HOW TO CAST YOUR VOTE:

1. **Complete your ballot**

To vote, completely fill in the box next to your choice.

To vote for a person not on the ballot, fill in the oval next to the “write-in” line, then neatly write the name of the person on the line provided.

You do not have to vote on all contests. Those you do vote on will still count.

2. **Check for errors**

If you vote for more options than are allowed, your vote **will not count** for that contest.

If you think you made a mistake, call the Josephine County Elections Office.

If you would like to change your choice on a contest, draw a solid line through your original choice, then make your next selection.

3. **Optional: Use the “secrecy” sleeve**

If you use the optional “secrecy” sleeve, put only your voted ballot (not another person’s ballot) inside. Then, put only your secrecy sleeve inside your return envelope.

(If we receive an envelope with more than one ballot inside, all enclosed ballots are rejected and not counted.)

You are not required to use the “secrecy” sleeve.

4. **Sign your return envelope**

You must sign your return envelope or **your vote will not count.**

We verify every signature on every envelope against the voter files.

5. **Return your ballot**

6. By mail – Stamps are no longer required (ballot return envelopes in Oregon now use prepaid postage)

7. At any Official Ballot Drop Site (see list in this pamphlet)

8. At the County Clerk’s/Elections Office

WHAT IS A PREPAID POSTAGE ENVELOPE?

You don’t have to find a stamp

With prepaid postage, you no longer have to search for a stamp to mail back your voted ballot.

All ballots in Oregon will be sent to voters with a prepaid postage return envelope.

How does it work?

If you mail back your voted ballot, the Post Office will charge the State of Oregon for each ballot sent back to an Elections Official.

Only those ballots sent back through the mail will be charged to the State.

What about Drop sites?

Using one of Josephine County’s 8 drop sites is faster, cheaper and will reach us before the deadline.

Return your ballot

- By mail (must be postmarked by Election Day)
- At any Official Ballot Drop Site (see list in this pamphlet)
- At the County Clerk’s/Elections Office

WHAT ABOUT POSTMARKS?

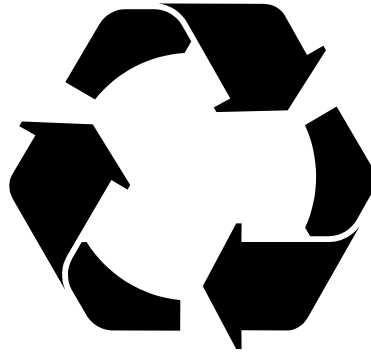

Beginning January 1, 2022, **postmarks can count.** However, your ballot must be:

A NEW VOICE FOR POSITION 3 OF DISTRICT 7 SCHOOL BOARD

I am running for School Board to bring an educator's voice to the table. Having spent more than 30 years working in public schools, I feel I have the best qualifications to achieve this purpose. I have worked in many different capacities in the schools: educational assistant in Title 1 and Special Education teaching small groups reading, math and writing; substitute custodian, office coverage, cafeteria and playground supervisor. I have been actively involved with the Oregon Education Association on many levels.

Grants Pass is my lifelong home and I have been engaged with organizations beyond the scope of education as well. Examples are Family Friends, Library Foundation and AAUW.

Grants Pass School District 7 Director, Position 4

Marjorie "Marjie" Wilkie

Occupation: Retired

Occupational Background: Family Peer Specialist; Options; QMHA; Substitute Teacher Assistant; GP D7; TRSD; SOED; Director YMCA; Child Development RCC Campus; Preschool

Teacher; Head Start; Director: Child Development Center; Glendale SD

Educational Background: QMHA: Qualified Mental Health; Certified; OHA; AA Degree: Early Childhood Education; RCC; CDA; Childhood Development Associate, RCC; GED, Boise State University

Prior Governmental Experience: Oregon Wrap Around Initiative Board, Josephine Co, Family Voice; Systems of Care, Josephine Co; NAMI, Family Support Group Facilitator

Having been a Grants Pass Resident since 1988, I have held jobs supporting the education of children, ranging from pre-school teacher to the director of the school based child development centers, working in Glendale, GPD7, TRSD, and SOED.

I retired from Josephine County Options, where I was a Wrap Around Family Peer Specialist for ten years. I have served on various non-profit boards, committees, and support groups, currently volunteering in children's church ministries.

Like many others in our community, I've grown weary of Salem telling us how to raise our children. Due to unnecessary school closures for more than two years, our children have fallen behind and rank 49th out of 50 in scholastic achievement in the nation. When they were finally able to return to the classroom setting, the basics of reading comprehension, writing, and math, were replaced with "woke" social agendas.

Our tax dollars have been wasted on everything aside from supporting students with the fundamentals for learning. Children need the basic building blocks for developing thought, reason, and common sense, upon which they will build successful futures.

As a long-term resident and property owner in the GPD7 community, I'd like to lend my life experiences and voice to represent conservative Christian culture in our community.

I humbly ask for your vote to serve as School Board Member; GPD7 #4

Respectfully,

Occupation: Executive Director, Redwood Foundation for Education

Occupational Background: 13 years of experience in Program Management, College and Career

Educational Background: Grants Pass High School, 12, Diploma; Oregon State University, Bachelor of Science, Environmental Science; Southern Oregon University, Master in Management

Prior Governmental Experience: Grants Pass School District 7 Budget Committee 2019 to present

Board Experience: Nonprofit Association of Oregon, Board Treasurer (current); Rotary Club of Grants Pass, Board Member; Grants Pass Kiwanis Club, Board Member; Three Rivers Community Orchestra, Board Member/Development Director; Siskiyou Field Institute, Board Member.

I am a proud graduate of Grants Pass School District, the parent of a future Caveman, and a passionate community leader. The education I received in District 7- whether in academics, the performing arts, athletics, or extracurricular activities- shaped who I am today, and I am deeply grateful for those opportunities. Now, as a parent and community member, I am committed to ensuring that every student in Grants Pass has access to the same rich opportunities that helped me succeed and grow. Every child deserves the chance to thrive, and I will work tirelessly to make that a reality for future generations.

I am committed to building upon the great work that the district has done, and work collaboratively to address the challenges we are facing. I will:

- Support **Student Success:** Continue to invest in alternative programs such as GP-Flex and Gladiola HS, behavioral health support for students, and career and technical education so all students are prepared for life after high school.
- Ensure **Fiscal Responsibility & Transparency:** Provide prudent financial management and invest in school infrastructure.
- Foster **Family and Community Involvement:** Strengthen connections between parents, schools, and community partners to ensure every student has the support they need to succeed.

County Goodsprings Nevada station 78

Educational Background: Grants Pass High School Diploma; Western Oregon University Sophmore

Prior Governmental Experience: Goodsprings advisory Board Clark County

I'm Tom Sheckells. I am running for School Board District 7 Position 5, to put our kids' education first. Our schools must prepare students for life. Not just pass them along. I will push to reinstate graduation requirements that ensure high schoolers master necessary and essential skills. Beyond diplomas, I want teens to see local opportunities; highlighting community jobs and resources for young entrepreneurs.

Hospitality and tourism industry roles are more than just jobs; they can be careers, and I will work to shift that perception. For our elementary students, we need to meet them where they are. If a child struggles, I will advocate for parent-teacher collaboration to create a game plan to ensure the child's strength in learning can be maximized. If a parent deems a teacher-student fit isn't compatible, having the ability to have the discussion about switching teachers without hesitation. Compatibility matters. I will also champion mentorship, with older students guiding younger ones, fostering leadership skills and connections. With a strong business background in hospitality and development, I am committed to practical solutions. Our district should prioritize kids over pride, ensuring every student, whether bound for college, trades, or hospitality careers have the tools to succeed. I'll listen to you, collaborate with educators, and make bold changes for the future of our children. I ask for your vote to build a stronger District 7 Position 5.

I am honored to serve on the GPSD7 Board of Directors, working to protect parents' rights, improve transparency, and ensure our students receive the best education possible. Education is the foundation of our children's future, and our community deserves a strong school system that prepares them for success.

During my time on the board, I have:

- Strengthened Parent Involvement by rewriting policy to empower parents and creating board listening sessions to give our community a voice.
- Secured \$13 million in school improvements--roof replacements, new school options, and maintenance--without raising local taxes.
- Advocated for Local Control by fighting for increased K-12 funding, opposing harmful legislation, and working at the state level to protect our community's priorities.
- Improved Student Success by managing the district budget responsibly, keeping GPSD7 financially stable while increasing graduation rates, attendance, enrollment, and student support services.
- Strengthened Leadership & Strategic Planning by leading the creation of a district strategic plan, hiring a superintendent, and advocating for rural school districts.

As a lifelong Grants Pass resident and small business owner, I am committed to giving back. I strongly support Career & Technical Education (CTE), expanded post-graduate opportunities, and continued improvement in math and reading scores.

Occupational Background: Glassblowing; Ranching; Soccer coach; Fire-wise property clearing

Educational Background:

Prior Governmental Experience: Three Rivers School District, Varsity Soccer Coach, 2017 - 2021

Born and raised on a cattle and sheep ranch in Josephine County, I learned common sense principles early on. I am blessed to be living on family land in Selma, working a regenerative organic cattle farm, watching my grandchildren grow up to be capable and responsible citizens.

As a single father of two daughters and grandfather to five, all of us attended Three Rivers District Schools. I have always been hands-on in their upbringing. Having participated in schoolboard meetings for many years, I gained knowledge of the issues and district protocols. My insights would contribute to a positive trajectory of the school board.

A soccer coach from 2007 to 2023 (eighteen years), I worked with teams from Pee-Wee League to high-school varsity, which deepened my love for and dedication to children. I also advocate for the creativity of arts and music.

I oppose new taxes, support parental rights, believe we should focus on the basics: reading, writing and math; desire protection of our children's innocence.

I would greatly appreciate your vote. Together we can raise the standards of education, while protecting our children.

Prior Governmental Experience: THREE RIVERS SCHOOL BOARD - ZONE 1

I'm Cameron Camp, and I'm running for the Three Rivers School Board. My family has lived in Josephine County since 1909. I've served on the board since September 2024, am a Three Rivers graduate, a veteran, and local business owner for 13 years. As a business owner, I've witnessed how crucial education is for young people entering the workforce. To ensure a growing, stable community, we must provide the best, most affordable education to help our children succeed.

Here's what I stand for:

- Intellectual growth: Students need the tools to prepare for lifelong success.
- Schools free from political agendas: Education should be about learning, not hidden biases or agendas.
- Parental rights and community involvement: Parents need a voice in their children's education, and you will always have a seat at the table with me.

My pledge: I will continue working to create an education system that fosters research, growth, and freedom from distractions. I'll support policies that protect children, uphold parental rights, and ensure fiscal responsibility in managing resources.

This election is about the future we want for the county's children. Your vote in May will shape that future. Let's work together and do it right!

Mariah Rossi for School Board-Putting Students and Parents First

As a Josephine County native, a mom, a school volunteer, and a graduate of Hidden Valley High School I understand our schools are the glue that holds our communities together. Our schools are more than just buildings, they are the heart of our communities, shaping our children's future and uniting us. Unfortunately, increasing state control over our schools is stripping away local decision-making power and creating a system where parents feel unheard, and students fall behind.

Why I'm Running:

A Parent's Perspective and Common Sense Values: As a parent, I know how critical it is for our schools to reflect the values and needs of our community. As a community member I have been advocating for transparency, and open communication between the school district, parents and the community. I read the book The Haters at the March school board meeting to bring awareness to parents and the community.

Student Success: According to the 2023-2024 at a glance report for Three Rivers School District only 35% of third graders are proficient in English Language Arts and 25% of eighth graders are proficient in math. This is unacceptable. I will advocate for policies that prioritize academic excellence so that every student can succeed.

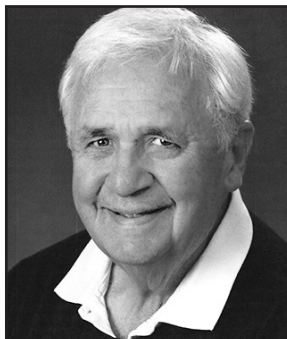

Engagement and Collaboration: I believe in the power of collaboration between parents, teachers and the community. I will ensure that the voices of families are heard in the decision-making process and work toward a stronger partnership between schools and the families they serve.

Occupational Background: Autism Consultant, Three Rivers School District

Educational Background: North Valley High School; Bachelors of Arts in Psychology, Oregon State University; Master's of Arts in Psychology, Kaplan University

My name is Carinn Godfrey, and I'm running for the Three Rivers School Board because I believe in providing our children with the best learning environment. I am married to my high school sweetheart, who I met while attending North Valley myself. Two of our three children are current students in the District. As a lifelong North Valley resident, I am deeply invested in the future of our community and its children.

As a former district employee, I have a firsthand understanding of student needs. I'm passionate about ensuring all students receive the support they need to succeed.

It has been a joy to see my children walk the same halls I once did. I will prioritize what's best for our children--whether advocating for better learning tools, ensuring a safe environment, or supporting policies that reflect our community's values.

I believe in upholding *conservative family values* such as respect, responsibility, and hard work. These principles have shaped who I am, and I want to help instill them in the next generation. Our schools should not only educate but also strengthen the bond between home and school.

We need leaders who understand the unique needs of rural families, Who can bring practical solutions to the table, and who will always put our children first. I ask for your vote to help ensure our schools are places where learning thrives, values are upheld, and our children's futures are bright.

Thank you for your support!

Three Rivers School district continues to perform even below Oregon's already abysmal national rankings in academic achievement. In a classroom environment rife with political and controversial agendas, it is no wonder our children do not meet math and reading standards. Twelve year old boys and girls are taught how to use condoms and contraceptive pills all in the name of "age appropriate" sex education. I do not find these "essential skills" as defined by our Oregon Department of Education in any state publication.

Shockingly, "LGBTQ251A" and "trans" lifestyle normalization infuses the curriculum in many traditional school classes; this offends many local faith communities, especially Christian denominations. District opt-out letters do not readily explain fully or outline subject matter in sex-ed instruction that offends our sacred creeds in spite of repeated request from concerned parents and citizens made to the current School Board.

Do not be fooled by high graduation rates. The State of Oregon has suspended all graduation requirements for math, reading and writing proficiency through the 2027-28 academic years. This year one of our High Schools published its most recent semester honor roll and a whopping 60% of the student body received a 3.0 GPA or better. It is obvious: Inflating grades may boost graduation rates but will it serve our kids ability to become well educated, critical thinking, patriotic Americans?

I pledge to work for truth, moral values, the three "R's", and most importantly, protecting the innocence of our children while getting TRSD schools back to their required task of education and not "social justice" propaganda.

Occupation: Retired
Occupational Background: Josephine County Assessor's Office; City of Scottsdale Fire Department; Rural Metro Fire Department; US Forest Service; Oregon Department of Forestry

Educational Background: Maricopa Community Colleges - AA Fire Science; Hidden Valley High School - 12 - Diploma
Prior Governmental Experience: Chair of the Josephine County Rural Planning Commission; Vice Chair of the Josephine Housing and Community Development Council; Vice President of the Merlin Park District

As a proud member of this community, I am honored to run for a position on the Fire Board for our newly established Josephine County Rural Fire Protection District. I grew up here and, after almost 20 years of furthering my fire service career in Scottsdale, AZ, I returned home with a passion for ensuring the safety and preparedness of our county.

With extensive experience in wildland and structural firefighting, emergency medical services, and leadership roles, I understand the challenges and responsibilities of emergency response. Throughout my career, I have worked in high-pressure situations, managed emergency operations, and collaborated to enhance fire service efficiency. I bring this knowledge and dedication to our district's development.

As we build our fire district from the ground up, we must prioritize smart resource management, firefighter training, and community engagement. I am committed to making sure our district is well-equipped, financially responsible, and responsive to the needs of residents. I also believe that franchising fire protection is a strategic solution to maintaining and exceeding current service levels while eliminating the need for a tax base during startup. This approach ensures that we provide the best emergency services possible without placing an immediate financial burden on our residents.

After two decades away, I returned home because I care deeply about this community and its future. I am running to ensure our fire district is built on a foundation of strength, service, and preparedness. I would be honored to earn your vote.

Together, we can create a fire district that is strong, responsive, and ready to serve.

As a local community member for over 25 years. My family has experienced the impact that our previous fire management has had on our area and the need for change. Our entire family was involved in assisting in the Biscuit and Deer Creek Fires and a house fire is what brought us to Oregon in 1999. With many years of advocating for our community on many levels, I believe I can bring a fresh new perspective to the district that is not all based on a fire industry related background. We have plenty of candidates that fit that need.

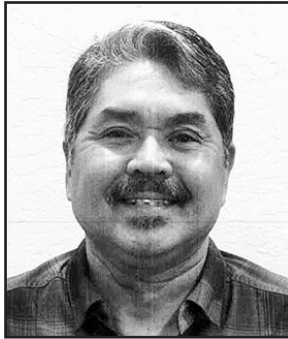

Our family has owned and operated local businesses since 2000. We were able to assist hundreds of Oregonians with the Wildfire Hazard Map appeals working at local events and inundating the Governors office. Our policy is always to keep our doors open to make sure our fellow community members are taken care of to the best of our ability. I will continue this mindset in working with a team to discuss and implement fire management both in policy and as a whole.

As a Paralegal/eDiscovery Specialist for seven years and 14 years of Certified Victim Advocacy, I have the legal common sense and ability to mitigate all the information and find solutions that make sense for everyone. As an advocate I am not afraid to speak up for what our community needs. As a committee chair and member of the AllCare Board since 2015 and hundreds of hours advocating in our court, I know what it takes to get things done from a consumer perspective. I am dedicated to making our fire district efficient and sustainable.

I wanted to thank all voters for the opportunity, to serve Josephine County on the Rural fire District committee. I have lived in Josephine County for over 30 years and have seen first hand how devastating Wildland Fire can be to the county. I believe the most qualified candidate should serve on this District based on their experience in the Wildland fire industry. Also having the ability to consider community safety, and prepared planning before a Wildland fire event takes place. I have decades of experience to support this job with other members of the Board, and can bring knowledge, innovation, and the eagerness to create a safer community.

I thank you for your consideration for this position

With well over 30 years experience in healthcare and emergency services, specializing in organizational management with a focus on efficiency in maximizing customer and patient care, I would be pleased to assist the new county rural fire district to develop an effective and efficient organization suitable to the unique aspects of Josephine County.

Further, my background includes reorganizing a financially struggling Valley Fire Service in the early 1990's to develop a financially stable business which included generating the funding to build 4 additional fire stations and purchase numerous additional fire trucks and related safety equipment while primarily utilizing internal funding sources - all with no increase in rates.

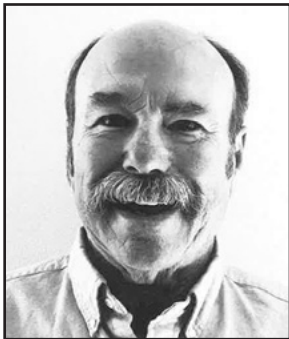

With pride for what we accomplished during those challenging times, I would be excited to participate in the development of an equitable and workable fire and emergency services plan and organization for Josephine County. It is not unrealistic to be able to provide even more stable, cost efficient, and effective fire and emergency services for everyone in the rural fire protection district area as well as our neighboring districts, in an equitable manner and possibly at a lower rate than currently in place.

We county residents also need to keep in mind that with the ever increasing difficulty in obtaining homeowners property insurance as well as the cost of premiums, continuing to fund a fully functional fire protection and emergency services organization is critical to the future of our area. Consider too that fire protection and suppression are not the only aspects of a fire service which also include protection and rescue during disasters such as our recent flooding, as well as river user accidents, drug enforcement actions, and motor vehicle accidents.

Few organizations are as fundamental to a community as a library.

As a lawyer, educator, author, small business owner, and mother, libraries have always been an integral part of my and my children's lives. As a member of the Josephine Community Library Board, I know just how indispensable our library services are for our community. I'm proud to be fighting for services that invest in the people of Josephine County. Everyone in our community, regardless of age, background, socioeconomic status, political belief, identity, or education level deserves access to resources and opportunities to thrive, and I will work tirelessly to ensure that these resources and opportunities are not only protected, but expanded, if reelected.

Nevertheless, our libraries are again under threat by county officials taking actions that could force closure, reduce services, and destabilize library operations. In 1997, the Josephine County Commissioners appropriated the library's 33 cent tax levy. In 2007, they forced our library to close by defunding it. It is thanks to the hard-working and passionate members of our community who came together to build the Josephine Community Library District that library services continue today. Now, as we negotiate the attempted lease termination of the Grants Pass branch, it is crucial that we elect and maintain strong leadership who value investing in our community, and expanding--not cutting--library services.

A thriving community starts with a strong library.

My vision is to steward library resources responsibly while expanding innovative, community-driven services.

Through transparency, collaboration, and public engagement, we will ensure our libraries remain safe, vital spaces where patrons of all ages and abilities can find safe havens for learning, connection, and opportunity. I will work to keep the library as an important community partner that incorporates new technology, fosters civic dialogue and involvement, and continues to offer diverse services, showcasing the library's role in community life.
