FOR YOUR INFO

During this heat wave, the Senior Citizen's Center in Grantsville will be open until 7:00 pm, Monday through Thursday, so people 60 and older can get out of the heat. If you are younger than 60 and need to get out of the heat, our library is a great place to cool down while enjoying a good book or fun library activities. See our website for library hours.

More tips to stay cool at home:

Keep out of the sun.

Utilize fans properly.

Drink lots of water.

Use cold washcloths on neck and wrists.

Eat cool foods.

Close curtains and blinds.

Spend time in the basement.

Thank you to those who are being water conscience. Every person makes a difference. On the back of this newsletter are recommendations on how we can cut back on our outdoor water use. If everyone does it voluntarily, we do not have to make it mandatory. The City appreciates the effort everyone is making to conserve water.

Because we are in extreme drought conditions, the fire danger is very high this year. The City would like to encourage going to the Fireworks show at the Cherry Street Park instead of purchasing your own. To those who insist, please remember that fireworks are **only allowed** in designated spots in the City. See our website for the map. As of now, state code says they can be lit from July 2nd to July 5th from 11 am to 11 pm, (except July 4th, until 12 pm). For Pioneer Day, they are only allowed July 22nd - 25th. HOA's may implement their own restrictions.

Remember SR 112 will be under construction this month. July 9 –July 11, the intersection at 200 West (Tooele) and SR 112 will be closed. Drivers can expect delays (one way lanes) when driving this road and are encouraged to use S.R. 138 and S.R. 36. To sign up for email updates, fill out form at <http://bit.ly/SR112andSR138>.
