

### Decks

- All decks more than 30" above grade shall have a guardrail with the minimum height of 36"
- The footer for deck postholes must be a minimum 38" deep
- Deck posts must be a minimum of 4" x 4"
- Two sets of drawings must be submitted, describing the material being used and a cross section of deck with railing detail
- Three inspections must be completed: Footer (postholes), Framing and Final

**Lot Drawing of your Property**— Must be provided and indicate the following:

- Size of the lot and distances between property pins
- Location of house, garage, sheds, decks and other major structures
- Location of Accessory Structure on the property

**Date** \_\_\_\_\_

I know the location of my property lines. The accessory structure will be placed on my property, maintaining the appropriate setbacks and side yards.
