December 10th, 2021

To the Citizens of Hertford County:

North Carolina state law requires that all general-purpose local governments publish within four (4) months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, the County of Hertford (County) hereby issues the annual comprehensive financial report for the fiscal year ended June 30th, 2021.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Thompson, Price, Scott, Adams & Company P.A., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30th, 2021 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended June 30th, 2021 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements but also on the government's internal controls and legal requirements involving the administration of the federal awards. These reports are available in the Annual Comprehensive Financial Report. GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basis financial statement in the form of Management's Discussion

and Analysis (MD&A). this letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of Hertford County

Hertford County, incorporated in 1759, is a rural county located in the northeastern North Carolina with approximately 24,000 residents. There are six (6) municipalities within the County including Ahoskie, Cofield, Como, Harrellsville, Murfreesboro and Winton, which is the County Seat. Hertford County contains 360 square miles of land area. The major navigable waterway traversing the County is the Chowan River. The County shares its norther border with the State of Virginia and is bordered by Gates County, Northampton County, Bertie County and Chowan County.

Hertford County has a rich and storied history with a prosperous future. The area was first settled in the 18th century with land deeds dating back to 1710. Early settlers were principally from Europe. Native Americans were also well represented in the Colonial population. The County of Hertford was formed by an act of the General Assembly in 1759 and named in honor of the Marquis of Hertford, Francis Conway, a distinguished member of parliament and a soldier. The Town of Winton was established as the county seat in 1766.

"Build your future on our foundation" is Hertford County's vision for the 21st century and beyond. Today, Hertford County maintains its proud and strong roots in agriculture. Hertford County is ranked second in cattle, seventh in cotton and sixth in peanuts relative to farm cash receipts for these commodities¹. There is also a thriving industrial base ranging from paper products to steel and related products. Under the Board of County Commissioners' leadership, the economic diversity and access to quality higher education available to the citizens of Hertford County remains a top priority. Chowan University, which is an accredited liberal arts university and Roanoke Chowan Community College serve as educational pillars in our community.

Hertford County operates under the commissioners/manager form of government. The Board of Commissioners are elected under the single-plurality system. The five Commissioners each represent an individual district serving staggered four-year terms and are elected by the registered voters casting ballots throughout the County. Policy-making and legislative authority are vested in the governing board. The governing board is responsible, among other duties, for passing ordinances, adopting the budget, appointing committees and hiring the County's manager, attorney, clerk to the board, tax collector and tax assessor. The County manager is responsible for carrying out the policies and ordinances of the governing board for overseeing the day-to-day operations of the government and for appointing the heads of various departments.

Hertford County provides a full range of services including public safety, social services, cultural/recreational activities, general administration, water districts, veterans services as well as a myriad of other crucial services. The Board of County Commissioners also extends financial support to certain boards, agencies and commissions to assist their efforts in serving our citizens. Among these are the Hertford County Public School System, Albemarle Regional Library, Albemarle Regional Health Authority, Roanoke-Chowan Community College and Trillium Health Resources.

BUILD YOUR FUTURE ON OUR FOUNDATION

¹ = North Carolina 2020 Agricultural Statistics – United States Department of Agriculture National Agricultural Statistics Service / North Carolina Department of Agriculture & Consumer Services (Source)

The annual budget serves as the foundation for the County's financial planning and control. All departments/offices/agencies of the County are required to submit requests for appropriation to the county manager's office on or before the end of February/March each fiscal year. The appropriated budget is prepared by fund, function (e.g. public safety, general government, etc.) and department (e.g. emergency management, elections, etc.). The legal level for the General Fund budget is the department level and all other funds legal level of control is the fund level. Regarding the General Fund, department heads may make transfers of appropriations with a department. The County manager may transfer amounts between objects of expenditures and revenues within a department without limitation. Amounts up to \$30,000 between departments of the same fund per occurrence may be transferred by the manager; however, amounts greater than \$30,000 between departments of the same fund per occurrence require Commissioner approval. In addition, amounts between funds require Commissioner approval. Contingency appropriation transfers require Commissioner approval except for the purpose of funding salary and benefits adjustments consistent with the Hertford County personnel policy.

Factors Affecting Financial Conditions

The information presented in the financial statements may be best understood when it is considered from the broader perspective of the unique and specific environment within which the County operates and provides services to our community.

Local Economy

Hertford County's economy continues to improve following the broad and lengthy interruption to our economy following the education, business and industry shutdowns/scaling of operations due to the COVID-19 Pandemic. The emergency measures, restrictions and closures mandated by North Carolina's Governor on businesses, tourism and education had a negative impact on Hertford County's economy. Before the restrictions, the County's average unemployment for the first three quarters of the fiscal year (fy 19-20) was 4.7% compared to the State average of 3.6% and national average of 3.6%. In April 2020, unemployment rose to 6.9% remaining constant through May then rose to 8.1% in June. For comparison, the State unemployment rates were 13.5%, 13.5% and 8.1% as well the national unemployment rates were 14.8%, 13.3% and 11.1% for the same reporting period.

The agriculture sector and industrial sector continue to perform well with strong annual earnings since 2019. Hertford County ranks in the top ten for three of the "farm cash receipts for specified/specific commodities". The Board of Commissioners continue to invest in the economic diversity and educational prosperity for the citizens of Hertford County.

Ten Largest Employers (2020) Hertford County²

Employer	Service	Employment Range
Vidant Medical Center	Health Services	500-999
Duck Thru	Retail	500-999
Nucor Corporation	Manufacturing	500-999
Hertford County Public School System	Education	250-499
GEO Secure Services LLC	Facility Support Services	250-499
Hertford County Government	Government Services	250-499
Med Ex Medical Transport Services	Health Services	100-249
Chowan University	Education	100-249
Walmart Association, Incorporated	Retail	100-249
Roanoke Chowan Community Health Center	Health Services	100-249

During the past ten years, the County's expenses/expenditures have increased with significant investments in public safety, education and human services. These three functions have consistently remained as the combined largest percentage of total General Fund expenses/expenditures (72.08%) for Hertford County. All other functions including general government, transportation, cultural and recreation, economic and physical development as well as debt service comprise the remaining 27.92% of the General Fund expenses/expenditures. The funding commitment to education has resulted in technology investments in the classroom, capital funding to maintain the assets and hiring credentialed teachers. In public safety, funding increases have resulted in greater levels of services with first responders such as emergency medical technicians, the Sheriff's office and E911 telephone system enhancements. Human services investments have resulted in the hiring of additional social workers, which has allowed the caseload to remain manageable resulting in fewer audit findings and clients receiving assistance in a timely manner.

During this same ten-year period, revenues have remained stable with modest increases in tax valuation, fees and intergovernmental funding. The majority of revenue growth has occurred as a function of growth and time. The Board of Commissioners have remained resolute in their commitment to maintaining a low tax burden balanced with reasonable fees for services. From a procedural perspective, the fees and taxes are set annually by the Board to support the adopted balanced budget's services and expenses/expenditures.

Long Term Financial Planning

The County's total operating budget for the fiscal year ending June 30th, 2021 totals \$30,183,614 with a General Fund tax rate of 0.84¢ per \$100 of assessed value based on a total valuation of \$1,777,123,214. The County's assessed value growth since 2011 equates to a 31.1% increase. The variables contributing to the positive growth in assessed value are new industries and businesses investing in our community. Although there remains a housing deficit, the residential market has steadily contributed to the assessed value growth.

BUILD YOUR FUTURE ON OUR FOUNDATION

² = North Carolina Department of Commerce LEAD Division 2020 (Source)

The County may elect to utilize available fund balance for some capital projects and improvements. However, such use will be within the constraints of the Commissioners' goals, objectives and strategies. The Board has set an unassigned fund balance goal of 24% of General Fund expenses/expenditures with an annual increase of 2% to 4% within the next five fiscal years. As of June 30th, 2020, Hertford County's unassigned fund balance was 20.09% of General Fund expenses/expenditures.

Hertford County has several ambitious and well-planned initiatives for fiscal year 2022. In partnership with Hertford County Public Schools System, it is anticipated that the new \$20 million Ahoskie Elementary School will be completed replacing the fifty-year-old school. The Board will commission the planning phase for a community center complete with recreational opportunities ranging from group exercise spaces to an indoor/outdoor pool. The Commissioners will be evaluating investment options in the County-wide water system. As well, the Board may consider further expanding broadband availability through a public-private partnership. Hertford County is evaluating the potential for leveraging American Relief Fund Act dollars for the preceding water system and broadband project(s). The Hertford County Board of Commissioners are committed to improving the quality of life of our community through investments in education, recreation, economic development, public safety, technology and other crucial public services.

Award and Acknowledgements

Fiscal year 2020 – 2021 marks Hertford County's first submission to the Government Finance Officers Association of the United States and Canada (GFOA) for consideration to be awarded the Certificate of Achievement for Excellence in Financial Reporting as a part of the Annual Certificate of Financial Report for the year ended June 30th, 2021. In order to be awarded a Certificate of Achievement, the County must publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The Hertford County Board of Commissioners and staff are confident that the current report conforms to the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for the first ever certificate.

In summary, this Annual Comprehensive Financial Report provides a source of information to citizens, the Board of County Commissioners, other governmental agencies as well as investors and creditors, all of whom rely upon it for decision-making and the opportunity to learn more about Hertford County's financial condition. Further, the report advances the Commissioners goal of increasing and promoting transparency and openness.

A special note of appreciation is expressed to the Board of County Commissioners, the Hertford County finance department staff and TPSA without whose dedicated guidance and assistance this report could not have been produced and submitted for consideration.

Respectfully,

David B. Cotton, ICMA-CM

INDEPENDENT AUDITORS' REPORT

To the Board of County Commissioners Hertford County, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Hertford County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Hertford County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Hertford County ABC Board. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Hertford County ABC Board, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Hertford County ABC Board were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based upon on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Hertford County, North Carolina as of June 30, 2021, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Local Government Employees' Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, the Register of Deeds' Supplemental Pension Fund Schedules of the County's Proportionate Share of the Net Pension Asset and County Contributions, the Law Enforcement Officers' Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, and the Schedule of Changes in the Net OPEB Liability and Related Ratios on pages 4 through 11 and 63 through 69, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Hertford County, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 29, 2021, on our consideration of Hertford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Hertford County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Hertford County, we offer readers of Hertford County's financial statements this narrative overview and analysis of the financial activities of Hertford County for the fiscal year ended June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

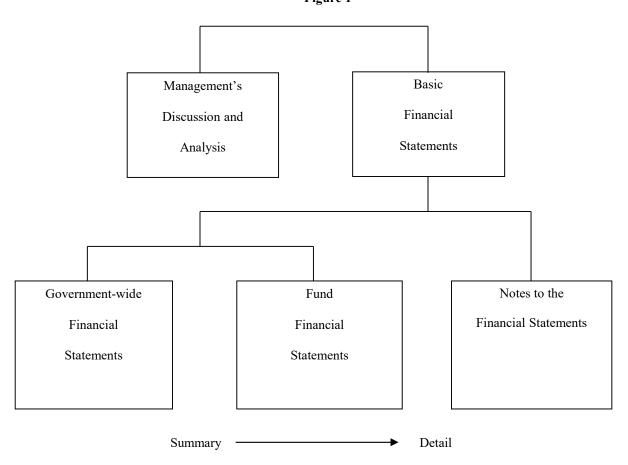

Financial Highlights

- The assets and deferred outflows of resources of Hertford County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$34,605,810 (net position).
- The government's total net position increased by \$12,438,316, primarily due to an increased net position in the Governmental Activities of \$12,461,730 offset by a decrease in the Business-Type Activities of \$23,414.
- As of the close of the current fiscal year, Hertford County's governmental funds reported combined ending fund balances of \$17,607,175, an increase of \$1,790,176 in comparison with the prior year. Approximately 41.94 percent of this total amount, or \$7,385,052, is restricted or nonspendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$4,759,524 or 17.93 percent of total general fund expenditures for the fiscal year.
- Hertford County's total debt decreased by \$1,650,178 during the current fiscal year. The key factor is due largely to debt service payments made for the year exceeding new loan proceeds.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Hertford County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Hertford County.

Required Components of Annual Financial Report Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension and benefit plans.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the total of the County's assets and deferred outflows of resources and the total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water and sewer and solid waste services offered by Hertford County. The final category is the component units. Although legally separate, component units are important because the County is financially accountable for these entities. The County has one component unit, the Hertford County ABC Board, that is reported as a discretely presented component unit.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Hertford County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Hertford County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Hertford County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – Hertford County has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Hertford County uses enterprise funds to account for its water and sewer activity and for its sanitation operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Hertford County has two fiduciary funds: the Municipal Tax Fund which accounts for taxes and fees collected by the County for the municipalities and special districts located within the county; and the Jail Inmate Trust Fund which accounts for funds held for inmates while they are incarcerated.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 25 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. Hertford County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$34,605,810 as of June 30, 2021. One of the largest portions, \$28,451,498 (82.22%) reflects the County's net investment in its capital assets (e.g. land, buildings, machinery, and equipment). Hertford County uses these capital assets to provided services to citizens; consequently, these assets are not available for future spending. Although Hertford County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Hertford County's net position \$7,369,706 (21.30%) represents resources that are subject to external restrictions on how they may be used. The remaining deficit balance of \$1,215,394 is unrestricted.

Several particular aspects of the County's financial operations influenced the total unrestricted governmental net position:

- Slight decrease in tax collection percentages;
- Continued recognition of OPEB liability, including adoption of GASB 75;
- Implementation of pension standards;

Governmental activities. Governmental activities increased the County's net position by \$12,461,730. Key elements of this increase are as follows:

- Property tax collections increased by \$955,999 and Local option sales tax increased by \$397,257.
- The County received over \$11m in Needs Based Grant Funding for a school project that is capitalized.

Business-type activities. Business-type activities decreased Hertford County's net position by \$23,413 from the prior year. The key elements of this decrease are as follows.

- Expenditures increased by \$190,904
- Charges for services decreased by \$218,307

Financial Analysis of the County's Funds

As noted earlier, Hertford County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Hertford County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Hertford County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Hertford County. At the end of the current fiscal year, Hertford County's fund balance available in the General Fund was \$10,259,160, while total fund balance reached \$13,213,306. The Governing Body of Hertford County has determined that the County should maintain an available fund balance of 8% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. The County currently has an available fund balance of 38.65% of general fund expenditures, while total fund balance represents 49.78% of that same amount.

At June 30, 2021, the governmental funds of Hertford County reported a combined fund balance of \$17,607,175, a 11.33% increase over last year. The primary reasons for this increase was a significant increase in property tax revenue and local option sales tax revenue.

There were other variances reflected in the governmental fund financial statements for 2021.

• Our 2021 overall collection rate is 96.39%, lower than the state average, and slightly lower than the prior year rate of 96.65%.

General Fund Budgetary Highlights: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased the budget by \$2,269,011 or 8.46 percent.

Proprietary Funds. Hertford County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Sanitation Fund at the end of the fiscal year amounted to \$64,471 and those for the Water and Sewer Districts equaled \$2,543,826. Other factors concerning the finances of these funds have already been addressed in the discussion of Hertford County's business-type activities.

Capital Asset and Debt Administration

Capital Assets. Hertford County's capital assets for its governmental and business – type activities as of June 30, 2021, totals \$46,832,729 (net of accumulated depreciation). These assets include buildings, water lines, land, machinery and equipment, facilities, and vehicles.

During the past fiscal year, Hertford County's total debt increased by \$3,266,247 or 8.85 percent. General obligation debt of \$649,792 was retired in governmental activities and \$387,672 in the business-type activities.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. Hertford County's debt limit is \$128,107,991.

Additional information regarding Hertford County's long-term debt can be found in Note III(a)(8) beginning on page 56 of this audited financial report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the current conditions of the County.

- The County's top ten taxpayers have an assessed valuation of \$310,779,780, which reflects 18.73% of the total assessed value. These top ten taxpayers remain sound and viable industries with property values remaining steady.
- Hertford County has managed to maintain the same level of service and funding for key agencies such as public schools, social services & community college, doing so while maintaining a fund balance above the recommended percentage issued by the Local Government Commission.
- In spite of the worldwide economic implications of the COVID-19 pandemic, Hertford County has remained financially stable due to prudent planning and investments. Further, the County continues to exercise conservative revenue projections to ensure our long-term financial viability. As a result, the County has been able to maintain service levels within the constraints of the financial impact of the pandemic.

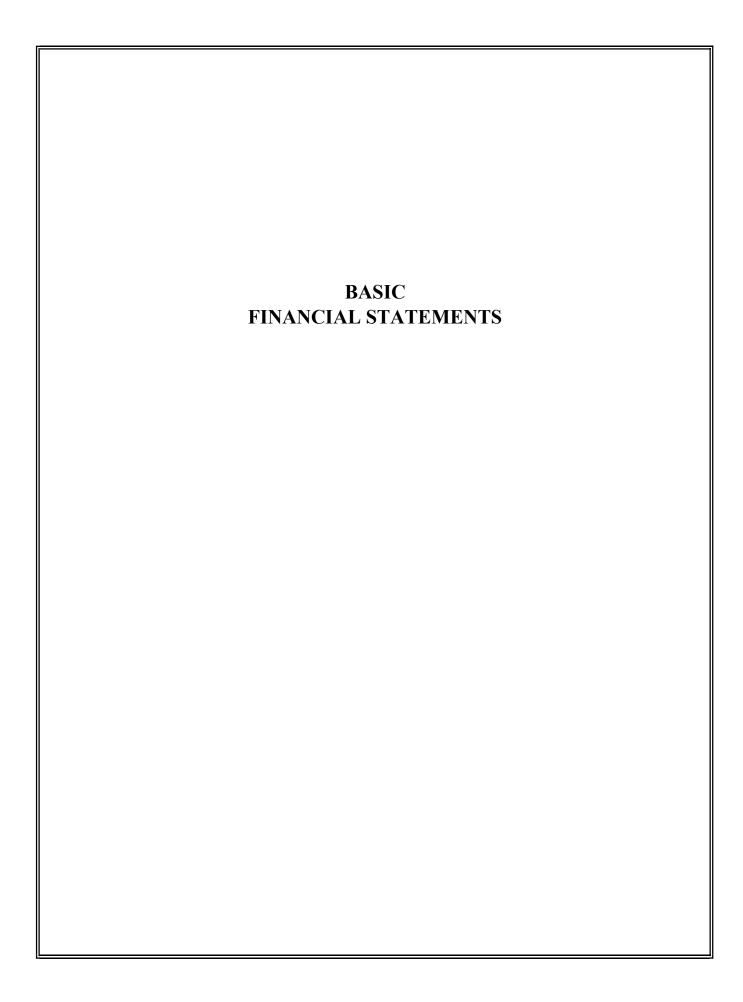

Budget Highlights for Fiscal Year Ending June 30, 2022

Government Activities: The County adopted Fiscal Year 2022 general fund budget in the amount of \$27,050,902, which represents a one (1%) percent increase over last year's adopted budget due largely in part to an increase in operational expenses as well as debt service payments.

Business-type Activities: The Rural Water Districts and Solid Waste Department continue to operate as viable enterprise funds. Hertford County continues to invest in our community's future by expanding and improving our infrastructure. As well, we diligently monitor the utility and service fees to ensure consonance between adequately funding the operational/capital costs and the reasonableness of the fees charged to our customers.

Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to David Cotton, County Manager, Hertford County Government Center 115 Justice Drive, Suite 1, Winton, North Carolina 27986. You can also call (252) 358-7805, visit our website at www.hertfordcountync.gov, or send an email to hertford.county@hertfordcountync.gov for more information.

Hertford County, North Carolina Statement of Revenues, Expenditures, and Changes in Fund Balances Governmental Funds For the Year Ended June 30, 2021

Amounts reported for governmental activities in the statement of activities on Exhibit 2 are different because: \$ 1,790,176 Net changes in fund balances - total governmental funds (Exhibit 4) Governmental funds report capital outlays as expenditures. However, in the Statement of 11,059,457 Activities the cost of those assets is capitalized and allocated over the life of the asset. The allocation of the costs of assets over the life of the assets through depreciation is not a current financial use in the funds; therefore, depreciation expense is not recorded in these statements. (1,111,085)The issuance of long-term debt (e.g., bonds and installment debt) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment 1,195,636 of long-term debt. Principal payments on a loan for written off by the bank as a result of the bank retaining vehicles that were totaled. 26,078 Contributions to the pension plan in the current fiscal year are not included on the Statement of 703,532 Activities Benefit payments and pension administration costs for LEOSSA are deffered outflows of resources on the Statement of Net Position 31,672 Contributions and pension administration costs for OPEB are deferred outflows of resources on the Statement of Net Position 294,286 Some expenses reported in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in current financial resources and, therefore, are not reported as expenditures in governmental funds (2,040,354)Some revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements 512,332

NOTES TO THE FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

The accounting policies of Hertford County and its component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by a five-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component unit; a legally separate entity for which the County is financially accountable. Hertford County's Northern and Southern Water Districts (the *Districts*) exist to provide and maintain water systems for the County residents within the districts. The Districts are reported as enterprise funds in the County's financial statements. The Hertford County ABC Board (the *Board*), which has a June 30 year-end, are presented as if they are separate proprietary funds of the County (discrete presentation). The blended presentation method presents component units as a department or unit of the County, and offers no separate presentation as with the discrete method.

	Reporting		
Component Unit	Method	Criteria for Inclusion	Separate Financial Statements

B. Basis of Presentation, Basis of Accounting

Basis of Presentation, Measurement Focus - Basis of Accounting

Government-wide Statements. The statement of net position and the statement of activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements - The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each of which is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental fund:

General Fund. This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Tax Revaluation Fund is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54 it is consolidated in the General Fund.

The County reports the following major enterprise funds.

Northern Water District Fund. This fund is used to account for the operations of the Northern Water District within the County.

Southern Water District Fund. This fund is used to account for the operations of the Southern Water District within the County.

Tunis Sewer District Fund. This fund is used to account for the operations of the Tunis Sewer District within the County.

The County reports the following fund types:

Custodial Funds - Custodial funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private purpose trust funds. Custodial funds are used to account for assets the County holds on behalf of others that meet certain criteria. The County maintains the following custodial funds: the Municipal Tax Fund, which accounts for ad valorem and vehicle property taxes that are billed and collected by the County for various municipalities within the County but that are not revenues to the County, and the Jail Inmate Pay Fund, which holds cash deposits made to inmates as payment for work performed while incarcerated as well as cash collections for the benefit of inmates from their friends and families.

Non-major Funds - The County maintains seven legally budgeted funds. The Emergency Telephone System Fund, Fire District Fund, Cooperative Extension Trust, and Representative Payee Fund are reported as non-major special revenue funds. The Ahoskie Elementary School Project Fund is reported as a non-major capital projects fund. The School Capital Reserve Fund and Revaluation Fund are consolidated in the General Fund in accordance with GASB Statement No. 54. The Sanitation Fund is reported as a non-major proprietary fund.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements — The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result form providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Since September 1, 2013, the State of North Carolina has been responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. These property taxes are due when vehicles are registered. Motor vehicle property tax revenues are applicable to the fiscal year in which they are received. Uncollected taxes that were billed by the County for periods prior to September 1, 2013 or those for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Emergency Telephone System Fund, the School Capital Reserve Fund, the Fire District Fund, the Cooperative Extension Trust Fund, the Representative Payee Fund, the Revaluation Fund, and the Enterprise Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Ahoskie Elementary School Project Fund.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the department level for the General Fund and functional level for all other annually budgeted funds and at the project level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change appropriations by more than \$5,000. The governing board must approve all amendments. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers the time until the annual ordinance can be adopted.

D. Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Fund Equity

1. Deposits and Investments

All deposits of the County and Hertford County ABC Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market deposit accounts, and certificates of deposit.

State Law [G.S. 159-30(c)] authorizes the County and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT).

The majority of the County and the ABC Board's investments are carried at fair value. Non-participating interest earning investment contracts are accounted for at cost. The North Carolina Capital Management Trust (NCCMT) is a SEC-registered money market mutual fund allowable by G.S. 159-30(c)(8). The NCCMT Government Portfolio is a 2a-7 fund maintaining an AAAm rating from S&P. All NCCMT portfolios are reported at fair value.

2. Cash and Cash Equivalents

The County pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are considered cash and cash equivalents. The ABC Board considers demand deposits and investments with a maturity date of 90 days or less at the time of purchase to be cash and cash equivalents.

3. Restricted Assets

The unexpended bond proceeds of the District's Serial Bonds are classified as restricted assets within the enterprise fund because their use is completely restricted to the purpose for which the bonds were originally issued. At June 30, 2021, there were no unexpended bond proceeds of the District's Serial Bonds. Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected. Money in the Tax Revaluation Fund and Capital Reserve Fund and money reserved for Register of Deeds is also classified as restricted assets because its use is restricted per North Carolina General Statute 153-A-150. The following table illustrates the breakdown of Hertford County Restricted Cash.

Governmental Activities

Governmentar retrivities		
General Fund	Tax Revaluation	\$ 94,300
General Fund	Capital Reserve	3,989,767
General Fund	Register of Deeds	25,837
General Fund	Deposit - Sale of Home Health	25,000
Ahoskie School Project	Capital Project	 3,689,446
Total Governmental Activities		\$ 7,824,350
Business-Type Activities		
Northern Water District	Customer Deposits	\$ 35,900
Northern Water District	USDA Reserve for Debt Service	3,706
Southern Water District	Customer Deposits	76,030
Tunis Sewer District	Customer Deposits	
Total Business-Type Activities		\$ 115,636
Total Restricted Cash		\$ 7,939,986

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2020.

5. Allowance for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventory

The inventories of the County and the ABC Board are valued at cost (first-in, first-out), which approximates market. The inventory of the County's enterprise funds as well as those of the ABC Board consists of materials and supplies held for consumption or resale, and is reported at lower of cost or market.

7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. Minimum capitalization costs are as follows: land \$5,000; buildings, improvements, substations, lines, and other plant and distribution systems, \$5,000; infrastructure \$5,000; computer equipment, furniture and equipment, \$5,000; and vehicles \$5,000. The cost of normal maintenance and repairs that do no add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Hertford County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education, after all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Hertford County Board of Education.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	Years
Buildings	25-50
Improvements	7-15
Furniture and Equipment	5-20
Vehicles	3-15
Computer Equipment	3

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	Years
Buildings, Improvements	10-33
Furniture/ Equipment	10
Vehicles	3-5

8. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion - pension related deferrals, OPEB related deferrals, and contributions made to the pension or OPEB plan in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has several items that meet the criterion for this category - prepaid taxes and other OPEB or pension related deferrals.

9. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statements of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

10. Compensated Absences

The vacation policies of the County and the ABC Board provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. An expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned in the County's government-wide, proprietary fund, and ABC Board statements.

The sick leave policies of the County and the ABC Board provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since none of the entities have any obligation for accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of four classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Restricted Fund Balance - This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State Statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute." Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Register of Deeds - portion of fund balance that is restricted by revenue sources to pay for the computer equipment and imaging technology for the Register of Deeds office.

Restricted for Public Safety - portion of fund balance that is restricted by revenue sources for emergency telephone system expenditures.

Committed Fund Balance - Portion of fund balance that can only be used for specific purpose imposed by majority vote of Hertford County's governing body (highest level of decision making authority). Any changes or removal of specific purposes requires majority action by the governing body.

Committed for Tax Revaluation - portion of fund balance that can only be used for Tax Revaluation.

Committed for Capital Reserve - portion of fund balance that can only be used for Capital Reserve.

Assigned Fund Balance - portion of fund balance that the Hertford County governing board has budgeted.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.

Unassigned Fund Balance - portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

12. Defined Benefit Cost-Sharing Plans

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS), the Register of Deeds' Supplemental Pension Fund (RODSPF), and the Law Enforcement Officers' Special Separation Allowance (LEOSSA) (collectively, the "state-administered defined benefit pension plans"). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans.

E. Reconciliation of Government-Wide and Fund Financial Statements

1. Explanation of certain differences between the governmental fund balance sheet and the governmental-wide statement of net

The governmental fund balance sheet includes reconciliation between total fund balance for the governmental funds and net position for governmental activities as reported in the government-wide statement of net position. The net adjustment of \$7,395,445 consists of the following:

<u>Description</u>	<u>Amount</u>
Capital assets used in governmental activities that are not financial resources and are therefore not reported in the funds (total capital assets on governmental-wide statement in governmental activities column)	\$ 45,699,699
Less Accumulated Depreciation	(11,050,726)
Net capital assets	34,648,973
Net pension asset	34,767
Contributions to the pension plan in the current fiscal year	703,532
Contributions and pension administration costs for OPEB are deferred outflows of resources on the Statement of Net Position	294,286
Deferred outflows of resources reported in the government-wide statements but not the fund statements - pension related deferrals	1,415,173
Deferred outflows of resources reported in the government-wide statements but not the fund statements - OPEB related deferrals	3,302,381
Benefit payments and pension administration costs for LEOSSA	31,672
Accrued interest receivable less the amount claimed as unearned revenue in the government-wide statements as these funds are unavailable in the fund statements.	186,548
Deferred inflows of resources for taxes receivable	1,178,671
Deferred inflows of resources reported in the government-wide statements but not the fund statements - pension related deferrals	(94,446)
Deferred inflows of resources reported in the government-wide statements but not the fund statements - OPEB related deferrals	(1,226,395)
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not recorded in the fund statements:	
Bonds, leases, and installment financing	(14,334,571)
Compensated absences	(605,638)
Total OPEB Liability	(13,924,058)
Net pension liability-LGERS	(3,144,128)
Net pension liability-LEOSSA	(973,625)
Accrued interest payable	(97,697)
Total adjustment	\$ 7,395,445

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities.

The government fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances for the governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. The total adjustment of \$10,671,554 is comprised of the following:

<u>Description</u> Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement	<u>Amount</u> \$ 11,059,457
of activities Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements	(1,111,085)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government-wide statements.	1,427,676
New debt issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities - it affects only the government-wide statement of net position	(232,040)
Principal payments on a loan for written off by the bank as a result of the bank retaining vehicles that were totaled.	26,078
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	703,532
Benefit payments and administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	31,672
Contributions to the OPEB plan are deferred outflows of resources on the Statement of Net Position	294,286
Expenses reported in that statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements	
Difference in interest expense between fund statements (modified accrual) and government- wide statements (full accrual)	28,320
Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources	(60,803)
OPEB Expense County's portion of collective pension expense	(824,841) (1,183,030)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements	
Change in deferred inflows of resources - taxes receivable at the end of year Change in accrued taxes receivable for year Amortization of bond premium	406,853 80,687 24,792
Total adjustment	\$ 10,671,554

II: Stewardship, Compliance and Accountability

A. Noncompliance with North Carolina General Statutes

The County should have established budgets for the two new special revenue funds (Cooperative Extension Trust and Representative Payee Fund) created as a result of the implementation of GASB 84. As a result of not adopting a budget, expenditures were made that were not properly authorized. This was a new standard, so it was simply an oversight by the County. They are now aware of the requirement, and will adopt budgets accordingly.

B. Deficit Fund Balance or Net Position of Individual Funds

None to Report.

III. Detail Notes on All Funds

a. Assets

1. Deposits

All of the County's and the ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's and the ABC Board's agent in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and the ABC Board, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County or the ABC Board or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County or the ABC Board under the Pooling Method, the potential exists for the under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County and the ABC Board rely on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board and has no formal policy regarding custodial credit risk for deposits.

At June 30, 2021 the County's deposits had a carrying amount of \$14,113,730 and a bank balance of \$15,585,599. Of the bank balance, \$250,076 was covered by federal depository insurance and the remainder was covered by collateral held under the Pooling Method.

At June 30, 2021, Hertford County had \$1,280 cash on hand.

At June 30, 2021, the carrying amount of deposits for the ABC Board was \$540,911 and a bank balance of \$676,381. Of the bank balance, \$250,076was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. The Board also had cash on hand of \$1,280.

2. Investments

At June 30, 2021, the County had the following investments and maturities.

<u>Investment</u>	Valuation Measurement Method	<u>F</u>	Fair Value	Less than 6 Months
NC Capital Management Trust - Government Portfolio	Fair Value - Level I	\$	7,950,259	\$ 7,950,259
Total		\$	7,950,259	\$ 7,950,259

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level Two debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

3. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forest land may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

2. Pension Plan and Other Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic postretirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2021, was 10.84% of compensation for law enforcement officers and 10.23% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$736,650 for the year ended June 30, 2021.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported a liability of \$3,299,702 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2021, the County's proportion was 0.0923% (measured as of June 30, 2020), which was a decrease of 0.0005% from its proportion measured as of June 30, 2020 (measured as of June 30, 2019).

For the year ended June 30, 2021, the County recognized pension expense of \$1,150,075. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred		
	C	Outflows of	Def	erred Inflows
]	Resources	0	f Resources

Total	\$	1,918,798	\$	77,980

\$736,650 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended J	une	30:
--------------	-----	-----

2022	\$ 320,431
2023	412,709
2024	233,606
2025	137,422
2026	-
Thereafter	
Total	\$ 1,104,168

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation3.0 PercentSalary Increases3.50 percent

Investment Rate of Return 7.00 percent, net of pension plan investment expense, including inflation

The plan actuary uses mortality rates based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2021 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate
Fixed Income	29%	1.4%
Global Equity	42%	5.3%
Real Estate	8%	4.3%
Alternatives	8%	8.9%
Credit	7%	6.0%
Inflation Protection	6%	4.0%
	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2020 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension liability changes in the discount rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease	Discount Rate	1% Increase
	<u>(6.00%)</u>	<u>(7.00%)</u>	(8.00%)
County's proportionate share of the net			
pension liability (asset)	\$ 6,694,735	\$ 3,299,702	\$ 478,190

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

b. Law Enforcement Officers' Special Separation Allowance

1. Plan Description

Hertford County administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At the December 31, 2019 valuation date, the Separation Allowance's membership consisted of:

Retirees receiving benefits	3
Active plan members	22
	25

2. Summary of Significant Accounting Policies:

Basis of Accounting - The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

3. Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2019 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 percent
Salary increases 3.25 to 7.75 percent
Discount rate 1.93 percent

The discount rate used to measure the TPL is the S&P Municipal Bond 20 Year High Grade Rate Index.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an experience study completed by the Actuary for the Local Governmental Employees' Retirement System for the five-year period ending December 31, 2019.

Mortality Rate

Deaths After Retirement (Healthy): Mortality rates are based on the Safety Mortality Table for Retirees. Rates for all members are multiplied by 97% and Set Forward by 1 year.

Deaths Before Retirement: Mortality rates are based on the Safety Mortality Table for Employees.

Deaths After Retirement (Disabled): Mortality rates are based on the Non-Safety Mortality Table for Disabled Retirees. Rates are Set Back 3 years for all ages.

4. Contributions

The County is required by article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. The County paid \$58,820 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to

At June 30, 2021, the County reported a total pension liability of \$973,625. The total pension liability was measured as of December 31, 2020 based on a December 31, 2019 actuarial valuation. The total pension liability was rolled forward to December 31, 2020 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2021, the County recognized pension expense of \$86,521.

	O	Deferred utflows of Resources	 ferred Inflows f Resources
Differences between expected and actual experience	\$	51,249	\$ -
Changes of assumptions		235,476	16,460
County benefit payments and plan administrative expenses made subsequent to)		
the measurement date		31,672	-
Total	\$	318,397	\$ 16,460

The County paid \$31,672 in benefit payments subsequent to the measurement date that are reported as deferred outflows of resources related to pensions which will be recognized as a decrease of the total pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2022	\$ 60,096
2023	61,043
2024	51,839
2025	48,427
2026	41,839
Thereafter	7.021

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 1.93 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (0.93 percent) or 1-percentage-point higher (2.93 percent) than the current rate:

	1% Decrease	Discount Rate	1% Increase
	(0.93%)	(1.93%)	(2.93%)
Total pension liability	\$ 1,064,120	\$ 973,625	\$ 891,507

Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

	2021
Beginning balance	\$ 721,867
Service Cost	33,261
Interest paid on the total pension liability	22,574
Changes of benefit terms	-
Differences between expected and actual experience in the	7,041
measurement of the total pension liability	
Changes of assumptions or other inputs	247,702
Other changes	-
Benefit payments	(58,820)
Ending balance of the total pension liability	\$ 973,625

Changes of Assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.26 percent at June 30, 2019 (measurement date) to 1.93 percent at June 30, 2020 (measurement date).

Changes in Benefit Terms. No changes since the prior Measurement Date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an experience study completed by the Actuary for the Local Governmental Employees' Retirement System for the five year period ending December 31, 2019.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description - The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of the State Treasurer and a Board of Trustees. The plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy - Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2021 were \$71,775 which consisted of \$54,028 from the County and \$17,747 from the law enforcement officers.

d. Registers of Deeds' Supplemental Pension Fund

Plan Description. Hertford County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as exofficio members. The Register of Deeds' Supplemental Pension Fund is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for the Register of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$1,614 for the year ended June 30, 2021.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported an asset of \$34,767 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2020. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2020, the County's proportion was 0.1517%, which was a decrease of 0.0019% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the County recognized pension expense of \$658. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	
	Outflows of	Deferred Inflows
	Resources	of Resources
Differences between expected and actual experience	\$ -	\$ 708
Changes of assumptions	-	=
Net difference between projected and actual earnings on pension plan	-	2,975
investments		
Changes in proportion and differences between County Contributions and	2,036	=
proportionate share of contributions		
County contributions subsequent to the measurement date	1,614	<u>-</u>
Total	\$ 3,650	\$ 3,683
· ·		

\$1,614 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2022	\$ 501
2023	(56)
2024	(1,343)
2025	(749)
2026	-
Thereafter	
Total	\$ (1,647)

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 Percent

Salary Increases 3.5 to 7.75 percent, including inflation and productivity factor

Investment Rate of Return 3.75 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2021 is 1.4%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2021 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions will continue to follow the current funding policy. Based on these assumptions, the system's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
	(2.75%)	(3.75%)	(4.75%)
County's proportionate share of the net \$	(29,530)	\$ (34,767)	\$ (39,198)
pension liability (asset)			

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for LGERS and ROD was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2019. The total pension liability for LEOSSA was measured as of June 30, 2020, with an actuarial valuation date as of December 31, 2019.

The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS	ROD	LEOSSA	Total
Proportionate Share of Net Pension	\$ 3,299,702 \$	(34,767) \$	-	\$ 3,264,935
Liability (Asset)				
Proportion of the Net Pension Liability			n/a	
(Asset)	0.0923%	0.1517%		
Total Pension Liability	\$ - \$	- \$	973,625	\$ 973,625
Pension Expense	\$ 1,150,075 \$	658 \$	86,521	\$ 1,237,254

At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	LGERS	ROD	LEOSSA	Total
Deferred Outflows of Resources Differences between expected and actual experience	\$ 416,694	\$ -	\$ 51,249	\$ 467,943
Changes of assumptions	245,563	-	235,476	481,039
Net difference between projected and actual earnings on pension plan investments	464,345	-	-	464,345
Changes in proportion and differences between County contributions and proportionate share of contributions	55,546	2,036	-	57,582

Changes in proportion and difference between County contributions and proportionate share of contributions	77,980	-	-	77,980

e. Other Postemployment Benefits

Healthcare Benefits

Plan Description - Under the terms of a County resolution, the County administers a single-employer defined benefit Healthcare Benefit Plan (HCB Plan). The County Board has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided. This plan provides postemployment healthcare benefits to retirees of the County as follows: (1) employees who were hired before July 1, 1988, retire under NCLGERS, are actively employed with the County at the time of retirement, and retire with 30 years of county service (24 for those who become disabled), or at age 62 with 20 years of County service or at age 65; (2) employees who were hired on and after July 1, 1988 but before July 1, 2007, retiree under the NCLGERS, are actively employed with the County at the time of retirement, and retire with 30 years of County service, or at age 62 with 20 years of County service, or at age 65 with 10 years of County service; (3) employees who were hired on and after July 1, 2007, retire under NCLGERS, are actively employed with the County at the time of retirement, and retire with 30 years of County service with the County; or (4) qualifying elected officials who serve four full consecutive terms with the County. The County Board of Commissioners may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB Plan consisted of the following at June 30, 2020, the date of the latest actuarial valuation:

	Employees
Retirees receiving benefits	73
Terminated plan members entitled to but not yet receiving	-
benefits	
Active Plan members	177
Total	250

Total OPEB Liability

The County's total OPEB liability of \$14,697,911 was measured as of June 30, 2020 and was determined by an actuarial valuation as of that date.

Actuarial assumptions. The total OPEB liability was determined by actuarial valuations as of June 30, 2019 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Real wage growth	1.00%
Wage inflation	3.50%
Salary increases, including wage inflation	
General Employees	3.50% - 7.75%
Firefighters	3.50% - 7.75%
Law Enforcement Officers	3.50% - 7.35%
Municipal Bond Index Rate	
Prior Measurement Date	3.50%
Measurement Date	2.21%

Health Care Cost Trends

7.00% for 2020 decreasing to an ultimate rate of

Pre-Medicare 4.50% by 2030

5.25% for 2020 decreasing to an ultimate rate of

Medicare 4.50% by 2024

The County selected a Municipal Bond Index Rate equal to the Bond Buyer 20-year General Obligation Bond Index published at the last Thursday of June by The Bond Buyer, and the Municipal Bond Index Rate as of the measurement date as the discount rate used to measure the TOL.

Changes in the Total OPEB Liability

	Т	otal OPEB
Balances at June 30, 2019	\$	10,882,807
Changes		
Service Cost		249,986
Interest		383,471
Change in benefit terms		-
Differences between Expected and Actual		217,455
Changes of assumptions		3,320,199
Benefit Payments		(356,007)
Net Changes		3,815,104
Balances at June 30, 2020	\$	14,697,911

Changes in assumptions and other inputs reflect a change in the discount rate from 3.50% to 2.21%.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period January 1, 2010 - December 31, 2014, adopted by the LGERS Board.

The remaining actuarial assumptions (e.g. initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc) used in the June 30, 2020 valuation were based on a review of recent plan experience done concurrently with the June 30, 2020 valuation.

Sensitivity of the total OPEB liability to changes in the discount rate.

At June 30, 2021, the following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage-point higher (3.21%) than the current discount rate:

	1% Decrease (1.21%)	Discount Rate (2.21%)	1% Increase (3.21%)
Total OPEB Liability	\$ 17,749,598	\$ 14,697,911	\$ 12,347,741

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County at June 30, 2020, as well as what the County's total OPEB liability would be if it were to calculate healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rate:

	1% Decrease	Discount Rate	1% Increase
Total OPEB Liability	\$ 12,272,943	\$ 14,697,911	\$ 17,872,367

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the County recognized OPEB expense of \$864,958. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred		Defe	erred Inflows				
	Outflows of		Outflows of		Outf		of	Resources
Differences between expected and actual experience	\$	191,110	\$	385,982				
Changes of assumptions		3,294,806		908,572				
County contributions subsequent to the measurement date		303,159		-				
Total	\$	3,789,075	\$	1,294,554				

\$303,159 reported as deferred outflows of resources related to OPEB resulting from County contributions subsequent to the measurement date will be recognized as a decrease in the net OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	
2022	\$ 278,717
2023	278,717
2024	278,717
2025	413,903
2026	595,522
Thereafter	345,786

f. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are established for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

3. Closure and Postclosure Care Costs - Landfill Facility

State and Federal laws and regulations require the County to place a final cover on its Hertford County Landfill Facility when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The Hertford County landfill closed in 1994. The \$107,201 reported as landfill closure payable liability at June 30, 2021, represents the latest estimate for costs remaining. The County budgets annually for postclosure care. In the event of a natural occurrence, inflation, or any other unforeseen event occurs, the County would appropriate funds from the Sanitation fund balance and/or increase charges to future sanitation customers.

5. Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in two self-funded risk-financing pools administered by the North Carolina Association of County Commissioners Joint Risk Management Agency. Through these pools, the County obtains property coverage equal to replacement cost values of owned property subject to total insured values, with sub-limits on coverage for specified perils; general, auto, professional, employment practices, and law enforcement liability coverage of \$2 million per occurrence, auto physical damage coverage for owned autos at actual cash value, crime coverage of \$250,000 per occurrence, and workers' compensation coverage up to the statutory limits. The pools also provide \$1 million in Cyber Event Coverage per loss occurrence. All property coverage and some liability coverage are subject to per occurrence deductibles, as selected by the County. The pools are audited annually by certified public accountants, and the audited financial statements are available to the County upon request. Both of the pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of \$750,000 for workers. Through the captive, the Liability and Property Pool is reinsure for \$2,000,000 of annual aggregate losses in excess of \$250,000 per occurrence for property, auto physical damage and crime coverage, with additional limits of \$498 million purchased through a group of

In accordance with G.S. 159-29, the County's employees that access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond with a \$250,000 occurrence limit. The Director of Finance and tax collector are each individually bonded for \$50,000 and \$250,000, respectively. The Register of Deeds is bonded for \$10,000 and the Sheriff is bonded for \$25,000.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years. The County has purchased flood insurance.

The ABC Board are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The ABC Board has property, general liability, auto liability, workers' compensation, and employee health coverage. For the ABC Board, settled claims have not exceeded coverage in any of the past three fiscal years.

6. Contingent Liabilities

At June 30, 2021, the County was a defendant to various lawsuits. In the opinion of management and the County management and the County's attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

7. Operating Lease Commitments

The County leases certain equipment under operating leases that expire over the next three years. The following is a schedule by years of future minimum rental payments required under operating leases that have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2021:

For Year Ending June 30		Amount
2022	\$	41,988
2023		35,080
2024		21,175
2025		4,255
2026		-
Total minimum payments required	\$	102,498

8. Long-Term Obligations

a. Direct Placement Installment Purchases

In May 2016, the County entered into a direct placement installment purchase agreement for \$2,855,613 to renovate the DSS building. The building is pledged as collateral for the debt. The contract requires twelve annual payments of \$237,968 plus 2.28% interest. The note contains provisions that an event of default would allow the Bank to sell the mortgaged property under power of sale.

\$ 1,665,774

Effective June 30, 2018, the County assumed the liabilities of the Hertford County Public Health Authority. In January 2015, the Authority entered into a direct placement installment purchase agreement to finance a building. The building is pledged as collateral for the debt. The contract requires monthly payments of \$1,744, including 4.49% interest. Upon default, the Lender may declare the entire unpaid principal balance under this Note and all accrued unpaid interest immediately due, and then the Borrower will be required to pay that amount.

69,052

On February 12, 2020, the County entered into a direct placement installment purchase agreement for \$5,000,000 to finance the construction of a new school. The building is pledged as collateral for the debt. The contract requires annual principal payments of \$500,000 on April 1 each year, and semi-annual payments of interest at 2.2% which range from \$70,608 to \$5,550 on October 1 and April 1 each year. Upon default, the Lender may declare the entire unpaid principal balance under this Note and all accrued unpaid interest immediately due, and then the Borrower will be required to pay that amount, or proceed by appropriate court action to enforce performance by the County of the covenants of the contract.

4,500,000

On October 22, 2020, the County entered into a direct placement installment purchase agreement for \$232,040 to finance the purchase of emergency services equipment. The equipment is pledged as collateral for the debt. The contract requires annual payments of \$26,003 including interest at 2.125% on October 22 with the final payment due October 22, 2030. Upon default, the Lender may declare the entire unpaid principal balance under this Note and all accrued unpaid interest immediately due, and then the Borrower will be required to pay that amount, proceed by appropriate court action to enforce performance by the County of the covenants of the contract, or terminate the contract and take possession of the collateral.

232,040

Total

\$ 6,466,866

The future minimum payments of the installment purchases as of June 30, 2021, including \$685,612 of interest, are as follows:

	Governmental Activities					
Year Ending June 30	 Principal Interest					
2022	\$ 777,129	\$	145,649			
2023	778,417		127,834			
2024	779,752		109,973

2026	760,889		74,859			
2027-2031	2,598,040		135,200			
2032-2036	 -		-			
Total	\$ 6,466,866	\$	685,612			

b. General Obligation Indebtedness

All general obligation bonds serviced by the County's General Fund are collateralized by the full faith, credit, and taxing power of the County. Hertford County, the Northern and Southern Water Districts, and the Tunis Sewer District issue general obligation bonds to provide funds for the acquisition and construction of major water system capital improvements. These bonds, which are recorded in the Northern and Southern Water District Funds and the Tunis Sewer Fund, are collateralized by the full faith, credit, and taxing power of the County's water and sewer operations. Principal and interest payments are appropriated when due. In the event of a default, the County agrees to pay to the Purchaser, on demand, interest on any and all amounts due and owing by the County under this Agreement.

The County's general obligation bonds payable at June 30, 2021 are comprised of the following individual issues:

Serviced by the County's General Fund:

\$11,945,000 2013 Limited Obligation Bonds due in annual installments of \$525,000 to
\$635,000 beginning April 1, 2014 through April 1, 2033; interest varying from 2.0 percent to
5.0 percent.
Total

\$ 7,595,000 \$ 7,595,000

Serviced by the County's Southern Water District:

\$4,332,850 Refunding, Series 2016 Bonds due in annual installments of \$352,528, through December 15, 2031, including interest at 2.60 percent.

\$ 3,335,280

Serviced by the County's Northern Water District:

\$2,050,350 Refunding, Series 2016 Bonds due in annual installments of \$166,820 through December 15, 2031, including interest at 2.60 percent.

1,578,289

Serviced by the County's Tunis Sewer District:

\$307,000 2014 USDA Sanitary Sewer Bonds due in monthly installments of \$5,500 to \$12,000 through June 1, 2054; interest at 2.375 percent.

279,000

d. Advance Refundings

On December 15, 2017, the County issued \$2,050,350 of General Obligation Refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for the purpose of general resources for all future debt service payments of \$2,502,302. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the respective statements of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$17,350, which was the amount received for bond issuance costs. These costs were expensed. This advance refunding was undertaken to reduce total debt service payments over the next 15 years by \$735,068 and resulted in an economic gain of \$756,241.

On December 15, 2017, the County issued \$4,332,850 of General Obligation Refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for the purpose of general resources for all future debt service payments of \$5,287,925. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the respective statements of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$17,350, which was the amount received for bond issuance cost. These costs were expensed. This advance refunding was undertaken to reduce total debt service payments over the next 15 years by \$1,794,799, and resulted in an economic gain of \$1,413,609.

e. Long-Term Obligation Activity:

The following is a summary of changes in the County's long-term obligations for the fiscal year ended June 30, 2021:

									Current
		Balance					Balance		Portion
Governmental Activities:	J	uly 1, 2020	Increases]	Decreases	Ju	ne 30, 2021	(of Balance
General obligation debt	\$	8,220,000	\$ -	\$	625,000	\$	7,595,000	\$	625,000
Premium		297,497	-		24,792		272,705		
Net general obligation debt		8,517,497	-		649,792		7,867,705		625,000

Net pension liability (LGERS)		2,390,349	753,779		-		3,144,128		=
Total pension liability (LEOSSA)		721,867	251,758		-		973,625		-
Total OPEB liability		10,309,821	3,614,237		-		13,924,058		
Total	\$	29,547,949	\$ 4,912,617	\$	2,128,338	\$	32,982,020	\$	2,178,539
Business-type Activities:									
General Obligation Debt	\$	5,580,241	\$ -	\$	387,672	\$	5,192,569	\$	397,596
Revenue Bonds		936,000	-		16,000		920,000		16,000
Compensated absences		40,944	4,314		-		45,258		11,315
Net pension liability (LGERS)		118,276	37,298		-		155,574		-
Landfill closure		113,834	-		6,633		107,201		-
Total OPEB Liability		572,985	200,869		-		773,854		
Total	\$	7,362,280	\$ 242,481	\$	410,305	\$	7,194,456	\$	11,315

Net pension liability, total pension liability, and net other postemployment liability for governmental activities are all typically liquidated in the general fund. Compensated absences for governmental activities typically have been liquidated in the general fund and are accounted for on a LIFO basis, assuming that employees are taking leave time as it is earned.

At June 30, 2021, Hertford County had a legal debt margin of \$128,107,991.

Total Fund Balance - General Fund	\$ 13,213,306
T	
Less:	
Stabilization by State Statute	2,954,146
Register of Deeds	25,837
Revaluation	94,300
Capital Reserve	3,820,680
Appropriated Fund Balance in 2022 budget	1,558,819
Remaining Fund Balance	\$ 4,759,524

The County had no outstanding encumbrances at June 30, 2021.

IV. <u>Joint Ventures</u>

The County participates in a joint venture to operate Albemarle Regional Library with four other local governments. Each participating government appoints three board members to the twelve member board of the Library. The County has an ongoing financial responsibility for the joint venture because the Library's continued existence depends on the participating government's continued funding. None of the participating governments have any equity interest in the Library, so no equity interest has been reflected in the financial statements at June 30, 2021. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$105,016 to the Library to supplement its activities. Complete financial statements for the Library can be obtained from the Library's office in Winton, NC.

The County, in conjunction with the State of North Carolina and the Hertford County Board of Education, participates in a joint venture to operate the Roanoke Chowan Community College. Each of the three participants appoints four members of the thirteen-member board of trustees to the community college. The president of the community college's student government serves as an exoffice nonvoting member of the community college's board of trustees. The community college is included as a component unit of the State. The County has a basic responsibility for providing funding for the facilities of the community college and also provides some financial support for the community college's operations. In addition to providing annual appropriations for the facilities, the County periodically issues general obligation bonds to provide financing for new and restructured facilities. Of the last general obligation bond issue for this purpose, \$0 is outstanding. The County has an ongoing financial responsibility for the community college because of the statutory responsibilities to providing funding for the community college's facilities. The County contributed \$949,474 and \$29,500 to the community college for operating purposes and capital outlay, respectively during the fiscal year ended June 30, 2021. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2021. Complete financial statements for the community college may be obtained from the community college's administrative offices.

The County also participates in a joint venture to operate Trillium which serves a four county mental health district. Hertford County appoints seven members to the twenty-four member board of the mental health district. The County has an ongoing financial responsibility for the joint venture because the Center's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Center, so no equity interest has been reflected in the financial statements at June 30, 2021. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$88,307 to the Center to supplement its activities. Complete financial statements for the Center can be obtained from the Center's office at Route 3, Box 22-A, Ahoskie, NC 27910.

The County also participates in a joint venture to operate Choanoke Public Transportation Authority with three other counties. The County appoints two members to the nine member board. The County has an ongoing financial responsibility for the joint venture because the Authority's continued existence depends on the participating governments' continued funding. None of the participating governments has any equity interest in the Authority, so no equity interest has been reflected in the financial statements at June 30, 2021. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$10,300 to the Authority to supplement its activities. Complete financial statements for the Authority can be obtained from the Authority's office in Rich Square, NC.

The County also participates in a joint venture to operate Tri-County Airport Authority with two other counties. The County appoints three members to the nine member board of the Authority. The County has an ongoing financial responsibility for the joint venture because the Authority's continued existence depends on the participating governments' continued funding. None of the participating governments has any equity interest in the Authority, so no equity interest has been reflected in the financial statements at June 30, 2021. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$20,000 to the Authority to supplement its activities. Complete financial statements for the Authority can be obtained from the Authority's office at Route 1, Aulander, NC 27805.

V. <u>Jointly Governed Organization</u>

The County, in conjunction with five other counties and thirty-two municipalities, established the Mid-East Commission (Commission). The participating governments established the Commission to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the commission's governing board. The County paid membership fees of \$7,956 to the Commission during the fiscal year ended June 30, 2021.

VI. Summary Disclosure of Significant Commitments and Contingencies

Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may by questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

Coronavirus Disease (COVID-19)

During the fiscal year 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic has had significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 is expected to impact various parts of its fiscal year 2021-22 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonable estimated as events associated with the pandemic continue to develop.

VII. Significant Effects of Subsequent Events

The County has evaluated events and transactions that occurred between June 30, 2021 and November 30, 2021, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. There were no events that occurred during this time that were deemed to be significant enough to be disclosed.

VIII. Restatement

Change in Accounting Principle

The County implement Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities, effective July 1, 2020. The statement establishes criteria for identifying fiduciary activities of all state and local governments and provides guidance on how to report fiduciary activities within the financial statements. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The statement also describes four fiduciary funds that should be reported if criteria outlined in the statement are met: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private purpose trust funds, and (4) custodial funds. The use of agency funds was eliminated. The statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources.

MAJOR GOVERNMENTAL FUNDS

- General Fund: This fund is used to account for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in other funds.
- School Capital Reserve Fund: This fund was established in accordance with North Carolina law to account for the accumulation of resources to be used for construction projects of the Board of Education. Funds are periodically transferred to the General Fund and disbursed to the Board of Education for this purpose.
- **Revaluation Fund:** This fund accounts for the accumulation of resources to be used for the octennial revaluation of real property.
- Capital Reserve Fund: This fund accounts for the accumulation of resources to be set aside for capital purposes in the future.
- **ARP Fund:** This fund accounts for the ARP Funds received to assist in combatting COVID 19.
- **Ahoskie Elementary School Project:** This fund is used to account for the expenses associated with the Ahoskie Elementary School Project.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the government's council is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, where the government's council has decided that the period determination of net income is appropriate for accountability purposes.

Major Enterprise Funds

- Northern Water District Fund: This fund accounts for the activities of the County's Northern Water District, including the associated Capital Project Fund that is used to record capital expenditures for this District.
- Southern Water District Fund: This fund accounts for the activities of the County's Southern Water District.
- Tunis Sewer District Fund: This fund accounts for the activities of the County's Tunis Sewer District, including the associated Capital Project Fund that is used to record Capital expenditures for this District.

Non-major Enterprise Funds

• **Sanitation Fund:** This fund accounts for the operation, maintenance and development of various refuse disposal sites.

Source: Hertford County Outstanding Debt Financial Statement Notes for 2021, above Municipalities Financial Statement notes from 2020 Audits, and Hertford County Tax Assessor

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Hertford County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt of each overlapping government.

¹ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the County's taxable assessed value that is within the government's boundaries and dividing it by the County's total taxable assessed value.

Report On Internal Control Over Financial Reporting And On Compliance and Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

Independent Auditors' Report

To the Board of County Commissioners Hertford County, North Carolina Winton, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Hertford County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Hertford County basic financial statements, and have issued our report thereon dated November 29, 2021. Our report includes a reference to other auditors who audited the financial statements of the Herford County ABC Board, as described in our report on Hertford County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Hertford ABC Board were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Hertford County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Hertford County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

Members American Institute of CPAs - N.C. Association of CPAs - AICPA Division of Firms A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs [2021-002] to be material weakness.

A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items [2021-001, 2021-003] to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hertford County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as items [2021-001, 2021-003].

Hertford County's Response to Findings

The Hertford County's response to the findings identified in our audit are described in the schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance With Requirements Applicable To Each Major Federal Program And Internal Control Over Compliance In Accordance With OMB Uniform Guidance and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of County Commissioners Hertford County, North Carolina Winton, North Carolina

Report on Compliance for Each Major Federal Program

We have audited Hertford County, North Carolina's, compliance with the types of compliance requirements described in the OMB Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of the Hertford County's major federal programs for the year ended June 30, 2021. Hertford County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and State statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Hertford County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State Single Audit Implementation Act.* Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Hertford County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Hertford County's compliance.

Members
American Institute of CPAs - N.C. Association of CPAs - AICPA Division of Firms

Opinion on Each Major Federal Program

In our opinion, Hertford County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Hertford County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Hertford County internal control over compliance with the types of requirements that could have direct and material effect on major federal program to determine the auditing procedures that are appropriate in the circumstance for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the OMB Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items [2021-004, 2021-005, 2021-006 and 2021-007] that we consider to be significant deficiencies.

Hertford County's response to the internal control over compliance findings identified in our audit are described in the accompanying Corrective Action Plan. Hertford County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the OMB Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Recommendation:

Section II. Financial Statement Findings (continued)

Views of responsible officials and planned

The County agrees with this finding.

corrective actions:

Finding: 2021-002 Reconciliation of Records

MATERIAL WEAKNESS

Criteria: AU-C 260 requires communication of certain matters related to internal control over financial

reporting.

Condition: In reviewing records and testing certain account balances, we noted that some balance sheet accounts

were not adequately adjusted. Bank reconciliations were not prepared for some accounts. Adjustments

were proposed to correct those balances in preparing the financial statements.

Effect: Management may not receive accurate information to base decisions appropriately for planning and

budgeting purposes.

Cause: Entries that should be part of the year-end close were overlooked. Finance should ensure that the

balance sheet accounts are all reconciled to subsidiary ledgers, and that year-end entries are made to properly reflect balances. The adjustment of balance sheet items often leads to changes in revenues

and expenditures, which management relies on to make decisions.

Recommendation: The County should implement internal control procedures that will require periodic reviews of balance

sheet accounts to ensure that balances are correct.

Views of responsible officials and planned corrective actions:

The County agrees with this finding.

Finding: 2021-003 Budget Violation

NONCOMPLIANCE / SIGNIFICANT DEFICIENCY

Criteria: G.S. 159-8(a) states that all moneys received and expended by a local government or public authority

should be included in the budget ordinance. G.S. 159-8(a) states that each local government shall operate under an annual balanced budget. A budget ordinance is balanced when the sum of estimated

net revenues and appropriated fund balance is equal to appropriations.

Condition: The County did not establish budgets for a loan and grant received from USDA for equipment

purchases.

Effect: Monies were spent that had not been appropriated, as there was no budget reflected for these funds.

Section II. Financial Statement Findings (continued)

Cause: The County did not properly adopt and record budget and budget amendments for the revenues and

expenditures for these funds.

Recommendation: A budget should be prepared for each fund.

Views of responsible officials and planned

The County agrees with this finding.

corrective actions:

Section III. Federal Award Findings and Questioned Costs

US Department of Health and Human Services

Passed through the NC Dept. of Health and Human Services Program Name: Medical Assistance Program (Medicaid; Title XIX)

CFDA# 93.778

Finding: 2021-004 IV-D Cooperation with Child Support

SIGNIFICANT DEFICENCY

Eligibility

Criteria: The Child Support Enforcement Agency (IV-D) can assist the family in obtaining financial and/or

medical support or medical support payments from the child's non-custodial parent. Cooperation requirement with Social Services and Child Support Agencies must be met or good cause for not

cooperating must be established when determine Medicaid eligibility.

Condition: There were 2 errors discovered during our procedures that referrals between DSS and Child

Support Agencies were not properly made.

Questioned Costs: There was no known affect to eligibility and there were no known questioned costs.

Context: We examined 60 Medicaid applicants from the Medicaid Beneficiary report provided by NC

Department of Health and Human Services to re-determine eligibility. These findings are being reported with the financial statement audit as it relates to Medicaid administrative cost compliance

audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly

documented and reconciled to NC FAST and applicants could have been approved for benefits for

which they were not eligible.

Identification of a

repeat finding:

This is a repeat finding from the immediate previous audit, 2020-001.

Cause: Error in reading the ACTS report, and ineffective case review process.

Section III. Federal Award Findings and Questioned Costs (continued)

Recommendation: Files should be reviewed internally to ensure proper information is in place and necessary procedures

are taken when determine eligibility. The results found or documentation made in case notes should

clearly indicate what actions were performed and the results of those actions.

Views of responsible officials and planned corrective actions:

The County agrees with the finding.

US Department of Health and Human Services

Passed through the NC Dept. of Health and Human Services

Program Name: Medical Assistance Program (Medicaid; Title XIX)

CFDA# 93.778

Finding: 2021-005 Inaccurate Information Entry

SIGNIFICANT DEFICENCY Eligibility

Criteria:

In accordance with 42 CFR 435, documentation must be obtained as needed to determine if a recipient

meets specific standards, and documentation must be maintained to support eligibility determinations. In accordance with 2 CFR 200, management should have an adequate system of internal controls

procedures in place to ensure an applicant is properly determined or redetermined for benefits.

Condition: There were 9 errors discovered during our procedures that inaccurate information was entered when

determining eligibility.

Questioned Costs: There was no known affect to eligibility and there were no known questioned costs.

Context: We examined 60 Medicaid recipients from the Medicaid Beneficiary report provided by NC

Department of Health and Human Services to re-determine eligibility. These findings are being reported with the financial statement audit as it relates to the Medicaid administrative cost compliance

audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly

documented and reconciled to NC FAST which could affect income. Therefore, a participant could

have been approved for benefits that they were not eligible for.

Identification of a repeat finding:

This is a repeat finding from the immediate previous audit, 2020-002.

Cause: Ineffective record keeping and ineffective case review process, incomplete documentation, and

incorrect application of rules for purposes of determining eligibility.

Section III. Federal Award Findings and Questioned Costs (continued)

Recommendation:

Files should be reviewed internally to ensure proper documentation is in place for eligibility. Workers should be retrained on what files should contain and the importance of complete and accurate record keeping. We recommend that all files include online verifications, documented resources of income and those amounts agree to information in NC FAST. The results found or documentation made in case notes should clearly indicate what actions were performed and the results of those actions.

Views of responsible officials and planned corrective actions:

Views of responsible The County agrees with the finding.

US Department of Health and Human Services

Passed through the NC Dept. of Health and Human Services Program Name: Medical Assistance Program (Medicaid; Title XIX)

CFDA# 93.778

Finding: 2021-006 Inaccurate Resources Entry

SIGNIFICANT DEFICENCY

Eligibility

Criteria: Medicaid for Aged, Blind and Disabled case records should contain documentation that verifications

were done in preparation of the application and these items will agree to reports in the NC FAST system. In this process, the countable resources should be calculated correctly and agree back to the amounts in the NC FAST system. Any items discovered in the verification process should be

considered countable or non-countable resources and explained within the documentation.

Condition: There were 4 errors discovered during our procedures that resources in the county documentation and

those same resources contained in NC FAST were not the same amounts or files containing resources

were not properly documented to be considered countable or non-countable.

Questioned Costs: There was no known affect to eligibility and there were no known questioned costs.

Context: We examined 60 Medicaid applicants from the Medicaid Beneficiary report provided by NC

Department of Health and Human Services to re-determine eligibility. These findings are being reported with the financial statement audit as it relates to the Medicaid administrative cost compliance

audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly

documented and reconciled to NC FAST which could affect countable resource. Therefore, applicants

could have received assistance for which they were not eligible.

Identification of a repeat finding:

This is a repeat finding from the immediate previous audit, 2020-003.

Cause: Ineffective record keeping and ineffective case review process, incomplete documentation, and

incorrect application of rules for purposes of determining eligibility.

Section III - Federal Award Findings and Question Costs (continued)

Finding 2021-005

Name of contact person:

Brenda Brown, Director-Angela Brown, Supervisor and Betty Williams, Supervisor

Corrective Action:

- Workers are advised to toggle into determination history prior to case authorization to ensure that
 household composition and income are correct. Workers are to continue completing manual budget
 and such is to be compared to NCFAST budget for budgeting accuracy as well as correct program
 eligibility. In addition, workers are also counseled on being more aware when entering income and
 income calculations.
- Staff utilize checklist to double check their work.
- Staff are completing manual budgets and comparing them to NCFAST for budgeting accuracy.
- Staff have been trained on entering income and income calculation
- Knowledge checks to be included in trainings
- Workers are to 2nd party their own recertifications
- Plans put in place from last audit has resulted in a decrease in errors (17 errors in 2020 and 9 errors in 2021)

Proposed completion date:

Management will continue to monitor the progress of this issue and modify the controls as needed.

Notes to the Schedule of Expenditures of Federal and State Awards

Note 1: Basis of Presentation

The accompanying schedule of expenditures of Federal and State awards (SEFSA) includes the Federal and State grant activity of Hertford County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2021. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Hertford County, it is not intended to and does not present the financial position, changes in nets assets or cash flows of Hertford County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting, Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Indirect Cost Rate

Hertford County has elected not to use the 10-precent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4: Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care and Foster Care and Adoption.

Note 5: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.
