

RFQ 23-28 Town Tree inventory and Community Forest Management plan

July 13, 2023

Matching the necessary resources (staffing, analysis, reporting) to the client's needs is essential for a quality product.
 Explain how your proposal provides those necessary resources.

96	96	96	96	94

Climate change continues to have an increasing impact on the community. In many instances the impact is felt the hardest on underserved communities.
 What public engagement tools have you used to reach those underserved communities? How successfully were they and how did you measure their success.
