

**National
Public Works Week**
at the Library with a Display and
Touch a Truck event

The American Public Works Association (APWA) had this to say about their 2022 design **on display in the Town Hall Annex foyer:**

Within every public works professional lies a superhero, as represented in our poster.

*Public works employees are always **READY** to serve their communities and **RESILIENT** in their ability to pick themselves up after a challenge. The "Ready & Resilient" theme highlights the ability of our professionals to perform their regular duties and also be ready at a moment's notice to act as first responders during natural disasters or overcoming trials in the field.*

Public works superheroes keep communities strong by providing infrastructure services in transportation, water, wastewater and stormwater treatment, public buildings & spaces, groundskeeping, emergency management, first response, solid waste, and right-of-way management. They are a key part of what makes our communities great places to live and work.

Celebrate our Public Works superheroes!

Public Works has 7 Divisions working hard for you:
**Engineering Services * Roads & Streets * Fleet * Transfer Station
Water Pollution Control * Facilities * Administrative Services**

Team members work at the Town Hall Annex, the Town Garage, Transfer Station, Water Pollution Control Facility, and ALL OVER TOWN.
