embraces the goals and objectives of the Grantsville City Comprehensive General Plan. From promoting a mix of housing densities and public amenities to prioritizing walkability and environmental stewardship, our project meticulously aligns with the city's vision for a vibrant and sustainable future.

Standard (h):

(h) That some form of a guarantee is made assuring compliance to all conditions that are imposed;

No Response From Applicant. (This statement is directed to the body considering any conditions that may be imposed.)

Standard (i):

(i) That the conditions imposed are not capricious, arbitrary or contrary to any precedence set by the Planning Commission on prior permits, which are similar in use and district, unless prior approvals were not in accordance with the provisions and standards of this ordinance;

No Response From Applicant. (This statement is directed to the body considering any conditions that may be imposed.)

Standard (j):

(j) The internal circulation system of the proposed development is properly designed;

Response

The PUD boasts a meticulously designed internal circulation system prioritizing walkability, connectivity, and traffic flow. Proposed is:

- Interconnected pathways and trails: Linking homes, amenities, and the citywide system, promoting active lifestyles and minimizing car dependence.
- Well-defined streets and parking areas: Designed for efficient traffic flow and ample, organized parking.
- Pedestrian-friendly design: Wide sidewalks, crosswalks, and traffic calming measures prioritize pedestrian safety and comfort.
- Designed to Grantsville City standards and specifications.

Standard (k):

(k) Existing and proposed utility services are adequate for the proposed development;

Response

The comprehensive analysis confirms existing and proposed utility services are more than adequate for the planned development. We've worked with utility providers to ensure sufficient capacity and seamless integration, leaving no infrastructure concerns.

Standard (l):

(l) Appropriate buffering is provided to protect adjacent land uses from light, noise and visual impacts;

Response

The PUD prioritizes minimizing environmental impact and ensuring harmonious co-existence with surrounding areas. The design incorporates thoughtful buffering measures:

- Strategic landscaping: Utilizing trees, shrubs, and natural features to dampen noise and soften visual impact.
- Building orientation: Optimizing placement to minimize shadows cast on neighboring properties.
- Lighting design: Shielded fixtures and reduced nighttime illumination to prevent light trespass.

Standard (m):

(m) Architecture and building materials are consistent with the development and compatible with the adjacent neighborhood;

Response

The architectural vision blends seamlessly with the existing neighborhood and enhances the overall development. The proposal has meticulously crafted designs that:

- Mirror the area's style: Integrating materials and design elements compatible with neighboring homes.
- Maintain visual harmony: Employing a cohesive aesthetic that complements the surrounding architectural landscape.
- Offer diversity within unity: Providing individual character within a unified and welcoming community atmosphere.

Standard (n):

(n) Landscaping is appropriate for the scale of the development;

Response

The landscaping plan is not just adequate, it's thoughtfully designed to amplify the scale and character of the development. We've planned:

- Varied and mature plantings: Creating a vibrant tapestry of trees, shrubs, and native wildflowers, attracting pollinators and adding visual interest.
- Open space integration: Seamlessly blending landscaped areas with open spaces, enhancing overall aesthetics and functionality.
- Sustainable practices: Utilizing drought-resistant plants and water-efficient irrigation systems for responsible resource management.

Standard (o):

(o) The proposed use preserves historical, architectural and environmental features of the property;

Response

While no historical or architectural features require preservation on the property, the proposal safeguards the unique environmental character of the site. The proposal will:

- Protect the ephemeral stream: Maintain its natural flow and integrate it into the open space network, enhancing ecological diversity and visual appeal.
- Preserve existing vegetation: Incorporate native landscaping to minimize environmental disruption.
- Promote sustainability: Utilize environmentally friendly construction practices and water conservation measures throughout the development.

Standard (p):

(p) Operating and delivery hours are compatible with adjacent land uses.

Rezone for property owned by Byron Christiansen at approx. 1042 N Old Lincoln Hwy Staff Summary

Parcel ID:	01-040-A-0028	Meeting Date:	Jan. 04, 2024
Property Address:	1000 W Main St	Current Zone/Proposed Zone	PUD / RR-1
Applicant Name:	Byron Christiansen, Nichole Carter		
Request:	Rezone		
Prepared by:	Cavett Eaton		

PROJECT DESCRIPTION

This Property was Zoned PUD sometime before 1984 and it is still unclear as to the details. Bud Christiansen and his daughter Nichole Carter would like to divide the property and create (2) one acre lots to build on.

PLANNING STAFF ANALYSIS and COMMENTS

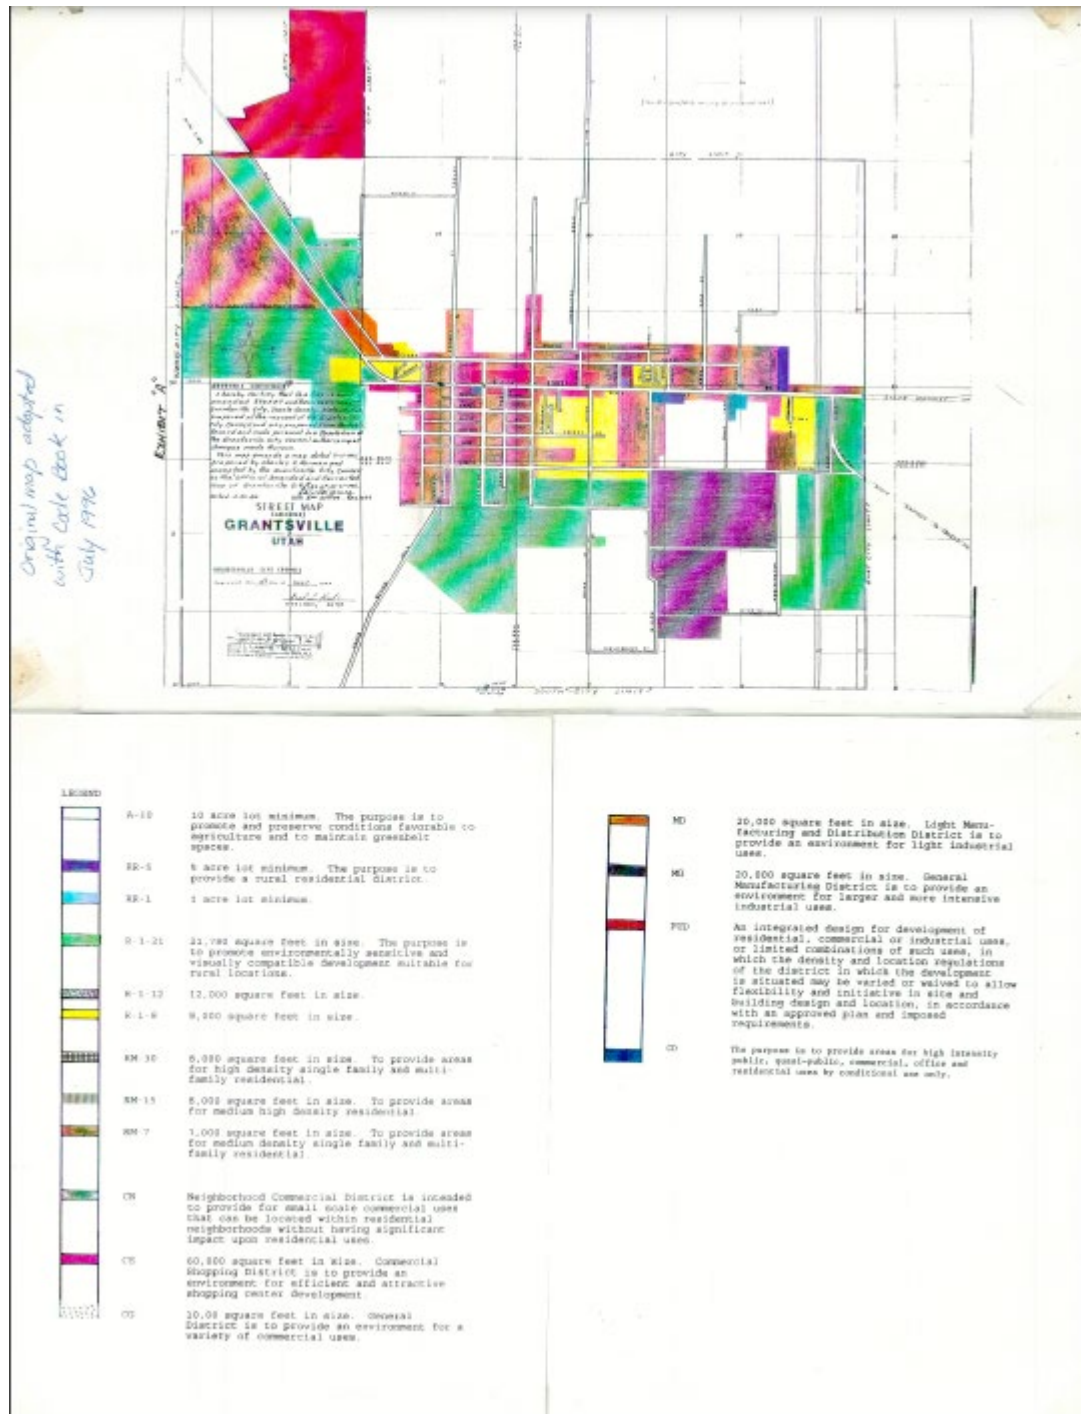

The required 10 day notice and Public Hearing will be completed in our next Planning Commission Meeting. This presentation is for Discussion only.

This property has been granted a utility and access easement and is ready for the subdivision process the City has been getting ready for approval.

This rezone step will provide the ability for the property owners to take the next step. Staff recommends approval of this rezone.

SITE & VICINITY DESCRIPTION

AGENDA ITEM #7

Discussion regarding approval of Development Checklists for Grantsville City Community and Economic Development

GRANTSVILLE CITY CONCEPT SUBMITTAL CHECKLIST

The applicant must submit copies of the project review plans to be reviewed by the City in accordance with the requirements as outlined in the City code. Once a set of project review plans are submitted the plans are subject to a compliance review by the community development department, and may be returned to the applicant for revision if the plans are found to be inconsistent with basic requirements of the City code. All submitted proposals shall be reviewed in accordance with the Grantsville City Code. Submission of a project review plan in no way guarantees placement of the application on any agenda of any City reviewing body. It is *strongly* advised that all plans be submitted well in advance of all agenda deadlines.

Meetings:

City Council meetings are held the 1st & 3rd Wednesday of each month at 7 p.m.

Planning Commission Meetings are held the 1st & 3rd Thursday of each month at 7 p.m.

Submit application online at:

GRANTSVILLE CITY PRELIMINARY APPLICATION CHECKLIST

Note: Any Variances outside of Grantsville Land Development Code shall require a Planned Unit Development (PUD) application approval prior to submitting for preliminary plan application.

The applicant must submit copies of the preliminary subdivision plans to be reviewed by the City in accordance with the requirements as outlined in the City code. Once a set of preliminary plans are submitted, they are subject to a compliance review and may be returned to the applicant for revision if they are found to be inconsistent with basic requirements of the City code. A land surveyor licensed to practice in the State of Utah shall prepare the Preliminary Plan. All engineering and/or surveying documents submitted for City review shall be stamped by said engineer or land surveyor in accordance with the procedures of the Utah State Board for Professional Registration. If the plans contain more than one sheet, the sheets shall be numbered sequentially and clearly indicated on each sheet. The following information, at a minimum, shall be included with the application for Preliminary Application Approval (*additional information may be required by the Staff, Planning Commission or City Council*). The lack of information under any item specified herein, or improper information supplied by applicant, shall be cause of an incomplete application and disapproval of a Preliminary Plat. It is *strongly* advised that all plans be submitted well in advance of all agenda deadlines.

A complete Preliminary Plan Application must consist of the following:

- ☐ Submission online at - <https://grantsvilleut2.portal.iworq.net/portalhome/grantsvilleut2>
- ☐ A **PDF of the Preliminary Improvement Plan and Plat** as per Grantsville City Preliminary Plan Submittal Checklist requirements. (Upload to iWorQ Portal application site. Maximum file size 25MB. If file is larger than 25MB please email Zoning Administrative Assistant at jbassett@grantsvilleut.gov)
- ☐ A **Radius Report** obtained from Tooele County Recorder's office, **self-sealing envelopes, mailing labels and first-class postage** for all property owners located within 500 feet of subject property boundary. A **plat map** from the recorder's office (this will be included with radius report from the County) showing the property and all adjoining properties around it. **DO NOT PUT MAILING ADDRESSES ON ENVELOPES! THANK YOU! Addresses must be from Tooele County Recorder's Office!** (This can be ordered online at <https://tooeleco.org/government/elected-officials/recorder-surveyor/>)

Upload these items to iWorQ Portal with your application:

(Files need to be in PDF format and file name needs to follow this standardized format to facilitate a rapid check of application for completeness. Failure to do so may result in a delay in acceptance of the application.)

File name format: the **bolded** word from the checklist followed by a hyphen then the name of the development (i.e. ownertitle-development.pdf).

- ☐ Proof of ownership demonstrated by one copy of a title report and vesting documents of conveyance completed within the previous six months (**ownertitle**).
- ☐ Tax clearance from the Tooele County Assessor indicating that all taxes, interest and penalties owing for the property have been paid (**tax**).
- ☐ Intent to Serve - Utility Approval forms (**serve**).
- ☐ Approval of the subdivision name from the Tooele County Recorder's office (**subname**).
- ☐ Site analysis map as specified in Section 21.1.13 (**analysismap**).
- ☐ Geologic technical maps and investigation reports regarding area suitability (**geotech**).
- ☐ Water and Sewer system to be modeled by City Engineer and a \$1,500.00 fee will be collected for each service to be modeled including AUTOCAD files (**wsmode**).
- ☐ A traffic study is required for all major subdivisions and commercial projects and shall be completed by a licensed engineer. A traffic study shall include trip generation, trip distribution on connecting streets and roadway capacity. Subdivisions and commercial projects with over 100

peak hour trips shall complete a traffic impact study in accordance with Institute of Transportation Engineers recommended standards (**trafficstudy**).

- ☐ Development phasing schedule, if applicable, including the sequence for each phase, approximate size in area of each phase, and proposed phasing of construction of all private and public improvements (**phasing**).
- ☐ Submit a preliminary Storm water pipe and basin calculations per the City storm water documentation (**stormwatercalc**).
- ☐ Recorded Record of Survey document for all parcels/lots being developed (**survey**).
- ☐ If the development is not being connected to the City culinary water or sewer system, a letter showing a completed Tooele County Health Department Subdivision Feasibility Study deeming the project feasible (**countyhealth**).
- ☐ A copy of the State Highway Access permit or Railroad Crossing permit when a new street will connect to a State highway or will cross a railroad, along with any design requirements as established by the Utah Department of Transportation (**statepermit**).
- ☐ If the applicant is not the owner of record, a notarized statement that the applicant has been authorized by the owner to submit the application (**authorizedowner**).

After DRC Meeting These Items Must Be Submitted!

- ☐ A PDF of the complete corrected set of the Preliminary Plat with the corrected set of the design as detailed in section 21.2.8 & 21.2.2.9 (**second set of the revised plans with revisions resulting from the DRC changes; make sure that the dates on the plans are updated**) (**there will be a 14-day review**).
- ☐ A PDF and ACAD file of the Preliminary Plat site plan including but not limited to parcel boundaries, street right-of-way, proposed lot lines, proposed parks, trails, open space, locations of natural features to be preserved, drainage corridors and basin locations (on a flash drive) (**second set of the revised plans**).

SPECIAL NOTE

The Preliminary Plan approval shall be valid for a period of not more than six (6) months. The applicant or authorized representative may obtain no more than two (2) six-month (6) extensions by petitioning the Planning Commission. The Planning Commission may not grant any extension of a Preliminary Plan without substantial progress having been demonstrated by the applicant or authorized representative.

Water Application Submitted to City Recorder: see City Recorder for water requirements

SUBMISSION REQUIREMENTS:

- ☐ Completed Application Form.
- ☐ Application Fee.
- ☐ Electronic PDF File formatted for 11"x17".
- ☐ Symbols legend should be shown on cover and utility sheets (differentiate existing and proposed features).

PLANS & REQUIRMENTS:

- ☐ If development is to be phased, Phasing Plan, including construction infrastructure, amenities and landscaping.
- ☐ Amenities and landscaping package.
- ☐ Building elevations.
- ☐ Vicinity map of the development.
- ☐ Open space and recreation areas.
- ☐ Zoning classification (existing and proposed).
- ☐ Slope map for properties located in a hillside overlay areas.

PROPOSED SITE PLAN

- ☐ Drawn to scale no less than 1" = 100'.
- ☐ North arrow.
- ☐ Plat drawn with top of the sheet being North.
- ☐ Proposed lot layout including typical lot size.
- ☐ Parcel boundary, showing parcel dimensions with bearing and curve data.
- ☐ Building footprint.
- ☐ Proposed parking areas with pavement markings.
- ☐ Site access approaches (existing and proposed).
- ☐ Street right-of-way.

- ☐ Proposed street improvements.
- ☐ Adjacent properties with owner names and addresses.
- ☐ Building setbacks.
- ☐ Street-side curb, gutter, sidewalk, parking strips and trails.
- ☐ Landscape concept plan.
- ☐ Trash enclosure area.
- ☐ Proposed sign locations (public and private).
- ☐ Public utility easements.
- ☐ Proposed fencing/screening.
- ☐ ADA Compliance.
- ☐ Public travel lanes and/or internal drive aisles.
- ☐ Curb, gutter, trails and sidewalks.
- ☐ Proposed storm drain system including on site storm drainage detention (concept level).
- ☐ North arrow and scale bar.

TABLE WITH THE FOLLOWING:

- ☐ Parcel size in square feet.
- ☐ Building area in square feet.
- ☐ Parking lot area in square feet.
- ☐ Landscaping and open space area in square feet.
- ☐ Total acreage to be dedicated for street right-of-way.
- ☐ Legal boundary description.
- ☐ Density in units per acre.
- ☐ Acreage of unbuildable areas and slopes.

GRANTSVILLE CITY PRELIMINARY PLAN SUBMITTAL CHECKLIST

The following shall be included in the Preliminary Plans:

Plans shall be on 11" x 17" plans. Two hard copies and one pdf copy.

Cover Sheet:

- ☐ A vicinity location map showing the location of the development as part of a larger tract and the relative location to streets (must include offsite major intersections and 2000 foot minimum around the proposed development) and other geographic features.
- ☐ A vicinity map listing major streets, North arrow, scale, highlighting of the proposed property, etc.
- ☐ Name and approximate address of the proposed development. Verify the name is unique in Tooele County. County, Township, Range, Section, Quarter Section, blocks, the number of lots, principal meridian and true North.
- ☐ Name, address, phone number(s), and email of the developer, engineer, and surveyor.
- ☐ Boundary lines of the tract to be subdivided in heavy lines. The creation of nuisance strips will not be permitted.
- ☐ North arrow, scale bar, and print date.
- ☐ The acreage of the entire tract, the acreage of the portion to be developed, and the size of each lot.
- ☐ The areas for which approval will be requested for the different phases of development, if part of a larger development.
- ☐ Index of sheets.
- ☐ Signature blocks for Consultant Engineer's / City Engineer / Public Works.
- ☐ List of details being used (unless the details are in the plans).

- ☐ Temporary and permanent benchmarks and horizontal control points including their descriptions (per the latest Tooele County survey information).

Preliminary Plan / Site Analysis:

- ☐ An area plan showing the total area on a single sheet, for subdivisions requiring more than one sheet at the required scale.
- ☐ Show plan sheets at 10 to 40 feet per inch.
- ☐ Identify any multi-family dwellings, shopping centers, community facilities, commercial, industrial, or other uses exclusive of single-family dwellings.
- ☐ Location and dimensions of all existing and proposed streets (lot/road layout), buildings, and exceptional topography within the tract and the surrounding 100 feet or full street width including intersections, whichever is greater.
- ☐ Property boundaries of all proposed lots. The creation of nuisance strips (not meeting minimum lot requirements) will not be permitted.
- ☐ Location and dimensions of existing and proposed irrigation features, and other waterways/ creeks within the tract and within the surrounding 100 feet.
- ☐ Show the location of any areas of potential flood hazard within 200 feet of the subdivision (include creeks, drainage pipes, etc.).
- ☐ Total Development Area, the number of proposed dwelling units/commercial lots.
- ☐ Locations and dimensions of all proposed parks and open spaces.
- ☐ Show all Easements (existing and proposed) and Rights of Way (existing and proposed). Roadway dedications to the City should be written as follows: "Dedicated to Grantsville City as ... (type of dedication)". Label the square feet of the area being dedicated.
- ☐ All conservation areas labeled by type.
- ☐ Parcels of land that will have a conservation, drainage easement, or are to be dedicated for schools, roads, parks, or other public purposes shall be shown on each preliminary improvement plan.

- ☐ Property owners' names and parcel numbers of both the adjoining properties and those within the subdivision.
- ☐ A plan showing how adjacent undeveloped property may be developed in the future.
- ☐ Show all ponds, wetlands and other hydrologic features (existing and proposed).

Preliminary Street Improvement Plan:

- ☐ Property boundaries of all proposed lots.
- ☐ Proposed streets and existing streets (plan view), sidewalks, curbs and gutters, and ADA curb ramps. Identify the widths, horizontal curve radii, slope, and direction of slope for all items listed. Curb returns shall meet minimum radii requirements defined in Grantsville City Standard Drawings.
- ☐ Typical cross sections of all streets within and adjacent to the development showing the width, type, and thickness of the pavement design. Thicknesses should be as presented in the Geotechnical report, or per City minimum requirements, whichever is greater.
- ☐ Clearly label the existing features as to "remain" or "be removed".
- ☐ Temporary dead-end streets, longer than 150 feet, shall conform to Grantsville City Standard Drawings with turn-arounds.
- ☐ Cul-de-sacs require a minimum pavement diameter of 96 feet (IFC Appendix D103.1) and meet all requirements of the Street Standards ordinance for cul-de-sacs.
- ☐ Location of street signs, stop signs, street markings, and street lights.
- ☐ Show street names (existing and proposed).
- ☐ A traffic study shall be provided as stated in city code 21.4.5 (p):
 - (p) A traffic study is required for all major subdivisions and commercial projects and shall be completed by a licensed engineer. A traffic study shall include trip generation, trip distribution on connecting streets and roadway capacity. Subdivisions and commercial projects with over 100 peak hour trips shall complete a traffic impact study in accordance with Institute of Transportation Engineers recommended standards

Preliminary Grading Plan:

- ☐ Property boundaries of all proposed lots.
- ☐ Existing elevations shown by light (gray scaled) dashed contours. Labeled contours with elevations to extend 25 feet beyond the project limits.
- ☐ Label the location and elevation of the benchmark for the project. The elevations must be tied to a found USGS datum (based on Tooele County bench mark information). Need City benchmarks for surveys to tie into.
- ☐ Clearly label the existing features as to “remain” or “be removed”.
- ☐ Design elevations represented by solid contours using 2’ intervals for average slopes less than 25% and 5 foot intervals for average slopes greater than 25%. In flat areas 1 foot intervals may be required. The contours must be labeled with elevations (spot elevations to be placed as needed for clarity).
- ☐ Roadways must show slope arrows as to direction of proposed slope. [No detailed street grading information (i.e. TBC, PC/PT, elevations etc.) needed until final plans.]
- ☐ House plan finished floor elevations. Show retaining walls as needed. (Drainage swales to the street and around the house are required for final.) Check wording here.
- ☐ Proposed driveway locations required for all lots (that have 60 foot of frontage or less).
- ☐ Calculate the approximate size of the retention basin-based rational method of drainage, percolating within three days after the storm, overflow release location to not impact neighboring properties.
- ☐ Show the location of any areas of potential flood hazard within the boundary of the subdivision (include creeks, drainage pipes, etc.).

No other information/infrastructures are to be shown on the grading plan.

Preliminary Drainage Plan:

- ☐ Provide a Geotechnical report including percolation calculations.
- ☐ Property boundaries of all proposed lots.

- ☐ Calculate the approximate size of the retention basin-based rational method of drainage, percolating within three days after the storm, overflow release location to not impact neighboring properties.
- ☐ Show the location of any areas of potential flood hazard within the boundary of the subdivision (include creeks, drainage pipes, etc.).
- ☐ Clearly label the existing features as to “remain” or “be removed”.
- ☐ Location, size, type, length, and grade of proposed and existing drainage features within 100 feet of the development or to the next manhole, whichever is greater. Show drainage direction in plan view.
- ☐ Storm Drain Manholes being placed at 400 foot maximum intervals, inlets, catch basins, stubs, and plugs. All lines MUST SHOW flow arrows indicating direction of flow.
- ☐ Max surface flow to SD inlet shall not be more than 500 feet.
- ☐ Any existing drainage features conveying water through the property shall be in open sized ditches with rip-rap protection sized for the volume and flow of the 100 year storm.
- ☐ Parcels of land that will have a conservation or drainage easement are to be dedicated to Grantsville City.

Preliminary Pressurized Irrigation Plan (if applicable):

- ☐ Property boundaries of all proposed lots.
- ☐ Location and size of proposed and existing pipes, valves, air inlet and removal facilities, irrigation drains, and temporary blow offs, etc. within 100 feet of the development. Irrigation pipes lines should be located 4 feet from the lip of gutter on the opposite side of the street from the SD pipe.
- ☐ Clearly label the existing features as to “remain” or “be removed”.

Preliminary Sanitary Sewer Plan:

- ☐ Property boundaries of all proposed lots.

- ☐ Location, size, and type of proposed and existing pipes within 100 feet of the development. The edge of the sewer pipe shall be located approximately 5 feet off street centerlines on the downhill side of the street.
- ☐ Clearly label the existing features as to “remain” or “be removed”.
- ☐ Flow arrows shall be shown on all lines.
- ☐ Manholes being placed at 400 foot maximum intervals, grease traps, and stubs. A minimum of 4 feet of cover over all pipes and 4 feet of cover over pipes at any property boundary.

Preliminary Culinary Water Plan:

- ☐ Property boundaries of all proposed lots.
- ☐ Location and size of proposed and existing pipes within 100 feet of the development.
- ☐ Clearly label the existing features as to “remain” or “be removed”.
- ☐ Main lines’ edge of pipe shall be located approximately 5 feet off street centerlines on the uphill side of the road. Water lines shall be located a minimum of 10 feet from all other wet utilities (between edge of pipes).
- ☐ Location of proposed and existing meters, valves, hydrant blow offs, temporary blow offs, stubs, plugs, etc.
- ☐ Proposed fire hydrants. Spacing should be 500 feet between fire hydrants as measured by hose length being laid within the City Right of Way.
- ☐ Sufficient number of valves (one in each direction at waterline intersections) shall be provided on water mains so that inconvenience and sanitary hazards will be minimized during repairs. Valves shall be located at not more than 500 foot intervals in commercial districts and at not more than one block or 800 foot intervals in other districts.

Detail Sheet:

- ☐ All non-standard details for unique situations in the development plans.

Preliminary Landscape Plan:

- ☐ Property boundaries of all proposed lots.
- ☐ General Vegetation Characteristics (existing and proposed).
- ☐ The planned location of protected open spaces.
- ☐ Potential connections with existing green space and trails.
- ☐ Clearly label the existing features as to “remain” or “be removed”.
- ☐ Note areas to be water wise landscaping (low volume of irrigation water required).

***Approved plans to be stamped and saved in the file.**

GRANTSVILLE CITY PLANNED UNIT DEVELOPMENT (PUD) SUBMITTAL CHECKLIST

Please indicate below which of the items will result from the creation of the proposed P.U.D. if approved, and attach a separate sheet with an explanation of checked items.

Note: No change, alteration, modification or waiver of zoning regulations shall be approved unless the Planning Commission shall find that the proposed Planned Unit Development shall achieve at least one or more of the following purposes.

Meetings:

City Council meetings are held the 1st & 3rd Wednesday of each month at 7 p.m.

Planning Commission Meetings are held the 1st & 3rd Thursday of each month at 7 p.m.

Submit application online at:

Check which items will result from the creation of the proposed PUD:

- ☐ Creation of a more desirable environment than would be possible through strict application of other City land use regulations.
- ☐ Promotion of a creative approach to the use of land and related physical facilities resulting in better design and development, including aesthetic amenities.
- ☐ Combination and coordination of architectural styles, building forms and building relationships.
- ☐ The creation, landscaping and preservation of open space and recreational facilities.
- ☐ Preservation and enhancement of desirable site characteristics such as natural topography, vegetation and geologic features, and the prevention of soil erosion.
- ☐ Use of design, landscape or architectural features to create a pleasing environment.
- ☐ Preservation of buildings which are architecturally or historically significant, contributing to the character of the City.
- ☐ Establishment of interconnecting paths and trails for alternative transportation routes;
 - which lead to common and popular destinations and interface with automobile traffic.
 - at few and specific points.
- ☐ Provision of a variety of housing, in accordance with the City's general plans.
- ☐ Promote infill development into the core of the City.
- ☐ Inclusion of special development features.
- ☐ Elimination of blighted structures or incompatible uses through redevelopment or rehabilitation.

GRANTSVILLE CITY FINAL SUBDIVISION PLAT SUBMITTAL CHECKLIST

A land surveyor licensed to practice in the State of Utah shall prepare the Final Plat. All engineering and/or survey documents submitted for City review shall be stamped by said engineer or land surveyor in accordance with the procedures of the Utah State Board for Professional Registration. The plat shall be of such size and material as is acceptable for filing in the office of the Tooele County Recorder but shall not be less than twenty-four by thirty-six (24 x 36) inches. If the plat contains more than one sheet, the sheets shall be numbered in sequence and clearly indicated on each sheet. The following information, at a minimum, shall be included with the application for Final Subdivision Plat Approval (*additional information may be required by the Staff, Planning Commission or City Council*). The lack of information under any item specified herein, or improper information supplied by the applicant, shall be cause of an incomplete application and disapproval of a Final Plat.

Meetings:

City Council meetings are held the 1st & 3rd Wednesday of each month at 7 p.m.

Planning Commission Meetings are held the 1st & 3rd Thursday of each month at 7 p.m.

Submit application online at:

Items to be shown on the Final Plat:

- ☐ A title block which contains the following:
 - ☐ Name of the subdivision.
 - ☐ Type of development (residential, commercial etc.).
 - ☐ Surveyor's certificate that has been signed and dated, showing the name and registration number of the surveyor responsible for making the survey.
 - ☐ A legal description of the subdivision boundaries that includes the quarter-quarter section, section, township, range, principal median and the County of its location.
 - ☐ The owner's dedication that includes the dedication of all public ways or spaces. The owner's dedication shall be signed by every person having a security interest in the subdivision property, dated, and notarized. It should include a reference to any covenants that may be declared and blanks where the County Recorder may enter the book and page number of their recording.
- ☐ Names of the owner or owners including beneficial owners of record under the signature lines in the owner's dedication and consent to record with notary signature block.
- ☐ Signature blocks prepared for the dated signatures of: The Mayor with an attest from the City Recorder, City Planning Commission Chair, City Engineer, Public Works Director, City Attorney, City Fire Department.
- ☐ Any improvement, service and special districts or areas where any part of the platted property is located. County Signature and Recorder blocks as required by the County.
- ☐ Written and graphic scale, not smaller than 1" - 100' or as recommended by the City Engineer.
- ☐ The basis of bearings used and a North arrow.
- ☐ A vicinity map locating the subdivision within the section identifying adjoining or nearby plats or certificates of survey and showing prominent landmarks.
- ☐ The exterior boundaries of the platted areas giving lengths and bearings of the boundary lines. All subdivisions must have proper closure and submitted with closure calculations.
- ☐ The State plane coordinates on the subdivision boundary (NAV 83).
- ☐ Survey monuments which are marked with a description, name and date.
- ☐ Location of existing easements or right-of-way, including those contiguous to the platted area, their nature, width, and the book and page number of their recording in the County's records.
- ☐ Location of proposed easements including any required easements for water, sewer, drainage or irrigation, temporary turnaround easements and a public utility easement shown on the front of each lot and any side or rear of a lot.

- ☐ All lots, blocks, rights-of-way and easements (including open space) created by the subdivision with their boundary, bearings, lengths, widths, name, number, or purpose. For curved boundaries the curve radius, central angle, cord bearing and distance, tangent and arc length shall be given.
- ☐ A list of the lot areas (square feet).
- ☐ Lots consecutively numbered.
- ☐ Proposed addresses shown on each lot (corner lots should include two addresses) as obtained from Grantsville Community and Economic Development Department.
- ☐ All proposed new streets named or numbered in accordance with the street naming and numbering system of the City.
- ☐ Location and names of adjacent properties/property owners and platted subdivisions.
- ☐ Location of zoning boundary lines within and adjacent to the proposed subdivision.
- ☐ Location of all existing homes or buildings within the proposed subdivision that are to remain.
- ☐ All existing monuments found during the course of the survey (including a physical description such as "brass cap").
- ☐ All monuments erected, corners, and other points established in the field. The monuments shall be made of brass and the legend shall indicate the diameter, length, and weight of the monuments.
- ☐ All exterior boundary angle points of the subdivision and lot corners including brass pins in the BOC for all front property lines.
- ☐ On each corner lot, add a label stating "front" to indicate which street frontage is considered the front of the lot (the front of the lot must be consistent with the location of the water and sewer service laterals).
- ☐ A detailed diagram showing typical setbacks for a corner and interior lot and a typical 35 foot clear view area (sight triangle) on the corner lot.

Required Notes on the Final Plat:

- ☐ 5/8" X 24" rebar & cap (survey company name) to be set at all lot corners. Nails or plugs to be set in top back of curb at extension of side lot lines, in lieu of rebar and caps at front lot corners.
- ☐ Property owners agree to maintain the storm drain retention area as approved by the City Engineer, and constructed by the developer/builder, and that they will not alter the grading, nor allow any drainage to discharge on the neighboring properties, or put any impervious surfaces in the area shown on the plat. This requirement will run with the property and apply to all future property owners. If at any time the property owner fails to properly maintain the basin to the reasonable

satisfaction of the City Engineer, the City may make all necessary improvements, corrections, repairs, or replacements and collect from the property owner all incurred costs, fees, and interest.

- ☐ Property owners and its successors and assigns hereby grant a perpetual privilege and easement to Grantsville City to access the storm drain retention area at any time for the purpose of maintenance, inspection, repair, or replacement of any storm water or other utility above or below the ground, including but not limited to the storm drain retention area.
- ☐ Typical building setbacks and easements.
- ☐ Note PID areas on the map and what the PID is for.
- ☐ A notation of the distance (shown as a dimension and note on the plat) from the centerline of each existing road right-of-way (centerline of existing asphalt) to the new property line of the subdivision.
- ☐ A summary of total project acreage, total acreage in lots, total number of units, total acreage of open space or other dedicated parcels, and total acreage in roads and lane miles of road.
- ☐ A notation of any limited access restrictions on the lots that are affected.
- ☐ If a detention/retention pond is required, note the property owner will maintain the lot and provide an easement to Grantsville City. Note the capacity of the pond on the final plat.
- ☐ If there is no detention pond on the plat, provide a note explaining how detention is handled.
- ☐ If surface drainage is to be directed onto a privately-owned area for detention or retention as part of the storm drainage system, show an easement around the detention/retention area on the final plat with the following note on the easement area: "Permanent detention/retention (whichever is applicable) facility to be owned and maintained by the owners of this property not to be altered without approval by Grantsville City Council and City Engineer".
- ☐ If the proposed subdivision is adjacent to or in close proximity to an existing agricultural area or activity, the following note regarding the Right to Farm must be added to the Final Plat: "This area is subject to the normal everyday sounds, odors, sights, equipment, facilities, and all other aspects associated with an agricultural lifestyle. Future residents should also recognize the risks inherent with livestock."
- ☐ If a temporary turnaround is required, add the following note on the final plat with reference to the turnaround: "84' temporary asphalt turnaround with appropriate road base, 3 no parking signs installed, and no above ground utilities allowed in the turnaround area. A letter will be provided to the Building Division prior to issuance of a building permit for the affected lot stating that the homeowner/lot buyer is aware of the temporary turnaround on their property and that it is to remain unaltered and no parking allowed until the City approves removal of the turnaround."
- ☐ For PUD subdivisions, note any exceptions such as minimum home size requirements, setbacks or special improvements. Note that all homes are required to meet the architectural requirements contained in the Development Code including product mix on home elevations.

- ☐ For subdivisions with trails, a note stating that the trail location(s) must be staked and reviewed by the Parks and Planning Divisions prior to installation.
- ☐ For subdivisions with common areas where an HOA is involved, add the following note in the owner's dedication area of the title block: "Pursuant to Utah Code 10-9a-604 (D), the owner(s) hereby convey all common areas shown on this plat as indicated hereon to the (insert name of HOA and their mailing address). The HOA shall receive approval of the City Council prior to the removal of the HOA or property that impacts the City." (Confer with City Attorney for legality)

Construction Drawings:

- ☐ City General notes after the map.
- ☐ Final construction/plan & profile drawings of all required public improvements consistent with Grantsville City Design Standards.
- ☐ An engineer or land surveyor must stamp all construction drawings in accordance with the procedures of the Utah State Board for Professional Registration.
- ☐ An overall public improvement plan or index sheet that includes a summary of all improvement and utility information.
- ☐ If the placement of irrigation system improvements is required, show all irrigation improvements including piping, head gates, boxes, grates etc. (in conformance with letter issued by the irrigation company) and provide a signature block for the irrigation company on all applicable construction drawing sheets.
- ☐ Cross sections of all roads including pavement design, base and sub-base amounts and location of utilities within the street right of way (please note that base and sub-base should be shown and labeled extending 1 foot beyond the back of curb).
- ☐ The California Bearing Ratio (CBR) value (used to determine the amount of road sub-base required) must be noted on each road cross section. A CBR test is required for every 1,000 linear feet of road.
- ☐ Location of power line extensions, streetlights, domes and transformers.
- ☐ Location of existing power infrastructure and ownership.
- ☐ Location, type, and height of existing fencing and new fencing, berming or other buffering to be installed as part of the development, include any fencing required to comply with Section 18-010 - Right to Farm.
- ☐ Street signs and traffic control signs.
- ☐ Location of USPS gang box/mailbox locations (applicant must meet with a Post Office representative to determine locations).

- ☐ All other specifications, details, and references required by the Design Standards and Public improvements Specifications and Standard Drawings.
- ☐ Construction drawings are to include the following notes:
 - ☐ A note stating that one (1) color electronic copy of as-built drawings, formatted in accordance with the most current edition of the City Design Standards, shall be submitted to the City upon completion of the public improvements; including, water, sewer, storm drain and power.
 - ☐ A note stating that all construction is to be done as per the latest edition of the City Design Standards.
 - ☐ A note stating that all ADA accessible sidewalk ramps will be constructed in accordance with the latest edition of the City Design Standards and Public Improvements Specifications.
 - ☐ A note stating that prior to construction, an erosion and sedimentation control plan will be submitted to the Public Works Director for approval.
 - ☐ A note stating that prior to commencement of any work, a preconstruction meeting will be held with the Public Works Director, City Building Official, City inspectors, the contractor and the property owner.
- ☐ Landscaping plan for all park, open space, and common ownership areas including:
 - ☐ Planting areas with a list of the name, number and size of plants designated for each area.
 - ☐ Location, name and size of all existing and proposed trees and shrubs.
 - ☐ Location and sizes of proposed irrigation facilities adequate to maintain the planting areas.
 - ☐ Indication of proposed seed mix for grass areas and rate of application (previously accepted seed mixes have included: 18% "Bluestar" Kentucky Bluegrass, 19% "Marquis" Kentucky Bluegrass, 17% "Newport" Kentucky Bluegrass, 17% "Touchdown" Kentucky Bluegrass, 16% "APM" Perennial Ryegrass, 13% "Accent" Perennial Ryegrass at a rate of 220 lbs. per acre).
 - ☐ Location of the clear view area at all street intersections (a triangular area formed by a line connecting the property lines at points 30 feet in each direction from the intersection, and 12 feet for driveways) and an indication that no landscaping or other obstruction in excess of 3 feet above finished grade shall be allowed in the clear view area.

Other Required Items:

- ☐ Long Term Stormwater Maintenance Plan and Agreement for all privately-owned stormwater infrastructure
- ☐ Meet Grantsville City Flood Plain Management ordinance 2023-09 FLOOD PLAIN MANAGEMENT.

Required Items Prior to Recording of Plat:

- ☐ An engineer's estimate of costs for construction of all required public improvements.
- ☐ A final copy of any restrictive covenants (CC&Rs), reservations, or private easements.
- ☐ Evidence that all property taxes are current and that roll back taxes have been paid, and that no other debts or obligations are outstanding and no liens or encumbrances are placed on the property.
- ☐ If the property has been in greenbelt, verification from the title company that all roll back taxes have been paid.
- ☐ A preliminary title report covering all the property located within the subdivision. The report shall be prepared or updated within thirty (30) days of the date of recording of the Final Plat.
- ☐ Warranty deed/title insurance on property dedicated to the City (open space, detention, City park property, City trails, some road dedication). Title insurance policies on each to be obtained.
- ☐ Prepared easements for any necessary offsite water, sewer, or drainage easements across privately owned land, or for temporary turnarounds.
- ☐ A copy of any necessary deeds or boundary line agreements necessary for recording of the Final Plat.
- ☐ Any required UDOT approvals for access, etc.
- ☐ Signed easement verification sheet (form attached).
- ☐ Letter from the Utah County Health Department regarding any proposed septic tanks or leach fields.
- ☐ An electronic (computer disc or email) copy of the proposed Final Plat and Construction Drawings in a format acceptable to the City.
- ☐ During the DRC review process, the proposed property lines along existing streets must be shown on both sides of the street, for review by staff.
- ☐ Prior to the pre-construction meeting, Grantsville City Staff will make copies of plans for the meeting from the check set and the developer will pay fees for the copies. When changes need to be made to a check set, revise the affected sheets only. Copies for the preconstruction meeting must be made by staff and paid by the developer prior to the preconstruction meeting being scheduled.

Submission Requirements:

- ☐ Completed Subdivision or Condominium Review Application – Final.
- ☐ Application fee per Grantsville City Fee Schedule, which covers a maximum of two reviews. Additional reviews may require additional fees, based on staff time required.

- ☐ Phasing plan, including construction of infrastructure, amenities and landscaping Preliminary.
- ☐ Title Report Tax history (will be verified by City staff).
 - **Note:** All taxes must be current prior to recordation of a development.
- ☐ Completed corrections from preliminary review(s) on all drawings.
- ☐ Four (4) 11" x 17" final copies of all Construction plans for review.
- ☐ One (1) 24" x 36" final copy of all Construction plans for review.
 - **Note:** Approved copies of all construction plans must be submitted after final approval and prior to construction.
- ☐ Electronic PDF files formatted for both 24" x 36" and 11" x 17".
- ☐ All plans must be prepared, stamped, dated and signed by a licensed surveyor and/or engineer.
- ☐ All text shall be 1/8" or greater in 24" x 36" format.
- ☐ All improvements and details shall comply with the Grantsville City Development Standards and Construction Details.
- ☐ The following text shall be provided on all sheets except Plat and Detail sheets:
 - **Note:** The Developer and the General Contractor understand that it is his/her responsibility to ensure that all improvements installed within this development are constructed in full compliance with all State and Grantsville City codes, ordinances and standards. These plans are not all inclusive of all minimum codes, ordinances and standards. This fact does not relieve the Developer or General Contractor from full compliance with all minimum State and Grantsville City codes, ordinances and standards.
 - **Note:** All recommendations made in a pertinent geotechnical report/study shall be followed explicitly during construction of buildings and site improvements.
- ☐ Landscape and irrigation plans where required as part of a PUD or condominium plat.
- ☐ UDOT, Railroad, Irrigation Company and/or the Grantsville branch of USPS review and approval, if necessary.
- ☐ Final Covenants, Conditions and Restrictions (CC & R's), if necessary.
- ☐ Mylar Plat for recording, and check to Utah County Recorder's office for recording fees (due after final approval).

Plan Requirements:

- ☐ **Cover sheet**, drawn as required for preliminary submittal, including any and all corrections required as part of preliminary review.

- ☐ **Recording Plat**, drawn as required for preliminary submittal, including any and all corrections required as part of preliminary review.
- ☐ **Utility Plan Sheet**, drawn as required for preliminary submittal and including any and all corrections required as part of preliminary review, and:
 - ☐ Location of street signs, traffic regulatory signs, street lights and cluster mail boxes.
 - ☐ Location of all gas, power, telephone and cable television lines.
- ☐ **Storm Drain/Grading Plan**, drawn as required for preliminary submittal, including any and all corrections required as part of preliminary review, and:
 - ☐ Erosion and dust mitigation plan.
 - ☐ Engineered calculations for any retaining walls.
 - ☐ Vegetation re-establishment plans.
 - ☐ Show retaining walls, if any, providing engineering calculations for all retaining walls 4 feet or taller in height.
 - ☐ Details of retention basin(s) including:
 - ☐ Piping.
 - ☐ Overflow location.
 - ☐ A note stating that the bottom of the basin will be sloped towards the outlet.
 - ☐ Cross section of detention pond.
 - ☐ 100 year water level.
 - ☐ Capacity of detention pond in cubic feet.
 - ☐ Minimum 1 foot freeboard.
 - ☐ 3:1 slopes or flatter.
 - ☐ Grass covering and underground sprinkler system.
 - ☐ Time required for a 10 year storm volume in the basin to percolate (3 days max).

Plan & Profile Sheets, which include, but are not limited to:

- ☐ Title block as described for preliminary submittal.
- ☐ Designing engineer's stamp, signature & date on each sheet.
- ☐ Plan and profile for each street, sewer, and/or storm drain alignment at a vertical scale of 1" to 1', 2', 3' or 1' to 4' including:
 - ☐ Footings.
 - ☐ Location and slopes of existing utilities and topography.

- ☐ Proposed Centerline road grades and vertical curves.
- ☐ Slope and location of proposed sewer and storm drain system features.
- ☐ Invert elevations for proposed sewer, water and storm drain system features.
- ☐ Finished elevations of all sewer manholes and storm water inlets/manholes.
- ☐ Location, pipe type (pipe type may be noted in a utility legend), and size of existing and proposed culinary and pressurized irrigation lines and associated fire hydrants, valves, and blowoffs (note where bends are required on water lines).
- ☐ Location, depth, pipe type (pipe type may be noted in a utility legend), and slope of all drainage, and sewer lines, including the location and proper spacing of all boxes, manholes and other improvements.
- ☐ A note stating that all mechanical joints require a mega lug or other approved equal joint restraint.
- ☐ Location of water and sewer service laterals for each lot including the location of the laterals in relation to each other (water laterals must be located at the center of the lot and sewer laterals 10 feet downstream from the water laterals).
- ☐ On each corner lot, add a label stating "front" to indicate which street frontage is considered the front of the lot (the front of the lot must be consistent with the location of the water and sewer service laterals).

Detail Sheets, which include but are not limited to:

- ☐ Title block as described for preliminary submittal.
- ☐ Details for all proposed improvements and utilities.
- ☐ Designing engineer's stamp, signature & date on each sheet.
- ☐ All details drawn in compliance with the Grantsville City Development Standards and Construction drawings.

Last Sheet

- ☐ City Pre-Con notes last sheet.

GRANTSVILLE CITY FINAL SUBDIVISION PLAT SUBMITTAL CHECKLIST

A land surveyor licensed to practice in the State of Utah shall prepare the Final Plat. All engineering and/or survey documents submitted for City review shall be stamped by said engineer or land surveyor in accordance with the procedures of the Utah State Board for Professional Registration. The plat shall be of such size and material as is acceptable for filing in the office of the Tooele County Recorder but shall not be less than twenty-four by thirty-six (24 x 36) inches. If the plat contains more than one sheet, the sheets shall be numbered in sequence and clearly indicated on each sheet. The following information, at a minimum, shall be included with the application for Final Subdivision Plat Approval (*additional information may be required by the Staff, Planning Commission or City Council*). The lack of information under any item specified herein, or improper information supplied by the applicant, shall be cause of an incomplete application and disapproval of a Final Plat.

Meetings:

City Council meetings are held the 1st & 3rd Wednesday of each month at 7 p.m.

Planning Commission Meetings are held the 1st & 3rd Thursday of each month at 7 p.m.

Submit application online at:

Items to be shown on the Final Plat:

- ☐ A title block which contains the following:
 - ☐ Name of the subdivision.
 - ☐ Type of development (residential, commercial etc.).
 - ☐ Surveyor's certificate that has been signed and dated, showing the name and registration number of the surveyor responsible for making the survey.
 - ☐ A legal description of the subdivision boundaries that includes the quarter-quarter section, section, township, range, principal median and the County of its location.
 - ☐ The owner's dedication that includes the dedication of all public ways or spaces. The owner's dedication shall be signed by every person having a security interest in the subdivision property, dated, and notarized. It should include a reference to any covenants that may be declared and blanks where the County Recorder may enter the book and page number of their recording.
- ☐ Names of the owner or owners including beneficial owners of record under the signature lines in the owner's dedication and consent to record with notary signature block.
- ☐ Signature blocks prepared for the dated signatures of: The Mayor with an attest from the City Recorder, City Planning Commission Chair, City Engineer, Public Works Director, City Attorney, City Fire Department.
- ☐ Any improvement, service and special districts or areas where any part of the platted property is located. County Signature and Recorder blocks as required by the County.
- ☐ Written and graphic scale, not smaller than 1" - 100' or as recommended by the City Engineer.
- ☐ The basis of bearings used and a North arrow.
- ☐ A vicinity map locating the subdivision within the section identifying adjoining or nearby plats or certificates of survey and showing prominent landmarks.
- ☐ The exterior boundaries of the platted areas giving lengths and bearings of the boundary lines. All subdivisions must have proper closure and submitted with closure calculations.
- ☐ The State plane coordinates on the subdivision boundary (NAV 83).
- ☐ Survey monuments which are marked with a description, name and date.
- ☐ Location of existing easements or right-of-way, including those contiguous to the platted area, their nature, width, and the book and page number of their recording in the County's records.
- ☐ Location of proposed easements including any required easements for water, sewer, drainage or irrigation, temporary turnaround easements and a public utility easement shown on the front of each lot and any side or rear of a lot.

- ☐ All lots, blocks, rights-of-way and easements (including open space) created by the subdivision with their boundary, bearings, lengths, widths, name, number, or purpose. For curved boundaries the curve radius, central angle, cord bearing and distance, tangent and arc length shall be given.
- ☐ A list of the lot areas (square feet).
- ☐ Lots consecutively numbered.
- ☐ Proposed addresses shown on each lot (corner lots should include two addresses) as obtained from Grantsville Community and Economic Development Department.
- ☐ All proposed new streets named or numbered in accordance with the street naming and numbering system of the City.
- ☐ Location and names of adjacent properties/property owners and platted subdivisions.
- ☐ Location of zoning boundary lines within and adjacent to the proposed subdivision.
- ☐ Location of all existing homes or buildings within the proposed subdivision that are to remain.
- ☐ All existing monuments found during the course of the survey (including a physical description such as "brass cap").
- ☐ All monuments erected, corners, and other points established in the field. The monuments shall be made of brass and the legend shall indicate the diameter, length, and weight of the monuments.
- ☐ All exterior boundary angle points of the subdivision and lot corners including brass pins in the BOC for all front property lines.
- ☐ On each corner lot, add a label stating "front" to indicate which street frontage is considered the front of the lot (the front of the lot must be consistent with the location of the water and sewer service laterals).
- ☐ A detailed diagram showing typical setbacks for a corner and interior lot and a typical 35 foot clear view area (sight triangle) on the corner lot.

Required Notes on the Final Plat:

- ☐ 5/8" X 24" rebar & cap (survey company name) to be set at all lot corners. Nails or plugs to be set in top back of curb at extension of side lot lines, in lieu of rebar and caps at front lot corners.
- ☐ Property owners agree to maintain the storm drain retention area as approved by the City Engineer, and constructed by the developer/builder, and that they will not alter the grading, nor allow any drainage to discharge on the neighboring properties, or put any impervious surfaces in the area shown on the plat. This requirement will run with the property and apply to all future property owners. If at any time the property owner fails to properly maintain the basin to the reasonable

satisfaction of the City Engineer, the City may make all necessary improvements, corrections, repairs, or replacements and collect from the property owner all incurred costs, fees, and interest.

- ☐ Property owners and its successors and assigns hereby grant a perpetual privilege and easement to Grantsville City to access the storm drain retention area at any time for the purpose of maintenance, inspection, repair, or replacement of any storm water or other utility above or below the ground, including but not limited to the storm drain retention area.
- ☐ Typical building setbacks and easements.
- ☐ Note PID areas on the map and what the PID is for.
- ☐ A notation of the distance (shown as a dimension and note on the plat) from the centerline of each existing road right-of-way (centerline of existing asphalt) to the new property line of the subdivision.
- ☐ A summary of total project acreage, total acreage in lots, total number of units, total acreage of open space or other dedicated parcels, and total acreage in roads and lane miles of road.
- ☐ A notation of any limited access restrictions on the lots that are affected.
- ☐ If a detention/retention pond is required, note the property owner will maintain the lot and provide an easement to Grantsville City. Note the capacity of the pond on the final plat.
- ☐ If there is no detention pond on the plat, provide a note explaining how detention is handled.
- ☐ If surface drainage is to be directed onto a privately-owned area for detention or retention as part of the storm drainage system, show an easement around the detention/retention area on the final plat with the following note on the easement area: "Permanent detention/retention (whichever is applicable) facility to be owned and maintained by the owners of this property not to be altered without approval by Grantsville City Council and City Engineer".
- ☐ If the proposed subdivision is adjacent to or in close proximity to an existing agricultural area or activity, the following note regarding the Right to Farm must be added to the Final Plat: "This area is subject to the normal everyday sounds, odors, sights, equipment, facilities, and all other aspects associated with an agricultural lifestyle. Future residents should also recognize the risks inherent with livestock."
- ☐ If a temporary turnaround is required, add the following note on the final plat with reference to the turnaround: "84' temporary asphalt turnaround with appropriate road base, 3 no parking signs installed, and no above ground utilities allowed in the turnaround area. A letter will be provided to the Building Division prior to issuance of a building permit for the affected lot stating that the homeowner/lot buyer is aware of the temporary turnaround on their property and that it is to remain unaltered and no parking allowed until the City approves removal of the turnaround."
- ☐ For PUD subdivisions, note any exceptions such as minimum home size requirements, setbacks or special improvements. Note that all homes are required to meet the architectural requirements contained in the Development Code including product mix on home elevations.

- ☐ For subdivisions with trails, a note stating that the trail location(s) must be staked and reviewed by the Parks and Planning Divisions prior to installation.
- ☐ For subdivisions with common areas where an HOA is involved, add the following note in the owner's dedication area of the title block: "Pursuant to Utah Code 10-9a-604 (D), the owner(s) hereby convey all common areas shown on this plat as indicated hereon to the (insert name of HOA and their mailing address). The HOA shall receive approval of the City Council prior to the removal of the HOA or property that impacts the City." (Confer with City Attorney for legality)

Construction Drawings:

- ☐ City General notes after the map.
- ☐ Final construction/plan & profile drawings of all required public improvements consistent with Grantsville City Design Standards.
- ☐ An engineer or land surveyor must stamp all construction drawings in accordance with the procedures of the Utah State Board for Professional Registration.
- ☐ An overall public improvement plan or index sheet that includes a summary of all improvement and utility information.
- ☐ If the placement of irrigation system improvements is required, show all irrigation improvements including piping, head gates, boxes, grates etc. (in conformance with letter issued by the irrigation company) and provide a signature block for the irrigation company on all applicable construction drawing sheets.
- ☐ Cross sections of all roads including pavement design, base and sub-base amounts and location of utilities within the street right of way (please note that base and sub-base should be shown and labeled extending 1 foot beyond the back of curb).
- ☐ The California Bearing Ratio (CBR) value (used to determine the amount of road sub-base required) must be noted on each road cross section. A CBR test is required for every 1,000 linear feet of road.
- ☐ Location of power line extensions, streetlights, domes and transformers.
- ☐ Location of existing power infrastructure and ownership.
- ☐ Location, type, and height of existing fencing and new fencing, berming or other buffering to be installed as part of the development, include any fencing required to comply with Section 18-010 - Right to Farm.
- ☐ Street signs and traffic control signs.
- ☐ Location of USPS gang box/mailbox locations (applicant must meet with a Post Office representative to determine locations).

- ☐ All other specifications, details, and references required by the Design Standards and Public improvements Specifications and Standard Drawings.
- ☐ Construction drawings are to include the following notes:
 - ☐ A note stating that one (1) color electronic copy of as-built drawings, formatted in accordance with the most current edition of the City Design Standards, shall be submitted to the City upon completion of the public improvements; including, water, sewer, storm drain and power.
 - ☐ A note stating that all construction is to be done as per the latest edition of the City Design Standards.
 - ☐ A note stating that all ADA accessible sidewalk ramps will be constructed in accordance with the latest edition of the City Design Standards and Public Improvements Specifications.
 - ☐ A note stating that prior to construction, an erosion and sedimentation control plan will be submitted to the Public Works Director for approval.
 - ☐ A note stating that prior to commencement of any work, a preconstruction meeting will be held with the Public Works Director, City Building Official, City inspectors, the contractor and the property owner.
- ☐ Landscaping plan for all park, open space, and common ownership areas including:
 - ☐ Planting areas with a list of the name, number and size of plants designated for each area.
 - ☐ Location, name and size of all existing and proposed trees and shrubs.
 - ☐ Location and sizes of proposed irrigation facilities adequate to maintain the planting areas.
 - ☐ Indication of proposed seed mix for grass areas and rate of application (previously accepted seed mixes have included: 18% "Bluestar" Kentucky Bluegrass, 19% "Marquis" Kentucky Bluegrass, 17% "Newport" Kentucky Bluegrass, 17% "Touchdown" Kentucky Bluegrass, 16% "APM" Perennial Ryegrass, 13% "Accent" Perennial Ryegrass at a rate of 220 lbs. per acre).
 - ☐ Location of the clear view area at all street intersections (a triangular area formed by a line connecting the property lines at points 30 feet in each direction from the intersection, and 12 feet for driveways) and an indication that no landscaping or other obstruction in excess of 3 feet above finished grade shall be allowed in the clear view area.

Other Required Items:

- ☐ Long Term Stormwater Maintenance Plan and Agreement for all privately-owned stormwater infrastructure
- ☐ Meet Grantsville City Flood Plain Management ordinance 2023-09 FLOOD PLAIN MANAGEMENT.

Required Items Prior to Recording of Plat:

- ☐ An engineer's estimate of costs for construction of all required public improvements.
- ☐ A final copy of any restrictive covenants (CC&Rs), reservations, or private easements.
- ☐ Evidence that all property taxes are current and that roll back taxes have been paid, and that no other debts or obligations are outstanding and no liens or encumbrances are placed on the property.
- ☐ If the property has been in greenbelt, verification from the title company that all roll back taxes have been paid.
- ☐ A preliminary title report covering all the property located within the subdivision. The report shall be prepared or updated within thirty (30) days of the date of recording of the Final Plat.
- ☐ Warranty deed/title insurance on property dedicated to the City (open space, detention, City park property, City trails, some road dedication). Title insurance policies on each to be obtained.
- ☐ Prepared easements for any necessary offsite water, sewer, or drainage easements across privately owned land, or for temporary turnarounds.
- ☐ A copy of any necessary deeds or boundary line agreements necessary for recording of the Final Plat.
- ☐ Any required UDOT approvals for access, etc.
- ☐ Signed easement verification sheet (form attached).
- ☐ Letter from the Utah County Health Department regarding any proposed septic tanks or leach fields.
- ☐ An electronic (computer disc or email) copy of the proposed Final Plat and Construction Drawings in a format acceptable to the City.
- ☐ During the DRC review process, the proposed property lines along existing streets must be shown on both sides of the street, for review by staff.
- ☐ Prior to the pre-construction meeting, Grantsville City Staff will make copies of plans for the meeting from the check set and the developer will pay fees for the copies. When changes need to be made to a check set, revise the affected sheets only. Copies for the preconstruction meeting must be made by staff and paid by the developer prior to the preconstruction meeting being scheduled.

Submission Requirements:

- ☐ Completed Subdivision or Condominium Review Application – Final.
- ☐ Application fee per Grantsville City Fee Schedule, which covers a maximum of two reviews. Additional reviews may require additional fees, based on staff time required.

- ☐ Phasing plan, including construction of infrastructure, amenities and landscaping Preliminary.
- ☐ Title Report Tax history (will be verified by City staff).
 - **Note:** All taxes must be current prior to recordation of a development.
- ☐ Completed corrections from preliminary review(s) on all drawings.
- ☐ Four (4) 11" x 17" final copies of all Construction plans for review.
- ☐ One (1) 24" x 36" final copy of all Construction plans for review.
 - **Note:** Approved copies of all construction plans must be submitted after final approval and prior to construction.
- ☐ Electronic PDF files formatted for both 24" x 36" and 11" x 17".
- ☐ All plans must be prepared, stamped, dated and signed by a licensed surveyor and/or engineer.
- ☐ All text shall be 1/8" or greater in 24" x 36" format.
- ☐ All improvements and details shall comply with the Grantsville City Development Standards and Construction Details.
- ☐ The following text shall be provided on all sheets except Plat and Detail sheets:
 - **Note:** The Developer and the General Contractor understand that it is his/her responsibility to ensure that all improvements installed within this development are constructed in full compliance with all State and Grantsville City codes, ordinances and standards. These plans are not all inclusive of all minimum codes, ordinances and standards. This fact does not relieve the Developer or General Contractor from full compliance with all minimum State and Grantsville City codes, ordinances and standards.
 - **Note:** All recommendations made in a pertinent geotechnical report/study shall be followed explicitly during construction of buildings and site improvements.
- ☐ Landscape and irrigation plans where required as part of a PUD or condominium plat.
- ☐ UDOT, Railroad, Irrigation Company and/or the Grantsville branch of USPS review and approval, if necessary.
- ☐ Final Covenants, Conditions and Restrictions (CC & R's), if necessary.
- ☐ Mylar Plat for recording, and check to Utah County Recorder's office for recording fees (due after final approval).

Plan Requirements:

- ☐ **Cover sheet**, drawn as required for preliminary submittal, including any and all corrections required as part of preliminary review.

- ☐ **Recording Plat**, drawn as required for preliminary submittal, including any and all corrections required as part of preliminary review.
- ☐ **Utility Plan Sheet**, drawn as required for preliminary submittal and including any and all corrections required as part of preliminary review, and:
 - ☐ Location of street signs, traffic regulatory signs, street lights and cluster mail boxes.
 - ☐ Location of all gas, power, telephone and cable television lines.
- ☐ **Storm Drain/Grading Plan**, drawn as required for preliminary submittal, including any and all corrections required as part of preliminary review, and:
 - ☐ Erosion and dust mitigation plan.
 - ☐ Engineered calculations for any retaining walls.
 - ☐ Vegetation re-establishment plans.
 - ☐ Show retaining walls, if any, providing engineering calculations for all retaining walls 4 feet or taller in height.
 - ☐ Details of retention basin(s) including:
 - ☐ Piping.
 - ☐ Overflow location.
 - ☐ A note stating that the bottom of the basin will be sloped towards the outlet.
 - ☐ Cross section of detention pond.
 - ☐ 100 year water level.
 - ☐ Capacity of detention pond in cubic feet.
 - ☐ Minimum 1 foot freeboard.
 - ☐ 3:1 slopes or flatter.
 - ☐ Grass covering and underground sprinkler system.
 - ☐ Time required for a 10 year storm volume in the basin to percolate (3 days max).

Plan & Profile Sheets, which include, but are not limited to:

- ☐ Title block as described for preliminary submittal.
- ☐ Designing engineer's stamp, signature & date on each sheet.
- ☐ Plan and profile for each street, sewer, and/or storm drain alignment at a vertical scale of 1" to 1', 2', 3' or 1' to 4' including:
 - ☐ Footings.
 - ☐ Location and slopes of existing utilities and topography.

- ☐ Proposed Centerline road grades and vertical curves.
- ☐ Slope and location of proposed sewer and storm drain system features.
- ☐ Invert elevations for proposed sewer, water and storm drain system features.
- ☐ Finished elevations of all sewer manholes and storm water inlets/manholes.
- ☐ Location, pipe type (pipe type may be noted in a utility legend), and size of existing and proposed culinary and pressurized irrigation lines and associated fire hydrants, valves, and blowoffs (note where bends are required on water lines).
- ☐ Location, depth, pipe type (pipe type may be noted in a utility legend), and slope of all drainage, and sewer lines, including the location and proper spacing of all boxes, manholes and other improvements.
- ☐ A note stating that all mechanical joints require a mega lug or other approved equal joint restraint.
- ☐ Location of water and sewer service laterals for each lot including the location of the laterals in relation to each other (water laterals must be located at the center of the lot and sewer laterals 10 feet downstream from the water laterals).
- ☐ On each corner lot, add a label stating “front” to indicate which street frontage is considered the front of the lot (the front of the lot must be consistent with the location of the water and sewer service laterals).

Detail Sheets, which include but are not limited to:

- ☐ Title block as described for preliminary submittal.
- ☐ Details for all proposed improvements and utilities.
- ☐ Designing engineer’s stamp, signature & date on each sheet.
- ☐ All details drawn in compliance with the Grantsville City Development Standards and Construction drawings.

Last Sheet

- ☐ City Pre-Con notes last sheet.

GRANTSVILLE CITY GENERAL PLAN AMENDMENT AND REZONE CHECKLIST

Note: Make an appointment with the Zoning Administrator to turn in application and checklist items at 435-884-4604 or email ceaton@grantsvilleut.gov.

A complete application must consist of the following:

- ☐ Submission online at - <https://grantsvilleut2.portal.iworq.net/portalhome/grantsvilleut2>
- ☐ A legal description of the entire property boundary or portion of the property for which the rezone is being requested.

Amendment to the Grantsville Land Use and Management Code - Chapter 16, Table 16.1 Summary and Recommendation

Parcel ID: N/A Meeting Date: Jan. 04, 2024
Property Address: N/A Current Zone/Proposed Zone N/A

Applicant Name: Grantsville City Community and Economic Development
Request: Cavett Eaton / Mayor Critchlow
Prepared by: Cavett Eaton

PROPOSAL DESCRIPTION

Several commercial businesses have been in violation of our City Code regarding Storage of Flammable Liquids and Gas. This action would correct that violation and provide a CUP to the affected vendors without disrupting their business. There will be a Public Hearing and 10 Day noticing scheduled for this item in the next Planning Commission Meeting.

The Staff's recommendation is to add a Conditional option to Commercial Zones C-S, C-G, and M-D to allow the Distribution & Storage of Flammable Liquids or Gases, Heating Fuel in those zones with a Conditional Use Permit.

Currently this is allowed only in the M-G Zoning District in Grantsville city limits.
