MECHANICAL PERMIT FEE SCHEDULE

1. All permits shall be assessed a non-refundable application fee of \$45.00
2. Contractor registration shall be \$15.
3. All permits are non-transferable.
4. All permit renewals shall be \$40.
5. All permits are non-refundable after work has started.
6. Permits for new construction shall be for a minimum number of inspections required in Section 3.
7. An investigative fee equal to the permit fee, shall be assessed if a permit was not issued prior to commencement of work.
8. A fee of \$40 per inspection shall be charged for the re-inspection of all failed inspections.

INSPECTIONS: MINIMUM NUMBER WHEN REQUIRED

Mechanical: Single Family Residential

1. For new construction a rough, final and gas line inspection shall be required. Inspections shall be required for each heating system. A separate inspection shall be required for each cooling system. A heating or cooling unit without a distribution system shall require one inspection.
2. Remodels shall require a minimum of two inspections, a rough and a final. For all other types of work of this class, inspections shall be required for each visit required by the Mechanical Inspector.
3. Prefab fireplaces shall require a minimum of one inspection per dwelling unit. Multiple fireplaces in the same dwelling unit, and inspected on the same visit, shall require one inspection. Units may also require a gas line inspection.

Generators, on Demand Water Heater or Pool Boiler

*An audit should be made by Consumers Energy prior to applying.

Mechanical: Multi- Family, Commercial or Industrial

Each heating and/or cooling unit shall require one inspection. Each multi-family dwelling unit shall require a rough and a final. Installation or modification of any distribution system not involving the associated heating/cooling unit shall require one inspection. Where an underground inspection(s) is required, an additional inspection shall be charged per visit. Gas lines require an additional inspection per system.

Refrigeration units of one-horsepower or greater shall require one inspection per unit.

Concealed piping shall require an additional inspection per system.

I recognize that the current meter satisfies all requirements for adding this generator service, as acknowledged by Consumers Energy.
