B. Definitions.

“Disability” refers to a physical or mental impairment that substantially limits one or more of the major life activities of an individual. An individual who has such an impairment, has a record of such an impairment, or is regarded as having such an impairment is a "disabled individual."

“Individual” means an employee or volunteer of the County, or an applicant for County employment.

“Qualified Individual with a Disability” means an individual with a disability who satisfies the required skill, experience, education and other job-related requirements of the employment position such individual holds or desires, and who, with or without reasonable accommodation, can perform the essential functions of such position.

“Reasonable Accommodation” is a modification or adjustment to a job, the work environment, or the way things usually are done that enables a qualified individual with a disability to enjoy an equal employment opportunity. A reasonable accommodation may include, but is not limited to: making existing facilities used by employees readily accessible to and usable by persons with disabilities; job restructuring; modifying work schedules; providing additional unpaid leave; reassignment to a vacant position; acquiring or modifying equipment or devices; adjusting or modifying examinations, training materials, or policies; and providing qualified readers or interpreters. A reasonable accommodation may be necessary to apply for a job, to perform job functions, or to enjoy the same benefits and privileges of employment that are enjoyed by individuals without disabilities.

“Undue Hardship” means an action that would cause significant difficulty or expense to the County when considered in relation to factors such as the size, nature, structure, and financial resources of the County. Undue hardship includes any action that is unduly costly, extensive, substantial, disruptive, or that would fundamentally alter the nature or operation of the County’s business.

C. Reasonable Accommodation. The County shall provide a reasonable accommodation for all qualified individuals with a disability, as requested by such individuals, unless the requested reasonable accommodation causes an undue hardship for the County. The County shall accommodate only a known disability of a qualified individual. If an individual has a disability that is not obvious, it is up to that individual to make the need for a reasonable accommodation known. Qualified individuals with disabilities may request a reasonable accommodation at any time, by providing notice to either their supervisor, their interviewer, or the Human Resources Office. The qualified individual need not specifically request a “reasonable accommodation,” but need only let the supervisor, interviewer, or the Human Resource Office know that some adjustment or change is needed to perform a job because of the limitations caused by the disability. If an employee with a known

disability is having difficulty in performing a job, and it appears to be due to the disability, the employee's supervisor should assess whether additional reasonable accommodations may be necessary. The supervisor may inquire at any time whether the employee needs an accommodation. If an individual requests an accommodation, and the need for the accommodation is not obvious, or if the supervisor or Human Resources Office does not believe that the accommodation is needed, then the supervisor or Human Resources Office may request documentation of the individual's functional limitations to support the request. The County shall provide reasonable accommodation on a case-by-case basis, depending on the nature and extent of the disability and the requirements of the job. The level of accommodation needed, and ability for the County to provide such an accommodation, shall be determined by entering into an interactive process with the employee in order to determine the nature of the employee's specific restrictions and to explore all possible accommodations.

D. Pre-Employment. The County shall provide an equal opportunity for individuals with a disability to participate in the job application process and to be considered for a job. The County may not make any pre-employment inquiries regarding an individual's disability, but may ask questions about the ability to perform specific job functions. Any test that screens out or tends to screen out individuals on the basis of disability are prohibited, unless the test is job-related and consistent with business necessity.

E. Other Employment Practices. The County shall not discriminate against a qualified individual with a disability because of the disability, in any employment practice, or in any term, condition, or benefit of employment, subject to the employee being fit for duty and meeting the essential qualifications of the job. The County shall not deny an employment opportunity because an individual has a relationship or association with an individual who has a disability. The County shall not participate in any contractual or other arrangement that subjects a qualified individual with a disability to discrimination. The County shall not discriminate or retaliate against any individual, whether or not the individual is disabled, because the individual has opposed a discriminatory practice, filed a discrimination charge, or participated in any way in enforcing the Americans with Disabilities Act. Each job description shall identify essential job functions. The Human Resources Office shall review job descriptions as needed to eliminate any job functions that have become nonessential.

F. Reporting and Complaint Process. Any applicant or employee who believes that he or she has been subjected to discrimination, or that a violation of this policy has occurred, should immediately contact the Human Resources Office. The Human Resources Director or designee shall conduct an investigation regarding the complaint.

G. Confidentiality. Any information obtained concerning the medical condition or history of an applicant or employee shall be maintained in separate medical files, and shall be treated as confidential information that shall only be disclosed as necessary and in accordance with law.

H. Policy Implementation. New County employees shall receive training regarding their rights under this policy at the time of their orientation by Human Resources. Human Resources shall ensure that mandatory employment postings related to this policy are posted and accessible to employees. It is the responsibility of the elected officials, department heads and all supervisors of the County to ensure that their department is in full compliance with this policy. Employees shall contact the Human Resources Office if there are any questions as to the application of this policy.

I. General. Those making purchases for the County shall consider the adaptability of the equipment for use by a qualified individual with a disability as one factor in purchasing equipment. Making the facility as accessible as possible to qualified individuals with disabilities shall be considered as one factor when a County facility is to be remodeled.

2.3 HARASSMENT

A. General Policy. It is the policy of Josephine County to provide a workplace that is free from harassment and to honor an individual's right to respect and professional conduct in the workplace. Harassment in the form discrimination violates Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967 (ADEA), and the Americans with Disabilities Act of 1990 (ADA). Josephine County has a zero tolerance policy regarding harassment in the workplace.

B. Definitions.

Threats of violence and acts of violence against any persons in the workplace are prohibited.

D. Sexual Harassment. Josephine County prohibits sexual harassment of its employees, in any form, by supervisors, managers, elected officials, co-workers, volunteers, the public, contractors, suppliers, or vendors.

E. Harassment by Non-Employees. Supervisors shall make reasonable attempts to ensure that employees are not subject to acts of harassment from the public or by non-employees.

F. Complaints and Investigation. Employees who have witnessed or who have been subject to harassment should immediately report the incident to any supervisor or to the Human Resources Office. Supervisors who receive verbal or written complaints of harassment from employees shall report such complaints immediately to the Human Resources Office. Upon notification of a complaint, the Human Resources Director or designee shall conduct a prompt, impartial investigation to determine the facts regarding the complaint. The Human Resources Director or designee shall separately interview the individual making the complaint, the individual identified as the perpetrator, and any witnesses, and shall obtain any other relevant information. After the investigation, the Human Resources Director shall determine whether

or not the provisions of this policy have been violated.

G. Discipline. Any employee who violates this policy shall be subject to disciplinary action, up to and including termination of employment. Any employee who engages in threats of violence, or carries out acts of violence against any person in the workplace may be subject to immediate termination of employment.

H. Confidentiality. All complaints of harassment shall be treated as confidential to protect the privacy of the persons involved. Employees who report harassment or become aware of a complaint are also expected to maintain confidentiality. Investigations shall be kept confidential to the extent practicable and appropriate under the totality of the circumstances.

I. Protection against Retaliation. Retaliation against any employee who files a harassment complaint, who testifies or provides information about a harassment complaint, or who participates in any manner in the investigation of a complaint is prohibited. Any supervisor or employee who is found to have retaliated against another employee for reporting harassment shall be subject to discipline, up to and including termination of employment.

J. Policy Implementation. This policy shall be distributed to all new County employees at the time of their orientation by Human Resources. Human Resources shall ensure that mandatory employment postings related to this policy are posted and accessible to employees. It is the responsibility of the elected officials, department heads and all supervisors of the County to ensure that their department is in full compliance with this policy. Employees shall contact the Human Resources Office if there are any questions as to the application of this policy.

K. Training. All supervisors and employees shall receive training provided by Human Resources on identifying and reporting Harassment and Sexual Harassment once every two years. Supervisors needing assistance in obtaining additional training should contact the Human Resources Office.

2.4 NEPOTISM

A. General Policy. It is the policy of Josephine County to prevent favoritism or unequal treatment based on an employee's familial relationship. Employees or advisory board members who are relatives or members of the same household shall not supervise or hold direct or indirect decision making authority over the other, and shall not have direct or indirect authority to hire, fire, promote, demote, appoint, discharge, layoff, discipline, or change working conditions of the other. This policy shall comply with ORS 244.175 and ORS 659A.309, as amended.

B. Definitions.

"Advisory Board" means the members of any group which consists of two or more members, with the authority to make decisions for or recommendations to the County on policy or administration, including but not limited to any board, commission, council, committee, subcommittee, ad hoc committee, or advisory group.

"Relative" means the spouse or domestic partner of an employee, any child of an employee or of an employee's spouse or domestic partner, and any brother, sister, half-brother, half-sister, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, father-in-law, aunt, uncle, niece, nephew, stepparent, stepchild, or parent of the employee or of the employee's spouse or domestic partner.

"Member of the household" means any person who resides with an employee.

"Volunteer" means any person who is serving the County in an unpaid capacity, not including unpaid members of Advisory Boards.

C. Employment or appointment of relative or member of household. No employee shall exercise authority or control in the appointment, employment, promotion, discharge, layoff, discipline, or demotion of a relative or member of the household. Subject to the **"Change in status during employment"** section of

this policy, no elected official, department head or supervisor shall appoint, employ, promote, demote, or transfer an employee to a position where one employee would have supervisory authority over the other. No employee shall participate in any interview, investigation, discussion, or debate regarding the appointment, employment, promotion, demotion, discharge, layoff or discipline of a relative or member of the household. No employee shall appoint, hire, employ, promote, discharge, layoff, discipline, or demote a relative or member of the household to or from a position as a member of an Advisory Board over which the employee exercises authority or control. No Advisory Board member shall be appointed to a position that holds authority or control over a relative or member of the household. An employee may serve as a reference for employment or provide a recommendation for a relative or member of the household to serve as an advisory board member.

D. Supervision of relative or member of household. Employees shall be separated by at least two levels in the chain of supervision from an employee who is a relative or a member of the employee's household. "Two levels in the chain of supervision" means that, within the same line of supervision, there must be at least two (2) employees who are supervisors between employees who are relatives or members of the household. No employee shall influence the work schedule or give input into the performance evaluation or employment decisions involving a relative or member of the household. No employee shall directly supervise a person who is a relative or member of the employee's household if that person is an unpaid member of an Advisory Board of the County that the employee serves or over which the employee exercises authority or control.

E. Volunteers. An employee may appoint or discharge a relative or member of the household to or from a position as an unpaid volunteer with the County over which the employee exercises authority or control. An employee may directly supervise a person who is a relative or member of the household if that person serves as an unpaid volunteer. A relative or member of the household serving as an unpaid volunteer may receive reimbursement of expenses with the approval signature of a second supervisor if such reimbursement is ordinarily provided to other similarly situated unpaid volunteers.

F. Discrimination Prohibited. The provisions of this policy are not to be construed to limit the hiring, promotion, or employment opportunities of any particular employee or applicant, or group of employees or applicants. This Policy does not prohibit the County from appointing, hiring, employing, promoting, discharging, firing, disciplining, or demoting a person who is a relative or member of the household of a County employee provided that one employee does not have supervisory authority over the other. Discrimination based on the employment of a relative or member of the household is prohibited. The County shall not discriminate against an employee by refusing to hire or employ, or by discharging a family member of the employee, or by discriminating against a family member of the employee in compensation or in the terms, conditions, or privileges of employment. In accordance with ORS 659A.309, the County may refuse to hire or employ a family member of an employee if such employment would place the employee or the family member of the employee in a position of exercising supervisory authority or control over the other.

G. Change in status during employment. If, during employment, an employee enters into a familial relationship with another employee such that the employees are in violation of this policy, the employee shall notify their elected official, department head or Human Resources. The County shall then either transfer one employee to another County program or department, or change the supervisory relationship. If the affected employees and their immediate supervisor(s) are unable to reach a satisfactory solution within thirty (30) days from the date of notification from the employee, then transfer or reassignment shall be made upon the direction of the elected official or department head and Human Resources. During those thirty (30) days, the employee in the supervisory position shall not have the authority to appoint, promote, discharge, layoff, discipline, or demote the other, in accordance with this policy.

H. Change in status due to action by County. If an action of the County, such as a reduction in force, results in a situation where two relatives or members of the household are in violation of this policy, then the County shall either transfer one employee to another department, or change the supervisory relationship. If the affected employees and their immediate supervisor(s) are unable to reach a satisfactory solution within thirty (30) days from the date of the action of the County, then transfer or reassignment shall be made upon the direction of the elected official or department head and Human Resources. During those thirty (30) days, the employee in the supervisory position shall not have the authority to appoint, promote, discharge, layoff, discipline, or demote the other in accordance with this policy. The County shall seek to remedy any violation of this policy by voluntary transfer to another County department. If an agreement or satisfactory resolution cannot be reached, then the County shall remedy such violation by involuntary transfer to another County department.

I. Policy Implementation. This policy shall be distributed to all new County employees at the time of their orientation by Human Resources. It is the responsibility of the elected officials, department heads and all supervisors of the County to ensure that their department is in full compliance with this policy. Supervisors are responsible for monitoring changes in employee reporting relationship after initial hire to ensure compliance with this policy. Employees are responsible for reporting any changes impacting compliance with this policy immediately to their supervisor. Employees shall contact the Human Resources Office if there are any questions as to the application of this policy.

2.5 RETALIATION

A. General Policy. Retaliation by management or co-workers against an employee for filing a complaint or cooperating in an investigation shall not be tolerated. The County shall not tolerate unlawful retaliation or adverse actions against employees for engaging in protected activity. A protected activity is defined as: opposing an unlawful practice prohibited by employment discrimination laws, reporting a safety hazard or violation, or participating in any way in an investigation, proceeding, or hearing of an employment related claim.

B. Reporting and Complaint Process. Any employee who believes that he or she has been subjected to retaliation, or that a violation of this policy has occurred, should immediately report the violation to the Human Resources Office. The Human Resources Director or designee shall conduct an investigation regarding the complaint.

2.6 WHISTLEBLOWER

A. General Policy.

Employees may report reasonable concerns about the County's compliance with any law, regulation or policy, using one of the methods identified in this policy. The County will not retaliate against employees who disclose information that the employee reasonably believes is evidence of:

- A violation of any federal, Oregon, or local law, rules or regulations by the County;
- Mismanagement, gross waste of funds, abuse of authority, or substantial and specific danger to public health resulting from action of the County;
- A substantial and specific danger to public health and safety resulting from actions of the County; or
- The fact that a recipient of government services is subject to a felony or misdemeanor arrest warrant.

Further, in accordance with Oregon law, the County will not prohibit an employee from discussing the activities of a public body or a person authorized to act on behalf of a public body with a member of the Legislative

Assembly, legislative committee staff acting under the direction of a member of the Legislative Assembly, any member of the elected governing body of a political subdivision, or an elected auditor of a city, county or metropolitan service district.

B. Reporting and Complaint Process. Any employee who believes that he or she has been subjected to discrimination or retaliation for whistleblowing, or that a violation of this policy has occurred, should immediately contact either their supervisor or the Human Resources Office. The Human Resources Director or designee shall conduct an investigation regarding the complaint. Efforts shall be made to maintain anonymity and confidentiality to the greatest extent possible.

2.7 GENETIC INFORMATION

Pursuant to the federal Genetic Information Nondiscrimination Act of 2008 (GINA), Josephine County respects the privacy of genetic information including information regarding an individual's genetic tests and the genetic tests of an individual's family members, as well as information about any disease, disorder, or condition of an individual's family members (i.e., an individual's family medical history). Discrimination, harassment, or retaliation on the basis of genetic information regarding any aspect of employment shall not be tolerated.

2.8 RELIGIOUS ACCOMMODATION

Josephine County respects the religious beliefs and practices of all employees and shall make, upon request, an accommodation for such observances when a reasonable accommodation is available that does not create an undue hardship for the County. An employee whose religious beliefs or practices conflicts with his/her job, work schedule, or with the County's policy or practice on dress and appearance, or with other aspects of employment, and who seeks a religious accommodation, must submit a written request for the accommodation to Human Resources. The written request shall include the type of religious conflict that exists and the employee's suggested accommodation. The County shall provide religious accommodation on a case-by-case basis, depending on the nature and extent of the accommodation requested and the requirements of the job.

2.9 LEAVE AND REASONABLE SAFETY ACCOMMODATIONS FOR VICTIMS OF DOMESTIC VIOLENCE, SEXUAL ASSAULT, OR STALKING

A. General Policy. County employees are entitled to take a reasonable amount of paid or unpaid leave to address domestic violence, sexual assault, or stalking in accordance with the provisions of ORS 659A.272. Employees involved in domestic or non-work related situations that may pose a risk to the workplace are encouraged to inform their supervisor or Human Resources as soon as practicable. An authorized use of leave includes seeking legal or law enforcement assistance or remedies; seeking medical treatment for or recovering from injuries; obtaining counseling or services from a victim services provider; or relocating or taking steps to secure a safe home for the employee or minor child. When applicable, such leave shall also be designated as FMLA and/or OFLA.

B. Requests for Reasonable Accommodation. Josephine County offers reasonable safety accommodation to employees who are victims of domestic violence, sexual assault, or stalking. When an employee requests a reasonable safety accommodation, the county will engage in discussions with the employee about the nature and scope of a reasonable safety accommodation that will best address the

particular safety concern affecting the individual employee. Requests for leave and reasonable safety accommodation may only be limited or denied when the employee’s leave would create an undue hardship on county operations. Reasonable safety accommodation may include, but is not limited to, a transfer, reassignment, modified schedule, changed work station, telephone number, workplace facility or work requirement in response to actual or threatened domestic violence, sexual assault or stalking.

C. Records and Confidentiality. In accordance with ORS 659A.280(5), all records and information kept by the County regarding an employee’s request for, or use of, leave and/or a reasonable safety accommodation under this rule will be kept confidential and may not be released without the express written permission of the individual, unless otherwise required by law. Documents provided to the County regarding the leave shall be maintained in a confidential, locked file separate from employee personnel files.

D. Prohibited Conduct. No person may refuse to hire an otherwise qualified individual because the individual is a victim of domestic violence, sexual assault or stalking. No person may discharge, threaten to discharge, demote, suspend or in any manner discriminate or retaliate against an employee with regard to promotion, compensation, or other terms, conditions or privileges of employment because the employee is a victim of domestic violence, sexual assault, or stalking, or because the employee requests leave or reasonable safety accommodations under the provisions of this rule.

A. General Policy. Josephine County is committed to providing a smoke-free work environment to protect the health, welfare, and comfort of County employees and visitors, and shall provide a place of employment that is free of tobacco smoke for all employees. G. Enforcement and Violations. The enforcement of this policy is the responsibility of all County employees. Any County employee who observes an employee or member of the public acting in violation of this policy is encouraged to inform them of the policy violation. Upon notification or personal observation of a violation of this policy by a County employee, the supervisor of the employee shall address that issue with the employee. Violation of this policy may subject an employee to disciplinary action. Violation of this policy, or complaints regarding this policy by persons who are not County employees, shall be reported to an elected official, department head, supervisor, or Human Resources.

H. Smoking Cessation. The County shall provide smoking cessation resource information to all employees who request it. Employees and visitors may visit the Tobacco Prevention and Education Program website for information regarding the effects of tobacco use, self-help materials, and resources for cessation. Employees may contact Human Resources regarding the availability of tobacco-related cessation support programs.

I. Compliance with State Law. In the event that any provision of this policy conflicts with any term or provision of ORS 433.385 through ORS 433.990 as amended, or OAR 333-015-0025 through OAR 333-015-0090 as amended, the provisions of such Statutes and Rules shall control.

If the use of such substances, or the withdrawal symptoms of such substances, adversely affects an employee's physical or mental faculties while at work to any perceptible degree, or if the employee tests "positive" for any such substances by screening and confirmation tests, the employee will be deemed "under the influence" for purposes of this policy. All alcohol and drug testing procedures shall conform to all state and federal regulations. As a condition of employment, employees shall abide by the provisions of this policy. Failure to comply with the provisions of this policy will subject an employee to discipline, up to and including termination of employment. Employees in positions regulated by the Department of Transportation must also comply with the provisions of the following administrative policies: Alcohol and Drug Testing Program – Federal Motor Carrier Safety Administration, Department of Transportation (49 CFR 382 and 49 CFR 40, as amended) and Alcohol and Drug Testing Program – Federal Transit Administration, Department of Transportation (49 CFR 655, 49 CFR 40 as amended). Employees who are performing undercover or enforcement activities are exempt from the provision of this policy as long as they are within the scope of their supervisory approved and assigned duties.

D. Reporting. Employees must report to their jobs in a condition that will allow them to be mentally and physically alert. Employees must notify their supervisors in advance when their use of prescription or

over the counter medications may interfere with the safe and efficient performance of their duties or impair their ability to perform the essential functions of their positions.

E. Notification requirements for federal contracts and grants under the Drug Free Workplace Act of 1988. Employees shall inform their supervisor and the Human Resources Director within five (5) days after being adjudicated or convicted for violation of any federal or state criminal drug statute. A conviction or adjudication means entry of a no contest plea; or execution, suspended execution, or suspended imposition of a sentence; or a finding of guilt; or the imposition of a sentence by a judge or jury in a federal or state court. When an employee who is assigned to perform work funded under a federal grant or contract is adjudicated or convicted for violation of any federal or state criminal drug statute, the Department Head must notify the U.S. government agency with which the contract or grant was made within ten (10) days after receiving notice from the employee or other actual notice.

F. Pre-Hire Testing. Upon an offer of employment, and prior to final appointment in a position requiring drug testing as a condition of employment, applicants shall be asked to consent to a controlled substance screening test in accordance with this policy. If the applicant refuses to consent to a test, or if testing indicates use of controlled substances or adulteration of the sample or similar, the offer of employment will be retracted, and the applicant will be denied employment with the County. Applicants shall be informed in writing if they are rejected on the basis of test results.

G. Reasonable Suspicion Testing. If there is reasonable suspicion that an employee is under the influence of controlled substances or alcohol during work hours, the County may require the employee to undergo testing. No testing shall be performed under this policy without the approval of the Human Resources Director. When reasonable suspicion exists to believe an employee has possession of alcohol or controlled substances on County property, the County may search the employee's work area, including but not limited to lockers, toolboxes, desks, etc. Circumstances which can constitute a basis for determining reasonable suspicion for testing may include but are not limited to: a pattern of abnormal or erratic behavior; information provided by a reliable and credible source; a work related accident; direct observation of drug or alcohol use; presence of the physical symptoms of drug or alcohol use; unexplained significant deterioration in job performance; unexplained or suspicious absenteeism; or employee admissions. Supervisors are required to detail in writing the specific facts, symptoms, and observations which form the basis for their determination that reasonable suspicion exists to warrant the testing of an employee. This documentation shall be forwarded to the Authorized County Representative and the Human Resources Director for review and authorization to test. Employees shall be asked to sign a consent form authorizing the test or search and permitting release of results.

H. Post-Accident Testing. The County may require alcohol and drug testing for employees who have work related accidents when there is reasonable suspicion to believe that the employee was under the influence of drugs or alcohol as determined by the Authorized County Representative and the Human Resources Director. Employees who are tested after accidents shall be tested for alcohol as soon as practicable, within two (2) hours if at all possible, but no later than eight (8) hours after the accident, and shall be tested for drugs as soon as possible, but no later than thirty-two (32) hours following the accident.

I. Refusal to Test. Refusal to test shall be considered insubordination and shall be deemed a test failure. Refusal to test shall be cause for immediate termination of employment.

J. Follow Up, Treatment, and Rehabilitation. The selection of an appropriate treatment program and appropriate disciplinary action for an employee violating this policy is completely a discretionary decision of the County. The County recognizes that alcohol and drug use may be a sign of chemical dependency and that employees with such dependency can be treated. Depending on individual circumstances and the employee's commitment to rehabilitation, the County may require the employee to enroll in one or more of the following:

1. Employee Assistance Program

If an employee is required to enroll in a program listed above, continuing employment is conditioned on the following requirements:

1. The employee must present written certification of successful program completion.
2. The employee must satisfactorily complete a drug test.

If the County determines that rehabilitation is required for an employee who has been convicted of a criminal drug offense, that employee will minimally be required to participate in a drug and alcohol abuse evaluation within 30 days of the conviction, and will be required to complete a rehabilitation or treatment program based upon the evaluation. The rehabilitation program must be one that is approved for such purposes by a federal, state or local health, law enforcement or other appropriate agency for such purposes.

K. Discipline. The County reserves the right to impose discipline up to and including termination of employment. If a violation of this policy is discovered by the County without voluntary disclosure by the employee, the employee's willingness to seek outside assistance will not excuse the violation and will have no bearing on the determinations of appropriate disciplinary action.

L. Drug Awareness and Training. This policy shall be distributed to all new County employees at the time of their orientation by Human Resources. The Josephine County Human Resource Office shall maintain a Drug Free Awareness Program, designed to inform employees about:

1. The dangers of drug abuse in the work place;
2. The County's policy of maintaining a drug free work place;
3. Any available drug counseling, rehabilitation and the County's Employee Assistance Program for drug and alcohol abuse;
4. The penalties that may be imposed upon employees for drug abuse violations.

3.3 FITNESS FOR DUTY

A. General Policy. Josephine County is dedicated to providing safe, dependable and efficient services to citizens, and a safe and productive work environment for employees. In order to achieve this, the County is committed to ensuring that its employees are fit for duty and are able to perform the essential duties of their jobs (with or without an accommodation) at all times without posing a health or safety risk to themselves, co-workers or the public. In the event the County reasonably believes an employee is not fit for duty, a fit for duty examination, including medical or psychological evaluation may be required.

B. Policy Implementation. Employees must report to work capable of safely performing the functions of their job for the duration of their shift. If, at any time, an employee believes they may not be capable of safely performing their duties, he or she must immediately report the concern to their supervisor. Employees are encouraged to notify a supervisor if they observe a co-worker who may not be fit for duty. In cases when the possibly impaired individual is the employee's supervisor, the employee should notify the next higher level manager or Human Resources. If supervisors observe impaired performance of their employees, they shall discuss the observations with the employee who appears to be unfit for duty and record what they observed. If retraining is appropriate, the supervisor shall make arrangements for retraining. If a medical evaluation appears appropriate, the supervisor shall refer the matter immediately to Human Resources. All employee medical information is confidential, and shall be maintained by Human Resources in a secure file, separate from the personnel file; however, fitness for duty examinations, as ordered by the County, may be used in administrative

and disciplinary meetings and hearings.

3.4 EMPLOYEE PARKING

A. General Policy. It is the policy of the Board of County Commissioners to provide adequate parking for the public and for employees' personal vehicles, whenever possible. It is the responsibility of County employees to be aware of and to comply with all applicable regulations pertaining to parking their personal vehicles. All employees are expected to be aware of, and to comply with, any County or Departmental regulations regarding "public only" parking areas. Employees shall adhere to all posted parking limits and requirements.

B. Designated and Reserved Parking. Designated County vehicle parking spaces shall be marked as such and are to be used for County-owned vehicles only. Spaces may be assigned to specific County vehicles depending on departmental needs. Reserved parking spaces are allocated to specific County departments by the Board of County Commissioners. Such spaces are then assigned by department heads or elected officials to specific employees' personal vehicles.

C. Interagency Agreements. Interagency parking agreements may be entered into with the approval of the Board of Commissioners.

D. Theft, Loss, or Damage. The County is not responsible for any theft, loss, or damage to personal vehicles, or the contents thereof, while parked in County owned or maintained parking areas. Employees should lock their cars whenever they are left unattended.

B. Pay and Jury Fees. The County shall provide full pay to employees for work hours missed due to the performance of jury duty. Employees shall not waive payment of jury duty fees, and shall promptly submit the jury duty fees to their department upon receipt. The jury fees shall then be forwarded to the County Treasurer's Office.

3.6 ABSENCES DUE TO COUNTY EMERGENCIES OR SEVERE INCLEMENT WEATHER

A. General Policy. It is the policy of the County for the Board of County Commissioners to announce any closures of work due to emergency situations or severe inclement weather via public broadcast media. On such days when County departments remain open during severe inclement weather, employees shall contact their supervisors, as soon as possible, when delayed or absent from work to ensure coverage of work responsibilities.

B. Notification. The Board of County Commissioners shall announce the scope of any work closure due to emergency or severe inclement weather via public broadcast media, on the County website, and alert broadcast communications as soon as possible. Employees should notify their immediate supervisors of any anticipated late arrivals or absences as soon as possible to explain the nature of the situation, the anticipated extent of delay, and to allow for coverage of work responsibilities.

C. Attendance. While the County will encourage adherence to rules regarding hours of operation and employee attendance for departments remaining open, it is recognized that adverse conditions may affect individual employees' ability to report to work.

D. Compensation. Employees shall be granted leave with pay for instances when they are unable to report for their regular duties because of emergency situations or severe inclement weather, because they are needed

to work for the safety of their family or to prevent property damage, or because they are needed to help rescue operations to save life and property. Employees may be granted leave under this paragraph only when the Board of County Commissioners has determined that these conditions exist.

If this happens, the user should leave the file unopened, delete the file immediately, and contact the Information Technology Department. While anti-virus protection is helpful, it is not a complete deterrent to virus problems.

E. Ownership and Control of Electronic Information; No Right of Privacy. There is no right of privacy for any information contained on any County computer or phone.

1. There is no right of privacy for the contents of any e-mail message, phone message, texting device or Internet use at any time. Employees or users of electronic equipment should not consider their use of the network or the Internet private or confidential.

Retention: E-mail shall be retained for the minimum retention period provided under Chapter 166 of the Oregon Administrative Rules, or other applicable retention periods.

1. E-mail messages and any attachments which pertain to a program or function should be filed with other records related to that program or function. E-mail and attachments should be stored in their original form, without editing.
2. E-mail may be filed and retained either electronically (on the computer network) or as a hard copy (printed out), or both. The Information Technology Department is responsible for managing and retaining electronic records of all County e-mail saved on network drives.
3. **Hard Copy:** If the e-mail message is printed out as a hard copy, the hard copy should be stored in the paper file or project file to which it relates, and the e-mail message may then be deleted from the computer. prior to the effective date of such action.

4.5 POSITION DESCRIPTIONS

It is the policy of Josephine County to maintain a uniform system for establishment, review and maintenance of position descriptions. Position descriptions form the basis for recruiting and hiring qualified individuals, training new employees, and conducting annual performance evaluations. Human Resources shall maintain all active position descriptions using a standardized format. Departments are not authorized to change or convert job descriptions in any way.

4.6 EMPLOYMENT TERMINATIONS

A. General Policy. Such instances shall be treated as a voluntary termination unless the employee provides evidence that the employee was unable to notify the supervisor of the absence by reason of sickness, physical disability, or other legitimate reason beyond the employee's control. The Josephine County Employee Termination Notice must be completed by the Department and sent to the Human Resources Office no later than forty-eight (48) hours prior to the last day the employee will work. D. Involuntary Termination. The trial service period provides an opportunity to reject any transferred or promoted employee whose work performance fails to meet required work standards or expectations.

5.1 PROBATIONARY PERIODS

Newly hired employees shall be on probation for the first twelve (12) months of continuous employment. During their probationary period, newly hired employees shall be subject to termination by the County with or without cause, and such termination shall not be subject to the Complaint Procedure provisions in this personnel policy manual. Time spent as a temporary County employee shall not be applied toward an employee's probationary period.

5.2 TRIAL SERVICE PERIOD

Employees who are promoted, demoted, or transferred to a new position shall serve a trial service period of six (6) months in that position, unless the employee is terminated, demoted, or removed prior to the end of that period. During the first forty-five (45) calendar days of the trial service period, promoted or transferred employees shall have the right to return to the employees' former position, provided that such return will not pose an undue hardship on the affected departments and is allowed under any applicable collective bargaining agreement.

ARTICLE 6 - HOURS OF WORK

6.1 WORKWEEK

The usual workweek for full-time employees consists of forty (40) hours, with at least two (2) consecutive days off. The workweek commences at 12:00 a.m. Sunday and ends at 11:59 p.m. Saturday.

6.2 WORKDAY

The usual work schedule for full-time employees shall be from 8:00 a.m. until 5:00 p.m. Monday through Friday. Elected officials and department heads may establish other hours of operation for employees, consistent with the service needs of the County. The workday commences at 12:00 a.m. and ends at 11:59 p.m.

6.3 CHANGES IN SCHEDULE

Changes in regular work schedules may be made by elected officials and department heads, provided that affected employees are given adequate notice of such changes. Except for emergency situations, and for the duration of that emergency, notice of a permanent change in a regular work schedule shall be given at least fourteen (14) days in advance.

6.4 REST PERIODS

As scheduling and work load allow, each employee shall be allowed a fifteen (15) minute rest period during each one-half shift of four hours. The time at which rest periods are taken by an employee shall generally be scheduled in the middle of each one-half shift or in accordance with the operating requirements of each department, and shall be considered on-duty time.

6.5 MEAL PERIODS

Each non-exempt employee working a shift totaling six (6) hours or more shall be granted an uncompensated meal period of at least thirty (30) minutes, unless to do so would impose an “undue hardship” on the department pursuant to OAR 839-020-0050. As scheduling and work load allow, exempt employees shall be granted a meal period during each work shift. To the extent consistent with the operating requirements of the department in which the employee works, meal periods shall be scheduled at or about the middle of the work shift.

6.6 MEETING ATTENDANCE

Employees shall attend all assigned work related meetings. Attendance at assigned work related meetings shall be paid time. Josephine County shall not conduct or sponsor meetings involving matters of religious or political opinion. In the event an employee believes a religious or political opinion is to be discussed, he or she may request to be excused from the meeting. As protected by ORS 659.785, adverse employment action shall not be taken against an employee for failure to attend a meeting where religious or political opinions are discussed.

ARTICLE 7 – OVERTIME AND COMPENSATORY TIME

An elected official, department head, or other supervisor may require employees to work overtime in order to complete their work, to respond to an emergency, or as required for purposes of efficiency or economy. Non-exempt employees shall not work overtime without prior approval from their supervisor. The County shall attempt to give as much notice as possible of the need to work overtime. In assigning overtime work, the County will consider any unusual circumstances which might cause such an assignment to be a burden upon the employee.

7.1 OVERTIME COMPENSATION

Employees who are classified exempt pursuant to the Fair Labor Standards Act (FLSA) are not compensated for hours worked in excess of forty (40) hours per workweek. Non-exempt employees who are entitled to overtime pay under applicable wage and hour laws will be compensated at one and one-half (1-1/2) times their regular

rate for hours worked in excess of forty (40) hours per workweek. Pay for time not actually worked, such as holidays, paid time off, vacation leave, or sick leave, shall not count as "hours worked" for purposes of determining whether an employee is entitled to overtime compensation. All overtime shall be calculated to the nearest fifteen (15) minutes.

7.2 COMPENSATORY TIME

Compensatory time is available to non-exempt employees who are eligible for overtime compensation. Such overtime shall be compensated in the form of compensatory time off in accordance with federal law, unless the County elects to pay cash for such overtime. If the County so elects, cash payment for the overtime shall be made no later than the seventh (7th) day of the month following the pay period in which the overtime is worked. Compensatory time may be accumulated to a maximum of eighty (80) hours.

ARTICLE 8 - COMPENSATION PLAN

The goal of Josephine County is to provide fair and equitable compensation for all employees, and to maintain wage and benefit levels that attract and retain qualified personnel. The County shall maintain a Non-Union Compensation Plan (Appendix A) designating benefits provided to employees who are not represented by a Union. The County shall maintain salary tables with adequate differentials between pay grades, a minimum and maximum pay rate assigned to each grade, and approximately ten (10) intermediate pay steps within each grade. The provisions covered in this article provide a set of standardized rules to be applied to all employees unless otherwise defined by a collective bargaining agreement.

8.1 PAY DAYS

Employees shall be paid monthly wages on or before the seventh (7th) day of the month following the pay period. Effective January 1, 2010 monthly loans (draws) are available only to currently enrolled participants. Such loans shall be made according to the existing payroll policy of Josephine County.

8.2 ANNUAL PAY INCREASES

Annual cost of living increases may be provided to employees as determined by the Board of County Commissioners or by duly ratified collective bargaining agreements.

8.3 STEP INCREASES

Employees are eligible for step increases as follows:

1. Six Month Step: New hires, except non-union employees, who have completed the first six (6) months of continuous employment in a part-time or full-time position with the County shall receive a one (1) step increase in compensation. The intent behind this six (6) month increase is to assist new County employees in the requirement that they pay six percent (6%) of their gross monthly wages to the Oregon Public Employees Retirement System after six (6) months of continuous employment.
2. End of Probation Step: Upon successful completion of probation, new hires who have completed their first twelve (12) months of continuous employment in a part-time or full-time position shall receive a

one (1) step increase in compensation. The employee's Payroll Anniversary Date shall be the effective date of this increase.

3. Annual Step: Part-time and full-time employees shall be eligible for a one (1) step increase in compensation on their Payroll Anniversary Date one (1) full working year after completing probation, and each full year thereafter upon their Payroll Anniversary Date, so long as the employee has achieved at least a minimum of an overall satisfactory evaluation of performance, and until the employee reaches the maximum step of their pay grade.

8.4 PROMOTION INCREASE

When an employee is promoted, that employee shall move to the new salary pay grade and shall be placed at a new salary step which provides a salary increase in an amount equal to or greater than a two (2) step increase in their pre-promotion pay grade. Employees who have completed their probationary period, will be placed at step two (2) or higher. The date of this increase shall then become the employee's Payroll Anniversary Date.

8.5 DEMOTION DECREASE

If an employee is demoted for any reason, that employee shall move to the new salary pay grade and shall be placed at a new salary step that provides a salary decrease in an amount equal to or greater than a two (2) step decrease in their pre-demotion pay grade. The date of this decrease shall then become the employee's Payroll Anniversary Date. If the employee did not complete his or her trial service period, the new salary step shall be at the salary step of his or her old classification.

8.6 RECLASSIFICATION UPWARD

When an employee is reclassified upward, that employee shall move to the new salary pay grade and shall be placed at a new salary step that is closest to, but not less than, the employee's salary step of their pre-reclassification pay grade. Employees who have completed their probationary period, will be placed at step two (2) or higher. The employee's Payroll Anniversary Date will not be reset as a result of a reclassification upward.

8.7 RECLASSIFICATION DOWNWARD

When an employee is reclassified downward, that employee shall move to the new salary pay grade and shall be placed at a new salary step that is closest to the employee's salary step of their pre-reclassification pay grade. The employee's Payroll Anniversary Date will not be reset as a result of a reclassification downward.

8.8 POSITION TRANSFER

When an employee transfers to a different position, that employee shall move to the new salary pay grade and shall be placed at a new salary step that is equal to or greater than their pre-transfer pay grade, not to exceed the maximum step of the new salary pay grade. The employee's Payroll Anniversary Date will not be reset as a result of a position transfer. Employees who transfer to fill-in positions shall move to the salary step or flat rate designated to the fill-in position.

8.9 INTERIM APPOINTMENT

Employees appointed to higher level positions on an interim basis shall move to the new salary pay grade for

the position which they assume and shall be placed at a step which provides a salary increase in an amount equal to or greater than a two (2) step increase in their pre-interim appointment pay grade. The date of this increase shall become the employee's Payroll Anniversary Date. If, after twelve (12) months of service in an interim appointment, a regular appointment is not made, then the Board of County Commissioners shall either: 1) Extend the employee's interim appointment for a maximum of an additional twelve (12) months; or 2) Appoint the employee to a regular position, unless the interim appointment was made and continues due to federal or state protected rights of another employee, in which case the interim appointment shall continue indefinitely for as long as the other employee has a protected right to return to the position. Upon completion of the interim appointment, employees shall return to their previous positions and previous pay, as if they had occupied it during the interim time period.

8.10 RECLASSIFICATION REVIEW

If an employee is given significant additional responsibility, or significant decreased responsibility, in their current classification, the elected official or department head may request the Human Resources Director to conduct a reclassification review to determine whether a reclassification is appropriate.

8.11 WAGE AND BENEFIT SURVEY

The Human Resources Director will conduct a wage and/or benefit survey of selected and representative non-union classifications every three (3) years. The comparable employers surveyed will include the standard County comparators (based on similar populations) as well as regional employers from the public and private sector (if needed). The positions surveyed will reasonably match the County's position descriptions. The criteria to be utilized in determining the classifications selected for the survey shall include: Recruiting and retention statistics; the length of time and the survey results from the last classification survey; the results of internal wage comparisons between similarly evaluated classifications; and supervisor-employee wage compression data. In order to maintain an effective work force of non-union employees, a base salary differential of 10% above the average of subordinates is a realistic goal, with some limited exceptions, such as for supervision of highly compensated medical or technical personnel.

8.12 WAGE ADJUSTMENT

The Board of County Commissioners will review the results and recommendations from the Wage and Benefit Survey and adjust, where determined appropriate by the Board, non-union employees' compensation in order to maintain fair and equitable compensation levels.

ARTICLE 9 - DEFERRED COMPENSATION

9.1 VOLUNTARY DEFERRED COMPENSATION PLAN

The County offers a Deferred Compensation Plan under Section 457 of the Internal Revenue Code. The County administers the plan in accordance with the adopted Deferred Compensation Plan and selects the investment providers for the Plan. A copy of the Plan is available in the Human Resources Office.

9.2 ELIGIBILITY FOR PLAN PARTICIPATION

All employees who are assigned a FTE level of .5 or greater are eligible to participate in the Deferred

Compensation Plan. Employees may elect to participate in the Deferred Compensation Plan at any time. The County shall not match any deferred compensation contribution for any non-elected employee. For Elected Officials, the County will offer up to a 6% match to the Deferred Compensation Plan if the Elected Official opts out of the PERS plan.

10.2 HOLIDAY PAY

Full-time employees shall receive eight (8) hours of pay for each recognized holiday during which the employee performs no work for the County. Part-time employees shall receive holiday pay in a pro rata amount based upon budgeted FTE for the month of the holiday. If a holiday is observed on a day that part-time employees are not regularly scheduled to work, part-time employees who are assigned a FTE level of .4 or greater will receive alternate time off on a scheduled workday on a pro rata basis. Part-time employees who are assigned a FTE level less than .4 shall not receive holiday pay or alternate time off.

A. Weekend Holidays. If a recognized holiday falls on Sunday, the following Monday shall be observed as the holiday. If a holiday falls on Saturday, it shall be observed on the preceding Friday. If a holiday is observed on an employee's regularly scheduled day off, an alternate day will be observed as the holiday.

B. Holiday During Paid Leave. If a recognized holiday occurs during a period in which the employee is on paid leave, including vacation, sick leave or personal leave, then the holiday shall not be charged against such paid leave.

C. Eligibility. An employee who does not have any earnings from work or paid leave in a calendar month will not qualify for holiday pay or compensatory time for any holiday that falls within that month.

10.3 HOLIDAY WORK

If an employee is required to work on any recognized holiday, in addition to any holiday pay for which the employee is eligible, the employee shall be credited with alternate time off equal to one and one-half (1-1/2)

times the amount of time worked on the holiday.

ARTICLE 11 - PAID LEAVE

11.1 LEAVE PROVISIONS

Leave provisions including accruals, limits, and program specifics are identified in collective bargaining agreements and the Non-Union Compensation Plan.

11.2 VACATION SCHEDULING

Employees may request to use their paid leave either all at once, or at different times throughout the year. Employees shall have the right to request a specific time period for their paid leave, subject to the elected official or department head's approval, considering the scheduling required for public service and the needs of efficient operations.

11.3 NOTICE

When reasonably possible, an employee shall notify his or her supervisor at least two hours before the start of the scheduled work shift if the employee is unable to report to work as scheduled. Notice must be given either in person or via live voice conversation. Texting, social media, or leaving a message are not sufficient forms of notice. Elected Officials or Department Managers may authorize a shorter notice timeline or other notice methodology.

11.4 UTILIZATION OF LEAVE

1. Employees requesting time off for personal reasons shall provide their supervisor with as much advance notice as practical and reasonable. Use of leave in excess of three (3) days, for reasons other than illness or injury, requires advance supervisory approval.
2. An employee may utilize accrued paid leave when he or she is unable to perform his or her work duties by reason of illness or injury, necessary medical or dental care, exposure to contagious disease under circumstances in which the health of the employees with whom the employee associates or members of the public necessarily dealt with by the employee would be endangered by the attendance of the employee, or by illness in the employee's immediate family.
3. Full-time employees are required to take a minimum of forty (40) hours of paid leave in a calendar year. Part-time employees are required to take leave in an amount proportionate to FTE level.

11.5 SICK/PERSONAL

Paid leave is provided by the County to cover illness or injury of the employee or an immediate family member, and time off for personal reasons. An employee may use accrued paid leave when the employee is unable to perform work duties because of illness, injury, necessary medical or dental care, or exposure to contagious disease. Employees may be required to provide a medical release upon returning to work.

11.6 BALANCE CONVERSION AT TRANSFER

Employees who transfer to or from either a bargaining, or a non-represented unit, shall be subject to the policy or collective bargaining agreement of the receiving unit. Accrued hours will be converted as applicable in order to be incorporated into the leave program of the receiving unit. For example, if transferring from a combined paid leave program to a split (vacation/sick) program, the employee shall be allowed to convert paid leave hours to vacation hours up to the maximum vacation accrual limit, with the remaining hours credited to sick leave up to the maximum sick leave limit. Likewise, if transferring from a split (vacation/sick) program to a combined paid leave program the employee shall be allowed to move all hours over to the combined paid leave program up to the maximum allowable. In the event that the receiving program has a lower maximum accrual limit, the employee shall be cashed out for vacation hours in excess of the accrual limit.

11.7 LEAVE USE DUE TO CATASTROPHIC EVENTS

In the event that an employee's residence is uninhabitable due to a catastrophic event such as fire or flood, the employee may cash out up to 500 hours of accrued leave. If the employee leaves County employment within three (3) years of using this provision, they will forego any accrued leave payments.

ARTICLE 12 - FAMILY AND MEDICAL LEAVE

A. General Policy. This policy is developed to comply with applicable family leave laws and enables employees to take up to twelve (12) weeks of protected leave in a twelve (12) month period for their own serious condition; for the birth or adoption of a child; for the placement of a foster child; for the care of a child with a non-serious health condition; for the care of a spouse, parent, child, grandparent, grandchild, parent-in-law, same-sex domestic partner, or someone with whom the employee has an "In Loco Parentis" relationship who has a serious health condition; and for an exigency leave related to a spouse, child or parent of a covered service member who is on active duty or called to active duty. In addition, leave is provided to employees to enable them to take up to an additional twenty-six (26) weeks of protected leave in a twelve (12) month period for the care of a spouse, child, parent or next of kin of a covered service member or veteran who has a serious injury or illness. This article is a summary of the applicable leave laws and is subject to legislative change.

B. Eligibility.

1. FMLA – Employees must meet these requirements to be eligible for FMLA coverage. Employees must:
 - a) Have been employed by the County for a total of at least twelve (12) months (does not need to be consecutive);
 - b) Have worked at least 1,250 hours during the twelve (12) month period immediately preceding the family medical leave; and
2. OFLA – Employees are eligible for OFLA-covered leaves if they have been employed by the County for at least 180 days (26 weeks) before the first day of the family medical leave; and have worked an average of twenty-five (25) or more hours per week for the County as of the day before the request for family medical leave is made. This average shall be calculated over the 180 days (26 weeks) preceding the request for leave. However, for the purpose of taking leave in the event of the birth or adoption of a child or the legal placement of a foster child, an employee is not required to meet the

hours requirement. For leave related to a spouse being called to active duty, the employee must have worked an average of twenty (20) or more hours per week.

C. Qualifying Event.

1. Under federal law (FMLA), employees are entitled to take family medical leave in the following situations:
 - a) When the employee is unable to perform the essential functions of the job because of a serious health condition, including pregnancy-related conditions. In some situations, additional leave may be available for pregnancy-related disability; and/or
 - b) In the event of the birth or adoption of a child under the age of eighteen (18) (including the legal placement of a foster child under the age of eighteen (18) within twelve (12) months of the event; and/or
 - c) To care for a spouse, parent, or child under the age of eighteen (18) who has a serious health condition or a mentally/physically impaired child aged eighteen (18) or over; and/or
 - d) To care for a spouse, parent, child or next of kin who is a covered service member or veteran who has a serious injury or illness incurred or aggravated while on active duty (leave must begin within five (5) years of the veteran leaving military service); and/or
 - e) For an exigency leave related to a spouse, child or parent of a covered service member who is on active duty or called to active duty.
2. Under Oregon law (OFLA), employees are entitled to take family medical leave in the following situations:
 - a) To provide home care for a child under the age of eighteen (18) with a non-serious health condition, provided another family member is not willing and able to care for the child; and/or
 - b) To care for a child aged eighteen (18) or over, grandparent, grandchild, parent-in-law, same-sex domestic partner, or child or parent of a same-sex domestic partner who has a serious health condition; and/or
 - c) To spend time with a spouse who is a covered service member after being notified of a call to active duty and during leave from deployment.

D. Request for Protected Leave. In situations where the need for family medical leave is known or anticipated, employees must give thirty (30) days' notice to take family medical leave. If the leave is anticipated less than thirty (30) days in advance, employees must give notice as soon as is practical. Employees are expected to make application for family medical leave for qualified absences due to illness or injury beyond three (3) days. Upon notice, supervisors shall provide the employee with the required forms. All employees will be required to complete a Family Medical Leave Request Form and to have any applicable certification form(s) completed and returned prior to the commencement of family medical leave. In unanticipated or emergency situations where there is no opportunity to give notice, employees must notify their supervisor verbally within two (2) working days of the emergency situation. The required paperwork must be completed and returned as soon as practical. Notice may be provided by a family member or other individual when an employee is unable to provide notice.

E. Certification and Designation. Certification of the need for family medical leave is required. In the event of a personal health condition or that of a family member, the certification must be provided by a medical professional within fifteen (15) days of the request for family medical leave. Failure to provide required medical certification may delay the start of family medical leave or may cause the denial of family medical leave. The employee may be required to furnish periodic medical certifications as frequently as every thirty (30) days and to complete the full recertification process every six (6) months. In the event of a request for parental leave to care for a newly adopted child or a newly placed foster child, employees are

required to provide verification from the agency representative regarding the adoption or placement of the child.

F. Intermittent or Reduced Schedule. If medically necessary, family medical leave may be taken on an intermittent or reduced schedule. Details of the proposed schedule shall be verified by the certifying medical professional. Updated medical certifications may be required during intermittent leave periods. Intermittent leave or reduced work schedules are generally not allowed upon the birth or adoption of a child, except to accommodate the required legal process leading to the adoption of a child or the placement of a foster child.

G. Employer Designations. Human Resources is responsible for designating family and medical leave. Human Resources shall designate leaves as covered under FMLA and/or OFLA, even when not requested by the employee, if the reason for the absence is known to be a qualifying purpose under one or both of the laws regulating these leaves of absence.

H. Definition of Year and Week for Determining Leave Entitlement.

A “rolling forward year” is utilized to determine an employee’s FMLA and OFLA leave entitlement. The leave year is the twelve (12) month period following the employee’s first day of qualified leave. Once the employee’s twelve (12) month period is complete, a new year does not start until the employee requests FMLA or OFLA protected leave again. The workweek is a seven-day period beginning at 12:01 a.m. Sunday and ending at 12:00 p.m. (midnight) on Saturday.

I. Concurrent Designations. When the qualifying purpose of the leave is covered under both FMLA and OFLA, the leave will be designated concurrently toward the time allowed under both laws.

J. Use of Accrued Leave. Unless designated by the employee, leave banks will be reduced in the following order: paid leave, compensatory leave, holiday compensatory leave, frozen paid leave. In the event that leave banks are depleted the employee shall be in approved leave without pay status through the remainder of the qualified leave.

K. Health Benefits During Leave. The County shall continue to make the contributions for insurance coverage while the employee is on FMLA/OFLA, and the employee shall be required to pay the employee's portion of premiums for such coverage to stay in effect for the full term of the leave.

L. Reinstatement. Employees returning from family medical leave will be reinstated to the same or an equivalent position with equivalent benefits, pay and other terms and conditions of employment, unless their former positions have been eliminated for bona fide business reasons.

M. Medical Release. Employees returning from family medical leave taken for their own health condition may be required to provide a medical release to return to work prior to or upon return indicating they are able to return to work and whether there are any restrictions.

ARTICLE 13 – LEAVE WITHOUT PAY

13.1 LEAVE WITHOUT PAY REQUEST AND APPROVAL

In instances where a department will not be seriously/adversely affected by the temporary absence of an employee, the elected official or department head, upon the approval of the Human Resources Director, may grant a leave of absence without pay not to exceed six (6) months. Requests for such leave must be in writing, and must establish reasonable justification for approval of the request. Normally, such leave will not be approved for an employee who is accepting other employment. Employees must exhaust all available paid leave before they will be granted an unpaid leave of absence of any type. Employees who are granted sick leave without pay for the remaining period of illness or disability may be required to provide verification of the

illness or injury from the employee's health care provider and/or a medical release upon returning to work in compliance with state and federal laws. Employees who are on unpaid leave in excess of three (3) days in a calendar month will be required to pay a prorated health insurance premium, except when on Family Medical Leave or other legally protected status. Failure to obtain approval for leave without pay as provided herein can result in discipline up to or including the termination of employment.

13.2 OPERATIONAL/BUDGETARY BEST INTEREST EXCEPTION

When an elected official or department head determines it to be in the best interest of the County due to budgetary and operational considerations, an employee requesting voluntary leave without pay may be granted such leave not to exceed 90 days upon the approval of the Human Resources Director. During such period of voluntary leave without pay the employee will work or utilize paid leave hours sufficient to cover withholdings. The County may elect to pay the regular health insurance premiums for this period. The employee will not be required to exhaust all available and accumulated paid leave prior to taking such voluntary leave.

ARTICLE 14 - OTHER LEAVES

14.1 MILITARY LEAVE

Military and Peace Corps leave shall be granted in accordance with state and federal law.

14.2 BEREAVEMENT

Where paid leave is taken due to a death in the employee's immediate family, a maximum of two weeks of paid leave will be allowed, unless the elected official or department head grants additional time due to unusual circumstances.

14.3 WORKERS' COMPENSATION

Employees may coordinate use of paid leave with accepted workers' compensation claims in order for the employee to receive the difference between payments received under Workers' Compensation and the employee's regular salary (net after taxes). The County shall continue to make the contributions for insurance coverage while the employee is off work due to an accepted workers' compensation claim, and the employee shall be required to pay any required employee's portion of premiums for such coverage to stay in effect for the full term of the leave.

14.4 MEDICAL HARDSHIP LEAVE

Employees may apply for medical hardship leave by submitting to Human Resources a written request with a health care provider's written statement certifying that the prolonged serious health condition of the employee or immediate family member will continue after the employee is projected to have exhausted all accumulated paid leave. Hardship leave is not intended to cover intermittent leave under the Family and Medical Leave Act, nor is it intended to cover any period of time preceding the date of the request for hardship leave. Upon the approval of the request for hardship leave, the County may allow no more than two (2) separate periods of leave, each totaling at least one (1) calendar week for full-time employees. Employees may not be allowed more than 480 total paid hours every two (2) years. Part-time employees

shall be allowed a pro-rata share based upon the employee's FTE level. Approval of hardship leave shall be subject to availability of donations of paid leave from other County employees to cover the medical hardship leave. Human Resources shall collect donations of paid leave from other County employees. Human Resources may disclose to employees the forecasted length of time for the hardship leave, and an end date for accepting donations, but all information relating to the employee's medical condition shall be confidential. Leave shall be donated in increments of eight (8) hours. Donated leave will be credited on an hour for hour basis to the Leave account of the employee to whom it is donated. Employees who receive such donated leave shall only be credited with such amounts as required to continue compensation during the period of hardship leave. Excess contributions of paid leave shall be returned to the employees who donated paid leave in the proportion of the contribution by the donating employees and the use by the hard-shipped employee. The end date for accepting hardship leave donations shall be three (3) weeks after the date of request. Hardship leave applicants are not to solicit employees for donations, and employees donating leave may ask that their donations be kept confidential.

14.5 DOMESTIC VIOLENCE LEAVE

Employees who are victims of domestic violence, sexual assault or stalking, or who are parents of victims (minor children), may be eligible for domestic violence leave as provided under Oregon Family Leave Act. Employees must apply for such leave through Human Resources. Eligible employees may be granted a reasonable leave of absence if the employee or the employee's minor child or dependent needs time off to deal with issues of domestic violence, sexual assault, or stalking. Employees may use available paid leave to cover the absence.

14.6 FAILURE TO RETURN FROM LEAVE

Any employee who has been granted a leave of absence and who, for any reason, fails to return to work upon the expiration of the leave shall be considered as having resigned from employment with the County. The employee's position shall then be considered vacant, unless the employee furnishes evidence that the employee was unable to return due to a legally protected status.

ARTICLE 15 - BENEFITS

Josephine County strives to provide competitive, equitable and cost-effective benefits for employees in recognition of the influence employment benefits have on the economic and personal welfare of employees. Policies, provisions and procedures that govern the benefit programs apply to all benefits-eligible employees. Summary Plan Descriptions for Josephine County benefit programs are distributed to new employees at orientation and are available in the Human Resources Office. The benefit programs are explicitly defined in legal documents, including insurance contracts, official plan texts, and trust agreements. In the event of a conflict between these documents and this policy, the plan documents shall govern.

15.1 HEALTH BENEFITS

Medical, dental and vision insurances are provided to eligible employees and dependents. Employee premium costs and plan coverage limits vary based on benefit eligibility requirements and union status. Full-time employees shall be mandatorily enrolled in all benefit plans that are established and rated based on group participation, and may choose to enroll in voluntary insurance plans made available by the County.

15.2 LIFE INSURANCE, DISABILITY AND ADD

Life, disability and ADD insurances are provided to eligible employees and dependents. Employee premium costs and plan coverage limits vary based on benefit eligibility requirements and union status.

15.3 SECTION 125 PLANS (Flexible Spending Accounts)

Eligible employees may participate in the County Flexible Spending Accounts (Section 125 Plans) for medical reimbursement and dependent care. Contributions made by employees are voluntary and in accordance with the plans developed by the County as provided by the Internal Revenue Code. The County does not make contributions to these accounts.

15.4 SUPPLEMENTAL INSURANCE BENEFITS

The County may, from time to time, offer additional supplemental insurance benefits or programs in which employees may voluntarily participate. The type of benefit, allowable participation, and administration of such benefits is within the discretion of the Board of County Commissioners.

15.5 MEMBERSHIP AND GROUP CONSUMER PLANS

The County may, from time to time, make available membership or group consumer plans which may benefit employees through their voluntary participation. Employees may request such plans to the Human Resources Director by submitting a petition with the signatures of at least twenty-five (25) employees in support of the plan. The Board of County Commissioners reserves the right to approve or deny the request for implementation of such plans.

ARTICLE 16 – RETIREMENT

16.1 PERS

All County employees are required to pay six percent (6%) of their gross monthly wages to the Oregon Public Employees Retirement System after six (6) months of continuous employment. For all non-union employees and elected officials, County shall assume and pay the six percent (6%) amount to the Oregon Public Employees Retirement System for purposes of ORS 238A.224(2)(b) and, further, the required PERS employee contribution for said non-union employees and elected officials is deemed to be “picked up” for purposes of IRC Section 414(h). Eligibility and participation requirements are set by PERS, and participation is not optional. Further details are provided in the PERS Handbook, available at the Human Resources Office, or at the PERS website, <http://oregon.gov/PERS/>.

16.2 RETIREE BENEFITS

Employees who retire from the County, or their spouses, may elect to continue their medical insurance coverage at their own expense until they reach Medicare eligibility or obtain other coverage.

ARTICLE 17 - PERFORMANCE AND PROFESSIONAL DEVELOPMENT

17.1 TRAINING AND PROFESSIONAL DEVELOPMENT

Josephine County encourages all employees to take advantage of opportunities for professional development and improvement. Josephine County recognizes the importance of employee training in achieving its service objectives. The County has both a right and a duty to ensure that employees are sufficiently trained to carry out their existing functions to appropriate standards. As such, all promoted and/or hired supervisors shall complete manager onboarding training which will include both in-person and online based instruction. The County's focus on the provision and maintenance of services to the highest standard requires an active commitment to provide training to all employees. The approval of an employee's request to attend a training or professional development course is at the discretion of the employee's department head or elected official. Employees who receive approval are expected to use a county purchase card to cover the approved costs of course registration fees, course materials, and/or required travel. Copies of all pertinent training certificates, agendas, course outlines and/or certificates shall be forwarded to the Human Resources Office for inclusion in the employee's personnel file.

17.2 PERFORMANCE EVALUATION

Every employee shall receive a performance evaluation using the official County evaluation form at least annually, regardless of the employee's pay grade step. Supervisors are responsible for evaluating employees in a manner that improves and enhances employee performance. The performance evaluation process is intended to be participatory, involving employee input, thereby contributing to the growth and improvement of Josephine County.

17.3 PERFORMANCE MANAGEMENT, CORRECTIVE ACTION AND DISCIPLINE

A. General Policy. It is the policy of Josephine County to promptly identify and correct problems with employee behavior, performance and conduct, as well as violations of County policies and work rules. When appropriate, clarification of work expectations and guidance in performance improvement will take place through employee-supervisor discussions. When necessary, action that the County deems appropriate to the nature of the offense or violation will be taken, up to and including termination of employment. It is County Policy to apply the principles of progressive discipline and corrective action, where appropriate, to correct unacceptable behavior, conduct and performance that interferes with accomplishing the mission, operations, action plans, goals and/or objectives of the County. The policy is not intended to convey any additional procedural and/or legal rights to employees, nor is it intended to provide any rights beyond those established in a collective bargaining agreement or otherwise provided by law.

B. Guidelines/Procedures.

1. Where the County deems appropriate, the principle of progressive discipline and corrective action shall be utilized. Specific warning and reasonable opportunity to correct the problem shall generally be given to an employee prior to the imposition of further discipline. However, the variety and complexity of behavior and performance issues, does not always permit a set system of progressive discipline and corrective action steps applicable to every situation. The seriousness of the sustained allegation(s) will be reviewed on a case-by-case basis and then a determination will be made on whether or not progressive discipline and corrective action will be followed.

2. Collective bargaining agreements may contain additional procedures not applicable to all employees. Supervisors must consult with the appropriate labor contracts and contact the Human Resources Department if questions arise concerning employee rights and investigative procedures.
3. Supervisors shall make reasonable attempts to ensure that all discussions regarding employee performance is conducted in a private and confidential manner.

C. Union or Co-Worker Representation. Employee counseling and letters of instruction are not considered discipline, and there is no requirement for union or co-worker representation during a supervisor-employee meeting on the subject. Documented verbal warnings, written warnings, suspensions, salary reductions, demotions and dismissals are considered discipline and the employee may request the presence of a union representative, or a co-worker representative, depending on union membership status.

D. Employee Counseling and Letters of Instructions. Generally, employee behavior, conduct and/or performance problems can be resolved and corrected with a brief discussion of the issues between the supervisor and the employee. Supervisors should consider this approach as the first step when the circumstances warrant.

E. Work Improvement Plans. One way for supervisors to correct behavior, conduct and performance problems, and/or violations of County policies and work rules is to utilize a Work Improvement Plan. The Work Improvement Plan can be utilized in conjunction with discipline, but is not considered discipline. A Work Improvement Plan is a written document that is signed by the supervisor and the employee. The plan may identify job related skills and performance that needs correction within a reasonable time frame. The plan may include references to previous occurrences and/or warnings, and specific standards or goals that are measurable. The plan may include specific training or corrective plans that are required of the employee. The plan is to be reviewed on an ongoing basis to determine if correction is occurring, and is to be used during performance reviews. Failure to successfully complete a work improvement plan may lead to discipline.

F. Disciplinary Action. Employees shall not be disciplined for insufficient cause. Discipline shall be timely, appropriate to the offense, and generally progressive in nature. If a department head, elected official or other supervisor has reason to discipline an employee, he or she shall make reasonable efforts to impose such discipline in a confidential manner that will not unduly embarrass the employee. Any disciplinary actions imposed on an employee may be adjusted through the Complaint Procedure provided in these policies. When disciplinary action is contemplated, the supervisor shall give the employee an opportunity to respond to the charges before taking final disciplinary action. When disciplinary action involving an economic impact is considered, such as demotion, pay reduction, or dismissal, the supervisor shall give the employee notice of the contemplated action and an opportunity to respond before taking final disciplinary action. Human Resources should be consulted to assist the supervisor in the personnel investigation process and to determine the appropriate level of discipline.

G. Personnel Investigations. A thorough personnel investigation of serious allegations shall be conducted by the immediate supervisor in order to provide an objective process for identifying inappropriate behavior, conduct or performance problems, a protection of employees wrongly accused, and a protection for complainants, and a procedure to limit civil liability of the County from false or exaggerated claims. When the scope of the investigation is determined to exceed what can reasonably be investigated by the immediate supervisor, assistance by a department head or elected official, or Human Resources, can be provided. In such instances, an investigative report conducted by someone other than the immediate supervisor will be completed. If a criminal allegation is discovered or received against a Josephine County employee, both the Human Resources and the Sheriff's Offices must be contacted for information on the appropriate investigatory process to follow.

H. Duty Status Options During Investigation. Duty status options may be imposed during the

disciplinary investigation of serious allegations. Changes in duty status are neither punitive nor suggestive of a presumed outcome of the disciplinary investigation. If a decision is made to make a change in duty status, the details of the change will be communicated to the employee in writing. The following are duty status options:

Regular Duty Status: No change in present employment status.

Modified Duty Status/Administrative Reassignment: An employee may be assigned alternative duties or a different shift during an investigation.

Duty Stationed at Home: An employee may be assigned to work from home during an investigation. When placed on this status the following conditions will apply: Work hours, unless otherwise specified, are from 8 am to 5 pm, Mondays through Fridays, with weekends and holidays off. The employee shall remain at his or her residence during work hours unless otherwise directed, and shall receive advance authorization to leave the residence on a case-by-case basis (this would include leaving the residence for lunch and extending the work hours). The advance authorization is not necessary if there is an emergency, but the employee shall notify his or her supervisor as soon as practicable. Peace officers shall not exercise officer authority and shall promptly surrender badges and commission cards.

Administrative Leave: An employee may be placed on paid administrative leave and be restricted from performing any work when the nature of an investigation requires a separation from employment in order to limit potential risks and/or liability to the County, or to ensure that an unbiased investigation is completed.

I. Types and Levels of Disciplinary Action. The types of discipline which may be taken under this policy include, but are not limited to: Documented Verbal Warning, Written Warning or Reprimand, Suspension, Salary Reduction, Demotion, and Dismissal.

J. Dismissal Procedure. When dismissal is contemplated, the supervisor shall receive prior approval from the Human Resources Director and then shall deliver, to the employee, a notice indicating that dismissal is being considered. The pre-dismissal notice will state the allegations against the employee and such supporting facts that are necessary to inform the employee of the nature of the allegations and that dismissal is being considered. The pre-dismissal notice will include the date, time and place of the employee's opportunity to refute the charges or present mitigating circumstances. As a general guideline, the date of the pre-dismissal meeting shall not be sooner than three (3) calendar days, and not later than 14 (fourteen) calendar days, following the date of notice to the employee. An alternative reasonable time may be mutually agreed upon. If the employee fails to offer any refutation of the charges, or present mitigating circumstances, either by not appearing at the pre-dismissal meeting or not responding to the charges in writing, a decision shall be made without input from the employee. Failure of the employee to appear, or to respond in writing, shall not be construed as an admission or a denial of any charges and shall have no bearing on any other rights of the employee. If new facts are discovered during the pre-dismissal meeting, the new information shall be taken into account before a final discipline decision is made. As a general guideline, after considering the employee response, if any, the supervisor, or designee shall determine the appropriate action within 21 calendar days after the completion of the pre-dismissal meeting.

K. Documentation. All disciplinary actions shall be delivered to the employee in writing, who will be asked to sign for the receipt of the document. The employee's signature indicates acknowledgment of receipt of this document, and does not indicate the employee's agreement or disagreement with the content of the document. An original signed copy of the disciplinary action must be sent to the Human Resources Office for inclusion in the employee's personnel file.

L. Appeal of Disciplinary Action. Employees may appeal a disciplinary action in the following manner, unless otherwise designated by collective bargaining agreement:

- I. Notice of Appeal: Notice of appeal of any disciplinary action must be provided by the employee, in writing, to the Human Resources Director no later than ten (10) days after the date the discipline is imposed. The notice of appeal shall include the following information:
 - a. A statement of the dispute, and the facts upon which it is based;
 - b. The remedial action requested by the employee;
 - c. A statement of the reasons why the remedial action is appropriate;
 - d. A statement of any policies, procedures, law, or rules which the employee believes have not been followed and which should be followed.
- II. Representation: The employee may, at any time during an appeal of a disciplinary action, appear or be represented by a representative at the employee's choice and expense.
- III. Appeal Meeting: The employee shall meet with the Human Resources Director to discuss the appeal. The meeting shall take place within twenty (20) days after receipt of the Notice of Appeal.
- IV. Human Resources Director Findings: If the Human Resources Director finds there is sufficient evidence to support the disciplinary action, or that the disciplinary action was reasonable and consistent with policy, then the Human Resources Director may affirm the disciplinary action. If the Human Resources Director finds that there is insufficient evidence to support the disciplinary action, or that the disciplinary action was not reasonable and consistent with policy, then the Human Resources Director shall modify the disciplinary action or determine an appropriate remedy.
- V. Final Decision: The decision of the Human Resources Director shall be documented and shall include findings of fact, and shall be the final decision of the County.
- VI. Confidentiality: To the extent possible while allowing for investigation, the notice of appeal and all matters pertaining to disciplinary actions shall be kept confidential by the Human Resources Director and the elected official or department head.

17.4 AT-WILL EMPLOYMENT

A. Definitions.

“At-Will Employees” are all employees not represented by a collective bargaining unit.

B. General Policy. Notwithstanding the policies regarding Complaint Procedures, at-will employees may be dismissed for any lawful reason so long as procedural due process is followed. The Board of County Commissioners may offer a separation agreement including consideration for a waiver of rights to litigation concerning matters of employment. In the event that the Board of County Commissioners is concerned about the unsatisfactory job performance or conduct of an at-will employee of an elected official, then after an affirmative vote of three (3) Commissioners, the Board of County Commissioners and the elected official will meet and discuss the allegations with the Human Resources Director, with the intent of developing a course of action to ensure that the employee's conduct or performance is corrected to a level a reasonable person would perceive as appropriate and proper.

C. Severance Pay Restrictions. At-will employees who are dismissed for any reason during their probationary period are not eligible for severance pay. A lay-off is not considered a dismissal; laid off employees are not eligible for severance pay.

D. At-Will Employees of Elected Officials. Before implementing a reduction in force or layoff, the elected official or department head shall consider the needs of the County regarding the types of positions and the special knowledge and skills necessary to accomplish the goals of the department. The elected official or department head shall then determine the number of positions, classifications, programs or other organizational units affected, and notify Human Resources.

B. Layoff Determination and Procedure for Non-Union Employees. 2. The quality of performance and relative merit of each employee in the classifications affected, considering their most recent performance evaluation, or by a special evaluation as determined by the elected official or department head, the Human Resources Director, and Legal Counsel.
3. The length of employment with the County of each employee in the classifications affected.

Probationary employees shall receive the first layoff notices by classification, followed by those employees identified for reduction or layoff by the elected official or department head, the Human Resources Director, and Legal Counsel. Upon application of the employee, laid off employees shall be considered for recall into vacant County positions not previously held by the employee, provided that the employee possesses the qualifications, performance record, aptitude, ability to perform the work, and the ability to meet the minimum requirements for the position as defined in the job description. When necessary, the Human Resources Director shall determine the recalled employee's qualifications, performance record, aptitude, and ability to perform the work through discussions with the applicable Supervisor and a meeting with the employee.

F. Registration. Employees on layoff must register in person or by mail with the Human Resources Office, signifying their availability for recall, by providing their current address and telephone number, at least once every ninety (90) calendar days, or within ten (10) days of any change in their address or telephone number, during the period of layoff. Employees on layoff who have been offered recall, and who have voluntarily refused such recall, shall be removed from the recall list.

G. Reinstatement from Layoff. Employees shall not accrue seniority and benefits during layoff. Upon recall, employees shall be entitled to restoration of their seniority in effect as of the date of layoff and shall begin accruing additional seniority on their return to work date. 4. The County will not reimburse travel costs for persons not employed by the County unless the travel is approved in advance by the Finance Director or department head, and the person is a member of a County board, a volunteer, a committee member or is involved with a County contract. The reimbursement shall be based on the per diem allowed.
5. The use of County business travel for personal gain, for non-county business, or for use beyond the scope and course of employment, is prohibited, and may subject employees to violations of the Government Ethics laws as well as potential disciplinary action up to and including termination of employment. 1. Lodging the night before a conference or meeting will be allowed if the employee will need to leave home for travel more than two hours before the start of their regular work day to reach their destination. 1. **Fleet Assigned Vehicles:** If a department has access to a fleet vehicle it is generally more economical to use these vehicles for travel, rather than a rental vehicle. Departments that have been assigned fleet vehicles must annually analyze the cost effectiveness of using these fleet assigned vehicles as opposed to rental vehicles.
2. **Rental Vehicles:** If the department does not have assigned vehicles:
 - a. The County shall pay for the car rental costs and gasoline expenses.
 - b. When two or more employees are attending the same conference or meeting, they shall be required to travel together. If more than four employees are traveling to the same event, a larger vehicle upgrade may be approved. The employee must carry the minimum amount insurance required on their vehicle under Oregon law. The employee's insurance shall be primary coverage, and the County's insurance shall be secondary. Before any reservation or travel arrangement is made that will encumber the County, including the use of an individual County Commissioners' Purchase Card, prior approval is required by the majority of the Board. Reimbursements will be made only for those costs necessary for the County's business portion of the trip.

22.11 REIMBURSEMENT REQUIREMENTS

Each travel event should be documented on a separate Travel Expense Detail form and include all travel costs associated with the event. All required forms and supporting documentation must be delivered to the Finance

Office, using the approved forms and procedures in place at that time. Incomplete requests for reimbursement will be returned to the employee. 23.2 WORKPLACE VIOLENCE

Josephine County recognizes the importance of a safe workplace for employees, members, customers, vendors, contractors, and the general public. A Workplace Violence Prevention Program has been developed to promote a work environment that is safe and comfortable. Threats and acts of violence made by an employee or member of the public against another person's life, health, well-being, family, or property will be dealt with in a zero tolerance manner.

Should situations occur which present a risk of harm to employees and others, all employees have an obligation to report any incidents that pose a risk of harm to employees or others, or which threaten the safety, security or financial interests of the County. Employees should make such reports directly to their immediate supervisor, elected official or department head, or to Human Resources.

All information related to the reports, including the name of the reporting employees, will be kept as confidential as possible under the circumstances. Human Resources shall notify the reporting employee of any action taken in response to the report.

The County may conduct an investigation of a current employee where the employee's behavior raises concerns about work performance, reliability, honesty, or potentially threatens the safety of co-workers or others. An employee investigation may include investigation of criminal records; it may also include a search of desks, work areas, file cabinets, voice mail systems and computer systems.

The County may provide reasonable safety accommodations for an employee who is a victim of domestic violence, sexual assault, or stalking, if the employee requests it, and if it does not impose an undue hardship on the affected department. Examples of reasonable accommodations may include, but are not limited to: transfer, reassignment, modified schedule, leave without pay, changed work telephone number, changed work station, installed lock, implemented safety procedure, or other adjustment to a job structure, workplace facility or work requirement.

23.3 WORKERS' COMPENSATION AND INJURY REPORTING

Employees are insured under the County's workers' compensation insurance for injuries and illnesses received while performing work for the County. Josephine County uses an external claims adjuster to process employee claims, and to determine the compensability of a claim.

A. Accident and Injury Reporting. All job-related injuries or illnesses must be reported to the employee's supervisor, department head or elected official immediately, regardless of severity, using the Employee Incident/Injury Report form. **Employees who plan to seek medical treatment must also complete the state required 801 Form** to be submitted immediately to Human Resources. In the case of serious injury, the reporting obligation will be deferred until circumstances reasonably permit a report to be made. Failure to report an injury or illness may affect or delay the payment of any benefits to the employee and could subject the County to fines and penalties. Detailed reporting requirements are described in the Josephine County Safety Manual.

B. Return-to-Work After Work Related Injury. The Return-to-Work program provides guidelines for returning employees to work at the earliest possible time after an on-the-job injury or illness. This program is not intended as a substitute for reasonable accommodation when an injured employee also qualifies as an individual with a disability. The Return-to-Work Program is intended to be transitional work, to enable employees to return to their regular job in a reasonable period of time. Program policies are described in the Josephine County Safety Manual.

ARTICLE 24 - EQUIPMENT

Employees may not remove such tools from their work site without the prior authorization of their supervisor. Employees are prohibited from using County tools for personal use.

ARTICLE 25 - COMPLAINT PROCEDURE

A. Purpose. The County encourages open and frank communications between its employees and supervisors regarding employment concerns, to try to resolve such concerns in a direct manner. By approaching employment problems and concerns in a positive way rather than as adversaries, such matters should normally be readily resolved between the employee and the supervisor. However, in the event that an employee believes a violation of policy has occurred and, after reviewing the matter with the supervisor, the employee is unable to informally resolve that issue, then the following procedure shall be available to the employee so that the complaint may be resolved as quickly and fairly as possible.

B. Procedure. If, after discussing the matter verbally with the employee's immediate supervisor, the matter remains unresolved, and the employee believes that a formal complaint is necessary, then the employee shall provide a written statement of the complaint with the immediate supervisor within fourteen (14) calendar days from the date of the occurrence or the discussion with the supervisor. The complaint must include:

1. The circumstances surrounding the complaint, and from which the complaint arose;
2. The date of the occurrence of the alleged violation of County policy;
3. The particular policies which are claimed to have been violated; and
4. The remedy or correction sought.

C. Response. The supervisor shall respond to the complaint in writing no later than fourteen (14) calendar days after the complaint is received. If the complaint remains unresolved after the receipt of the immediate supervisor's reply, the employee may, within seven (7) calendar days after receipt of the supervisor's response, submit the written complaint to the next higher authority. That authority shall respond to the employee's complaint in writing within fourteen (14) calendar days of receiving the complaint. If the complaint remains unresolved after the receipt of the higher authority's reply, the employee may, within seven (7) calendar days after receipt of the response, submit the complaint to the employee's department head or elected official. The department head or elected official shall have a meeting with the employee to discuss the complaint. The department head or elected official shall respond to the employee's complaint in writing within fourteen (14) calendar days of receiving the complaint. If the complaint remains unresolved after receipt of the response by the department head or elected official, the employee may, within seven (7) calendar days after receipt of the response, submit the complaint to the Human Resources Director. The department head or elected official shall have a meeting with the employee and the Human Resources Director to discuss the complaint. The Human Resources Director shall respond to the employee's complaint in writing within fourteen (14) calendar days of receiving the complaint. If the complaint remains unresolved after receipt of the response by the Human Resources Director, the employee may, within seven (7) calendar days after receipt of the response, submit the complaint to the Board of County Commissioners. The Board of County Commissioners shall then notify the employee, the department head or elected official, and the Human Resources Director of the receipt of the complaint. Within thirty (30) days of receipt of the complaint, the employee, the department head or elected official, and the Human Resources Director may submit their

written positions to the Board. Upon receipt of the written positions of the parties, the Board shall review the complaint and all written submissions, without a hearing, and shall affirm, modify or reverse the action or decision which is the subject of the complaint by written findings and order. The Board shall make its written decision within fourteen (14) days from the date of the last written submission. The written decision of the Board is final.

D. Non-Response. If, at any time during the Complaint Procedure, a supervisor does not respond to the written complaint within the specified time, the complaint shall be deemed denied and may be appealed to the next step within the applicable time limit. If the employee does not appeal to the next step within the specified time limit, it shall be considered waived or resolved. The time limit at any step may be extended by mutual agreement of the employee and the applicable supervisor.
